American Union

Thursday Morning September 20 1877

THE Orphans' Court of Caroline county will meet on Tuesday 25th of September, 1877.

The Editor's Hash.

—Sweet potatoes are selling at fifty cents a bushel in this market.

—A great deal of fodder has been lost in this county by the recent rains.

—The public schools of this county will open on Monday 1st day of October.

—Our grist mills have a plenty of water now. They had been suffering for lack of it heretofore.

—The peach season is over. We cannot fall back on the apple crop, for there are but few in this section.

—There has been no further developments in the Fitzjarrell murder case leading to the detection of the murderers.

—Harrington, Del., is prospering. It has recently had a brass band organized, a school established and its hotel enlarged.

—The October term of the Circuit Court for this county—being the regular jury term—will commence in this place on Monday week—the first day of October.

—Rev. J. E. Smith, pastor of Denton circuit, will preach at the M. E. Church, in this place, on Sunday morning and evening next. Morning service at 10—evening service at 7 o'clock.

—A man named Wm. Markes, employed at the saw mill of J. Colby Smith, at Willow Grove, had one of his hands so badly lascerated by a saw last week that amputation was rendered necessary.

—David P. Stevens, of Kent county, Del., was sentenced last week by Judge Bradford to six months imprisonment and to pay a fine of $1,000 for selling liquor without paying the United States tax.

—Promises kept inspire confidence; and Dr. Bull's Baby Syrup never promised relief in the disease of childhood without at once effecting it. Hence the popular reliance upon it. Price 25 cents a bottle.

—Mr. John Collins, residing near Federalsburg, lost a valuable horse last week from the fatal disease known as "blind staggers." He had on several occasions refused $200 for the animal.

—Unremitting application will induce disease unless the blood be kept constantly pure and rich. For all hard workers the remedy to keep the blood in the best condition is Dr. Bull's Blood Mixture.

—The Democratic County Central Committee met in this place on Tuesday last and substituted the name of Henry Wilson for that of Wm. G. Horsey, who declined to serve on the County Commissioners' ticket.

—With the present issue we close the publication of the annual levy list. Our readers will no doubt rejoice thereat.—Hereafter we will give them our usual quantity of miscellaneous reading on the first and fourth pages.

—A Grand Tournament and Coronation Ball will be given at Hillsborough on September 27th for the benefit of the Hillsboro' Auber Band. Knights from the surrounding counties are respectfully requested to enter and contest for the honors.

—The political canvass in this county has already opened and the campaign promises to be a spirited one. The people's ticket is well received and is becoming more popular every day. It has strong friends in both parties in every district in the county.

—At the great pomological exhibition held in Baltimore city last week, Mr. J. W. Kerr, residing near this town, received the two first premiums for the best varieties of peaches and apples. The premium amounted to $16, which Mr. Kerr kindly donated for the benefit of the Society.

—For sometime past we have had an abundance of rain in this section. On Sunday afternoon we had a heavy rain fall and again on Monday night we had another. The heat has been oppressive, but since Tuesday morning a change in the temperature has occurred and the weather has become pleasant.

—The following gentlemen were selected on Tuesday last by the Republicans of this county as delegates to the Republican State Convention to nominate a candidate for Comptroller, which meets in Baltimore to-day. Alex. Ridgaway, William Stevens and R. M. Messick.

—The canning factory of S. W. Hall at Frederica has thus far during this month put up 300,000 three pound cans of fruit and are adding to this amount from twenty-five to thirty thousand daily. So far the present season they have put up a half million cans and expect to make it 750,000 before the close of the season.

—The new M. E. Church at Preston will be dedicated on Sunday next, 23d inst. Rev. J. M. McCarter will preach the dedicatory sermon. Services morning and evening at the usual hour. A small sum unprovided for is still required to clear the church from all indebtedness and it is hoped that this amount will be cheerfully contributed.

—On Monday Mr. P. H. Rawlins, the M. E. minister in Smyrna, administered the rite of baptism by immersion at Hoffecker's pond to two candidates, in the presence of a large number of spectators. This is not often done in the Methodist Church, but according to the creed candidates are allowed their choice in the matter.

—A writer at Preston complains that they have a grog shop at Medford's Wharf every Sunday on board the Highland Light. This is a violation of the local option law, and is calculated to injure the Maryland Steamboat Company if tolerated. We would call the attention of the President of the Company to this matter, who we are sure, will put a stop to such illegal traffic.

—Capt. C. C. Wheeler, of Hillsborough has purchased the steamer Raughley, and is now running on the Choptank and up Tuckahoe Creek.

