American Union

Thursday Morning August 16 1877.

THE Orphans' Court of Caroline county will meet on Tuesday 14 of August, 1877.

The Editor's Hash.

—There was a melon glut in Easton market last week.

—The editor of the Easton *Gazette* has been rusticating at the seaside.

—The Wye camp meeting commences on the 22d inst.—next Wednesday.

—There will be an unusual yield of corn in this county the present season.

—There has been another change in the time table of the Md. & Del. railroad.

—Baker's Woods camp meeting will commence, near Chestertown on Thursday next.

—Camp meetings at Beckwith's and Shiloh, in Dorchester county, commenced last Friday.

—A New Castle man has grown a potatoe, of the Early Rose variety, which weighs 36 ounces.

—Mr. J. H. Anthony, of Cambridge, has invented a peach and apple seeder. It does the work effectively.

—A beautiful complexion depends upon the purity of the blood. To keep the blood pure and healthy use Dr. Bull's Blood Mixture.

—Henry Ross, committed suicide at East New Market, Dorchester county, on Monday 30th ult., by taking an over dose of laudanum.

—The total number of car loads of peaches shipped over the Delaware railroad the present season up to last Saturday amounted to 1,034.

—The tramp nuisance is becoming a great bore to the people of Delaware.—While we are in favor of Peninsular union we are opposed to annexing the tramps.

—The receipts of wheat at Baltimore on Monday amounted to 92,500 bushels—60,500 were Southern and 32,000 Western.—The receipts of corn were 65,000 bushels.

—P. C. Strickland has been appointed postmaster at Elkton, and will enter on his duties October 1st. The present postmistress having taken to herself a husband asks to be excused.

—Edward Brown, at a single haul at Horn Point, on the Chesapeake bay, last Saturday, caught from two to three hundred drum fish, being the largest catch ever known in that section.

—Mr. Dawson, of Caroline, and Miss Mollie Jones, of Baltimore, were driving through Centreville on Monday night in a York wagon. Their vehicle collided with an express wagon and Miss Jones was thrown out and badly hurt.

—Dr. Lemuel W. Ashley and wife residing near Rolph's wharf, Queen Anne's county, are rejoicing over a newly-born pair of twins, a boy and girl. The father is aged 60, and the mother 45.

—The Smyrna *Times* is of the opinion that the yield of peaches along the line of the Maryland and Delaware railroad, from Clayton to Easton, a distance of forty four miles, is the best on the peninsula.

—Chestertown authorities have got rid of tramps by simply issuing a proclamation commanding them to leave. Fifty-seven able-bodied vagabonds took their departure upon the appearance of the potential manifesto.

—The season for rail shooting will soon arrive and as the reed which grow on all our marshes promises an abundant crop from the seed of which these birds feed, we may expect a lively time among our sportsmen.

—A military company was formed at Chestertown last week. H. W. Vickers was elected Eirst Lieutenant; J. K. Aldridge, Second Lieutenant, and Dr. Frank Hines, Surgeon. The company already has forty names on the roll.

—Those who have not already done so should not fail to be registered. The days of registration and the places of the meeting of registers will be found in our columns this week. Remember if you are not registered you cannot vote.

—A number of citizens of Queen Anne's county assembled at Centreville last Saturday and organized a militia company, with the following officers: W. C. Spencer, captain; Samuel Glanville, first lieutenant; W. F. Watson, second lieutenant.

—Two colored men, named Abe Price and Henry Tilghman, got into a brawl on the Point road, near Easton, one night last week, which led to blows, during which Tilghman cut Price on the arm and stabbed him several times in the body. The wounds are not serious.

—Two tramps went to the house of Mr. McIntosh, near Frederica, on Friday morning last, during Mr. McIntosh's absence, knocked down his son and tied him, and then robbed the house of what money and other valuables they could find, and decamped with the plunder.

—Mr. Robert H. Wilson, son of George W. Wilson, a former resident of this county, died at his residence in Florida on the 30th ult., aged 45 years. He was on a visit to his friends in this county only a few weeks ago and was in the enjoyment of more than usual good health.

—A pic nic will be held in the grove near Harris' Chapel, in Tuckahoe Neck, on Thursday next, 23d inst., if fair, if not the next fair day, commencing at 2 o'clock in the afternoon and continuing until evening. The Denton Cornet Band will furnish the music for the occasion.

—The dwelling house of Mr. Jno. Beachamp, near Potter's Landing, was entered on Sunday week, in the absence of himself and family, who were attending Concord camp, and over three hundred dollars was stolen from a chest, where the money was kept. No clue has yet been discovered as to the thief. The chest was found locked but the money had been taken.

