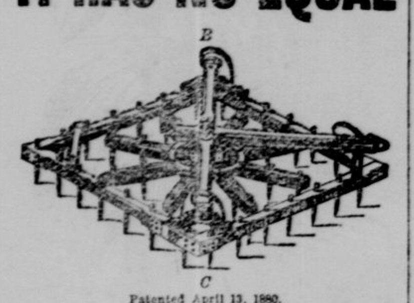
THE PENN
HARROW

BEST IN THE WORLD

IT HAS NO EQUAL



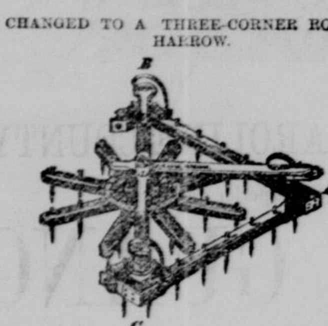
Patented April 13, 1880.

The above cut represents the Penn Harrow complete, with all its combinations of **Five Harrows and a sled for each Harrow;** and each succeeding change is made from this Harrow without the least additional expense. By hooking the team to either point, B or C, the center revolves and gives the ground Two Strokes and Two Crossings in passing over it once, making it **the most effective pulverizer in the market.**

THIS HARROW HAS ONLY TO BE USED TO BE APPRECIATED.

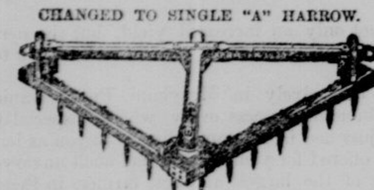
See it before purchasing and you will buy no other.

The Penn Harrow
CHANGED TO A THREE-CORNER ROTARY HARROW.



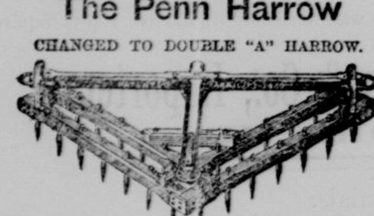
Indispensable for Orchards, as the revolving wheel harrows right up to and all around the trees without barking them.

The Penn Harrow
CHANGED TO SINGLE "A" HARROW.



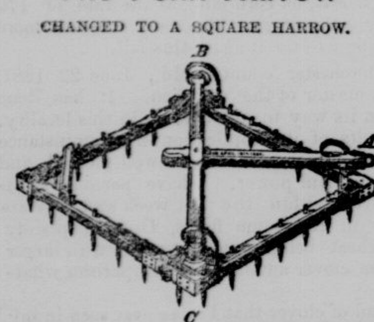
By removing the wing and wheel from the original you have a complete one-horse "A" Harrow.

The Penn Harrow
CHANGED TO DOUBLE "A" HARROW.



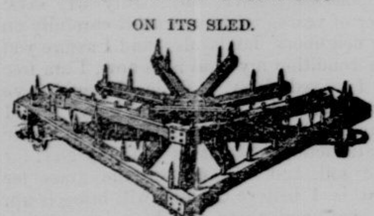
Remove the wheel from the original, reverse the wing, and it makes the most complete Double "A" Harrow in the market.

The Penn Harrow
CHANGED TO A SQUARE HARROW.



By removing the wheel from the original you have a Harrow with three points to hook to. By hooking to B or C you can harrow in a furrow, and harrow the bottom and both sides, or over a ridge and harrow the top and both sides, or you can lift either point and have three points on the ground—**something that cannot be done with any other Harrow.**

The Penn Harrow
ON ITS SLED.



It has always been a great inconvenience to get the Harrow to and from the field. The Penn Harrow obviates this, as no matter which Harrow you wish to use in the combination, **it has its own sled to haul it on.**

The Penn Harrow

is made of the best white oak, with steel teeth, well painted, in every way first-class. Formerly a harrow was the most unhandy implement on the farm; with our improvement it is the most convenient, will do double the work of any other harrow and save the farmer half his labor, and is warranted to do all we represent or money refunded. ORDER AT ONCE AND BE CONVINCED.

Price of the light draft Combination Penn Harrow, $30. Send for a Catalogue and see what farmers say.

AGENTS WANTED IN EVERY COUNTY.

PENN HARROW MANUFACTURING CO.
CAMDEN, N. J.

