Thursday Morning October 11 1877.

THE Orphans' Court of Caroline county will meet on Tuesday, 16th of October, 1877.

The Editor's Hash.

—A heavy Republican vote is predicted in Pennsylvania in November.

—Congress will convene in special session at Washington on Monday next.

—Ten schooners were sunk at the Delaware Breakwater, during the storm of Thursday last.

—The gold premium was very feeble during last week, ruling at New York at 102¼ and 102⅜.

—President Hayes is said to have been the first President since Washington who visited Georgia.

—The workingmen of Cumberland last week nominated and elected their candidate for city council.

—The Steamer Kent will hereafter leave her wharf at this place at 6½ o'clock instead of 7 as heretofore advertised.

—Rev. Archbishop Bailey, the eighth Archbishop of the See of Baltimore, died at Newark, New Jersey, last week.

—Mr. Wm. Straughn has again taken the school at Henderson and opened on the 1st. inst., with eighteen registered pupils.

—Considerable dissatisfaction is said to exist in Talbot county on acccount of the Democratic nominations made last week.

—Mr. Henry T. Meloney, a native of this county, has received the appointment of Bankruptcy clerk in the U. S. Court at Baltimore, in place of J. H. Lowe, deceased.

—Senator Fields in his speech in this place said the *Union* was so hot it burnt his mouth. Served him right. What business had he reading a borrowed newspaper.

—This is the season of the "sear and yellow leaf," when the frost king is painting the forests with a thousand hues. It is a fit emblem of the ending of a good man's life.

—A protracted meeting commenced at Pippin's M. E. Church last week with large congregations and much religious interest was manifested on the part of the membership of the church.

—The Wilmington *Commercial* cautions the public against the Delaware State Fire and Marine Insurance Company, of Delaware City, and denounces it as a "fraud run by swindlers."

—"A friend in need is a friend indeed." Such a friend is Dr. Bull's Cough Syrup, which should be in every family, it only costs 25 cents a bottle and may save many a doctors bill.

—Last Thursday the tide in the Choptank at this place was unusually high, the causeway leading to Denton Bridge being entirely submerged, but it made fine sport for killing rail birds.

—A pair of valuable horses were killed by bees in Kent county recently. They ran the pole of the wagon to which they were attached into a bee hive, and the bees ran their business ends into the horses.

—The Maryland fish commission a few years ago deposited several thousand young California salmon in the Potomac river, and there has never to this day, a single salmon been seen or heard of since, in that river.

—Mr. H. Blackiston the oldest merchant in this place, is now in the city purchasing a new stock of Fall and Winter goods, which he proposes to sell as cheap as the cheapest. Advertisement next week.

—Mr. J. W. Bryant's fast trotting horse Chesapeake, of this place, was the winner of a race at Hambleton Park, Talbot county, last week. Chesapeake is now training and promises unusual speed as a fast trotter.

—Ex-Governor Groome, solicitor for the bond holders of the Md. & Del. rail road, has obtained a final decree from the Delaware Courts for the sale of this road, its rolling stock, &c. The road will be sold sometime soon.

—The time table on the Md. & Del. rail road changes on Monday next. From that date the cars will leave Easton at 7 A. M. returning will arrive as at present. The 10.30 train will be withdrawn and there will be but one train a day.

There is to be an Agricultural and Mechanical Fair held at Bethlehem, in this county, on the 31st of October and the 1st of Nov. It is to be open to Talbot, Queen Anne's and Dorchester counties, Maryland, and to Sussex county, Del.

—J. J. Jump & Co., the hvest merchants in the State, have just returned from New York, and placed over $35,000 worth of goods in their establishment.—The nerve and pluck evinced by this firm with a free use of printer's ink have made their name famous on the Shore.

—Senator Fields says he will canvass the county and speak in every town and village. This cheap talk is'nt worth much. Almost any man so largely supplied as Senator Fields with the bellows apparatus can blow most lustily. We have seen a male bovine sometimes pretty good at the bellowing business.

