May 20th, 1836.

PUBLIC MEETING.

There will be a public meeting of the citizens of Queen Ann's county, in Centreville, on Saturday, 21st May, inst., at 10 o'clock A. M., for the purpose of having a free interchange of opinion relative to the Internal Improvement measures about to be acted upon by the Legislature of Maryland.

Gentlemen from the adjoining counties have promised to be present on the occasion. Several addresses may be expected.

May 14.

The Delegates to the late Convention at Centrevile, from the several counties of the Congressional District, will bear in mind that they are to re-assemble at the same Central point; on Wednesday, the 1st day of June next This meeting of a Committee in each Congressional district is in pursuance of a recommendation from the late General State Convention, that the voice of the people might more immediately be heard in the selection of their Electoral Candidate. The papers throughout the District devoted to sound republican principles, and friendly to the elevation of Wm. H. Harrison and John Tyler will give place to this notice.

Per order,

WM. ORRELL, of Caroline,
Chairman of the Committee.

For the Easton Gazette

Pursuant to notice given, a respectable number of the citizens of Easton and the vicinity, assembled in the Methodist Episcopal Church, on Thursday evening 19th instant, to organize a Colonization Society. Auxiliary to the "Maryland State Colonization Society." Thomas C. Nicols, Esq. was called to the chair and Nicholas G. Singleton appointed Secretary.

The meeting was opened with prayer by the Rev. Richard M Greenbank; after which, the Rev. John H Kennard, Agent for the Young Men's Colonization Society of Baltimore, moved to have a committee of three appointed by the chair to draft a constitution and report a list of officers for the society now about to be formed. The chair named Messrs Theodore R. Loockerman, S. Hambleton, Jr. and M. Hazel, who in a few moments presented a constitution, which was read and laid on the table.

Mr Loockerman then arose, and after addressing the meeting for some time closed by offering the following resolutions, viz.

Resolved, That we highly approve the plan of independent state action, adopted by Maryland in the cause of colonization, as well on account of its tendency to produce harmony of action among its friends, as because of its peculiar fitness to the Southern States.

Resolved, That this meeting will use all suitable efforts to raise during the present year, the sum of one hundred dollars in furtherance of the objects and views of the Maryland State Colonization Society. These resolutions were seconded by Mr. S. Hambleton, Jr. accompanied with a few suitable remarks, and was followed by the Rev. Mr. Kennard, who spoke for some time, and closed by moving the adoption of the resolutions.

Upon motion and vote the constitution as reported was adopted, and the officers appointed; after which a collection was taken up, and an invitation given to subscribe to the constitution.

Mr. John B. Kerr, then offered the following resolution which was adopted:

Resolved, That a committee of five persons be appointed by the chair to obtain subscriptions to the fund of one hundred dollars, proposed to be raised in aid of the cause of Colonization in this State, and also to obtain members "of the Talbot county Colonization Society."—The chair named Messrs. S. Hambleton, Jr. J B. Kerr, Doct. S. M. Jenkins, Rev. M. Hazel and Wm. H. Hayward, Esqrs. to compose said committee

On further motion by the same gentleman accompanied with a few remarks, the following resolutions were adopted.

Resolved, That this meeting adjourn, to meet again on the Fourth of July next, at 3 o'clock, P. M. at which time all the managers and friends of the Society are requested to attend.

Resolved, That the proceedings of this meeting, be signed by the chairman, and attested by the Secretary, and published in both the papers printed in Easton.

CONGRESS AND THE WASHINGTON RACES.

The races were, on Friday, owing to the combined influence of the fine weather and the competition expected from high-bred animals upon the turf, the great scene of attraction in this city. In consequence, the Senate, not being able to make a quorum, adjourned without doing any business; and the House, which meets at 10 o'clock, was without a quorum after 12 o'clock, but continued to do business, by general consent, as if a quorum were present. We are not sure that this precedent may not grow into practice, and come in time to be common law, though against the Constitution. It was *Mr. Whittlesey's day*, however, and the House has so much confidence in him that we verily believe they would be willing, if it were asked of them to do the same by the whole batch of his bills, as dur Franklin when a boy, is said to have wished his father to do, when he begged him, instead of saying grace upon the daily dinner of salted meat, piece by piece, to say grace a once upon the whole barrel of it.

