American Union

Thursday Morning December 6 1877.

THE Orphans' Court of Caroline county will meet on Tuesday, 11th of December.

The Editor's Hash.

—Hog killing is now the order of the day.

—New corn is selling in this market at 50 cents per busbel.

—A Dorchester county ex-Sheriff has been admitted to the bar.

—Pork is selling in New York and Philadelphia at 6¼ cents per pound.

—Both Houses of Congress met in regular session at Washington on Monday last.

—We have had very good winter weather for several days past but it is more mild now.

—Joseph Conden, near Perryville, Cecil county, has a horse 42 years old, and he is still quite active.

—The Winter term of the public schools for Caroline county will commence on the first day of January next.

—Capt. Emery Landon, of Fairmount, Somerset county, has grown potatoes this season which weighed eight pounds.

—Jas. E. M'Daniel, Wm. M. Holliday and Henry P. Hopkins, have been appointed school commissioners for Talbot county.

—The Dorchester county grand jury recently found twenty-one bills against various parties for violating the local option law.

—The eldest daughter of Wm. Watson, of Worcester county, full grown, fell head foremost into a well last week and was drowned.

—Mr. M. W. Bailey sold in Quantico, Somerset county, last week twelve goslins weighing 204 pounds, or 17 pounds each on an average.

—Last week, at New Castle, Delaware held her autumnal flaggellation of criminals. About 150 persons witnessed the barbaric proceedings.

—Twelve years ago there were 40 public schools in Dorchester county, with less than 2,000 pupils. Now there are 110 schools with over 5,000 pupils.

—A few scattering snow flakes were to be seen floating in the atmosphere on Sunday last amid the bright rays of sunshine—the first of the season.

—If you have a friend with a cough or cold, tell him to try Dr. Bull's Cough Syrup. He will thank you for your advice. The price is only 25 cents.

—In a single day last week, over 1500 partridges, as many ducks, geese and rabbits combined, passed over the Delaware railroad in transit for the city markets.

—When the St. Michael's *Comet* speaks of a "lawyer editor," it had better draw the phrase very mildly, if it does not desire to libel the legal profession.

—Lewis W. Swift was indicted and tried before Talbot county Court last week for violating the local option law. He was declared guilty and fined $50 and costs.

—Talbot county grand jury adjourned last week after a thorough investigation into the Fitzjarrell murder case, there being no evidence to fasten conviction on any one.

—The attention of our County Commissioners is called to the condition of Denton Bridge. It needs repairs, and is said by those who ought to know, that it is in an unsafe condition.

—Several independent free gospel societies are now organized in different parts of this peninsula, and the question is mooted of making Rev. Geo. R. Kramer a Bishop or Presiding Elder.

—Edmund U. Loomis, Cadet Engineer, lost with the ill-fated Huron, last week was a native of Carlisle, Pa., and a brother-in-law of Mr. Sewell T. Milbourne, attorney-at-law, at Cambridge.

—Suffering will exhibit its presence by the cries of the baby, and should be removed by the prompt use of that highly recommended remedy—Dr. Bull's Baby Syrup. It is free from Morphia. Price 25 cents.

—The Friends composing the Camden quarterly held a meeting at Culbreth's Hall, Dover, on Thanksgiving night, and another at the Methodist church Friday night. Both meetings were well attended by the people of the town.

—We are under renewed obligations to Hon. D. M. Henry, member of Congress for this district, for public documents.—Mr. H. is the first member of Congress for many years past to grant us such favors, hence we appreciate them.

—The Judges of the Circuit Court last week appointed Mr. Henry Willson to the vacancy in the School Board in this county caused by the resignation of Mr. Wm. S. Ridgely, who has for several years past, filled the position very acceptably to those most interested in our public schools.

—A religious revival, under the pastorate of Rev. Mr. Brindle of the M. E. Church, has been in progress at Bridgetown in this county for the past three weeks. Some twenty-five or thirty persons have professed a change of heart and the meeting still progresses in interest.

—A man named Dill and his wife left Cambridge last week rather hurriedly.—They had been selling whiskey in violation of the local option law, and the officers in Dorchester, for once in their lives attempted to execute the law, but the parties were too fast for them, gave leg bail.

—Rev. J. Emery Mobray, a native of this county, and a son of Mr. H. Mobray, of Federalsburg, delivered a thanksgiving sermon at the Union M. E. Church at Wilmington on Thanksgiving day, which was an able effort and strikes boldly at the great national sins of the present age.—Mr. Mobray is one of the rising men of the Wilmington Conference, and though a young man, will make his mark in years.