—This is a very busy season with our farmers, who are straining every nerve to get their wheat crop into the ground in good season. A larger breadth of land will be sown than usual, and as nearly all our farmers deal extensively in phosphates, an unusual amount of this fertilizer will be sown with this crop.

—James Alfred Pearce, of Kent county, is spoken of as next United States Senator from the Eastern Shore. What are our Democratic friends going to do with Mr. Fields the patent, self-adjusting, self-resigning, and self-sacrificing Caroline Democrat who Rings in on all occasions where offices are to be disposed of?

—Constable Thos. S. Sewell, of Talbot county, was arrested last week charged with violating the person of Kate Waddell, the woman charged with the murder of the Fitzjarrells. Her story is discredited by those who know her. It is now generally believed that this woman and her husband are the murderers of Fitzjarrell and his wife.

—Two weeks ago we sent out a number of bills due this office. Some of those indebted have responded nobly and paid their bills. To such we return our thanks and feel grateful. But there is a large number who have not heeded the call and seem to be indifferent as it regards payment.—Hope they will attend to these bills at once. Mail the amount at our risk.

—Last Saturday night was the busiest time we have seen among our merchants for some years past. Cheap goods have an attraction and people will buy if inducements are offered. Two new stores were opened in town last week and other merchants are replenishing their stock. Goods are sold about as cheap here as elsewhere. Low prices have come at last.

—The independent movement in Dorchester county has culminated in the selection of a ticket composed of Dr. Washington A. Smith, for the State Senate; Mr. Wm. J. Lambdin, Dr. E. G. Waters, and Mr. M. D. Howeth, for the House of Delegates; Messrs. F. B. Clifton, Thomas I. Jones and Wm. T. Ruark for county Commissioners; Pollard S. Collins for Sheriff, and Willis Corkran for Surveyor.

—The "Baby's Best Friend" is the most appropriate title for Dr. Bull's Baby Syrup. It is absolutely free from Opium, Morphia and other powerful agents is perfectly safe and reliable under all circumstances and by allaying the usual Stomach and Bowel Disorders of Babyhood keeps the child from fretting and crying, so injurious to itself and annoying to all.—Price 25 cents.

—Caroline county Circuit Court adjourned on Thursday last, after a session of only four days. The Grand Jury was in session but three days, closed out its business and was discharged by the Court.—Only some four or five indictments were found for violation of the law, and these were for minor offenses. This speaks well for the good order and morals of our people, and we doubt if there is another county in the State that can show so clean a criminal record as that of our Court.

—"Keep the head cool, the feet warm, and the bowels open." This was substantially the method of the treatment of disease by one of the world's greatest physicians, Boerhaave, whose representation was unparalleled. It was grandly successful, because he faithfully pursued nature's methods. Keller's Vegetable Life Drops are compounded on this principle; by their purgative and alterative properties, they cleanse the System, purify the Blood, and equalize the circulation, subdue Nervousness and prevent the suppression and retention of nature's waste.

—During the two last days of Registration last week between two and three hundred new voters were added to the list for this county. How many were stricken off we have not learned, but at least from three to four hundred should have been erased. We notice that the newspapers continue to publish these lists and we presume will charge for them. The law requires them only to be published in handbill form. County Commissioners should make a note of this fact and be governed by the law. Stop every leak and relieve the taxpayer.

IT is the policy of the American people when a man's term of office expires for him to step down and become again a private citizen, giving others a chance, unless he has accomplished some great thing or is such a useful officer that his retiring would be a loss to the community. Does Dr. Smith and Mr. Lambdin endorse this American sentiment.—*Cambridge Democrat.*

That is just the principle the people of Caroline are trying to enforce here. They have come to the conclusion that Senator Fields has been Senator Fields long enough, but he wont believe it, and claims an election for the fourth time. If this is good Democratic doctrine in Dorchester it ought to be good Democratic doctrine in Caroline too, for as all good Democrats claim that Democracy is a principle, and if that principle be correct, it ought to be of universal application. But Senator Fields differs with his Democratic friends and seems to think he ought to be an exception to the rule. He may believe he is entitled to a re-election because of his past services to the State, but a large number of the people of our county think it is because of his political services to the Ring that secured him the nomination. And they are not very far from the truth when they think so.

