delphia is above 800 miles.—Washington is nearer by more than 100 miles, where of course the news, if true, ought to have been first known. We incline to the opinion that some person has been endeavoring to impose on our Philadelphia friends; perhaps with some stock-jobing view. All a hoax.

EASTON, (MD.)

ANTI VAN BURE NOMINATION.

FOR PRESIDENT.

William Henry Harrison.

OF OHIO.

FOR VICE PRESIDENT

JOHN TYLER,

OF VIRGINIA.

We cannot do "ourselves the honor" of publishing the communication of "*Agnes*," unless *specially* requested by a committee of the "*Agies*"—to a few of whom we have taken the liberty (an undue one, we allow) to read it. "Tyny," says the lady has emptied all the vials of her wrath on his devoted head —Mr. Secretary laughs heartily and begs its publication—the much wronged "Tim" (to whom we also read it,) thanks the lady for her candor.

The letter of Gen Harrison, addressed to the committee of officers of the late Whig Convention, held in Baltimore, in reply to their nomination of him for the Presidency was received last evening, but too late for insertion, it shall appear in our next.

UNITED STATES BANK CHARTERED.—The following Message from the Governor was sent to the Senate and House of Representatives on Thursday morning:

To the Senate and House of Representatives of the Commonwealth of Pennsylvania:

I have approved and signed the following Act of the General Assembly, entitled "An Act to repeal the State Tax on Real and Personal Property, and to continue and extend the Improvements of the State by Rail Roads and Canals, and to charter a State Bank, to be called "The United States Bank," " and directed the Secretary to return the same to the House of Representatives where it originated.

JOSEPH RITNER.

Harrisburg, Feb 18: 1836.

Philadelphia, Feb 20, 1836.

We understand that at a meeting of the Stockholders of the Bank of the United held on Friday, the Charter offered to the institution by the State was unanimously adopted.—[Nat. Gaz.

From the Correspondent of the American.

Annapolis, Feb. 22, 1836

The Legislature was not in session today. On Saturday both branches adjourned to Tuesday.

The annual commencement of St. John's College took place to-day, in the Hall of the College. The exhibition was attended by the Executive and both Branches of the Legislature. A great number of citizens and strangers were also in attendance. The Degree of Bachelor of Arts was conferred on a number of Graduates; Honorary Degrees were also conferred. The several addresses of the young Gentlemen were delivered in a becoming manner, and gave general satisfaction to the numerous audience.

The Hon Robert H Goldsborough, of the U. S Senate, delivered an able and interesting address to the Alumni of St John's.

Yesterday in St. Ann's Church, a Baccalaureate sermon was delivered by the Rev. Hector Humphreys, President of the College. It was a rich and eloquent production, embellished by the graces of classical Literature, and breathing a spirit of Christian love and parental solicitude towards the class who had so long been committed to his care, and whom he was about to part with perhaps forever.

I have understood that the sermon, together with the address of Mr. Goldsborough, is to be published.

We regret to learn that it is highly probable that the Hon. HENRY CLAY will not retain his seat in the Senate of the United States after the close of the present session of Congress. We mention the fact; because we are anxious that Mr. Clay may be prevailed on by an expression of public feeling both in his own state and throughout the country, to re consider his determination, if he has made one, to take leave of public life at this time or even shortly. His services are invaluable. Political asperities are daily lessening towards him —he is no longer in the way of presidential aspirants—all men respect & admire him. Under this state of things, he may be able, and doubtless will be able, as a Statesman & a Senator, yet further to elevate his own fame & advance the interests & happiness of his country. We join, then, in a call upon him to dismiss for the present any thoughts of resigning his seat —*Alex. Gazette.*

LATER FROM ENGLAND.

The ship New Jersey, Captain Barstow, arrived at Boston on Tuesday evening from Liverpool, which port she left on the 10th of January; two days later than our previous advices.

The *Times* of the 9th January says that it was generally understood in Paris, that the French minister had officially intimated to Lord Granville, that President Jackson's message was satisfactory, and that the instalment due out of the 25,000 000 francs would be paid without delay.

From the N. Y. Jour. of Commerce Feb. 8.

DESTRUCTIVE FIRE.
METHODIST BOOK CONCERN DESTROYED.

A little after 4 o'clock this morning, the building in Mulberry Street, called the 'Methodist Book concern," was discovered to be on fire on the second story, and in the course of an hour was entirely destroyed, with all its its contents, except a few books which were rescued from the Book Store. The building was 121 feet in length by 52 deep, with a projection in the rear, 100 feet by 48.—The whole was of brick, and six stories high, including the basement.

The printing establishment of the Concern was very extensive—giving employment to between 60 and 70 compositors, and 32 presses, including one Napier. A great amount of stereotype plates were destroyed in the printing office, together with all the presses, types, &c.

