Thursday Morning September 13 1877

THE Orphans' Court of Caroline county will meet on Tuesday 25th of September, 1877.

The Editor's Hash.

—The apple crop is short on this Peninsula.

—Coal has advanced twenty-five cents per ton.

—A marble yard is shortly to be started at Cambridge.

—The oysterman put in his appearance on our streets last week.

—The peach season will soon close.—Shipments are growing less every day.

—The heavy rain storm of last week has damaged and destroyed much of the fodder crop.

—Rail shooting has commenced on our marshes and the birds are fat and in fine order.

—Since the recent rains our farmers are busy turning fallow, preparatory to wheat seeding.

—The chills have been holding high carnival in Newtown, Worcester county, for the past few weeks.

—The basket factory in East Cambridge has suspended operations and passed into the hands of a receiver.

—Forty scholars were in attendance at the opening of Wilmington Conference Academy, at Dover, last week.

—Continuous effort impoverishes the blood unless it be kept pure by suitable food and (when needed) Dr. Bull's Blood Mixture.

—The Democratic State convention of Maryland will meet in Baltimore September 27th, to nominate a candidate for comptroller.

—A steam saw mill, machine shop, drying establishment, a store house and several dwellings have been recently erected in Millington, Kent county.

—When the disorders of Babyhood attack your Baby use at once Dr. Bull's Baby Syrup and notice its rapid and beneficial effect. 25 cents per bottle.

—It is stated that John Tracy, the proprietor of the Atlantic Hotel, at Ocean City, has realized ten thousand dollars, above all expenses, this season.

—Mr. J. H. Van Gesel, engaged in merchandising in this place for several years past, has removed to Greensborough, where he will still continue the mercantile business.

—Fishing for drum in the surf at Ocean City has commenced in good earnest.—Nineteen of these large and excellent fish were pulled ashore by hook and line on Tuesday.

—Rev. Jas. W. Hoskins, Rector of East New Market and Vienna parishes, died at the former place on the 2d inst. He was a native of North Carolina. He was 61 years of age.

—Rev. E. G. Irwin has been obliged to resign the pastorate of Galena M.E.Church from continued illness. He has been an earnest, faithful laborer in the itineracy for 25 years.

—Mr. Mark A. G. Coate's house, near Bridgeville, Del., was destroyed by fire on Monday morning. The family were all in the peach orchard at the time of the fire, and lost everything, including $100 in money.

—Large tracts of timbered land in Dorchester county over which the flood swept last September became so impregnated with salt that the growing timber is now dying, and the lands will soon be covered with salt marsh.

—Whatever diminishes suffering, increases happiness; and perfect happiness is enjoyed only in perfect health. Health depends upon general organic work properly accomplished. Hence any functional disturbance is immediately felt, and in woman, the result of such disturbance often tends to the Uterine system, inducing a long list of painful and annoying complaints which poison the Blood, debilitate the whole system, and finally sap the health. Keller's Vegetable Life Drops are peculiarly efficacious in this class of diseases, gently correcting all abnormal tendencies.

—Farmers should examin the Bickford & Hoffman Wheat Drill, for sale by Tuthill & Avery, at Easton. This Drill is said to be the best in the market. It may be seen and examined in front of the Brick Hotel in Denton.

—Jump & Co., are offering special inducements in Brussels and Ingrain Carpets, bought at Robinson's Great Bankrupt Sale last month. They say they are offering them at less than they can buy them from the manufacturer.

—J. W. Cheezum & Co., at Easton, have moved into and filled up their new store room with a large lot of new Fall goods and invite the whole Peninsula to inspect them. For style, beauty and low prices they are unsurpassed.

—J. J. Jump & Co., having a keen penetration for business and a desire to meet the wants of their lady customers, has with much good taste secured the services of Miss Laura Melvin of this place as their sales lady in their large and flourishing mercantile house at Easton. Miss Laura is well and favorably known to a large number of the ladies of this county who will not fail to call and see her engaged in her new vocation.