—The Democrats of Dorchester county, in convention, made the following nominations: For State Senator, Clement Sullivan: for House of Delegates, Joseph H. Johnson, Sam'l M. Travers, Dr. Isaac H. Huston; for Sheriff, Robert H. Foxwell; for County Commissioners, Thomas M. Merredith, Wm. M. Mace, Martin A Smith; for County Surveyor, James M. Robertson.

—A lively temperance meeting was held at Union Grove Church, in the fourth district on Sunday afternoon last, which was addressed by Rev. Mr. Sparklin, of Baltimore, J. H. Emerson and Matthew Patten, who is regarded as the war horse of the temperance cause in that part of the county. The meeting was well attended and the most courteous and respectful attention of the audience given to the speakers.

—We notice that our exchanges will have it that the Fitzjarrell murder occurred at Hillsborough, in this county. If they will take the trouble to examine our county map they will find no such place as Jarrelltown in this county. The scene of the murder is on the public road leading from Hillsborough to Easton, about six miles from the former place and eight miles from the latter. The murder was committed in Talbot county.

—Jonny, a little son of Mr. Hy. Irwin, aged about 9 years, fell from the new wharf at Denton Bridge, on Saturday last and came near drowning. He was observed by some persons at White & Dunning's canning establishment and a young man named Wallace Mason, ran to the river, plunged into the water and rescued him just as he was going down the third time. When taken from the water he was insensible, but the usual remedies being resorted to, he was again restored to life.

—Most people will bear, with a relative degree of patience, many of the pains and sufferings of the body; but we do not know of any one who can quietly and patiently suffer with that most execrable torture—Headache. Yet thousands of persons throughout the land suffer all the distress and discomfort that Headache inevitably induces because they have not heard of or do not use that sovereign remedy for every species of Headache—Keller's Vegetable Life Drops.

—With the opening of the campaign in Baltimore rum and rowdyism are coming prominently to the front. Last week one man was murdered at mid day in front of the city Hall and another severely cut upon the public streets. William Herman, a cigar maker, blew his brains out on his own door step. Henry R. Dunbolton, a clerk at Camden Station, returned home to his boarding house on Fayette street from the theatre late on Saturday morning, went into his room on the fourth story, and was found in the rear yard with his skull fractured and dead. Frank Batter, a blind convict in the penitentiary, attempted to stab a fellow prisoner, a negro, and on being placed in solitary confinement, cut his throat with a knife which he had secreted on his person.

The Publication of the Registry Lists.

In these times of high taxes and low prices of the farmers produce every expense that can be lopped off ought to be erased from the levy list to make our county expenses as light as possible. There is not a county in the State but what a pruning process might be instituted and hundreds and perhaps thousands of dollars saved to the tax-payers.

There is one thing which is indulged in by the publishers of newspapers of the counties which ought to be noticed and corrected. It is the publication of the list of registered voters. The law requires that only the newly registered voters and those stricken from the list shall be published, and these only in handbill form.—Yet we see from our exchanges that they continue to publish in their columns a list of the newly registered voters, and in some instances, the old list as well as the new. Neither the old or new lists are required by law to be published in the newspapers—only by handbills, to be posted in public places. In some of the counties these printers bills amount to several hundred dollars, and in others will go above a thousand. In our own county the publication of the list of voters, adding thereto the sections of the law included in the Registers notices, which is totally unnecessary, will amount to about two hundred dollars. None of this printing is required by law and is not justly chargeable to the county.

We have merely referred to this matter that we might call the attention of our county Commissioners to an examination of the subject, and in some measure, relieve our taxpayers from unjust and unnecessary taxation. There are no doubt other unlawful and exhorbitant bills presented to the county Commissioners, and allowed against the county, but as we have no means of examining these accounts we cannot speak positively. But with printing bills we are familiar, and do know the fact, that some of these printing bills are beyond the bonds of reason and in some instances not allowed by law.

We believe it to be opportune just at this time to call attention to these facts in our own county, as we are soon to elect a new board of county Commissioners, to whose keeping will be confided the interests of our taxpayers. We throw out these hints, that whichever party may be successful, they may guard well the public interests.

The Peach King.

Col. Ed. Wilkins, of Kent county, may perhaps be termed the peach King of the world. Riverside, his estate, contains one hundred and twenty-five thousand peach trees. His pear orchard contains fifteen thousand trees, of choice varieties.

Another Attempt to Rob and Murder.