The book store of the establishment was one of the most extensive in the United States.—The bindery, folding and stitching departments &c were upon the same scale. The Book Concern, as most of our readers know, is the property of the Methodist E. Church, and the great central agency by which the various branches of that numerous and worthy denomination are supplied with religious books.—The loss therefore, although it does not bear with great severity upon Individuals, except by turning numbers out of employment, is one which will be extensively felt and deplored.

It is believed to be not less, in the aggregate, than two hundred and fifty thousand dollars, only $10,000 of which is insured, and only $10.000 by solvent Companies. The managers of the concern applied for insurance in Boston, Philadelphia, and Baltimore, as well as in New York, but were unable to obtain it, except to the limited extent above stated.

The whole number of persons turned out of employ by this calamity, including females employed in folding, stching, &c. is between two and three hundred.

The account books of the Concern, together with a large quantity of stereotype plates, were in the Iron Safe, but whether they are safe in fact, remains to be ascertained.

A frame building on each side of the Book Concern and also in the rear, was crushed by the falling of a portion of the walls, the occupants having previously made their escape.

In regard to the origin of the fire, there is some doubt: It is suspected to have been the work of incendiaries; and if the circumstances are rightly stated, this supposition is inevitable Among other things it is mentioned that the man whose duty it is to go through the building after the workmen have left and extinguish the fires, did so last evening as usual, and that on arriving there this morning, he found a window in the 2nd story open, and the flames issuing out of it Another person informs us that when he reached the building, it was on fire at both ends, but not in the centre.

Mr. WISE.—We understand (says the Alexandria Gazette) that Mr. Wise, of Virginia, has received special marks of disapprobation, from a *high quarter*. The gallant and independent Virginian is said, however, to take it quite cooly: he shrugs his shoulders, and thinks 'what can't be cured, must be endured.'

REAL ESTATE IN NEW YORK.

The Banking House and lot of the Branch Bank of the United States, in New York, was sold on Saturday last, at public auction for $189,500. Mr George Griswold is the purchaser. It is understood that Mr. G. was acting for an association of merchants, who have purchased the property with a view of tendering the building to the government, at a reasonable rent, for the use of the post office.—The cost of this property to the bank, was $87,000. Clear profit, $102,500.

BENTON AND STROTHER.—The St. Louis Republican of January 21, states that the indictment pending in that Court against Col. Strother, for sending a challenge to Col. Benton, was tried on the previous day. Col. Strother, it appears, was absent, at Washington, at the time. After having the evidence and the charge of the Judge, the jury found a verdict of guilty, and assessed the damages at seventy two dollars!

THE QUAKER CONTROVERSY IN NEW JERSEY ENDED—It must be gratifying to both partise of Friends, that the question has at last been settled by law which recently passed the New Jersey Legislature—by the provisions of which the property belonging to the Society of Friends at the time of the separation, is to be divided in proportion to the relative numbers of each party. It passed the assembly by a vote of 32 to 14, and the Councils 12 to 1. This will of course put the matter at rest.

THE SALMAGUNDI,

AND NEWS OF THE DAY.

EMBELLISHED WITH A MULTITUDE OF

COMIC ENGRAVINGS.

A new periodical, of a novel character, bearing the above appellation, will be commenced on the beginning of January, 1836. While it will furnish its patrons with the leading features of the news of the day, its principal object will be to serve up a humorous compilation of the numerous lively and pungent salties which are daily floating along the tide of Literature, and which, for the want of a proper channel for their preservation, are positively lost to the Reading world. Original wits and humorists of our time will here have a medium devoted to the faithful record of the sciatillations of their genius. It is not necessary to detail the many attractions which this journal will possess, as the publisher will furnish a specimen number to every person who desires it—(those out of the city, will forward their orders, *postage paid*)—☞*and he pledges himself that no exertions on his part shall be wanting to make each succeeding number superior in every respect to the preceding ones.*

The Salmagundi will be printed on large imperial paper, equal in size and quality to that which is at present used for the Gentleman's Vade Mecum. It is calculated that more than

500 *Engravings*

will be furnished to the patrons of this Journal in one year—these, in addition to an extensive and choice selection of Satire, Criticism, Humour and Wit, to be circulated through its columns, will form a Literary Banquet of a superior and attractive order; and the publisher relies with perfect confidence on the liberality of the American public, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

The terms of The Salmagundi will be two dollars per annum, payable invariably in advance. No paper will be furnished unless this stipulation is strictly adherred to. ☞Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note postage paid. Clubs of seven will be supplied for the same term, by forwarding a ten dollar note ☞The papers that are sent out of the city will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

☞The Salmagundi will be published on alternate weeks—otherwise it would be impossible to procure the numerous Embellishments which each number will contain—and the general interest it will afford must be enhanced by this arrangement.

☞All orders must come postage paid.
