WHAT IS SAID OF BUTTER .- When a wholesale dealer is questioned as to the proportion of really fine butter he receives in his consignments, he replies five per cent. A larger HAND proportion than this comes to market as grease. The grocer will tell you that of all your stock good butter is the most difficult to procure, HAND and costs him more time and trouble to select. We know there is no good reason why this should be so. Here and there scattered widely apart throughout the country we know farmers who make excellent butter, which would be classed first quality in the market and next door to those neighbors who make trash RAND unfit for food. On the counters of country stores may any day be seen rolls of butter most widely different DON'T FAIL TO TRY THESE GOODS in color, flavor and texture. Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; Ann, Crisfield; also for Berlin and other stations on out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A.