Another bold attempt to rob and murder was made in Talbot county on Saturday night last. About 11 o'clock at night the dwelling of Mr. Chas. Underwood, between Dover bridge and Barker's Landing, on the Choptank river, was attacked and forcible entrance attempted to be made by two negroes. Mr. Underwood met them at the door which was pushed in and an entrance obtained, although he resisted them to his utmost. A rough and tumble scuffle ensued, Mrs. Underwood came to the rescue of her husband and was knocked down by one of the villians. The noise and confusion below aroused others of the family up stairs, and the villians hearing their footsteps made their escape. A hatchet was found in the room after their retreat which proved to be the property of Jim Green, a negro resident in the neighborhood. Green has been arrested and is now in Easton jail. His confederate in crime is still at large.

Disturbance at a Picnic.

The usual hilarity and enjoyment that prevails on the occasion of a Sunday School Picnic, when all the children in a circuit of 5 or 6 miles are met for purposes of recreation, festive enjoyment and innocent mirth, were disgracefully interrupted on Thursday 30th ult., at the grove near Roosville, Queen Anne's county, by the commission of an aggravated and cowardly assault upon one of the little boys who participated on the occasion.

It appears that a number of little boys were standing upon one of the logs cut for Satterfield & Moore, and were engaged in tossing chips to another log, when one of them by accident, struck the hat of a valiant pedagogue, inflicting no injury upon it, or its gallant owner, who was thereupon filled with consuming wrath, and rushed up to the offending child of 10 years, and snatched him down upon his face and castigated him with a stick or switch, and then not satisfied with this gentlemanly arage, kicked him several times with his boot. It is gratifying to learn that every lady and gentleman on the ground, cried shame upon him for the dastardly act, and under the weight of public scorn, he was hurried from the ground to avoid the chastisement his conduct so well merits.

An Incendiary Arrest.

Ezekiel F. C. Jeffers, of Kent Island, was lodged in Centreville jail last week, on the charge of burning the barn on the farm of Samuel T. Skinner, on Kent Island, now in the tenancy of W. M. Brown. The facts in the case as they have come to our ears are about as follows: Jeffers who is the husband of Brown's daughter, gave his wife a whipping and she left and went to her father's house for protection. The next day Jeffers met Brown on the road and they quarrelled and finally fought about the difficulty. It is said that when they separated Jeffers made some threats about burning Brown out. That night the barn on the farm where Brown resides was discovered to be on fire and two men were seen running from the conflagration. Chase was instituted, and the pursuit was so close that one of them lost his hat, and did not have time to pick it up. The pursuing party came up to the hat and picking it up identified it as the property of Jeffers.—Jeffers was also captured and given into the hands of the law and was committed to jail by Justice Phillips. In the conflagration Mr. Skinner lost his barn, stable, carriage house and poultry house, making his loss reach nearly $1,000, while Brown narrowly escaped the loss of his horses which were in the stable at the time.—Brown's loss is about $100.

For the Union.

Opposision to Mr. Fields.—Congressional Aspirations.—What Makes a Ring?

Mr. Editor:—The campaign in Caroline is destined to be an attractive one.—Never have I witnessed so soon after the nominations, evidence of so much political excitement. Why is it that there is so much opposition to Mr. Fields? Behold his record and see. Mr. Fields has been for ten consecutive years in office, and is now seeking a continuance of four more years. During that time, there has not been a Democratic, State, Electoral or Congressional Convention, with but a single exception to which Mr. Fields has not directly or indirectly selected the representatives from Caroline county. For ten years Mr. Fields has been one of the State Central Committee. Time and again has Mr. Fields been before the Congressional convention of this District for Congress; time and again has the District declared against him; yet, with the freshness of the morning rose, does Mr. Fields come again. It is said that on one occasion the Delegation voted 173 times for Fields; hoarse with defeat the convention adjourned without nominating, and thus saved the lives of his warm partisans from Caroline. The people of Caroline remember how on one occasion they sent to Baltimore a Delegation of Mr. Fields' selection favorable to the nomination of Mr. Groom for Governor, and they have it from Mr. Groom's own lips, that at no time did the Delegation give him even the slightest support. Again, the people feel just now that the Board of Review was an useless expenditure of the people's money; that it was iniquitous legislation; that the motive that prompted it was base to infamy, and that the Caroline Senator's voice at least should have been heard against it. This and other legislative iniquities, that might be refered to, as a reason why there is so much opposition to Mr. Fields, but when spoken of, the reply is—persecution. Who ever heard of persecuting a man who has been continuously in office since 1867? Whence comes it that among, at least, one hundred gentlemen of Caroline county, who are every whit intellectually, educationally, morally and politically Mr. Daniel Fields equal—that he should hold the senatorial office for fourteen years—and they should be his voters. Is that Democratic rotation in office? It comes from the fact that many men have done well under Mr. Field's rule—the genial rays of senatorial patronage and influence—have brought to them eminent and advancement. And thus the Ring has been completed, and no sweeter music ever fell upon their ears, than the consumation of those magic words:

Oh! take me where the green backs grow,
And put me in that little Ring.

