NTING,
Y DESCRIPTION,
AT THIS OFFICE ON REASONA-
BLE TERMS

Easton Gazette.

EASTON, MD.

SATURDAY EVENING, NOV. 4.

Mr. *Bennett Tomlinson*, of this county, raised on a lot of eleven acres, the present year, 126 barrels of corn wanting one tenth; of this quantity there were 120 bbls. of what is called long corn—the ground was prepared and planted about the tenth of April, three feet apart each way and two stalks left to a hill.

We are gratified to learn from the Annapolis Republican, "that through the indefatigable exertions of the present executive of the state, vouchers and proofs have been obtained in support of the claims against the United States, for expenditures for amunition, transportation, &c. during the late war, and which have recently been allowed by the auditor, Mr. Hagner, amounting, with the interest accruing thereon, to nearly fifteen thousand dollars. This is the more agreeable, as it had become a prevailing idea, that the utmost farthing had already been obtained from those claims that it would be in the power of the state to obtain. To the perseverance and personal attention of Governor KENT on this interesting subject, much credit is due for retrieving the sum we have mentioned, and hopes are entertained that by continued exertions, other parts of the claim will be substantiated and recovered."

ACCIDENT.

On Thursday last, Mr. HENRY WRIGHT was leading his horse over a rough piece of ground at the Chesapeake and Delaware Canal, he fell and the horse trod upon his breast, which caused his death in about half an hour. The deceased was one of the Assistant Engineers on the Canal, and a son of Judge Wright of New York. His remains were interred the next day at St. Georges.—*Del. Watchman.*

A letter from an American gentleman at Paris, received at Boston, states, that the news of the death of Adams and Jefferson, produced much effect among our countrymen in that capital, and the friends of liberty in general. Lafayette, the friend, in youth and in age, of those venerable patriots, shed tears when the news was read to him. In the same letter the writer observes that 'every thing of a political nature, which takes place in our country, is read with avidity, and the state papers and public speeches of our statesmen are sought after with great interest. The speeches of our distinguished fellow citizens, Lloyd and Webster, which they delivered in Congress the last winter, have been translated into French, and published in a neat pamphlet; the public journals and reviews speak of them in terms of unqualified praise.'

Military Establishments of the United States.—It is stated in a note to one of the articles in the last North American Review, that there are now in the United States two national armories and eleven arsenals. Arms and accoutrements are manufactured at the two armories—79,259 of the former having been made in the course of the last three years. There are no public founderies for ordnance, the supply being obtained by contracts from private founderies. The military force of the United States, at this time, is 6000 men. The same article contains an interesting notice of the Military Academy at West Point. It is there stated, that the whole number of Cadets graduated at this Academy, since its first establishment in 1812, up to July, 1825, is 428, of the whole number 261 are now in the army, forming more than half the number of its officers, three are in the civil service, nine have been killed in battle, and 33 have died in service. Forty-five of the whole number have been attached to the corps of engineers, 240 to the Artillery and Ordnance, and 134 to other corps.—The public library at West Point contains about 4000 volumes. *Salem Paper.*

BOSTON, Oct. 26.

Sale of Manufactures.—The principal part of the manufactures exhibited in the Hall over the Boston Market was sold yesterday at auction. The superfine cloths and cassimeres were purchased by the trade and by the merchant tailors. The cloths sold at all prices from $4 50 to 10 37½ the yard. The cassimere brought from $3 to 4 the yard. The bonnets sold at $30, 20, 14 and 10 each; the two latter the premium bonnets at Concord. One pair of blankets brought $12; the carpeting $1 the yard; and some linen sheeting was purchased at sixty cents. The wrought comb sold for $7. We quote these latter prices, rather to gratify the curious than on account of their importance.

PRICES CURRENT.—BALTIMORE, Oct. 30.

FLOUR—Sales of Howard street at $5 50 cash, and the demand fully equal to the supply. The activity in the market for this description is attributed to the necessity which shippers are under for having it for the British West Indies; and the Ports closing first of December renders it necessary to give despatch to vessels bound there. Although it appears to be conceded we are not likely to have an augmented foreign demand, the shortness of our own crops will keep flour up to the present rates. Partial sales of City Mills at $4 87 1-2, but holders are now firm at $5. The inspection for the last week amounts to 3383 whole, 79 half barrels Howard street—9439 whole, 583 half bbls. of City Mills and other flour.

Notice.

I hereby strictly forwarn all persons from hunting with dog or gun, on my Rich Neck Farm, or from hauling the seine on my shores. And I do hereby further forwarn, in the most positive manner, all persons whatever from gunning or shooting at Sedgy Marsh, and the Narrows as I am determined to put a stop to the sport at those places in future. I shall probably be at Rich Neck myself, but seldom this winter, I therefore have given the most positive command to my Overseer, not to suffer, or permit, any persons whatever to gun or shoot any where on the premises—It is therefore hoped all persons will have a due regard for their own feelings, and not trespass, after this notice, as I am determined, to put the law in force against all persons trespassing hereafter.

Easton Academy.

A Vacancy having happened in the chief department of this Seminary by the decease of the principal Teacher, NOTICE is hereby given that application for this station will be received by the Trustees, so that they may be enabled to make the appointment on Saturday the 11th of November next. The applicant must be well qualified to profess and to teach therein the learned Languages, Mathematicks, Geography, the English Grammar, and public speaking; and it is hoped that no gentleman will apply who shall not prove himself by his character for learning, moral conduct, and capacity to teach, perfectly competent to discharge the important Trust to the satisfaction of the Board and of the Parents committing their Sons to his care. A gentleman with a family will be preferred; and convenient apartments in the Academy will be allowed to him and them free from any rent. Compensation for his services will consist of a certain salary of $600 per annum; and of tuition money which may be reasonably averaged at $600 more.

NOTE.—The scholars in the department of the late Mr. Thompson will be received in the department of Mr. White, the assistant teacher, upon very reasonable terms until a successor shall be appointed; and in the Branches he professes they will be instructed in a satisfactory manner.

TO TAVERN KEEPERS.

The subscriber being desirous to devote his attention exclusively to the GROCERY BUSINESS, will rent, for one or more years, his large and extensive Tavern, situate in Chestertown, Md. known by the name of the

Exchange Hotel.

Which is supposed, by good judges, to be the best stand in the town for a public house of entertainment, being within a short distance of the Court House and other public places.

The United States mail stages for Wilmington, Centreville, Easton and Rock Hall, leaving the Exchange three times a week, viz: Tuesday, Thursday and Saturday, and returning, arrive in Chestertown on Monday, Wednesday and Friday, necessarily ensures to the Tavern a number of passengers and travellers. The beds, bedding and bed steads, which are nearly new, and in good condition, together with a variety of other articles essential to tavern keeping on a large scale, will be sold and disposed of at fair prices.

The Subscriber will also dispose of the residue of his term or contract with the General Government for transporting the United States mail from, and to, the above mentioned places, Rock Hall excepted, together with 4 stages or coaches, and from 12 to 14 stage horses, all in good order and running daily. To a good tenant the terms will be moderate and possession given at any time required.

The subscriber deems it unnecessary to give any further description of the property as it is so well known.

Persons disposed to rent will no doubt call, examine, and judge for themselves. The subscriber also takes this opportunity of tendering the public his warmest thanks and gratitude for the very liberal patronage he has received, and hopes that the same generous encouragement will be extended to his successor at the Exchange Hotel.

CHARLES STANLEY.

Chestertown, Oct. 21 3w
