American Union

Thursday Morning August 23 1877.

THE Orphans' Court of Caroline county will meet on Tuesday 28th of August, 1877.

The Editor's Hash.

—It is said that the Delaware tomatoe crop this year will pay $100 per acre.

—Thirty-six car loads of peaches were sent over the Md. & Del. railroad one day last week.

—Several very fine horses have died of blind staggers on Taylor's Island, Dorchester county.

—Ebenezer camp, Dorchester county, commences to-morrow and will continue for one week.

—A New Jersey Justice of the Peace has been sent to jail for beating his wife. Served him right.

—Baker's woods camp meeting, near Chestertown, commences to-day and will continue one week.

—Nineteen hundred and sixty-six carloads of peaches have been shipped over the Delaware railroad the present season.

—Mr. Robert Raughley, of Mispillion hundred, is an applicant for the office of Clerk of the Peace for Kent county, Del.

—The fruit dryer owned by Mr. James Powell, at Farmington, Del., was consumed by fire on Wednesday of last week.—The fire originated from the furnace.

—To Mothers:—Should the Baby be suffering with any of the disorders of Babyhood use Dr. Bull's Baby Syrup at once for the trouble. 25 cents per bottle.

—The Cambridge *Democrat* thinks that the new stores and dwellings built at that place in the last three years would make a village larger than any town in Dorchester county.

—Thos. Cook Hughey, formerly of Queen Anne's county, but now a citizen of Cumberland, is spoken of as the Republican candidate for State Senator for Alleghany county.

Every effect must have a cause; so Pimples, etc., are the result of poor Blood Mixture and banish such eruptions those named. Purify the by using Dr.

—Mr. Garrett Fowler, residing near Osterville, Kent county, shipped a crate of peaches to New York last week which brought the handsome sum of $15. They were Crawford's Early.

—Clement Sullivan, editor of the Cambridge *Chronicle*, a lawyer by profession and a very clever gentleman, is spoken of by his numerous friends, as a candidate for State Senator for Dorchester county.

—A colored camp, under the auspices of the colored M. E. Church for Denton Circuit, has been in progress in the grove near Hainesville, in this county, since Friday last. It will close on Monday.

—The Trustees of the Camden Union Camp Ground have decided to hold a camp meeting on this ground next year, begning on Friday, July 21st, and ending August 2d. This is taking time by the forelock.

—About $100,000 has been taken from the State Treasury to pay off the Maryland Malitia for playing soldier during the recent labor riots. Tax payers go down into your pockets and fork over the funds.

—Eighteen additional cottages have been contracted for at Rehoboth Beach, to be completed in time for occupancy next season. It is also contemplated to erect a church on the camp grounds at no distant day.

—The quotations of peaches on Monday were as follows:—Boston, sixty to eighty cents per basket; New York, forty to seventy-five cents per basket; Philadelphia, sixty cents; Chicago $2 per crate; Cincinnatti, $1.50 to $2.

—The fruit cannery of White & Dunning has been in active operation since the middle of last week, putting up peaches and tomatoes. Near 200 hands are employed and operations are continued until sometime after nightfall.

—Thomas' Chapel, between Hazlettville and Marydel, is to be rebuilt. Workmen are engaged in its reconstruction. This church was built in 1825 and has never been re-roofed since. It is now to be thoroughly modernized.

—Mr. Albert Jervis, a well known resident of Still Pond Neck, Cecil county, died not long since from putrefaction of the intestines, ten hours after he had been operated upon by an experienced Baltimore surgeon, for strangulated rupture.

—The Salisbury Eastern *Shoreman* says "Salisbury has the handsomest Post office, Drug store, Jail and Women of any town on the Peninsula, and the most dogs, cats and rats." And it might have added more sand fleas.

—The little steamer *Viola*, which has been plying between Crotcher's Ferry and Seaford, on the Nanticoke river, has been purchased by J. W. Repsher & Brother, of Cambridge, who propose to run her on the Choptank as a freight and excursion boat.

—The name of Col. E. Wilkins, of Kent county, is mentioned in connection with the Republican nomination for Comptroller of Maryland. Col. Wilkins was the nominee of the Republicans two years ago and made a very respectable poll throughout the State.

—The large canning establishment at Marydel has been leased by a New York company, and three large fruit dryers, having a drying capacity of 300 baskets per day, have been put in operation. The dried fruit produced presents a beautiful bright color.

—Miss Manlove, of Greensborough, who accompanied the Cape May excursionist a week or more ago, became exhausted while bathing in the surf. She was rescued with much difficulty and so shocked and exhausted that she could not return with the excursion party.

—Miss Kate Powell, of Kentucky, visiting her relative, Mrs. R. C. Hollyday, in Talbot county, met with a severe accident last Friday evening. Going down stairs at dusk she slipped and fell, breaking the bone of her leg just above the ankle in two places.

—There will be a total eclipse of the moon this evening which will be partly visible when the moon rises. This eclipse will be visible over a large surface of the earth, and those parts excepted are the Western half of North America, Australia and the Pacific Ocean.