—Levin Dickinson, a colored man, was seriously injured at Liden's grist mill on Friday last. While passing about the mill his clothing came in contact with an upright shaft connected with the corn stone, making over 200 revolutions a minute, and he was carried around with such force as to break his right arm in two places and had both legs broken by coming in contact with posts in close proximity to the rapidly moving spindle. Dr. J. W. Hignutt rendered surgical aid and he is recovering.

A Double Murder.

A brutal and most cold blooded murder was committed at Jarrelstown, Talbot county, about 6 miles from Hillsborough, on Friday night last. The murdered parties are James Fitzjarrell and Anna A. Fitzjarrell, his wife, both old and infirm and unable to protect themselves. They were both about 75 years of age, the husband having been bed ridden for the last seven years. They were the parents of ex-sheriff, N. C. Fitzjarrell, of Talbot county, and a member of the State Legislature.

A reporter of the Wilmington *Commercial* who visited the scene of the murder states that according to the statement of Catharine Waddle, wife of Captain Waddle, who lives within twenty yards of the scene of the murder, the bodies were found on Saturday morning, at 9 o'clock. The old man had nine gashes in his neck and his head was crushed in. He was lying on his face in bed down stairs. There was also a slight wound on his right hand. Mrs. Fitzjarrell was up stairs, lying on her side on the floor, with her skull mashed completely in and her brains scattered around on the bed clothing and furniture.

Robbery is supposed to have been the motive for the crime, as $350, which was known to have been in the possession of the aged couple, is missing. This supposition is further sustained by the fact that all the closets, drawers and boxes about the house had been opened and ransacked.

Mrs. Waddle is said to be a woman of low character and by her contradictory statements aroused suspicion and has been arrested and lodged in Easton jail. There is not sufficient evidence to connect her with the murder. Other parties are suspected and the officers of the law are upon their track.

The Peach Men Swindled.

A writer from Seaford, Del., of the 6th inst., noticing the closing of the peach season, says:

"While a great many growers have realized a sum sufficient to cover all incidental expenses during the season, some of the commission men have made more. A gentleman near this place, who has been shipping to a well-known and reliable firm in New York has discovered where his profits went. Two weeks since he shipped fifteen crates of extra fine peaches to New York. A near relative happening to pass the store where they were exposed to sale, and observing the name of the shipper, stepped in and enquired the price, "$3.25 per crate," quickly replied the shrewd agent. The sale was consumated, and the relative departed. The sale was duly reported to the gentleman at this place; but mark the difference: Instead of returning $3.25 per crate, (the actual price paid), $1.25 was reported, from which commission and cartage were deducted. It can be seen from this why our growers lose so much, and this is only one of a hundred instances of similar rascality this season."

Another commission man in Philadelphia failed last week and fleced eseveral peach men in this county out of their peach money, so all their time, labor and freight has gone for naught.

The People's Ticket.

At a County Convention, held in this place on Tuesday last, composed of Democrats and Republicans, the following ticket was nominated.

State Senate.—Thos. F. Garey.

Legislature.—Chas. H. Todd, Jas. Massey.

Sheriff.—Jonathan Evitts.

County Commissioners.—Wm. H. Casho, Saulsbury Hobbs, Jas. H. Holmes.

County Surveyor.—Capt. J. B. Isler.

The convention was well attended, harmonious in its proceedings and has presented to the voters of the county a good ticket which is well received and appears to give general satisfaction.

Thompson & Kersey, the chief merchants in Easton, have always presented the finest assortment of goods to be found on the Eastern Shore, and this season they reached the manufacturers of several classes of goods, and by purchasing large quantities have placed in stock a representation of carpets, ready made clothing, dress goods, &c., not to be equaled in the State ontside of Baltimore city. A peculiar feature in the mode of doing business, by this firm, is their readiness to offer the trade all the choice novelties, and just now the new Linoleum Carpets can only be found at their carpet depct. Our advice to those in want of carpets is, don't purchase without seeing this beautiful and durable invention. Read the new advertisement in this issue.