Just now, when party hate should subside, when the people are struging for subsistance, when depression and grim want stalk the land, is it at all surprising that the people of Caroline county, without regard to party, rise up to strike down the advocates of the Board of Review, Fish Commissioners, extravagant Bills for State Printing, Ring masters and Ring satellites; and last but not least, that the political influence of the county shall not be made merchand se of—to be sold to the highest bidder. As we understand the people they mean to say, that for once at least, that there shall be free thought, free speech, a free press and a free ballot. These are manly rights and can only be surrendered with degradation. A DEMOCRAT.

Killed by Ligatning.

TWO BROTHERS AND A SISTER STRUCK DEAD IN A FODDER FIELD NEAR GEORGETOWN.

A telegram to the Wilmington *Commercial* dated at Georgetown, Del., on Friday last, gives the following result of a fatal stroke of lightning. Mr. Gideon Hutchins, a farmer living about five miles from Georgetown, with his five children, two boys and three girls were at work in the fodder field a storm came up, and to save themselves from the rain they took shelter under a tree.

They had been there but a short time when the tree was struck by lightning, instantly killing three of the children, two of the boys and one girl. One of them was a young man about 21; the other 14. The girl was about 19 years old.

The other two children with Mr. Hutchins were badly stunned. After the father became conscious he found all of his children lying around him, apparently dead.

He went up to one of the neighbors to get help to take them home. The two that were stunned became conscious before his return from the neighbors.

Mr. Hutchins complains yet of severe pain in his back. He says he don't know how long he was unconscious, but thinks the rain beating on them revived them.

In Luck.

Col. C. Sullivane, editor of the *Chronicle*, and Joseph H. Johnson, editor of the *Democrat*, have been nominated by the Democrats of Dorchester county, the first for Senator and the latter for the House of Delegates. The supply of editors in that county must have been exhausted or others would have been favored with a nomination. They are both gentlemen of intelligence and we are glad to see that editors are sometimes noticed.

Marriages.

LEWIS—BROWN.—On Thursday last by Rev. Chas. Ash, ORE LEWIS and WILMINA BROWN.

Deaths.

THOMPSON.—On the 3d inst., in Denton, SUSAN JANE, infant daughter of J. W. and Mary Jane Thompson, aged 4 months.

HUTCHINSON.—At Federalsburg, at the residence of her brother-in-law, James O. Redhead, on the 11th inst., Miss LYDIA HUTCHINSON, daughter of Manlius P. Hutchinson, Esq., aged 19 years, five months and three days.

The ladies, one and all, pronounce Glenn's Sulphur Soap the best clarifier and emollient for complexion, that they have ever employed. It should be used by all who are anxious to possess unblemished skins.

Depot, Crittenton's, No. 7 Sixth Avenue, New York. Hill's Hair and Whisker Dye, brown or black, 50 cts. [sep20-4w.

Murder Will Out.

A few years ago "August Flower" was discovered to be a certain cure for Dyspepsia and Liver Complaint, a few thin Dyspeptics made known to their friends how easily and quickly they had been cured by its use. The great merits of GREEN'S AUGUST FLOWER became heralded through the country by one sufferer to another, until, without advertising, its sale has become immense. Druggists in EVERY TOWN in the United States are selling it. No person suffering with Sour Stomach, Sick Headache, Costiveness, palpitation of the Heart, Indigestion, low spirits, etc., can take three doses without relief Go to your Druggist, Dr. Fisher, Chas. Stevens Denton, and J. H. Douglass, Preston, and get a bottle for 75 cents and try it. Sample bottles 10 cents.

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health.) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, &c., such as Sick Headache, palpitation of the Heart, Sour Stomach, Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, &c., you need not suffer another day. Two doses of August Flower will relieve you at once. Sample bottle 10 cents. Regular size 75 cents. Positively sold by all first-class Druggists in the U. S. Sold by Dr. Fisher and Chas. Stevens, Denton, and by J. H. Douglass, Preston.

WESLEYAN FEMALE COLLEGE, WILMINGTON, DEL.

THE THIRTY-SIXTH Annual Session will begin September 10th, 1877. For catalogues or information, address

JOHN WILSON, President.

Take Notice.

