Yellows. In fact, culture without manure is worth much more than manure without culture. When both can be discreetly applied it is advisable, but when a choice must be made, I shall always choose culture. - N. Y. Observer.

----Depth of Covering Seed.

As a general rule, the smaller the seed the lighter should be the covering. We are very ant to cover too deeply. Nature here is safe to follow. She covers lightly. The seed falls from the ripened stalk upon the surface of the ground, to be covered only with leaves, or to be into the soil by the rains .anips, squashes and lima
