John Wanamaker's Store, Philadelphia.

These are the First Days of the

Fall Business,

already the hum of activity begins. We launch the busy season with

Some Special Things

that prove to be strangely low. A few of these have been in store some days, but, to give everybody a fair chance, we held the announcements until the return of people from their holidays.

A good lot of first-rate Jerseys at $2.25. These are all black. The colors are $2.50.

A Black Dress Silk at 75 cents, that until recently was always $1.00.

A fine Black Rhadama, 22 inches wide, at $1.50.

Half-wool Black Dress Goods at 12½ cents, which is just half-price.

All-wool stylish Plaid Suiting, 42 inches, at 50 cents. We sold the same at $1.00.

Another in stripes at 65 cents. Not dear at $1.00.

A quality of Lupin's Cashmere for 50 cents (all wool). The new tariff will prevent this quality from ever again selling at this price.

A Black Albatross at 25 cents, exactly half-price.

A fine Black Camel's Hair, 46 inches wide, at 60 cents.

A good 36-inch all-wool Cashmere at 40 cents.

An excellent Black Cashmere, all-wool, a yard wide, at 45c.

A very few much admired Embroidered Robes at one-third off of usual price.

A Bleached Muslin, full yard wide, for 10c. The best we ever had at that price.

The best Twilled, All-Wool Red Flannel we ever sold for 25c.

The best Canton Flannel for 12½c. We never could get so good a quality at the price before.

An extraordinary lot of Towels at 25c.

Eight lots of Ladies' and Children's Hose that are on our counters at 25 per cent. under prices.

These lots of Shoes that are amazingly desirable for the prices:

250 pairs Women's Straight Goat Button, $4.35.

172 pairs Women's Straight Goat Button, $3.25.

245 pairs Women's Curacoa Kid Button, $4.25.

186 pairs Women's French Kid Button, $5.00.

152 pairs Women's Kid Slippers, $1.25.

112 pairs Women's Kid Ties, $2.00.

110 pairs Women's French Kid Oxford Ties, $3.25.

141 pairs Women's Front Lace Walking Boots, $3.25.

131 pairs Women's Front Lace Walking Boots, $4.50.

150 pairs Women's French Kid Button Boots, $5.25.

China and Glassware we hardly dare to risk saying anything about, as the lots announced are nearly always sold out in a few hours of the day they are presented. Watch the city daily papers for the announcements, and if these lots are sold when you come do not be disappointed, as we have new lots in every day or two.

In Furniture. Young couples should see

The new Ash Suite of Bed Room Furniture for $25.
The same goods in Cherry for $28.

Our Works at present turn us out only four suites per day of these goods, so that first come, first served. Nothing like this has ever been done in Philadelphia before.

A fine frame Body Brussels Carpet at $1.25 that we are willing to endorse as a good thing.

We are not permitted to give the makers' names. The goods are new this season, and fifty patterns at least to choose from.

The First Fall Offering of Ladies' Robes are all-wool, of ample material, in nine varieties, dark, rich hues, and the new patterns are on the palm-leaf order. The effect is much the same, if not a full equivalent, as though an expensive Cashmere Shawl were dissected and made into a robe, as is often done. The expense being infinitely less -----$25.

Also a few Wrapper Patterns, Persian, and with a decided Oriental effect. The olive, old gold and rich, dark hues are subdued in a broad border of consistant but curious formation, 10 to 11 yards each. $2.00

There are other lots equally interesting, and new things daily arriving.

Samples of Dress Goods sent by mail; a "Postal" will receive immediate attention.

We Desire to Call the Thoughtful Attention of Farmers

TO THE SUPERIOR MERITS OF

ORCHILLA GUANO

AS A FERTILIZER FOR

WHEAT AND GRASS.

The advantages resulting from its use are not only an increased yield, but the permanent improvement of the soil from the abundant growth of grass which is sure to follow.

"ORCHILLA" is no new thing. For eighteen years it has been undergoing trial,—and well has it stood the test. At first, its progress to favour was naturally slow; but merit will, sooner or later, have its reward, and now its sales every year are largely increased over those of the preceding year, and the friends of its early days are its best friends now.

It has been used extensively in Maryland, Pennsylvania and Virginia, and from its abundant success everywhere, we are justified in recommending it to you as being well adapted to your soils. No fertilizer for your use has had such unvarying success and continued popularity. Some of the largest and best farmers in these three States use it almost exclusively

☞**It is Successful,** because it is Nature's own provision for her exhausted fields.

