Thursday Morning July 19 1877.

THE Orphans' Court of Caroline county will meet on Tuesday 31st of July, 1877.

The Editor's Hash.

—Coal is selling at Easton at $4 per ton.

—Rehoboth camp meeting commences to-day.

—Annapolis taxpayers are taxed $2 on the $100.

—The raspberry has been a better paying crop this year than the strawberry.

—There were fewer 4th of July accidents this year than ever known before.

—Col. Edward Wilkins, on his farm near Chestertown, has about 100,000 peach trees.

—Office seekers at the Baltimore Custom House are more plentiful than buzzards after carrion.

—The salt breeze at Oxford offers inducements to invalids to spend the summer months at that place.

—Cheap travel between this place and Baltimore has induced many of our citizens to do their shopping in that city.

—Rev. J. M. M'Carter, formerly of this county, delivered an eloquant oration on the 4th of July, at Onancock, Va.

—A little child of Mr. Hutchen Smith, aged about 13 years, near Templeville, dislocated its shoulder on the 12th inst.

—Peach baskets, manufactured in Michigan, are selling in Delaware at 6 cents.—They are manufactured at Federalsburg at 5 cents.

—Robert Elliott, aged 22 years, of Centreville, was thrown from his wagon and rendered insensible, on Monday. His injuries are serious.

—Several boys were fined $5 each, last week by a Talbot county Justice of the Peace, for trespassing on the berry patches of a farmer.

—Messrs. Thompson & Kersey, Easton, have reduced the price of their two button kid gloves from 75 to 65 cents. See advertisement.

—No opium, no morphia or other dangerous drug is contained in Dr. Bull's baby syrup, for the relief of colic, teething, etc. Price 25 cents.

—Between seventy and eighty persons were admitted to full membership in the North East, Cecil county, M. E. Church, on Sunday last.

—Rev. Samuel Vallient, of the Maryland Annual Conference of the M. P. Church, died at the residence of his father in Talbot county, last week.

—No wonder the people of Cambridge are a crabbed people when over twenty families in that town receive a support from the crabbing business.

—The degree of Doctor of Divinity has been conferred upon Rev. Jos. E. Smith of the M. E. Church, and a member of the Wilmington Annual Conference.

—We are again this week in receipt of a lot of large and delicious Wild Goose Plumbs from the nursery of our friend, Mr. J. W. Kerr. Thanks for all such favors.

—Miss Emma Satterthwaite's school will hold a basket pic nic in the grove at the Friends Meeting House, near town, on Friday 27th inst. The friends of the school are invited to participate.

—Last Friday, a little girl aged about 8 years, named Payne, living with a relative near the Big Mills, in the upper part of Dorchester county, accidentally fell down a well and was drowned, before assistance could reach her.

—Clear thought and vigorous action depend upon that perfect condition of system resulting from pure blood. When symptoms provocative of dullness and inactivity present themselves, then use at once Dr. Bull's blood mixture.

—A young man named Hicks Pritchard, aged about 19 years, was drowned off Traver's Point, Dorchester county, on Saturday afternoon last. He fell overboard from the pungy Eliza Tyler and before assistance could be given was drowned.

—The Cecil *Whig* says Mr. James Rea, near Battle Swamp, has a sixteen acre field of corn which stands, on an average, between seven and eight feet high over the entire field. He, last year, gathered ninety bushels to the acre, and expects to beat that this season.

—Mr. W. H. Rolph, of Hillsborough, will fit up accomodations and open a boarding tent at Concord Camp where all will be served with the best of good things, in the best style, on fair terms, and in abundance. Orders for board received until the commencement of the camp.

—Mr. Harry L. Agnew, who was severely injured while bathing at Port Deposit on Tuesday, (an account which will be found elsewhere,) died on Sunday last.—He had been conducting the Murphy temperance movement at Port Deposit and other places in Cecil county.

—A white man named Hignutt attacked a colored man named Kinnamon, near Doane's Landing, on Tuckahoe Creek, in this county, on the 4th inst., with an axe, nearly severing his right hand from the arm and inflicting several other frightful wounds. Hignutt made his escape.

—Mr. C. E. Shannahan is named as the Republican candidate for State Senator for Talbot county. Mr. S. is a young and promising lawyer, possessing considerable talent and governed by noble impulses.—By honoring him with so high a trust the citizens of that county would honor themselves.

—The tramp nuisance, from which we have hitherto escaped, is becoming rather annoying of late. At first they were rather quiet in their movements but are becoming more bold. A few nights ago one of them entered the bed chamber of one of our citzens near town. Awaking the occupant of the chamber he made a speedy retreat.