—The temperance movement is very brisk at Elkton. Meetings are held daily and nightly in the various churches, and 238 persons have signed the pledge. A permanent organization has been effected, with Hon. J. T. McCullough as President. Elkton is an available field for temperance reform.

—We refer our readers to the advertisement of the Wilmington Conference Academy, located at Dover. This institution offers unusual facilities for the education of young men. Also to the Wesleyan Female College at Wilmington for the education of young ladies. Also to Miss Betts, private school at Greensborough.

—Mr. Joseph Rasin, recently a merchant of Easton, who several years ago bought the Lawrence Strong farm, near Chestertown, raised this season on eight acres, 402 bushels of wheat, seeded at the rate of one and a-half bushels to the acre, with an application of about 1,200 pounds of fertilizer.

—There are 39 dogs in St. Michael's which are assessed at $1 per head, and the *Comet* taking the basis of assessment at 30 cents in the $100 estimates them to be worth $12,000. If the people in that region desire to increase the stock at that estimate Caroline can furnish them to their hearts content.

—All Babies are diminutive Cæsars, since they come, they see, they conquer, sometimes by their gentle stillness but oftener by continued and uproarous crying induced by Colic, Teething, Flatlulence, etc. Dr. Bull's Baby Syrup by its gentle yet specific influence quiets the little ones without ever producing the least injurious effect. Price only 25 cents per bottle.

—Johnson, editor of the Cambridge *Democrat*, was a visitor at Concord camp. We were glad to meet him and renew our former acquaintance. Johnson is a clever fellow, but he is a batchelor. There is hope yet, however, for when we last saw him he was in close conversation with a handsome Careline damsel and with winsome smiles engaged her attention.

—An umbrella mender, calling himself Wm. F. Brown, from Baltimore city, was arrested in Greensborough last week, charged with beating another man, his partner in the business, of repairing umbrellas.—After a hearing he was released from the charge, but was sent to the jail at this place for ten days for swearing in the presence of the magistrate. He was drunk and disorderly.

—About 90,000 water melons were offered for sale in the Baltimore market on Monday. They sold from $3 to $14 per hundred according to size and quality.—Peach receipts were not large, only about 8,000 boxes being offered. Crawford's sold for 75 cents to $1.30 per box and red fruit from 35 to 80 cents. Tomatoes were quoted at 60 and 70 cents a box—potatoes at $1.60 and $1.75 per barrel.

—The thief Johnson, committed to our jail a short time ago for robbing sundry stores in the upper part of this county, Queen Anne's and Delaware, is again at large. Last Friday in broad daylight, in the absence of the Sheriff, he crawled through the opening of the door of his cell and walked out, since which time no tidings of him have been had. Country merchants had better guard well their treasure.

—We would call the attention of our readers to the advertisement of Keller's Vegetable Life Drops, and recommend such as need a really good medicine to try this valuable remedy which always does more than it promises, and effects results unattainable by the use of any other medicine. It is peculiarly adapted to the treatment of so many diseases and their prevention when used in time, that it should be kept in every house. The Drops are for sale by all Druggists.

—Messrs. Williams & Clark have purchased the material of the Seaford *Citizen* and the paper will soon appear in a new form. Mr. Clark is a young man of much promise, a citizen of this county, and learned the art of printing in this office.—While we are sorry to lose so good a citizen and a young man of so much promise, we shall be pleased to know that Delaware has added to her number one of whom no good citizen will ever be ashamed. Success to the new enterprise say we most heartily.

—We call attention to the new advertisement for the Fall campaign of Messrs. Tuthill & Avery, of Easton. Seldom have we the pleasure of recording so successful a report for a summer's work as by the above firm. Thirty-eight Wheeler No. 6 Reapers have been disposed of in their territory, and eleven Watertown agricultural Engins, together with threshing machines, clover hullers, rakes and fanning mills, making altogether the largest sales ever before recorded by one firm on the Eastern Shore. The large foundry, the capacious store room and increasing trade of this firm, speak volumes for their enterprise and business qualifications.

Steamboats on the Chuptank.

The freight and travel of the Choptank is being hotly contested. There is now four steamboats plying our waters and if cheap freight and passage to the city of monuments be any inducement to shippers and city prices at all favorable, it will make many articles of food which enter into daily consumption with our people, both scarce and high. We now have daily communication with Baltimore which is to continue during the peach season. A propeller also is to run on Tuckahoe Creek, whose waters have never before been visited by a steamboat.

Descendants of Mulattoes and Indians.

There is a large community of the descendants of mulattoes and Indians near Millsborough, in Sussex county, Del.—They form a distinct settlement in Indian river hundred and are very successful in money making. Some of them are reported to be worth $20,000.

Concord Camp.