—Tramps on the Delaware railroad have become great pests to railroad officials, riding at their pleasure on the freight cars up and down the road. A few days ago one of the conductors caught them napping, locked them in the cars and and sent them on to Philadelphia.

—Last Thursday Mr. Howard B Ensign, President of the Maryland Steamboat Company, paid us a visit and we were glad to welcome him to our sanctum. He is an active energetic gentleman and guards well the interests of the company, which he represents in a prosperous condition.

—The dwelling house at Bucktown, Dorchester county, owned by Mr. Thos. M. Meredith, and occupied by Mr. Jos. Vickers and family, was totally consumed by fire on Saturday week. Mr. Meredith's loss is estimated at $2,000. Mr. Vickers lost a portion of his furniture amounting to about $250. The fire is supposed to have been the work of an incendiary.

—The political pot has begun to boil in this county and Tuesday last was a busy day among the politicians. The Democratic primaries take place on Saturday week and the aspiring candidates are in the field marshaling their forces; Committeemen are being selected, combinations formed and the pulling of wires generally to secure the nomination of personal friends.

—One of the most amusing and suggestive scenes is a company of average Americans at a dinner table: Suggestive because it indicates the prevailing national habit of rapid eating, with its inevitable result—Dyspepsia. If people must eat so rapidly as to induce discomfort, and ultimately establish disease, then let such, for self-interest at least remove all discomfort and tendency to disease by taking that most efficacious medicine—Kellers Vegetable Life Drops, freely recommended, because it never fails.

—Mr. George W. Raughley, residing in Tuckahoe Neck, in this county, has a peach orchard of about 10,000 trees which are in full bearing this year. He has thus far sold about $1,000 worth of fruit. The remaining portion of his crop is of the largest and best varieties, from which he expects to realize the further sum of $15,000—it making the total amount of $25,000 from his peach crop. A considerable portion of his early fruit was lost on account of the rainy season which caused it to rot.

—Attention is called to the offer made by the National Silver Plating Co., 704 Chestnut St., Philadelphia, in our columns. Their silverware is beautiful and fully up to standard, and their generous offer is available to all the readers of this paper, for ninety days after date.

—Washington College at Chestertown, Wm. J. Rives, principal; a beneficiary of the State, drawing from the treasury an annual stipend to support that institution, ignoring all good business principles, advertises exclusively in the Democratic newspapers of this Shore. Republican students are not wanted and of course will not intrude themselves within the sacred precincts of its walls. It is time this petty tyrant—party spirit—was abolished from our business and social relations. In this instance the fact is so marked that we determined to make a note of it, and at the same time give that institution the benefit of this notice.

We print in another column directions for curing broom-corn. Mr. Park has had large experience in the manufacture of brooms as well as the raising of the corn, and it will be to the interest of all our growers to follow carefully his instructions, for through a little inattention the broom may be seriously injured and rendered unfit for use. Good brush will always command the highest market price at Mr. Park's factory, while that which is improperly cured cannot be sold at all.

By the way, it is surprising to us that our farmers do not raise more broom-corn—certainly a sufficient quantity to supply the home demand. We observe that the brush is being imported from Baltimore by Mr. Park for the use of his factory.

We are pleased to learn that Mr. Park is about enlarging his facilities for manufacturing brooms, and that his work meets with such ready sale. His brooms, wherever known, are preferred by reason of their superiority.

Greensborough Letter.

GREENSBORO', AUG. 21st, 1877.

Our town which has been quite lively for sometime past, seems to have become more so at this time, as the majority of our farmers have plenty of peaches, and throng our streets every day with wagon loads of fruit, carrying it to the Station and the cannaries of this place, which are now in full operation, and engaged in canning large quantities of peaches and tomatoes. These factories furnish employment for about 200 persons each, and are putting up between 9,000 and 10,000 cans daily. These cannaries have purchased their peaches by the orchard at 25 cts. per basket, and tomatoes at ½ cent per pound. Besides the above method of preserving peaches, there has been erected three drying houses which are not doing much on account of the present prices of peaches.

Mr. Edgar Plummer has opened a new grocery store in Mr. T. D. Case's store house.

A Camp Meeting Incident.

At Camden camp a few days ago, a reverend gentleman and a number of others, ladies being in the party, concluded they would take a boat ride instead of attending services. They had not proceeded far when the boat sank, leaving them standing in the water up to their necks. They waded ashore, dried themselves, and went to meeting.—*Delaware Paper.*

The Reverend gentleman spoken of above was the Junior minister on Denton Circuit not many years ago and who at one time entered a Baptist Church, mistaking it for his own. Having been recently thoroughly immersed, we presume he is now fully prepared to become an acceptable member of that denomination.

Another Fine Store at Easton.

The firm of J. W. Cheezum & Co., not to become laggards in the enterprises of the age, have just completed their improvements upon their Store House in Easton. It is now one of the most commodious and best arranged at that place. Its depth is 85 feet with sufficient bredth to give ample room between counters for their numerous customers. Last week the whole force of clerks were engaged in arranging stock and at the same time employed in opening and shelving an enormous stock of new goods just received from the cities, and more are yet to follow. Mr. Cheezum being one of the oldest merchants in the town, and being thoroughly familliar with marcantile pursuits, and possessing a sauvity of manner, and withal, polite and attentive to the wants of his customers, cannot fail to receive a large share of patronage.

