"Restorers, '&c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System. carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair. They are a Gentle Purgative us well as a Tonic, possessing, also, the peculiar merit

of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and of all the Visceral Organs. FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no cqual. For Inflammatory and Chronic Rhen-

matism and Gout, Dyspepsia or Indigestion, Bilions, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitlated Blood, which is generally produced by derangement of the Digestive Organs. DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilions Attacks. Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms are the off-

springs of Dyspepsia. They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system. FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of what-

ever name or nature, are literally dug up and car-ried out of the system in a short time by the use of these Bitters. One bottle in such cases will con-vince the most incredulous of their curative effect. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins: cleanse it when it is foul, and your feelings will tell you when. FIFTH YEAR.

THE ALDINE:

An Illustrated Monthly Journal claimed to be the handsomest Paper in the World. "Give my love to the artist workmen of THE AL-DINE who are striving to make their profession worthy of admiration for beauty, as it has always been for usefulness."-Henry Wara Beecher.

THE ALDINE, while issued with all the regu larity, has none of the temporary or timely intere t characteristic of ordinary periodicals. It is an el gant miscellany of pure, light, and graceful litera. ture, and a collection of pictures, the rarest speci-mens of artistic skill, in black and white. Although pared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and un-approached—absolutely without competition in price or character. The possessor of the volume just completed cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost. The labor of getting THE ALDINE ready on the

The enthusiastic support so readily accorded to their enterprise, wherever it has been introduced, public would recognize and heartily support any sincere effort to elevate the tone and standard of illustrated publications. That so many weakly wicked sheets exist and thrive is not evidence that there is no market for anything better-indeed the success of THE ALDINE from the start is direct proof of the contrary. With a population so vast, and of such taste of the country. As a guarantee of the excel-lence of this department, the publishers would beg to announce during the coming year, specimens from the following eminent American artists: W. T. Where so much attention is paid to illustration and get up of the work, too much dependence on appearance may very naturally be feared. To anticipate such misgivings, it is only necessary to state, that, the editorial management of THE ALDINE has been intrusted to M t. RICHARD HENRY STOD-DARD, who has received assurances of assistance from a host of the most popular writers and poets