This camp which commenced on the 3d inst., closed on Monday last. The encampment was perhaps the largest ever held at that place. Multitudes of people were in attendance from the surrounding country, the adjoining counties and from Delaware. The greatest interest was manifested on the part of the visitors, the tent-holders and the membership of the church. The meetings were conducted with decorum and attended with great spiritual power. The membership of the church were built up in the faith of the Gospel, encouraged and strengthened, about one hundred souls converted, about sixty of this number uniting with the church before the close of the camp. The exercises consisted of holiness meetings at 5½ o'clock, prayer and experience meetings at 8 o'clock and preaching at 10 o'clock, followed by prayer meetings each morning. The afternoon services consisted of childrens meetings at 1½ o'clock, preaching at 3 o'clock, followed by prayer meetings. At 7 o'clock the evening services commenced with preaching and closed in prayer meetings, continuing until 10 and 11 o'clock, so that almost the entire time was occupied in religious services.

The experience meeting of Sunday morning was attended with great spiritual power as the experiences of the faithful were delivered in the fervency of the spirit and the hearty amen from the ministers and people gave response to the christian sentiments uttered by the speaker. In the midst of the meeting no little emotion was aroused by the appearance in the isle of an old colored woman, at one time a slave of Gen. Wm. Potter, of this county, said to be 115 years old, telling her experience and giving praise to God. She mixed quite freely in the crowd, ascended the stand, clasped the hand of each minister and had an old fashioned shout from the place where the gospel was thundered forth to the people. Ann Murry, for that is her name, is a good old colored woman, has the confidence of every one acquainted with her and gives evidence of her christianity by faithful living and a Godly example.

Excellent order was maintained during the continuance of the meeting and great good has resulted therefrom.

The Rev. J. E. Smith, the pastor in charge, is deserving special notice for the faithful manner in which he conducted the affairs of the camp and for his prompt and efficient action in meeting all the requirements of his brethern in the ministry and for his zeal and energy to make the meeting a success.

The following named ministers were present and participated in the exercises: Reverends J. M. Collins, J. M. M'Carter, J. M. Williams, R. D. Bradley, Wm. F. Corkran, J. A. Brindle, Chas. Hill, (Presiding Elder for Easton District,) R. W. Todd, P. H. Rawlings, R. Roe, E. H. Hynson, T. L. Tompkinson, S. T. Gardner, Rev. Mr. Robinson, I. Jewell, T. J. Prettyman, W. L. Robinson, E. P. Aldred, A. Manship and E. E. Adkins.

Letter From Greensborough.

GREENSBOROUGH, Aug. 13th, '77.

Mr. Editor:—On Monday of last week, we with a party of young ladies and gentlemen, made a visit to the Plains. The Plains is the name of a beautiful tract of land, containing about 1,000 acres, situated about 5 miles west of this place, and owned by a widow lady, Mrs. M. E. Bourne, who is now on a visit to Europe. After a very pleasant ride in a large hack, we arrived at that beautiful place at 2 o'clock in the afternoon. On our arrival we spread two sets of croquet under the shade in the large green lawn which surrounds two of the handsomest mansions on the Shore, one costing $24,000 and the other $26,000. The smallest of these buildings is occupied by the tenants, and the largest is unoccupied. After we had indulged several hours in this amusement, we proceeded to the floral garden, located to the right of the lawn, where we were joined by Mr. Spence, the florist, who exhibited to us many of the choice flowers. We then passed through the hot house which was decorated with grapevines, laden with large clusters of ripe grapes. After viewing this scene, we passed to the expensive outbuildings. A walk in the orchard and among the promising crops, was the next thing. Evening drawing near, we returned to the lawn, where we enjoyed some of the good things of life, prepared by the ladies. When we had spent the remainder of the evening in conversation, we left for home. Mr. Editor we cannot ask for more space, but we would recommend the stranger to make a visit for himself. VISITOR.

Sunday School Picnic.

On Wednesday the 22d inst. there will be a picnic by the Sunday Schools of Hillsborough in Knott's woods, which will begin at 10 A. M., and continue through the day. Addresses will be made for the entertainment and instruction to the children. The public, whose presence can add so much to the joy of the little ones, are cordially invited to attend. The Auber Cornet Band of Hillsborough have generously tendered their services which cannot fail to make the occasion more attractive.

Prolific.

We have growing in our garden what may be regarded as a curiosity in the vegetable kingdom. It is a head of cabbage having fifteen separate and distinct heads. Another of the same variety has seven separate heads. Who has anything in this line to match them?

SUICIDE IN DELAWARE.—Ellis Saunders, an ex-constable, committed suicide at Wilmington, Delaware, Saturday afternoon, by taking strychnine. He had been in destitute circumstances for some time, and was kept by some private families, who paid his board. Recently these parties refused any further support, thinking he was able to keep himself, which is supposed to have been the cause of his committing the rash act.