For the Union.

PRESTON, Oct. 8th, 1877

Mr. Editor.—Knowing that the columns of your excellent paper is always open for whatever is beneficial for society, I venture to give you something of which you made slight notice sometime ago.—Everybody in this county knows that nearly two years ago the citizens of this county voted on the question of license or no license for the sale of intoxicating liquors. Everybody knows what the verdict was, yet in the broad daylight, the barkeeper on the Highland Light deals out the accursed liquid to any person who calls, and he is considered a splendid fellow by those who deal with him. It is sold not only by the drink, but by the bottle full when called for. Now, if the people of this community are willing that this open violation of law should go on, especially on the Sabbath day, why not let some one of our people deal it out by the wholesale? for then men and boys would be at home if not at church on the Sabbath, instead of lounging at Medford's wharf. The friends of law and order are becoming tired of this nuisance, and a number who have been friendly to the old line say if this thing cannot be abated entirely, they will cease to patronize the line altogether.

This will be the end of it, for we had better have no boat than to have the morals of our youths, and of our older citizens, corrupted by those who have no regard for law and the good order of society. It is bad enough to disturb the quiet of the Sabbath by the running of the boat on that day without dealing out damnation as she goes. The attention of the Company is specially called to this flagrant violation of law, and it is hoped a remedy will be provided. FACT.

[The grievance here complained of may be remedied by some one having knowledge of the fact, making oath before a Justice of the Peace, that the Local Option law, or the Sunday law, has been violated, when the justice will issue a writ for the arrest of the offender, and hold him under bonds for his appearance at our county Court, and so continue to exact bail for every future violation of the law.—ED.]

Case Stated!

DEMOCRACY AND LIBERTY!