It is Low Priced, because we have none of the expense of manufacturers, and, without regard to its high commercial value, we base its price solely upon its actual cost to import.

We refer you below to some of the farmers who have used it, and ask you to enquire of them as to its merits.

WOOLDRIDGE, TRAVERS & CO., Importers,
64 BUCHANAN'S WHARF, Baltimore.

JESSE HUFFINGTON, Allen P. O., Wicomico Co., Md., says: "I have been using Orchilla Guano for a number of years. I have tried it carefully on my own land, and have seen its results on my neighbors' lands also, and I assure you I cannot say enough in its praise. From the condition my land is now, I am free to say that I consider, if I had given away the first crop I raised from Orchilla, I would have been well repaid by the improvement to my land, and the crops I get now. If I could get any fertilizer in the market at the same price as Orchilla I would far rather take Orchilla, because I have proved to my satisfaction that it is not only good for one crop, but it is a permanent improver of the soil, and will insure fine grass for years to come. I don't care how poor the land is, I believe Orchilla will bring it up. There will be twice as much sold in this neighborhood this fall as was last."

WM. C. SATTERFIELD, Greensboro', Caroline Co., Md., August 1, 1882, says: "I have been using Orchilla Guano for fifteen years largely. I have frequently tried other fertilizers, but fell back on Orchilla. I believe it a *good, permanent improver of poor lands.*"

JOHN PRICE, Cordova, Talbot Co., Md., writes, June 18, 1883: "After several years' trial of Orchilla Guano, I like it so well that *I do not want anything better.*"

GEO. C. GRAHAM, Trappe, Talbot Co., Md., writes, June 20, 1883: "I gave Orchilla Guano trial last fall by the side of two other brands of high-grade standard fertilizer, and I am best *pleased with the Orchilla.*"

H. H. PRICE, Longwood, Talbot Co., Md., writes, June 21, 1883: "I have used Orchilla Guano for several years, and have tested it by the side of high-priced fertilizers, and I *decidedly give the preference to* Orchilla."

W. SPRY SHERMAN, Vienna, Dorchester Co., Md. writes, July 16, 1883: "Most of the best farmers and heaviest wheat growers of this district—such gentlemen as JAMES MITCHELL REID, ALFRED H. MERRICK, WM. H. TURPIN and others, have used Orchilla Guano for years, *and still use it almost exclusively.* In fact, some of our large wheat growers, who for years declined to use it, are now using it *exclusively* for wheat and corn, and say that it is the BEST fertilizer in the market for clover and grass. The sales this year will be much larger than ever before."

THOMAS H. TRAVERS, Taylor's Island, Dorchester Co., Md., writes, June 11, 1883: "I used on my wheat last fall 2½ tons of Orchilla Guano, at the rate of 250 pounds to the acre. It covered over one of my fields, and a part only of the other. My regret now is that I did not buy enough to complete my seeding entire, as it would have paid me 100 per cent. on its cost. I am positively certain that I have *more than double* the quantity of wheat on the fertilized ground that there is on the unfertilized; some of my neighbors say there is three times as much. The young clover from the Orchilla is all that the most exacting farmer could desire. This is the second year I have used Orchilla, and it has given me the same gratifying result each year, growing me more wheat and clover than any other fertilizer I have ever used—Peruvian Guano not excepted. I do not hesitate to say that I believe it is unsurpassed as a grain and grass producer. I shall continue to use it as long as I conduct a farm—if it can be had, believing that with it, and the use of clover seed alone, the highest state of fertility may be reached."

ROBINSON BARNES, Taylor's Island, Dorchester Co., Md., writes, June 25, 1883: "I purchased a ton of Orchilla Guano last fall, which I applied to my wheat at the rate of 150 pounds to the acre. It has given me great satisfaction. It has produced *more than three times as much wheat* as where no fertilizer was put in the same field. The grain is fine and plump, and the heads are the largest I have ever grown. This is my first use of Orchilla, and I want no better manure. I will use it this fall in increased quantity."

JESSE W. DOWNS, Dayton, Howard Co., Md., writes, June 16, 1883: "I have used Orchilla Guano for the past four seasons on wheat, rye, corn and potatoes, and find it equal to any high-priced fertilizer that I have used in the past ten years. On good land it makes fine crops at once, and on thin land, I have watched its action carefully, and can say with truthfulness that it is a sure and permanent improver of the soil. It certainly makes 'poor lands rich.' I am only sorry I did not get hold of it long ago. All who have used it in this neighborhood speak well of it and will use it again this fall."