Deaths.

NORTHROP.—Near Preston, on the 12th inst. of Typho-Malarial fever, MISS HESTER A., eldest daughter of Henry W. and Elsie Northrop, in the 36th year of her age. [*Independent Republican*, Montrose Pa., please copy.]

CHRISTOPHER.—On the 29th of July, near Henderson, JOHN C., the son of John W. Christopher, aged 30 years, 5 months, and 27 days.

DOWNES.—In this town on the 4th inst., ANNIE ESTELLE, infant daughter of P. W. and Annie H. Downes, aged 1 year, 9 months and 6 days.

A little flower has dropped from its parent stem, touched by the rude blasts of time. Loved hearts are torn with anguish and eyes suffused with sorrowing tears weep over the departure of innocent childhood. But why weep? Estelle is not dead but sleepeth. Too pure for earth, the lovely rose bud has only been transported to a clime bright with immortal joys, where the storm cloud never rises and disease and death are strangers. She has only gone a little in advance of those endeared to her by the ties of earth to draw them the closer to Heaven; or it may be to become a ministering spirit which shall whisper in touching melody to sorrowing hearts words of consolation and peace.

Died at the residence of her husband, E. Frank Wilson, August 3d, 1877, Emma, daughter of Mr. Thos. Butler, in the 27th year of her age.

In early life she professed religion and united in membership with the M. E. Church of this place. Mild in disposition, and industrious in character, she will be greatly missed in the home circle. Her death was triumphant as her life was earnest. Her voice mingled with those around her bed in singing and her last audible words were: "Safe on the evergreen shore."

Meet me, meet me, husband, children dear,
The angel beckons me away, I cannot tarry here. [swelling river—
Bright are the scenes beyond, calm the Jesus's voice has stilled my fears, and given peace forever. [the soul shall merit,
Earthly joys cannot compare with those
If you only strive to win the prize you may inherit.

From our sins dear Lord set free
Join us evermore to thee.

Denton, 4th of 8th mo., '77. R. M. T.

Naught can compare with Glenn's Sulphur Soap as a remedy for eruptions, pimples, old sores and roughness of the skin. It is also a powerful disinfectant of impregnated linen or clothing and should be freely used in the sick room. Depot, Crittenton's, 7 6th, Ave., N. Y. Murder Will Out.

A few years ago "August Flower" was discovered to be a certain cure for Dyspepsia and Liver Complaint, a few thin Dyspeptics made known to their friends how easily and quickly they had been cured by its use. The great merits of GREEN'S AUGUST FLOWER became heralded through the country by one sufferer to another, until, without advertising, its sale has become immense. Druggists in EVERY TOWN in the United States are selling it. No person suffering with Sour Stomach, Sick Headache, Costiveness, palpitation of the Heart, Indigestion, low spirits, etc., can take three doses without relief. Go to your Druggist, Dr. Fisher, Chas. Stevens Denton, and J. H. Douglass, Preston, and get a bottle for 75 cents and try it. Sample bottles 10 cents.

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health,) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, &c., such as Sick Headache, palpitation of the Heart, Sour Stomach, Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, &c., you need not suffer another day. Two doses of August Flower will relieve you at once. Sample bottle 10 cents. Regular size 75 cents. Positively sold by all first-class Druggists in the U. S. Sold by Dr. Fisher and Chas. Stevens, Denton, and by J. H. Douglass, Preston.

DELAYS ARE DANGEROUS.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies of approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. WISHART'S PINE TREE CORDIAL, and so avoid Consumption, Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Gravel, Piles, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The PINE TREE TAR CORDIAL can always be relied on to do what is claimed for it. Sold by all druggists. Principal Depot No. 916 Filbert St., Philadelphia.

We will during these hard times dispose of 100 PIANOS & ORGANS, new and second-hand of first-class makers including Waters' at lower prices for cash or Installments or to let until paid for than ever before offered. To the Public.

IN looking over the "Union" of July 26th, I find a notice forwarning all persons from paying any money due the firm of T. D. Case & Co. to myself. Feeling aggrieved, or that great injustice has been done me by this publication, I herewith transmit the facts, as the public may understand my position.—Some time in the year 1875, T. D. Case, J. B. Draper, J. T. Sangston and myself entered into a copartnership to transact the boating business, and at their request, I did take charge of the books of said firm, (T. D. Case & Co.) When this firm was dissolved, I proceeded to collect the bills and liquidate the debts of said firm, and applied out of my individual funds, seven hundred and fifty dollars, to assist in same, which amount is still due me. T. D. Case overdrew his account three hundred and two dollars and ten cents. After finding he could get no more of said funds he caused this notice, through malice, to appear, I conjecture, to injure me. As far as the old firm of Case & West is concerned, I will state that T. D.