Mr. Editor:—A few weeks since, it was every where conceded, that such was the power of the Chief of the Ring, that he had only to desire the nomination for Senator and it would immediately be conferred. No one questioned his power to direct his Lieutenants to arrange that the *three* little districts should come solid on the Senatorial question, and no matter what the Greensboro' or Denton districts thought or did. The nomination was accomplished, and yet with these facts well known, Mr. Fields with characteristic modesty, told the people in his speech at the Court House on Tuesday last "that he did not desire the nomination." Think of it! If he didn't want the nomination, why receive it? Why those five ballots before his nomination? Why that speech accompanying a written resignation? A plain man who meant honestly what he said, would have sent to the convention his resignation and would have allowed that to have been a finality, not desiring the nomination he would have said to his friends not to use his name in the convention, if such men as Wm. A. Ford, Alexander Hardcastle, R. C. Carter and Samuel J. Jarman—men to the "manor born," would accept the candidacy of Senator. Such declarations of Mr. Fields; in view of the facts, cause men to ask each other what Mr. Fields meant, when he said "he did not desire the nomination for Senator.—The people don't understand him—they don't understand his motives they even question his sincerity, when they remember that in the first place, he was sent to the Senate without opposition, and was returned in order that he might appreciate the honor of having the endorsement of a second term, but when proposed for a *third* term, they held back—but his friends said, why if he is returned this time, he will be made the president of the Senate, and Caroline county will thus have additional honors reflected upon her. So for a third time Mr. Fields was sent to the Senate. Now, what pretext is there for sending Mr. Fields the fourth time? When a man hands around his hat for three times and it is most bountifully filled by a gracious people, what do you think of the man when he comes the fourth time? Mr. Fields has been three times to the Senate, and has possessed its honors—all its emoluments, and now behold this great shame the people of Caroline are about to perpetrate in this age of enlightment and civilization against the dignity and manhood of Caroline's great chieftain. Why should Mr. Fields be so mercilessly treated and compelled to hold office that is without honor or profit to him? and when he, too, is tired of lording it over his Caroline subjects—tired of those good things down there at Anapolis, which have long since become distasteful to him. So much of them has given him dyspepsia, he wants to rusticate amidst the quiet and solitudes of his magnificent country home. Of course Mr. Fields don't want to go to Annapolis this winter! Nothing desirable there for him! How dull to think that ten years in Annapolis and with his eminent talents too, for taking care of himself, that he must be again clothed with Senatorial robes "to make hay while the sun shines." There is nothing new there for him—he has had all the honors and all the profits—and he would be perfectly happy if he could only have resigned; but he can't resign—the people would not let him resign, and will make him serve for the Senate, and will make "Daniel speak for himself!" at every town and every cross roads in the county, and all he can say is "go on people if you think there is no hereafter," and when the end comes, don't say that I did not protest against your silly conduct—don't say that I have not begged and entreated to be let alone—but you still persisted in making a great man of me in spite of all my efforts to the contrary. With equal sincerity did Mr. Fields in his speech on Tuesday justify the Board of Control. Such effrontry is almost unparallelled, for more iniquitious legislation in principle, never disgraced the Statute Books of Maryland. The Constitution of the State of Maryland had provided a Board of County Commissioners, whose duty it was to see that all taxable property was included in the ten year assessment.—In other words, they had all the authority that was vested in the Board of Review, yet the Legislature, for the purpose of defeating the will of the majority of the people of Frederick, Baltimore, and other counties in the State, and for the purpose of giving place to the retainers of Senator Fields and help on his renomination, passed this obnoxious Bill of Review, that no sane man would attempt to justify, unless he was *particeps criminis*. Let any fair minded man answer—is it safe to keep any one in office that votes to defeat the will of the majority of the people? That votes to make offices where men draw pay and do no work; and after thus knowingly voting has the audacity to insult the intelligence of the people by an attempted justification. But, say the friends of Mr. Fields, what are you going to do about it? We answer that we intend to appeal to the people—not to party—to the farmers—to the taxpayers—to the freemen—not to slaves—to men who think for themselves—and not to those who hold office, dependent upon Mr. Fields only, to put their vote of condemnation upon this mode of controlling the rights and property of the people. In the name of the Democratic party this mode of proceeding has been allowed too long; these men *legislate* and *rule* to suit themselves, and then force upon the people offensive nominations—trusting to the merit of Democratic principles and name to secure their election. It is time for the independent citizen and Democrat to rise above the clamor of party name and reprobate such men and measures. Let the Ring triumph this time in the name of Democracy, and none will be strong enough in the future to stem the tide in the true interest of the people. Let us free ourselves and be determined in the right to-day, and be not deluded with the cry of "ruining the Democratic party." When the Ring is overthrown, the Democratic party will be stronger and more desirving of support than it is to-day. Selfish men cry now, "Democracy, Democracy, Democracy"—like the Revolutionist of France cried "Liberty, Liberty, Liberty." When we know how true it is that "Oh Liberty—Liberty—in thy name what crimes are perpetrated."

A DEMACRAT.

For the Union.

Why does Senator Fields cover up his Tracks.

Mr. Editor:—History tells us the "Partizans" and "Plebians" would discuss the lives of the public men. "Democrats," the father of ancient democracy said, the office should seek the man, and not the man seek the office, and that the man should give dignity to the office and not the office give dignity to the man. Why did Senator Fields form a combination in the fifth district four years ago with certain Republicans, with his name printed on the Republican tickets and Mr. Dewcese's name struck off the Democrat ticket, and the Republican candidate in his place. He would swap away every man off the Democrat ticket to get one vote for himself. He is an astute politician. He covers up his tracks so none can keep his trail. He has not sent the votes and proceedings of the legislature for the last ten years to the people of his county, who, he delights to hear it said abroad he carries in his pocket. Why did he take sides with the B. & O. R. R. against the State, collecting a large claim for their company, by the failure of which the State was compelled to borrow money to meet her expenses? Why not disband the Maryland militia and the Oyster Navy that has been taking the regiments on excursions to summer resorts at the expense of the State, while prosecuting and impoverishing the poor oystermen to the loss of their little all? Why not repeal the Registration law and provide against the oppression of the inspection laws? Why did Senator Fields appoint for himself a private secretary, an assistant Fish Commissioner and Board of Review? with scores of other useless appointments to show his great creative mind in making new laws hitherto unknown in the history of the State.