I WILL BE IN DENTON every Tuesday during September and October to settle up my old business, and all those indebted to me are expected to come up and pay their bills. J. H. VAN GESEL.

sep13-6w.

Notice.

ALL persons indebted to A. P. Sorden, Administrator of Thos. A. Sorden, are hereby notified to make immediate payment to James G. Redden, as longer indulgence cannot be given.

sep13-3w. A. P. SORDEN.

Pierce's Pleasant Purgative Pellets

SIZE OF PELLETS.

Or Sugar-Coated, Concentrated, Root and Herbal Juice, Anti-Bilious Granules. THE "LITTLE GIANT" CATHARTIC, or Multum in Parvo Physic.

The novelty of modern Medical, Chemical, and Pharmaceutical Science. No use of any longer taking the large, repulsive, and nauseous pills, composed of chcap, crude, and bulky ingredients, when we can, by a careful application of chemical science, extract all the cathartic and other medicinal properties from the most valuable roots and herbs, and concentrate them into a minute Granule, **scarcely larger than a mustard seed,** that can be readily swallowed by those of the most sensitive stomachs and fastidious tastes. Each little **Purgative Pellet** represents, in a most concentrated form, as much cathartic power as is embodied in any of the large pills found for sale in drug-shops. From their wonderful cathartic power, in comparison to their size, people who have not tried them are apt to suppose that they are harsh or drastic in effect; but such is not at all the case, the different active medicinal principles of which they are composed being so harmonized and modified, one by the others, as to produce **a most searching** and **thorough,** yet **gently** and **kindly operating, cathartic.**

$500 Reward is hereby offered by the proprietor of these Pellets, to any chemist who, upon analysis, will find in them any calomel or other forms of mercury, mineral poison, or injurious drug.

Being entirely vegetable, no particular care is required while using them. They operate without disturbance to the constitution, diet, or occupation. For **Jaundice, Headache, Constipation, Impure Blood, Pain in the Shoulders, Tightness of the Chest, Dizziness, Sour Eructations from the Stomach, Bad taste in the mouth, Bilious attacks, Pain in region of Kidneys, Internal Fever, Bloated feeling about Stomach, Rush of Blood to Head, High-colored Urine, Unsociability and Gloomy Forebodings, take Dr. Pierce's Pleasant Purgative Pellets.** In explanation of the remedial power of my Purgative Pellets over so great a variety of diseases, I wish to say that **their action upon the animal economy is universal, not a gland or tissue escaping their sanative impress.** Age does not impair the properties of these Pellets. They are sugar-coated and inclosed in glass bottles, their virtues being thereby preserved unimpaired for any length of time, in any climate, so that they are always fresh and **reliable.** This is not the case with those pills which are put up in cheap wooden or pasteboard boxes. Recollect that for all diseases where a **Laxative, Alterative, or Purgative,** is indicated, these little Pellets will give the most perfect satisfaction to all who use them.

They are sold by all Druggists at 25 cents a bottle.

R. V. PIERCE, M. D., Prop'r,
BUFFALO, N. Y.

WOMAN.

By an immense practice, extending through a period of years, having within that time treated many thousand cases of these diseases peculiar to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my high appreciation of its value, based upon my own personal observation. As a close observer, I have, while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the climax or crowning fact of my medical career. On its merits, as a positive, safe, and effectual remedy for this class of diseases, and one that will, at all times and under all circumstances, act kindly and in harmony with the laws which govern the female system, I am willing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under A POSITIVE GUARANTEE. If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle are used, I will, on return of the bottle, two-thirds of the medicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous cures in thousands of cases, I feel warranted and perfectly safe in risking both my reputation and my money on its merits.

The following are among those diseases in which my **Favorite Prescription** has worked cures, as if by magic, and with a certainty never before attained by any medicine: Leucorrhœa, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or falling of the Uterus, Anteversion and Retroversion, Bearing Down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or sterility, Female Weakness, and very many other chronic diseases incident to woman not mentioned here. In all affections of this nature, my Favorite Prescription works cures—**the marvel of the world.** This medicine I do not extol as a cure-all, but it admirably fulfills **a singleness of purpose,** being a most perfect specific in all chronic diseases of the sexual system of woman. It will not disappoint, nor will it do harm, in any state or condition.

Those who desire further information on these subjects can obtain it in THE PEOPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 900 pages, sent, post-paid, on receipt of $1.50. It treats minutely of those diseases peculiar to Females, and gives much valuable advice in regard to the management of those affections.

FAVORITE PRESCRIPTION SOLD BY ALL DRUGGISTS.