—The following estimates are submitted from the bureau of engineers, and included in the estimates for the next fiscal year for Maryland rivers and harbors; Baltimore, harbor, $185,000; Elk river, $25,000; Chester river at Kent Island narrows, $3,000; Wicomico river, $7,500.

—To those engaged in sedentary pursuits: You are aware of course that activity is promotive of functional effort, particularly of the stomach and bowels; inactivity induces Dyspepsia and all of its wretched consequences. In the absence of plenty of exercise we can cheerfully recommend that invaluable tonic and alterative, Keller's Vegetable Life Drops, the best remedy known for Dyspepsia and those diseases incident to a sedentary course of life.

—Thanksgiving was observed in this place in a sort of free-and-easy style—every one doing as they pleased. Some of our business places were closed a part of the day. Some with dog and gun went into the country looking for game; a few went to church, while the colored people to the number of two or three hundred had a beef roast and oyster feast at the upper end of town and enjoyed themselves to their heart's delight. The day was cool and unpleasant; during the morning a light rain and a cool north-west wind prevailed.

—Burglars made a visit to this place on Thursday night last. They entered the Post Office in this place by boring a hole in one of the pannels of the back door, large enough to pass the hand through, and reaching inside removed the bolt.—Having secured an entrance, they bored around the lock of the desk, rifled it of its contents, and also entered a money drawer by the same means, took what money it contained, and then took their departure, leaving the brace and bit they had used in in effecting the robbery. Mr. Stevens loss in money is between $30 and $40.

—Mrs. M. S. Norris, at Easton, has just received a large supply of ladies' furs.—Her lady customers can now be suited in any style and quality, and having purchased them at a bargain they are offered at extremely low prices. If the ladies' of Caroline and adjoining counties contemplate purchasing a set of furs for the winter, we would advise them to call and examine her large and exceedingly beautiful stock. Her prices are very low. She has also largely replenished her stock of millinery and notions, and they are being offered at much lower prices than ever.

—We have received a very neatly printed copy of the third revised edition of Onderdonk's History of Maryland, from the publishing house of Murphy & Co., Baltimore, Md. This edition, like former ones, is intended for the use of schools, and embraces a clear and concise narrative of events from the beginning of the proprietary government to the present time. The objections to former editions, relative to the late civil war have been re-written and those objections removed. It can now be adopted by the School Boards throughout the State as a standard text book and will meet the wants of all. We can cheerfully recommend it to public favor.

A Talbot County Man Drowned.

On Saturday night last Mr. James T. Slaughter, of Talbot county, was drowned in the Basin at Baltimore by accidentally walking overboard at the wharf, while attempting to board the steamer Georgiana. Every effort was made to rescue him, but he sank and was seen no more alive.—About a half hour afterward the body was recovered, which was taken charge of by his friends on the steamer, and brought to his residence in Talbot county. He was about fifty years old and leaves a wife and family.

Hard and Fast on the Shore.

The steamer Raleigh, Captain C. C. Wheeler, running between Hillsborough, touching at the various wharves on Choptank river,) to Baltimore, went ashore on Jamaica Shoals, in the Choptank, on the 25th of last month, during the storm and high tides, and was still hard and fast last week, although the steamer Highland Light and the Georgiana have made several attempts to haul her into deep water.—Tugs have been sent to her assistance, but they have been unable to move her, and it is now thought that the only way to lift her and float her from her position will be by floats. At low water the steamer's bow is almost out of water.

A New Article.

Mitchell's Vegetable American Soap, is said by those who have tried it, to be a valuable article. We have now on hand a lot of this soap, manufactured by Dr. Mitchell himself, and those wishing to try it can procure a small lot by applying at this office. Receipts for making this soap can be obtained at this office for only $2, and if it does not prove satisfactory the money will be refunded. This soap does not cost one cent per pound, and is said to excel any soap made for washing purposes, does not require any washing machine, wash board, and but very little rubbing to get the clothes clean, and there is nothing in it that will eat the clothes. There is nothing better for scrubbing tins and scouring floors. Every family should have a receipt. See advertisement in another column.

For the Union.

Mr. Editor.—There is an important matter that I think the next Grand Jury should not overlook or fail to give a thorough investigation. But a short time prior to the last election a barrel of whiskey was purchased by some one and sent to a colored man's house in the 5th district, and on election day distributed in several of the districts, and freely dealt out to those fond of the vile stuff, and many were made beastly drunk from its effects. This was a plain and positive violation of law. This matter ought to be investigated, and if proper efforts are put forth, the parties may be brought deposited, should be summoned before the Grand Jury, and all the facts elicited.—There are others who know something of this violation of law, and they too, should be made to add their testimony. I have thought that by thus calling public attention to the matter this case would receive prompt attention. MORALITY

"German Syrup."

