EASTON GAZETTE

EASTON.....MD.

SATURDAY EVENING—JUNE 14, 1828.

A Convention of the friends of the Administration was held in this town on Tuesday last.

The meeting was called to order by Colonel Daniel Martin, and General Dickinson was appointed chairman, and was led to the chair,—Mr. Robert Orrell of Caroline, was unanimously appointed Secretary.

The meeting was addressed by Messrs. R. H. Goldsborough & Theo: R. Loockerman, and upon the proposition of Mr. Goldsborough a Committee of nine consisting of the following gentlemen, viz: R. H. Goldsborough, Daniel Martin, W. Potter, Wm. M. Hardcastle, Spry Denney, Wm. Hughlett, Edw'd. N. Hambleton, John Loockerman & James Chambers was appointed to draft resolutions to be submitted to the Convention, and the meeting adjourned until 3 o'clock to receive the report of the Committee.

3 o'clock P. M.—The meeting met pursuant to adjournment, and R. H. Goldsborough, Esq. from the Committee made the following

REPORT.

This meeting, animated with a strong desire to maintain the tranquility and welfare of our common country—to preserve our Government—to cherish respect for and obedience to the Laws and Constitution—and to give stability to a system of things that will ensure us a mild, wholesome, and judicious administration of our public concerns, as well as a due and necessary conformity to Law and to rule on the part of all those who may be called into the public service either in a civil or in a military capacity, look to the approaching election of Chief Magistrate of this Republic with the most anxious feelings for the general safety and prosperity - And believing, as they most sincerely do, that all in Government that is dear to man is involved in the question now pending, as to the election of John Quincy Adams or Andrew Jackson to be President of these United States, they unhesitatingly recommend the re-election of Mr. Adams as in all possible respects the most fit, the most capable and proper man.

Under the influence of these sentiments they adopt the following resolutions:—

Resolved, That in a Government of the People, it is always right for the people publicly to assemble together to consult and to deliberate upon the measures of Government, the choice of citizens to be placed in responsible public stations, and upon the general interest of the country.

Resolved, That such meetings, conducted with good temper and moderation, are the best means of preserving the sovereign power of the nation in the hands of the people, its legitimate repository, and of guarding against dangers from without and the secret machinations and enterprises of insidious and designing men, on all sides, from within.

Resolved, That public assemblages of the people to direct their own political concerns, are the best means of guarding against secret meetings, where the few, interested for themselves, attempt to dictate to the many.

Resolved, That public Assemblages of the people were the efficient means, under Divine Providence, of our fathers successful resistance to ancient British misrule in our country, and being persevered in, bore up the public sentiment to nerve the national arm to achieve victory and to establish Independence.

Resolved, That in a Government of Laws it is the duty and interest of the people to confide power to those who act well, obeying the instructions of office, the laws of the land, and the constitution of the country—And to withhold confidence and power from those who contemn their legal instructions, who violate the constitution and the existing law—or who, under colour of law, exercise the utmost stretch of power with sanguinary severity, equally regardless of the necessity of the case, the consequent calamities inflicted on our fellow men in the indulgence of ferocious vengeance, or the imputation cast upon the high character of the country for justice, humanity, and moderation.

Acting under these great fundamental and essential principles of representative Democracy, we come to the more immediate object of the times, and further Resolve,

That it is all important speedily to select one of our fellow citizens from this district composed of Caroline county the upper district of Dorchester county and Talbot county, as a Candidate for Elector of President and Vice-President of the United States who is fully competent to the duty, acceptable to the people, and a decided advocate for the re-election of JOHN QUINCY ADAMS.

RESOLVED, That this meeting are willing to adopt whatever course may be most agreeable to their fellow citizens of the district who are friendly to the present Administration, and if no other mode is suggested that is thought more advisable to pursue, the committee recommend that an Electoral Candidate be now nominated to this meeting, & they would respectfully suggest to this meeting that THEODORE R. LOOCKERMAN be submitted to the consideration of our fellow citizens of the District as a fit and proper Candidate as Elector of President and Vice-President of the U. States.

And whereas it is obvious to the understanding of all men, that the election of Delegates to the General Assembly of Maryland, coming on before the Electoral election, is calculated to have a material, if not decisive influence on the electoral election, & that it therefore becomes necessary that the friends of the Administration of the General Government should avail themselves of this and of all other proper aid to give effect to their sentiments and wishes, therefore

RESOLVED, That meetings of our fellow citizens in Caroline county, the upper district of Dorchester county and Talbot, friendly to the re-election of JOHN QUINCY ADAMS be recommended to be held in each of their election districts, at such day as shall seem most convenient in each county for the purpose of electing citizens from each district who shall be empowered to consult together, in behalf of the people they represent, and to select four respectable and competent citizens, decided advocates for the re-election of JOHN QUINCY ADAMS, who shall be requested to give their services to the people as Candidates for the next General Assembly of Maryland.