Worms Destroying Forest Foliage.

Countless numbers of worms are destroying the foliage of the forest trees in the neighborhood of Concord, in this county. These worms are of several species and of different sizes. Some of them are about the size of a common corn worm, others are two inches in length. The latter size have a hood-shaped head while the smaller size have an oval shaped head. They are different colored—some having a reddish appearance—some are striped, while others are of grass green color.

They are confined chiefly in their depredations to the white oak, but are found on other varieties of the oak, the maple and hickory. Our informant tells us that standing in the midst of the forest, the falling litter from the worms sounds upon the dry leaves like falling rain, and persons have frequently been led to believe that a shower was passing, who were not aware of the busy multitude at work above them. In some places the leaves are riddled like net-work and when viewed through the sunlight present the apperance of mosquito netting.

It is feared that the stripping of the foliage will cause a loss of much valuable timber in that neighborhood, if there is not some means adopted to stay the destruction of the worms. The crows and other insectivorous birds, it is said, are about making war on these insects, which may in a measure, check their ravages.

A Row and Fight.

An excursion party from Baltimore visited Cambridge on Monday last. A row occurred on the steamer on her way to Cambridge, when several blows were exchanged, but disturbance was quelled without serious results. Arriving at the wharf at Cambridge the quarrel was renewed and a general free fight took place, during which pistols were fired and billies used, but no one was seriously injured. The magistrate and citizens of Cambridge, assisted by three police officers of Baltimore, who accompanied the excursion, arrested six of the belligerents and locked them up in Cambridge jail. Three of them were afterward released and three others detained, being unable to pay the fines and costs. This is the second excursion party from Baltimore city to Eastern Shore towns this summer who have shocked the moral sensibilities of the communities they have visited by their brutal conduct. It would be much better for our people if Baltimore city would keep her barbarians at home.

The Wheat Yield.

We continue this week the report of the wheat yield so far as information has been received at this office. A portion of last week was unfavorable for threshing and the work was consequently delayed.—Capt. R. R. Emerson's crop amounts to 1200 bushels. Mr. E. C. Carter seeded 51 bushels of Fultz wheat and gets 1100 in return. He also seeded 50 bushels of red wheat and gets 600—total crop 1700 bushels. Mr. John Cade gets over 1500. Capt. Chas. Carmean gets 908 bushels. Mr. Ed. T. Moore, at Preston, seeded two bushels and gets a crop of 54½ bushels—a return of 27¼ bushels to one seeded. Other crops in that section of the county are turning out from 12 to 17 for one. Hon. W. A. Ford had not completed threshing at the time of making up this report, but at the close of Monday's threshing had measured up and garnered 1500 bushels. He expected to complete his crop on Wednesday evening.

Big Stick People.

Funny name ain't it, but it is a true one for some people go on the big stick principle—little work but great pay. Their motto is to take care of number one, and they don't care what becomes of the balance of mankind. They can starve, rot, die, it is all the same to the big stick. You just watch the stick folks any day in the year, especially when they have a chance of showing themselves at somebodies expense. There aint a bull frog in any mill pond in creation that can puff himself up as they can. Why they do everything; hear everything, suffer everything, but on the sly, they are taking care of number one. Now take a big stick man, watch him as he mooves along, ten chances to one he feels as if he owned all creation, or if he does own a goodly share of this worlds goods, he is as poor as a church mouse. When asked to help some useful, charitable, or benevolent enterprise; if he bargains with a laborer or mechanic, he complains of his poverty, deplores the hard times sighs in his fear of coming to want. If he gives at all it is like pulling teeth.—Then there is the other stick that wants everything his own way, and if it is not done his way, why he won't give at all, and everything will go to the dogs because his advice is not taken. This stick makes number one a speciality, but he still wants to be the big man of the place, let that be where it will, and he is going to be if a small capital will do it. Then there is the big stick who relies on his impudence, coarse jokes and brutal jests. He is the centre of all the riff ruff of the community in which he circles and nothing will cure or deter him of the habit, but the fear of a good stick over his thick pate. Then there is the political stick of the party, if he is not put to the fore front, to do all the dirty work of the party, he gets huffy and predicts all manner of evil to the party, and to get rid of his grumbling the party leaders put him to work, but the big stick of the party is all the time on the look out for number one; he wants office, loaves and fishes is the only thing that will appease his appetite, he has no conscientious scruples whether he renders the public any service or not so he gets his salary. Then there is the sectarian stick. This is a stick of peculiar shape and form. It goes under many names and has numerous peculiarities, but one singular fact about these sticks are that they all wish to travel one way. Some of them have built for themselves a bridge which narrows itself down to the edge of a razor. That is if you don't believe as they do, act as they do, you will go to the bad certain. But in one thing they all agree, that is to get possession of the great reward at the cheapest possible rate, no money do you get out of these sticks, only what is got by begging. They are also very usurious of their time. Time is money to them, and they make good use of it by appropriating the whole of their time to their own use and letting the Master take the crumbs. There are also big stick women. Just watch them as they walk the streets; why they disdain the very ground they tread upon; the earth does not seem good enough for them.—Their pride consists in gaudy dress or vain boasts of high descent, or they claim their shadowy title to honor from the number of dollars their fathers or husbands owned.—Yet with all their finery that looks so gay, the poor worm from which they would turn with disgust, once carried that fine silk in its maw or the bad smelling camel had the hair for a coat ere it made that fine shawl, or the poor sheep was robbed of its covering to bedeck you fine lady.