The stack yard of Mr. J. M. Brown, of Kent Island, Md., was destroyed by fire on Monday last, nothing being saved except some horses. E. C. Jeffries, son-in-law of Mr. Brown, and a man of respectable connections, residing on the Island, was seen running from the fire, and was arrested the following day and held for a hearing.

To George H. Moore, Chairman of the Democratic Nominating Convention.

DEAR SIR:—I hereby respectfully decline the nomination of County Commissioner made by the Convention of Tuesday last. I shall support the ticket.

Respectfully,

WM. G. HORSEY.

POWER OF TESTIMONY.—Two men were riding in a street car together. One was a skilled infidel and a controversalist. The other was a simple-hearted Christian layman. The infidel sought to provoke an argument as to the Bible and its truths.—The believer's response was: "I cannot argue the case with you. I am not competent to do that. But this I do know.—With all my heart I trust the Lord Jesus Christ as my Savior. I only wish you had the joy in Him which I have." The infidel's unexpected answer came promptly: "There you have got me. I can't answer that." The assurance which enables a child of God to testify for Christ and His salvation is more effective than the most carefully constructed arguments for the reasonableness of God's plan of redemption.

PEOPLE'S CONVENTION.

A County Convention, composed of members of the two political parties, and of the best citizens of the county, respectable in numbers and influence, assembled at the Court House in this place, on Tuesday last, in obedience to former notice, and organized by choosing Mr. W. H. Duecse, formerly a member of the House of Delegates, as the President. The following gentlemen were elected Vice Presidents:—Dr. Wm H. Downes, J. R. Fountain, Jas. H. Holmes, Tilghman Nattle, Capt. R. R. Emerson, D. J. Zacharias, Jas. I. Lednum, Trustin Pippin, Geo. L. Potter, B. G. Stevens, J. W. Hignutt, E. W. Williamson, John Thawley.

Secretaries.—Dr. W. F. G. Young, J. H. Emerson, Wm. Stevens, and Jas. E. Hignutt.

The call of the meeting was then read and its object declared, when the chair announced that business was now in order.

Motion made and carried that the Convention now proceed to nominate a ticket. The nomination of Senator being first in order the name of Thos. F. Garey was presented to the Convention, and there being no other nominee, Mr. Garey was declared the unanimous choice of the Convention.

The nomination of Delegates was then proceeded with, and the names of C. H. Todd, A. B. Roe, Jas. Massey and J. H. Williams were presented. B. G. Stevens and J. R. Fountain were appointed tellers. The ballot resulted—C. H. Todd 53, A. B. Roe, 18, Jas. Massey 38, J. H. Williams 13.

The chair announced that Todd and Massey having received the highest number of votes were the choice of the Convention for the House of Delegates.

The nomination of Sheriff being next in order the names of Jonathan Evitts, C. A. Dunning, James Green, Wm. Noble and Jas. I. Lednum were put in nomination.—The ballot resulted—Evitts 38, Dunning 17, Lednum 8, Noble 5, Green 1.

Mr. Evitts having received the highest number of votes was declared the choice of the convention for the office of Sheriff.

The names of J. H. Holmes, Salsbury Hobbs and Wm. H. Casho were put in nomination for County Commissioners and without proceeding to ballot were by acclamation declared the unanimous choice of the Convention.

The names of Eli W. Gordy and Capt. J. B. Isler were before the Convention for the nomination of County Surveyor. The ballot resulted—Isler 24—Gordy 20. Capt. Isler was declared the nominee.

The following resolutions were then presented and unanimously adopted.