ROLAND
CHILLED PLOWS.

Every farmer in Maryland should use the **"Roland."** The Mouldboard is harder than steel. They will do more work than any other Plow with the same amount of draft. They run level and easy to the plowman. They will scour in any soil. Having the reversible slip point, sloping landside and chilled shares, they cost less for repairs than any other plow in the market. Made in Baltimore, the repairs can always be obtained without delay. The workmanship, material and finish is of the best. There are fourteen sizes and kinds, and they are suited to all kinds of soil. Send for descriptive circular.

CHAMPION
GRAIN DRILL.

This Drill has force feed distributors for both wheat and grass seed, and has the only fertilizer distributor that will not clog, and will evenly distribute wet and sticky phosphate. It will sow grain, grass seed and fertilizer more satisfactorily than any other drill in America. It is the simplest and strongest drill made. It is more easily managed and less liable to get out of order than any drill in the market. As it is the leading drill in this market, and several thousands have been sold during the past few years, a large stock of repairs is always on hand. Send for circular.

BRITISH MIXTURE.

The popularity of this celebrated fertilizer is not due alone to the price, but to the fact that its effects are uniformly good, and that it has been found the equal of the highest priced and best phosphates in the market. It gives more value for each dollar paid than any other fertilizer in the land. Send for circular and price list.

at our selected stock of ladies' shoes. Best ever offered to the trade. We have the sole control in this town of the handsomest Slippers that can be found, which will meet the demands of those desiring the most fashionable. They were made to our order on the most fashionable style lasts and every pair is put up separately in handsome boxes. These shoes we recommend to equal any shop made shoe in quality and fit, and will sell them at $3.25. Have a very heavy stock of other shoes, the prices of which we have not space to mention; but it will pay any lady in this county to call and examine our stock and buy a pair.

We also call the attention of our male customers to our full and handsome stock of men's shoes which were also made to order, and are equal to any we heretofore sold at $4.00, and we sell them at $3. Plow Shoes cheaper than ever before with a guarantee. These shoes are ahead of anything we have found in the market. It affords us pleasure to show our goods, and we are certain we have bargains to offer.

VOICE BUILDING BY MAIL!

VOCAL DEFECTS successfully treated, impediments of speech removed and the voice intelligently and successfully cultivated through lessons my mail. Incredible results both in singing and speaking. Compass of voice extended several notes. Volume more than double. Quality of voice made absolutely pure and resonant throughout the entire compass. For Singers the dvantages are almost beyond numbering. Public Speakers, Readers and Actors gain from their increased compass such richly modulated inflections, and from their enlarged volume of tone such striking contrasts of power, that the grand faults of monotony and mannerism give place to a varied and effective delivery. To Teachers of the Voice, whether for singing or elocution, these lessons afford a thoroughly digested plan for assailing all radical faults of throat or respiration, besides giving definitely the fundamental principles upon which artistic vocal effort must be based. Circulars of full particulars free. Samples lessons one dollar. R. ELLIOTT CLARKE, Voice Specialist, july29 4w1514 Chestnut St., Philadelphia, Pa

Invitation.

Strangers are invited to visit our store, when in Philadelphia, to leave packages there, and to make a convenience of it generally. It is a handy place, right by the new City Hall, at the very center of the city. It answers our purpose to welcome you, and to provide for such of your wants as we can.

The store is about twice as large as it was two or three years ago; made so by digging under ground and building overhead, and by extension on Chestnut street. Parts of the store are about as comfortable as any place can be; and one of the most comfortable parts is now being got ready for the rest and refreshment of strangers.

One of the pleasant things about the store always has been the fact that you can walk all over it, either alone or with a guide, without ever being asked to buy a thing. We know very well that most of you come to us for a good share of your supplies; why should we spoil your visit by intruding goods upon your attention, when you come to see the place?

But perhaps you are not coming to Philadelphia just now. Very well; take a cooler time. It's cool enough in the store, when you get here. You can write for any goods that you may happen to want; and get them, probably, just as well as if you were on the spot. Any how, you know, you can return whatever you get that you don't like.

We sell more sorts of things than we can put into an advertisement. So, whatever you want, suppose you drop us a line. We'll help you if we can.

JOHN WANAMAKER.