Serious Accident.

A son of Mr. Timothy Hartnett, about 13 years of age, residing near Marydel, met with a serious accident on the 12th inst.—In attempting to jump over a clipper which was in motion at the time, his foot was caught in the knives and nearly cut off at the instep.

WILSON—LANK.—At Milton, Del., July 4th, by Rev. N. M. Brown, Presiding Elder of Salisbury District, assisted by Rev. R. W. Todd, Rev. WILLIAM WELLS WOLF Wilson, pastor of M. E. Church Salisbury, Md., to G. ANNA LANK, of Milton.

POWELL—JOHNSON.—On Tuesday, July 10th, at Christ Church, Easton, by Rev. Robert Wilson, WILLIAM P. POWELL and EVELYN MARY, second daughter of Julius A. Johnson, editor of the Easton *Ledger*.

Deaths.

ANDREW.—Near Federalsburg, Caroline county, July 8th, Mrs. MARGARET ANDREW, relict of the late Melvin Andrew, aged 75.

HIGNUTT.—Near Potter's Landing, on Sunday morning last, Mrs. N. E. HIGNUTT, wife of Dr. J. W. Hignutt.

The grim tyrant death has removed from our midst one who was loved and respected by a large circle of neighbors and friends. We bow with reverence to the decree of that Divine Intelligence which controlls all things, yet our hearts are sad and desolate as we contemplate her christian character, warm friendship and unselfish purposes. When one of such rare qualities of heart and mind is taken from the home circle and friends forever, a void is left and sympathizing hearts lascerated with grief and torn with anguish. But amid the mysterious workings of a wise Providence, which errs not and is too good to be unkind, there is consolation to bleeding hearts in the assurance left behind, that the departed only made a happy exchange of the grosser things of earth for joys immortal in a world of bliss.

She was a faithful member of the M. E. Church, and by a life of devotedness to christian duty, fulfilled the law of Christ, and has only gone from labor to reward. Her remains were interred at Concord Church on Monday last, followed by a vast concourse of weeping relatives and friends.

Naught can compare with Glenn's Sulphur Soap as a remedy for eruptions, pimples, old sores and roughness of the skin. It is also a powerful disinfectant of impregnated linen or clothing and should be freely used in the sick room. Depot, Crittenton's, 7 6th, Ave., N. Y. Hill's Hair & Whisker Dye, black or brown, 50 cts.

Murder Will Out.

A few years ago "August Flower" was discovered to be a certain cure for Dyspepsia and Liver Complaint, a few thin Dyspepties made known to their friends how easily and quickly they had been cured by its use. The great merits of GREEN'S AUGUST FLOWER became heralded through the country by one sufferer to another, until, without advertising, its sale has become immense. Druggists in EVERY TOWN in the United States are selling it. No person suffering with Sour Stomach, Sick Headache, Costiveness, palpitation of the Heart, Indigestion, low spirits, etc., can take three doses without relief. Go to your Druggist, Dr. Fisher, Chas. Stevens Denton, and J. H. Douglass, Preston, and get a bottle for 75 cents and try it. Sample bottles 10 cents.

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health,) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, &c., such as Sick Headache, palpitation of the Heart, Sour Stomach, Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, &c., you need not suffer another day. Two doses of August Flower will relieve you at once. Sample bottle 10 cents. Regular size 75 cents. Positively sold by all first-class Druggists in the U. S. Sold by Dr. Fisher and Chas. Stevens, Denton, and by J. H. Douglass, Preston.

DELAYS ARE DANGEROUS.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies of approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with DR. WISHART'S PINE TREE CORDIAL, and so avoid Consumption, Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Gravel, Piles, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The PINE TREE TAR CORDIAL can always be relied on to do what is claimed for it. Sold by all druggists. Principal Depot No. 916 Filbert St., Philadelphia.