No other medicine in the world was ever given such a test of its curative qualities as BOSCHEE'S GERMAN SYRUP. In three years two million four hundred thousand small bottles of this medicine was distributed *free of charge* by Druggists in this country to those afflicted with Consumption, Asthma, Croup, severe Coughs, Pneumonia and other diseases of the throat and lungs, giving the American people undeniable proof that GERMAN SYRUP will cure them. The result has been that Druggists in every town and village in the United States are recommending it to their customers. Go to your Druggist, Dr. Fisher, Chas. Stevens, Denton, Md., and J. H. Douglass, Preston, Md., and ask what they know about it. Sample bottles 10 cts. Regular size 75 cts. Three doses will relieve any case.

Astonishing Success.

It is the duty of every person who has used BOSCHEE'S GERMAN SYRUP to let its wonderful qualities be known to their friends in curing Consumption, severe Cough's, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 40,000 dozen bottles were sold last year, and no one case where it failed was reported.—Such a medicine as the German Syrup cannot be too widely known. Ask your Druggist about it. Sample Bottles to try at 10 cts. Regular size 75 cts. For sale by Dr. Fisher and Chas. Stevens, Denton, Md., and J. H. Douglass, Preston, Md.

KELLER'S VEGETABLE LIFE "DROPS"

In the introduction of Keller's Vegetable Life Drops, a new departure has been instituted. Instead of appealing to the credulity and desperation of the sick, the judgment of all is addressed in "A Brief Manual of Purgative and Depurative Medicine,"—(to be had of druggists *free of charge*, and given with every bottle of the Drops.)—written for those who, having a perception of their diseases, can intelligently apply the principles therein contained, with the assurance of relief and cure of

Diseases of the Blood

LIVER AND STOMACH;—

INDIGESTION,

Dyspepsia, Constipation, &c.

Keller's Vegetable Life Drops by their peculiar alterative and purgative influence, act especially upon the BLOOD, purifying it, and removing such diseases as

Liver Complaint, Biliousness, Ulcers, Rheumatism, Pimples, Skin Diseases, Blotches, Neuralgia, Boils, Eruptions, Headache, Nervousness, Jaundice, Fever & Ague, Colds, Loss of Appetite,

and KINDRED DISEASES, resulting from impoverished or vitiated BLOOD.

DYSPEPSIA.

The possession of pure blood depends upon good digestion; for where derangement of the digestive function exists disease inevitably results, and Dyspepsia, with all of its terrors and tortures, becomes established.

Keller's Vegetable Life Drops are a specific for DYSPEPSIA, or INDIGESTION, FLATULENCY, HEARTBURN CRAMPS, NAUSEA and VOMITING, Pains in the Head, Side and Back, Palpitation of the Heart, Hypochondria, and all that class of diseases arising from Indigestion.

LIVER COMPLAINT.

When from any of the numerous inciting causes the Liver begins to act abnormally, the bile remains in the system, vitiating and perverting every vital process, and causing Boils, Carbuncles, Blotches, Pimples, Coughs, Bronchitis, Asthma, Consumption, Dysentery, Kidney and Bladder diseases, and many other disorders, all originating directly or indirectly from the Liver. Keller's Vegetable Life Drops induce the healthy action of the Liver by providing for the removal of the biliary constituents by the Bowels, Kidneys and Skin.

CONSTIPATION.

The suppression and retention of the contents of the alimentary canal produce Foul Breath, Indigestion, Dyspepsia, Piles, Chronic Headache, Skin affections, and very many other diseases referable to the insidious influence of Constipation. Keller's Vegetable Life Drops promptly cure this disease, and all the bad effects attending upon or resulting from it.

Keller's Vegetable Life Drops

are the safest remedy for those peculiar diseases arising from the structural differences between the sexes, and known as Female Complaints.

The use of Keller's Vegetable Life Drops has been thus only partially indicated; their range of application is very great, and their work is always more than satisfactory. Their remarkable efficacy, as already shown, is particularly exhibited in diseases of Blood, Liver, Stomach and Bowels.

Keller's Vegetable Life Drops are recommended as being the best and cheapest FAMILY MEDICINE ever offered, and are sold by druggists and dealers at 50 cents a bottle, or five bottles for $2.
