—Wm. Leonard, James Riely, John R. Stephens and Chas. Leonard, were arrested in Baltimore last week by officer Riely, charged with robbing J. C. Waller, of Barren Creek Springs, Wicomico county, on the Steamer Highland Light, near Easton, of a gold watch.

—We are indebted to the firm of A. Vogeler & Co., Baltimore, for a copy of their neat and tastily gotten up Family Almanac for 1878. It is a specimen of neatness and contains valuable information. A copy of this almanac may be obtained free of druggists and dealers in medicines or upon application by mail of the firm.

—Professor T. N. Williams, Grand Master of the Grand Lodge, of Delaware, will lecture in the Presbyterian Church, at Federalsburg, Md., on Thursday evening Nov. 15th, on the tenets and usages of the Ancient Order of Free and Acepted Masons. The public are cordially invited to attend. Lecture commences at 7 o'clock.

—Mr. Edward Reynolds of Middletown *Transcript*, has disposed of his interest in that paper to Mr. W. Scott Way who is now its editor and proprietor. Mr. Reynolds has conducted the *Transcript* with ability and we are sorry to lose him from the editorial corps.

—The Dover *Sentinel* says the farmers are complaining of a worm that has attacked the young wheat plant and are causing it to die. The worm bores into the root of the plant causing the plant to first turn yellow and finally die. As this is something right new it would be well for the farmers to study well the indications of the attack and report their views so as all can get the benefit of them.

—The decision of our people on Tuesday has reversed the position of two of our citizens. It is now no longer Senator Field but Senator Garey. Mr. Garey beats him in every district in the county, except the first, and here Mr. Fields has a bare majority of 2 votes. Mr. Garey also beats Mr. Fields in his own district 10 votes, and carries his district by 135 majority. Who says Mr. Fields is popular?

—A protracted meeting has been in progress at Union Grove in this county for the past three weeks, under the pastorate of Rev. W. L. D. Lucas, of the M. P. Church, which is being attended with great religious success. Between 70 and 80 converts is the result of the past three weeks labors. On Sunday night last some 10 or 12 penitents were at the altar, and before the close of the services, they all professed a change of heart.

—Food in reasonable variety and quantity must be had to sustain life. Poor quality and careless preparation for use will induce Indigestion, and then the whole system pays the penalty of the head's indiscretion and the stomach's inaction.—These attacks of Indigestion (unless prevented) will become more frequent and troublesome until they terminate in Chronic Dyspepsia. We would recommend the early use of Keller's Vegetable Life Drops as the best preventative and cure of Indigestion known.

THE PEOPLE HAVE TRIUMPHED!

THE PEOPLE ARE FREE.

After one of the most heated and bitter contests ever held in this county, between the People and a Ring of unscrupulous partizans, we are glad to announce the success of the People and the total route of the Ring. We congratulate the whole people of our county upon the success of their ticket.

The day was auspicious for happy results. A keen northwest wind prevailed, but the sun shone out clear, giving a good opportunity for voters to go to the polls. The vote is the heaviest ever polled in this county. In this district the vote is heavy, numbering 958 voters—the heaviest vote ever polled in this district.

At the polling place in this district trouble was anticipated between the white and colored voters, and every precaution was observed, to prevent even a pretext for a collision. The judges of election very wisely concluded to open a separate window, in the rear of the west wing of the Court House for colored voters and to receive their ballots from that quarter. The ballots of the white voters were received from the front window. By this means comparative quiet was observed and peace maintained. The only disorder or confusion during the day was produced by some one of rowdy tendencies, produced by the too free use of whiskey which had been brought to town from other places.

Pretty good order was observed at all the polling places in the county, except the Fourth district. Here our readers will find a blank column in the returns. From this poll we have no figures. After the judges had counted out all the straight tickets, a crowd of roughs kicked up a fight, destroyed the ballots which had been counted, one of the poll lists, and put an end to a further count. We learn the split tickets are in the hands of the judges and will yet be counted. The straight tickets, which the judges had counted, gave the People's ticket 102 majority, and it is believed the splits will increase that majority 25 to 30.

The rowdies engaged in this nefarious business are all known, some of them residing in the 4th and 5th districts, and others are from Delaware. They will receive the full penalty of the law for this daring outrage upon the rights of the people. We learn that two of those engaged in this disgraceful affair are officers of the law, under the friends of Mr. Fields, in the 5th district.

The citizens of this place and those in attendance at the court house upon the counting of the votes, became greatly excited upon learning the conduct of these roughs, and although our best citizens, and in fact, almost the entire community had been greatly incensed the night before, upon the arrival of the steamer Kent, to find a lot of Baltimore roughs turned loose upon us. This so exasperated our citizens, and fearing a similar attempt would be made here, before the close of the count, that every man was immediately armed, ready to give them a warm reception. Had such an attempt been made here, bloody scenes would have been enacted, and Mr. Fields and his followers would have been held responsible for the results.

We know not by whose authority these roughs were quartered here amongst us on election day, but it is a singular circumstance, that Mr. Fields should drive into town the back way, taking a retired street, only an hour or so before the arrival of the steamer bringing these men to our community, and that after their arrival he should be found in company with them and in close conversation. Yet, we will do him the justice to say, that when waited upon by a committee, on the part of our citizens, he denied any knowledge of them or of being aware of the object of their visit. Future developments may perhaps reveal all the facts. We shall await them with some degree of curiosity.