Whereas, The history of all parties record that a long continuance in power is dangerous to the liberty, prosperity and general welfare of the people, and that community is best governed where the adherents of the political parties are nearly equal.

In Caroline county, owing to the fact that for years a Democratic nomination has been equivalent to an election; bold and designing men have taken the control in politics and inflicted innumerable evils upon the people. From repeated success they have finally entrenched themselves in District rings, that enable them to control a majority of the Districts at the primary elections, and have thus made their succession perpetual. A determination to combat and if possible to overthrow such corrupt political practices, induced us to appeal to our fellow voters to co-operate in an effort to give to the people a free and untrammelled choice as to who shall be their rulers in the future.

We had hoped that the people, and not a few individuals, would control the Democratic party in Caroline county, but the action of the recent Democratic nominating convention, meeting in secret session, in violation of a resolution of the Democratic Central Committee, has convinced us that no party ought to be followed in the wrong, and that love of right should always prevail over love of party; therefore,

Be it Resolved, That a ticket be now formed opposed to the Ring and in the interest of the freemen of Caroline county, the election of which will secure to them immunity from political slavery they have not enjoyed for years.

And be it further Resolved, That to overthrow the ring party of Caroline county, and to secure the rights of the people to the people in opposition to the tricks and device of Ring politicians, we cordially invite the co-operation of the honest men of all parties.

And be it Resolved, That the ticket nominated to-day by this Convention be known as the People's Ticket.

Resolved, That the President of the Convention be authorized to appoint a County Central Committee consisting of twenty five voters apportioned to the several election districts according to the number of voters therein; and to report the same by publication.

On motion the Chair appointed a committee of five to present an address to the voters of the county upon the issues involved in the present canvass. The chair appointed Dr. W. H. Downes, J. W. Bryant, R. J. Jump, Capt. R. R. Emerson and J. H. Emerson, who presented the following address:

ADDRESS
TO THE
Free and Independent Voters
OF CAROLINE COUNTY.

Fellow Citizens:—There is a time in the history of all parties when a halt is demanded and considerate and reflecting men are required to calmly survey their surroundings.

The Democratic party came into power in this State in 1867, on the full tide of success. It made promises of reform and inaugurated methods to give to the people a government of the people, by the people. Good and honest men of the party cheerfully gave their best efforts to secure a wholesome administration of the laws, and to secure to all our citizens the blessings of free government, in which the rights of all should be respected. The distribution of public office was conferred upon intelligent and conscientious men. In county and State nominations, the will of the majority was respected, and fit and competent men were presented for the suffrages of the people. The expressions of our citizens in their primary assemblages were regarded as *Vox Populi*. Their will was respected and obeyed. Thus the Democratic party of this State started out upon a career big with bright auspices of the future, cheered and encouraged in its laudable efforts by the largest popular majority ever given to it or any other party in the history of the State.

But in an evil hour, bold and unscrupulous men, desiring rather to gratify their own unhallowed ambition and seeking to enrich themselves at the expense of the people, leaped boldly to the front, seized hold of the reins of power and prostituted the political rights of our great party to base purposes of personal gain and the political preferment of men who held like mercenary motives with themselves. A ring has been formed at the State Capitol, having its headquarters located in Baltimore city, with their adherents and satellites operating in our county, and in all the counties of the State, in the most despotic and dictatorial manner, overriding and defying the popular will, nominating for office those only who are but the mere creatures of their power and pledged to do their bidding. Thus things have progressed, until the whole power of the State lies prostrate at the feet of a political oligarchy—a secret junto—a political cabal—a set of Ring politicians, who are bold, unscrupulous and exacting, demanding a total surrender of the independence of the voter, thereby making them their political slaves, to be driven like sheep to the hustings, and by their votes ratify their secret acts concocted in midnight council.

