THE SILK CULTURIST.

THE Executive Committee of the Hartford county Silk Society, have commenced a monthly publication, called the Silk Culturist and Farmers Manual.

The object of the publication is to disseminate a thorough knowledge of the cultivation of the Mulberry Tree, in all its varieties—The rearing of Silk Worms—The production of Cocoons and the Reeling of Silk, in the most approved method The importance of this knowledge will appear from the fact that the nett profit of land devoted to the culture of Silk, is double, if not triple, to that derived from any other crop which can be put upon it It is also a fact, that every moderate farmer can raise several hundred dollars worth of Silk, without interfering with his ordinary agricultural operations. But in order to avail himself of this facility to obtain competency and wealth, which our soil and climate have given him, he must possess himself of information on the subject—for without it his attempts will be fruitless. It is, therefore, the object of the Committee to diffuse this information as extensively as possible, and at the cheapest rate The publication will contain a complete manual or directory from sowing the seed to reeling the Silk, together with such facts and experiments, as will enable farmers to raise Silk and prepare it for market, without further knowledge or assistance. It will also contain interesting matter on agricultural subjects in general.

TERMS—The Culturist will be published in monthly numbers of Eight Quarto Pages, at FIFTY CENTS a year. No subscription will be received unless paid in *advance*; and for not less than a year.

Subscriptions received by F. G COMSTOCK. Secretary, Hartford, Conn, to whom also, Communications may be addressed, which, if post paid, will be attended to.

☞Editors who will copy the above, shall receive the publication for one year.