Pensacola, April 30.

Naval.—The U. S. sloop of war, Warren went to sea on Thursday morning last. It is said her destination is the coast of Texas and its neighborhood. The U. S. revenue cutter Jefferson, Capt. Jackson, which has been placed temporally at the disposed of the commander of the squadron, also sailed this week. She is probably bound to Matamoras where, it will be remembered, the American Consul has lately had some serious difficulties with the local authorities. Both the Mexicans and Texians have privateers afloat; and unless a vigilant watch be kept upon them, our valuable commerce in that region may suffer serious molestation.

The U. S. sloop of war St. Louis, arrived this morning. She is last from Tampico.—*Gazette.*

We are glad to perceive that the citizens of Philadelphia are taking up so zealously and energetically the Philadelphia and Wilmington Rail road, a portion of the line between Baltimore, by way of Havre de Grace and Philadelphia. This end is in such a state of forwardness, that it is expected to be ready for travel as far as Wilmington by the end of this year. The distance by this route between the two cities will be ninety-three miles.

Balt. Amer.

Bicknell's Reporter states that the pressure in the Philadelphia money market continues, and is likely to continue until Congress decide as to the distribution of the surplus revenue.—At the close of last week, one per cent. for thirty days paper was freely offered and in some instances one and a quarter.'

RAIL ROAD—Mr. *Knight*, the Engineer, roughly estimates the cost of constructing the Baltimore and Ohio Rail Road, from its present termination to Wheeling as follows:

From Wheeling to Cumberland,	4,202,000
From Cumberland to Harper's Ferry.	2,101,000
Branch to Pittsburg 50 miles,	935,000
	$7,238 000

To meet the above estimate, the City of Baltimore has made provision to furnish three millions; the cities of Pittsburgh and Wheeling will each furnish one million, leaving 2 238 000 to be provided. The Editor of the Baltimore Gazette says, if the Legislature of Maryland shall subscribe three millions, it will amount in the whole to eight millions; which will furnish a surplus above the estimate, of $762,000 for moving power and contingencies.

We learn from the last English papers that the subject of the American indemnification was under discussion in the French Chamber of Peers on the 9th of April. M. Thiers declared that the explanations of the President's Message were so satisfactory that the government had not felt warranted to withhold payment any longer—the first instalment had therefore been paid. M. Dubouchage, the interrogating peer, observed that it was by no means certain that the chambers accepted the message of the 1st December as conclusive, and he thought further explanations on the part of the government were due to the chamber. He did not mean to charge the government, however, with paying the instalment until they had received these satisfactory explanations. As evidence of the returning confidence between France and the United States it is now said that M. Serurrier was about to set out for Washington, to resume his functions of French Charge d'Affaires in that capital.

The Courier Francais states that the reports of the Consuls to the Government make known that the principal part of the Russian fleet in the Baltic has begun to concentrate at Revel. New orders for the purchase of naval stores had been executed at Dantzic, to be transhipped to Holland, where it would appear the deposit is to be found. Every thing announced that a naval expedition was contemplated.—*Amer.*

HOUSE OF REPRESENTATIVES.

May 17.

Mr. J. Q. ADAMS asked the consent of the House to offer the following resolutions, which were read:

Resolved, That the President of the United States be requested to communicate to this House, if not incompatible with the public interest, copies of any overture made since the 3d of March, 1829, by his authority, to the court of the United Mexican States for the acquisition by the United States of any portion of the territories of Mexico, and copies of all correspondence between the two governments relating thereto, and upon any question of boundary existing between the United States and Mexico.

Resolved, That the President of the United States be requested to communicate to this House, if not incompatible with the public interest, a copy and translations of any law, decree, or ordinance of the Mexican Republic abolishing slavery within the territories thereof, which may be in possession of the Executive Department of the United States.

Objections being made, Mr. ADAMS moved the suspension of the rules. The motion to suspend was rejected, yeas 77, nays 85.

Mind your Dots—A Kentucky member of Congress wished to write to his wife on arriving at Washington city, that he had formed a connexion with a very agreeable Mess, and expected to spend the winter very pleasantly Unfortunately, and greatly to the surprise and mortification of the good lady to whom he was writing, he inadvertently dotted the e in the word Mess.