We, a portion of the independent voters of Caroline county, entertaining the highest respect and veneration for the great principles of our government, made sacred to us by its immortal founder—Geo. Washington—who laid the foundation thereof deep in the principles of eternal right—in after years made still more illustrious by the brilliant statesmanship of a Jefferson, a Madison and a Jackson, holding to the cardinal principles taught by them, that all men possessing honesty and capacity for office, are entitled to the respectful consideration of their fellow citizens and should not be proscribed because they oppose the venality and corruption of those holding official positions.

We are unalterably opposed to perpetuation in office—to the barter and sale of county or State nominations—to being controlled by a mere handful of men, self-constituted and self-styled party leaders. We hereby proclaim ourselves American freemen—free to speak—free to act—free to think and free to vote.

The haughty and dictatorial conduct of the Ring has well nigh driven the Democratic party to destruction. Appeal after appeal has been made in vain. A halt has been demanded, but deaf alike to remonstrance and persuasion, they have only been more persistent and defiant. But let naked facts speak for themselves.

They have stood as sentinels at the doors of the Legislative halls and levied black mail upon every appropriation bill presented to the Legislature.

They have organized a printing Ring, squandered $38,000 of the people's money, for the publication of the laws, and thereby instituted a subsidized press, which are the advocates and supporters of the useless waste of the public moneys.

They have organized a fish commission, at an annual cost of $10,000 to the people, from which they have as yet received no benefit.

They organized boards of Control and Review, at a cost of about $80,000, to the tax payers of the State, against the will of the people, adding additional burthens to the taxpayer.

They have corrupted the public service by the buying and selling of nominations to office, selling them to the highest bidder as stocks in the political market.

They have entrenched themselves in power, usurped authority and rule as despots over the freemen of our county and State.

They have their emissaries in our own county who make and unmake nominations, barter and trade, put up and knock down candidates for office, as best suits their will or caprice, without consulting the interests or wishes of our people.

They rule our nominating conventions by disregarding the representative principle in our delegate elections, and thereby make the candidates presented for our suffrage, the work of a minority of the voters of the county.

They have, on two occasions, in our State and Congressional Conventions, boldly and defiantly misrepresented the expressed and unmistakeable sentiment of our people in the selection of candidates of their choice.

They have, by their influence with the Legislature, created new offices for their especial favorites; mere sinecures, with large salaries which are burthensome to our people.

They have likewise added to the burdens of an already oppressed and tax ridden people an Oyster Navy, at the cost of sixty thousand dollars annually.

They have squandered with a liberal hand hundreds of thousands of dollars of the people's money in appropriations to sectarian schools and other institutions, under the guise of public charities.

They have levied large contributions upon those holding office for the purpose of bribing the voter and to perpetuate their power.

All these, and many other enormities, has the Ring, with the aid and assistance of their parasites, committed against the good government and welfare of the State. These evils have been endured until further forbearance would make us the willing tools and slaves of the few, who have for years past ruled with despotic power over our State and municipal affairs Against the further aggressions of this power we enter our earnest, emphatic, and solemn protest, and from this hour, rising above mere party, we declare in the most positive manner, that we sever all allegiance with the Rings and factions that now dominate and control the affairs of our county and State.

Laying aside, therefore, for the present, all party feeling, we cordially invite all true Democrats, and the good men of all parties in this county, to unite with us in destroying the Ring power and restoring to the people the right to choose their own rulers.

Lines on the Death of Miss H. A. Northrop.

BY A FRIEND.

Dearest Hester, thou hast left us,
Our loss, thy glorious gain:
But 'tis God that has bereft us,
He can by his grace sustain.

Dearest Hester, mild and lovely,
In thy life work with us here,
Now we miss thee, 'tis so lonely,
But we'll join thee, soon up there.

Dearest Daughter, fare thee well then,
We are going up to thee,
Though in tears on earth we're dwelling
We again thy face shall see.

O'er the grave you'll sing the victory,
In thy death there was no sting,
When you rise you'll sweetly triumph,
Thanks to God, through Christ your King.