For the Union.

Directions for Curing Broom-Corn.

When the brush has appeared to the extent of about six inches, all the largest and heaviest should be bent down, being careful to bend the stalk between joints.

The brush should be cut as soon as the blossom begins to fall. As the brush does not all come out or ripen at the same time, it will be necessary to go through it several times, both in bending and cutting, so each stalk may be worked when in proper condition.

After the brush is cut, it should immediately be spread, in thin layers, in a dry building, where there is plenty of air, so as to prevent moulding. Neither dew, rain nor sunshine, should reach the brush after it is cut. JAMES PARK.

Our Almshouse.

DR. C. W. Chancellor, Secretary of the State Board of Health, recently made a report to Gov. Carroll, of the condition of our prisons, reformatories, asylums and almshouses, and if his statements are but half correct, presents a deplorable state of facts existing in the most of these institutions.

Of the almshouse in this county he speaks in no flattering terms. If it is kept in the condition in which he represents it there is blame to be attached somewhere, and we would suggest to those having the management of this institution that they institute an investigation and ascertain who is at fault. The Doctor thus speaks of its conduct:

"The Caroline county almshouse is called 'a mockery of charity and a nursery of pollution.' The accommodations consist of a group of very old and dilapidated frame buildings. The largest of these is occupied by the white inmates, another by the colored inmates, and a third by an insane man and woman. The rooms of the white department were greatly crowded, principally with women and their children, most of whom were 'to the manor born.' One of these women is the mother of two children, and another of six, all said to have been begotten and born in the house. The sanitary condition of this department was far from satisfactory, foul smells being perceptible throughout the entire establishment. In the rear of this building stood an old frame-shanty with a single room below and an attic room above. The lower room was occupied by an insane white man, dressed in a long dirty gown. His long, unkept hair hung in matted tresses about his neck and face, giving him the appearance of a veritable Mephistophiles. The loft above was occupied by an insane white woman extremely disgusting in appearance and habits, and of vicious bearing. She had borne one or more children in the almshouse. The mental faculties of these two miserable creatures were completely obliterated, and not the slightest attention was paid to their moral or physical condition. If the colored department should be compared to a filthy hog-stye, it would be an injustice to the latter. In one small room there were found four men, five women, two children, any quantity of cats and dogs, and other living things too numerous to mention. Of the five women one was a centenarian, two were mothers with infants in their arms, and two were young girls aged respectively 14 and 16 years. One old man was sick, with scarcely the semblance of a bed on which to rest his aching bones. Another, though sitting upright to partake of the coarse and badly cooked dinner just served him, was too weak to defend his scanty meal against the incursion of a dog that quickly gulped it down. Such an aggregation of human misery is rarely seen, and a more disreputable place can scarcely be imagined."

Murder Will Out.

A few years ago "August Flower" was discovered to be a certain cure for Dyspepsia and Liver Complaint, a few thin Dyspeptics made known to their friends how easily and quickly they had been cured by its use. The great merits of GREEN'S AUGUST FLOWER became heralded through the country by one sufferer to another, until, without advertising, its sale has become immense. Druggists in EVERY TOWN in the United States are selling it. No person suffering with Sour Stomach, Sick Headache, Costiveness, palpitation of the Heart, Indigestion, low spirits, etc., can take three doses without relief. Go to your Druggist, Dr. Fisher, Chas. Stevens Denton, and J. H. Douglass, Preston, and get a bottle for 75 cents and try it. Sample bottles 10 cents.

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health,) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, &c., such as Sick Headache, palpitation of the Heart, Sour Stomach, Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, &c., you need not suffer another day. Two doses of August Flower will relieve you at once. Sample bottle 10 cents. Regular size 75 cents. Positively sold by all first-class Druggists in the U. S. Sold by Dr. Fisher and Chas. Stevens, Denton, and by J. H. Douglass, Preston.

To the Public.

IN looking over the "Union" of July 26th, I find a notice forwarning all persons from paying any money due the firm of T. D. Case & Co. to myself. Feeling aggrieved, or that great injustice has been done me by this publication, I herewith transmit the facts, as the public may understand my position.—Some time in the year 1875, T. D. Case, J. B. Draper, J. T. Sangston and myself entered into a copartnership to transact the boating business, and at their request, I did take charge of the books of said firm, (T. D. Case & Co.) When this firm was dissolved, I proceeded to collect the bills and liquidate the debts of said firm, and applied out of my individual funds, seven hundred and fifty dollars, to assist in same, which amount is still due me. T. D. Case overdrew his account three hundred and two dollars and ten cents. After finding he could get no more of said funds he caused this notice, through malice, to appear. I conjecture, to injure me. As far as the old firm of Case & West is concerned, I will state that T. D. Case, some time ago, applied for the benefit of the Bankrupt law, and I as the only partner left, presume I have the privilege to close up the same, which I shall proceed to do in case of both the firms referred to.