RESOLVED, That a Committee of correspondence consisting of a member from each election district in Talbot and Caroline counties and three from the upper district of Dorchester be recommended to be appointed for the purpose of communicating upon the subject of the Electoral election, and that such Committees be appointed as early as the citizens of the respective counties may think proper.

Resolved, that it becomes the friends of the Administration to act on this occasion with the most unrelaxing zeal and energy, and in the spirit of patriots to make mutual concessions for the purpose of undivided councils and united exertions.

Upon a proposition to appoint a Committee to consult Mr. LOOCKERMAN on the subject of his being nominated as a Candidate and to request him to serve—Mr. Loockerman came into the Meeting, and in a very handsome address accepted the appointment that had been so honourably conferred upon him.

WASHINGTON, June 7.

Treasurer of the U. States.—Judge SAVAGE, to whom the appointment of Treasurer of the United States was offered, and who it was at first supposed would have accepted it, has since declined it, on the ground that the duties of the office would confine him to Washington more than his health or private affairs would permit. We understand that the vacancy thus occasioned has been filled by the President, by the appointment of Gen. WM. CLARK, late Treasurer of the State of Pennsylvania, whose dismissal from that office, as well as the causes which led to it must be fresh in the recollection of our readers.

The Episcopal Convention of Maryland, met in this city on Wednesday last—There was a very general attendance. After a number of unsuccessful attempts to choose a Bishop, the election has been deferred until the next meeting of the convention. The Rev. Mr. JOHNS, was the favorite candidate for Bishop, and wanted but three or four votes of the requisite majority of two thirds.—*Annapolis Republican*.

The town of Lexington, Ky. was visited by a hail storm on the 25th ult. In the vicinity of the town much injury was sustained, and whole fields of hemp, wheat, rye, &c. were destroyed.

Charity has its caprices, it seems, like other affections The effects of Governor Clinton have been sold at auction, while nearly $50,000 had been received by the Greek Committee, up to the 28th of May for the relief of the Greeks, —$38,573 of which were from the State of N. York alone. We have heard enthusiasm defined to be "a loss of judgment." Certain it is, that its operation can never be counted on in a definite direction; and though not disposed to analyze too closely any thing that wears the air of a humane action, we could wish that the irregularity of the impulse we speak of, had not been quite so obvious in the present instance. We are very sorry for the Greeks; but we contemplate with shame the ineffectual efforts to relieve the family of a man whose poverty was incurred in the service of a nation. Had his service been without fruit, this short memory might not have seemed so extraordinary, merit being mostly measured by success. But when we see a whole community prospering under the happy results of this service, we can hardly find an apology for its forgetfulness, even in the ordinary selfishness of human nature.

We are, however, happy to observe that the magnificent vases sold with the rest of the effects, were purchased by the Grand Lodge of the State of New York, and voted by it to be presented to the family. This is worthy of the leading principle professed by the fraternity.

American.

The London Sun states that Sir Walter Scott has engaged to furnish two tales and a poem for the London Annual called the Keepsake, & that he is to be paid "the almost incredible sum of one thousand guineas" for this contribution. At the late York Musical Festival, Madame Catalani received six hundred guineas for a few bravuras. Genius, talent, and mature skill deserve to succeed in this way, not less than ability and reputation, at the bar, or sagacity and dexterity in strokes of trade.

We have read the two Religious Discourses of Sir Walter Scott, in the beautiful London copy. The first is entitled, The Christian and the Jewish Dispensations Compared; the second, the Blessedness of the Righteous. Both are truly sensible and pious, but we are particularly pleased with the latter.—[Nat. Gaz.

After the election of officers at the Annual Convention of the Medical and Chirurgical Faculty of Maryland, held on the 2d inst. the following resolution, offered by Dr. G. S. Gibson, of Baltimore, was adopted and ordered to be printed.

Whereas the prevailing public opinions, that the *habitual* and moderate use of distilled spirits is conducive to health, supports the strength and vigor of the body, and protects against disease, are frequent causes of their *intemperate* use; and whereas it is a duty of this Faculty to use every means in their power to improve the health of mankind, by the correction of erroneous medical opinions—Therefore,

Resolved, by the Medical and Chirurgical Faculty of Maryland in Convention assembled, That as in the opinion of the Faculty, the *habitual* use of ardent spirits is never necessary to promote health, to protect against infectious or contageous diseases, or to sustain the human system under the fatigues of labor, we do earnestly recommend to every member of this Faculty to abstain from, and by every means in his power to discourage their use.
