Wonderful Curative Effects. Vinegar Bitters are not a vile Fancy Drink, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers." "Restorers, &c., | LOUR by the pound or bbl. that lead the tippier on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimminuts. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair. They are a Gentle Purgative as well nan Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and of all the Visceral Organs. FOR FEMALE COMPLAINTS, whether in young or old, married or single. at the dawn of womanhood or at the turn of life, these Tonic Bit-

ters have no equal. For Inflammaiory and Chronic Rhenmatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Disenses are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs, DYSPEPSIA OR INDIGESTION, Headache, Pain of the Shoulde s, Coughs, Tight-ness of the Commentations of the Stomach, B. sharacteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature, and a collection of pictures, the rarest speci-mens of artistic skill, in black and white. Although each succeeeding number affords a frest pleasure to

its friends, the real value and beauty of THE AL-DINE will be most appreciated after it has been pared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of the volume just completed cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost.

The labor of getting THE ALDINE ready on the integral of the content of press is so great that reprinting is out of the question. With the exception of a small number specially reserved for binding, the edition of 1871, is already exhausted, and it is now a scarce as well as valuable book.

NEW FEATURES FOR 1872. ART DEPARTMENT.

The enthusiastic support so readily accorded to their enterprise, wherever it has been introduced, has convinced the publishers of THE ALDINE of lustrated publications. That so many weakly wicked sheets exist and thrive is not evidence that there is no market for anything better—indeed the success of THE ALDINE from the start is direct proof of taste of the country. As a guarantee of the excel-lence of this department, the publishers would beg to announce during the coming year, specimens from the following eminent American artists: W. T. Richards, Granville Perkins, James Smiley. Wm. Hart, F. O. C. Darley, R. E. Piguet, Wm. Bread, Victor Nehlig, These pictures are being reproduced without regard to expense, by the very best engravers in the country, and will hear the severest critical com-

parison with the best foreign work, it being the determination of the publishers that THE ALDINE Chili Fever, Remittent Fever, Dumb shall be a successful vindication of American taste Ague, Periodical or Bilious Fever, &c., in competition with any existing publication in the LITERARY DEPARTMENT.