The result of Tuesday's contest is a stinging rebuke to a little knot of Caroline politicians who have too long ruled and dominated here. From the moment Mr. Fields was nominated, it was apparent to every intelligent mind, that sure and certain defeat awaited him. The remonstrances and appeals of the best Democrats in the county were of no avail. In the nominating convention, Mr. George H. Moore, the President of the convention, a man of keen foresight, of sound judgment and who understood well the opinions and sentiments of his party, protested in the most solemn manner against Mr. Fields nomination; was overpowered and refused the priviledge of speaking his sentiments upon this occasion.

But reason, persuasion nor protests could not prevail. The result was the nomination of Mr. Fields and the total defeat of the entire ticket.

This is no party victory. It is no Republican or Democratic triumph. It is the uprising of the people to put down partizan tyrants. Right nobly have they performed the work. The People have done this. It is their fiat and from their decision there can be no appeal. They are masters of the situation and are perfectly competent to conduct their own affairs. We again congratulate the voters of the county upon the triumph of right over wrong.

Below we give the result as far as received, up to the hour of going to press. It is full except the 4th district, and the majority there will not be less than 125—giving Mr. Garey about 300 majority and electing the People's ticket entire.

New Enemy to the Wheat Crop.

The Chestertown, Kent county, *Transcript* reports that the fallow-ground wheat, especially that seeded early, is being rapidly killed in that vicinity by an insect said by most farmers to be the common muck worm; but some say it is an entirely different insect, and a new enemy in those parts at least to the wheat crop. Its operations are similar to the grub worm on corn in the spring, cutting off the plant just below the surface of the ground. Its ravages appear to be confined to fallow fields, corn-ground wheat being unmolested. Its destructive work can readily be detected, the wheat turning red and withering away.

For the Union.

"Myself and Son."

The race is o'er the battles won,
And glory crown "myself and son;"
What though a Daniel should defy,
It was only that to do and die.

A caustic pen we will not wield,
To show the giant on the field;
Nor at his speeches make a pun
While honor stamps "myself and son."

Philip may groan and Daniel may swear
The deepest shade of dark despair;
But then in winning comes the fun,
That to-day was given to "me and son."

Henceforth no Lowe-ing or Gadd-ing about,
Or gazing on Fields recently turned out,
But up to the Temple of fame may you
come, [and my son."
That you may commingle with "myself

Trust not to beds of Downe-y ease,
Or Steele your hearts to grievance, please,
But excelsior let your motto run,
For that was the way with "myself and

DOCTOR PIERCE'S ALT. EXT. OR Golden Medical Discovery

CURES DISEASES OF THE THROAT, LUNGS, LIVER & BLOOD

In the wonderful medicine to which the afflicted are above directed for relief, the discoverer believes he has combined *in harmony* more of Nature's sovereign curative properties, which God has instilled into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of **Bronchitis, Severe Coughs,** and the early stages of **Consumption,** it has astonished the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and **purifies the blood.** By its great and thorough blood-purifying properties, it cures all **Humors,** from the worst **Scrofula** to a common **Blotch, Pimple,** or **Eruption.** Mercurial disease, Mineral Poisons, and their effects, are eradicated, and vigorous health and a sound constitution established. **Erysipelas, Salt-rheum, Fever Sores, Scaly or Rough Skin,** in short, all the numerous diseases caused by bad blood, are conquered by this powerful, purifying, and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flushes, low spirits, and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from **Torpid Liver,** or **"Biliousness."** In many cases of **"Liver Complaint"** only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy.

SOLD BY DRUGGISTS AT $1 PER BOTTLE.

Prepared by **R. V. PIERCE, M. D.,** Sole Proprietor, at the WORLD'S DISPENSARY Buffalo, N. Y.

This Cut Illustrates the Manner of Using DR. PIERCE'S Fountain Nasal Injector, OR DOUCHE.

This instrument is especially designed for the perfect application of

DR. SAGE'S CATARRH REMEDY.

It is the only form of instrument yet invented with which fluid medicine can be carried *high up* and *perfectly applied* to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. The want of success in treating Catarrh heretofore has arisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Douche. Its use is pleasant and so simple that a child can understand it. **Full and explicit directions** accompany each instrument. When used with this instrument, Dr. Sages' Catarrh Remedy cures recent attacks of **"Cold in the Head"** by a few applications.

CATARRH

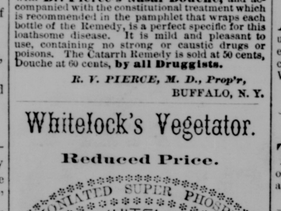

SYMPTOMS—Frequent headache, discharge falling into throat, sometimes profuse, watery, thick mucus, purulent, offensive, etc. In others, a dryness, dry, watery, weak, or inflamed eyes, stopping up, or obstruction, of nasal passages, ringing in ears, deafness, hawking and coughing to clear throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, etc. Only a few of these symptoms are likely to be present in any case at one time.

Dr. Sage's Catarrh Remedy, when used with **Dr. Pierce's Nasal Douche,** and accompanied with the constitutional treatment which is recommended in the pamphlet that wraps each bottle of the Remedy, is a perfect specific for this loathsome disease. It is mild and pleasant to use, containing no strong or caustic drugs or poisons. The Catarrh Remedy is sold at 50 cents, Douche at 60 cents, **by all Druggists.**