Professor Silliman on Alcoholic Drinks.

Professor Silliman, of Yale College, in a letter to Dr Edwards, dated Boston, March 10, 1836, gives the following as to the effect of Acoholic stimulus:

Dear Sir:—At forty three years of age I suffered an almost entire prostration of health in consequence of excessive labors and affliction, from the sickness & death of several of my children. During several years, in which I was sinking, I tried in vain, under medical direction, the most approved forms of stimulus, joined with the most nutricious and varied diet. When, at length, my powers were almost broken down, I was persuaded by a friend, to abandon the use of wine, and every other alcoholic stimulus, and to depend upon a small quantity of bread, crackers, rice and a little animal muscle, or other simple kinds of food with water, milk, or other mild diluent drinks, omitting, every thing that contains alcohol. Within a few weeks, my health began to mend, and at the end of one year, I was able to return to arduous duties, demanding constant employment to both body and mind My frame naturally vigorous and elastic, gradually recovered its tone, and now, thirteen years after the period of my greatest depression, I am able, upon a simple but common diet, consisting of the most useful articles of food, taken without any use of alcholic stimulus to perform constant labor in my profession, with much public speaking, and I sustain no inconvenience except the fatigue which sleep removes, as in the case of other healthy persons. I was from childhood, constitutionally prone to bleeding at the nose, and sometimes to an alarming degree. After the recovery of my health, I allowed myself to use with much moderation, the best bottled cider at dinner only. After abstaining from it for a few weeks on a long journey, (because cider of a good quality could not be obtained at the taverns,) my nose bleeding ceased, and with it the vertigos, and confused and uncomfortable feelings of the head and nerves by which I had frequently been troubled.—Thinking that cider might have been concerned in causing these effects, I have never returned to its use, and for nearly three years, since I omitted cider, I have had no serious recurrence of these affl ctions

P. S. In two or three cases, within my knowledge, nose bleeding has ceased by the omission of cider. In one of these the bleeding was excessive and dangerous. The individual last referred to is a very athletic man, of full habit and sanguine temperament.

IMPORTANT FROM THE SOUTH.

The packet ship Wm. Gibbons, which arrived at New York on Tuesday, brought Charleston papers of Saturday afternoon, and a slip from the office of the Courier of Sunday. These papers are one day later than those received here direct, and are filled with painful intelligence as to the state of things on the Indian frontier. There is no longer the least doubt that the Creek Indians have risen, and that a war with them and their savage allies is unavoidable.

Col. White, the Delegate to Congress from Florida, who is mentioned below as having brought to Charleston the news of the murders, &c. by the Creek Indians, has arrived at New York in the Wm. Gibbons, and will proceed immediately to Washington.

Col White has sent an express to Gen Scott, and made an appeal to the Governors of South Carolina and Georgia to send mounted men to Tallahassee and the Florida line, to save Middle Florida from robbery and and murder in this disgraceful Indian and Seminole war. We hope the Governor will act with his known promptitude and energy

Major General Macomb passed through Baltimore on Thursday last, on his way to the Seat of Government.

Mr. Norton, the Texian Commissioner, arrived in Baltimore on Wednesday evening, & proceeded the next day to Washington. It is presumed that Mr. Norton is charged with official communications from the Republic of Texas to our government.

For the Easton Gazette.

Mr Graham—The backing out communication of "Calhoun's Weasel" places him somewhat in a ludicrous point of view. Having been routed horse, foot and dragoon, and left without an inch of ground to stand upon, he *modestly* assumes to decline any further correspondence on the subject. It would have been more to his credit if he had *voluntarily* come to this conclusion sooner Nay, indeed, even before he began his malevolent attack. He would thereby, not only have concealed his unpardonable stupidity and ignorance, but would have been freed from the well merited derision of a large portion of his fellow citizens. In his dying gasp, this mouse eating animal has aim'd a hit, that falls as far short of the mark, as his silly, contemptible productions are wide of reason and the truth. But I will not condescend further to notice the absurdities of his senseless piece, and will leave it to the public to decide whether it is not "Calhoun's Weasel" rather than "One of the People" who has "dodged," and has sunk deep deep into the "mire."