A PLEBIAN.

For the Union.

MARYDEL, Oct. 6th 1877.

Mr. Editor:—It is asserted as a positive fact, that cannot be controverted, that Mr. John Daily, one of the nominees for County Commissioner on the Democratic ticket, does not know a single letter in the alphabet and cannot even write his own name. And yet the people are asked to vote for him for one of the most responsible offices in the county. There is men enough on both tickets, however of education and culture, to select from and make an excellent board of County Commissioners.

DOCTOR PIERCE'S
ALT. EXT. OF
Golden Medical Discovery

CURES DISEASES OF THE
THROAT, LUNGS, LIVER & BLOOD

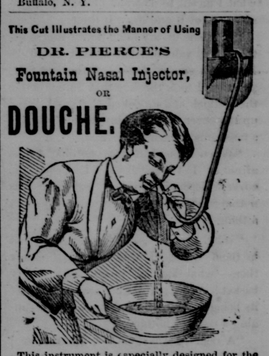

In the wonderful medicine to which the afflicted are above directed for relief, the discoverer believes he has combined in harmony more of Nature's sovereign curative properties, which God has instilled into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of **Bronchitis, Severe Coughs,** and the early stages of **Consumption,** it has astonished the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and **purifies the blood.** By its great and thorough blood-purifying properties, it cures all **Humors,** from the worst **Scrofula** to a common **Blotch, Pimple, or Eruption.** Mercurial disease, Mineral Poisons, and their effects, are eradicated, and vigorous health and a sound constitution established. **Erysipelas, Salt-rheum, Fever Sores, Scaly or Rough Skin,** in short, all the numerous diseases caused by bad blood, are conquered by this powerful, purifying, and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flushes, low spirits, and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from **Torpid Liver,** or **"Biliousness."** In many cases of **"Liver Complaint"** only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy.

This Cut Illustrates the Manner of Using
DR. PIERCE'S
Fountain Nasal Injector,
OR
DOUCHE.

This instrument is especially designed for the perfect application of

DR. SAGE'S CATARRH REMEDY.

It is the only form of instrument yet invented with which fluid medicine can be carried *high up* and *perfectly applied* to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. Its use is pleasant and so simple that a child can understand it. **Full and explicit directions** accompany each instrument. When used with this instrument, Dr. Sages' Catarrh Remedy cures recent attacks of **"Cold in the Head"** by a few applications.

CATARRH

SYMPTOMS—Frequent headache, discharge falling into throat, sometimes profuse, watery, thick mucus, purulent, offensive, etc. In others, a dryness, dry, watery, weak, or inflamed eyes, stopping up, or obstruction, of nasal passages, ringing in ears, deafness, hawking and coughing to clear throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, etc. Only a few of these symptoms are likely to be present in any case at one time.

Dr. Sage's Catarrh Remedy, when used with **Dr. Pierce's Nasal Douche,** and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease. It is mild and pleasant to use, containing no strong or caustic drugs or poisons. The Catarrh Remedy is sold at 50 cents, Douche at 50 cents, by all Druggists.

To the Public.

IN looking over the "Union" of July 26th, I find a notice forwarning all persons from paying any money due the firm of T. D. Case & Co. to myself. Feeling aggrieved, or that great injustice has been done me by this publication, I herewith transmit the facts, as the public may understand my position.—Some time in the year 1875, T. D. Case, J. B. Draper, J. T. Sangston and myself entered into a copartnership to transact the boating business, and at their request, I did take charge of the books of said firm, (T. D. Case & Co.) When this firm was dissolved, I proceeded to collect the bills and liquidate the debts of said firm, and applied out of my individual funds, seven hundred and fifty dollars, to assist in same, which amount is still due me. T. D. Case overdrew his account three hundred and two dollars and ten cents. After finding he could get no more of said funds he caused this notice, through malice, to appear, I conjecture, to injure me. As far as the old firm of Case & West is concerned, I will state that T. D. Case, some time ago, applied for the benefit of the Bankrupt law, and I as the only partner left, presume I have the privilege to close up the same, which I shall proceed to do in case of both the firms referred to.
