ANTI VAN BUREN NOMINATIONS

FOR PRESIDENT.

William Henry Harrison

OF OHIO.

FOR VICE PRESIDENT

JOHN TYLER,

OF VIRGINIA.

We have received a letter from the 'Independent Greys' a Light Infantry corps of Baltimore, commanded by J. M. ANDERSON, stating their intention of paying our town a visit on the coming 4th July. We understand this is the only Light Infantry corps in Baltimore, probably in the State; they will receive a kind and hearty welcome.

For the Easton Gazette.

NOTICE.

MR GRAHAM, Sir,—Having seen several letters from citizens of Baltimore, to gentlemen of our Town, stating that it is the intention of a Company of Light Infantry, to visit and join with our citizens, in celebrating the coming Anniversary of *American Independance*, we would respectfully suggest the propriety of the citizens of Easton and its vicinity, meeting at the Court *House*, on Tuesday evening 7th June, for the purpose of making the necessary prepatitory arrangements.—We trust our fellow citizens will be prompt in their attendence; not only because of their veneration for the 4th of July, '76, but because of an ardent desire coupled therewith to receive and entertain the citizens of Baltimore, in a handsome and becoming manner.

SEVERAL CITIZENS.

May 27, 1836.

The meeting to be held in the Court House on Tuesday, 7th June, to appoint an Orator for the occasion, we hope will be numerously attended.

Extract of a letter to the Editor, dated

Annapolis, May 26th, 1836.

Yesterday a majority of the committee on the Appropriation Bill, reported unfavorable, in its present shape, but the minority reported a bill in lieu of a counter report—it is thought they will not adjourn until next week, the business of the Houses not being confined to this bill.

The Delegates to the late Convention at Centreville, from the several counties of the Congressional District, will bear in mind that they are to re-assemble at the same Central point, on Wednesday, the 1st day of June next. This meeting of a Committee in each Congressional district is in pursuance of a recommendation from the late General State Convention, that the voice of the people might more immediately be heard in the selection of their Electoral Candidate. The papers throughout the District devoted to sound republican principles, and friendly to the elevation of Wm. H. Harrison and John Tyler will give place to this notice.

Per order,

WM. ORRELL, of Caroline,
Chairman of the Committee.

PUBLIC MEETING.

Pursuant to public notice, a meeting of the citizens of Talbot county was held in the Court House in Easton, on Tuesday 24th instant, at three o'clock, P. M. the meeting was called to order by appointing Thomas C Nicols, Esq chairman, and Nicholas G Singleton, Secretary.

The object of the meeting was then stated by Edward N. Hambleton, Esq to be, to ascertain as far as practicable the views of our citizens, in reference to the subject of Internal Improvements, &c. He stated the proceedings of the Commissioners appointed under the late act of Assembly; and argued the advantages of a Rail Road through the Eastern Shore, provided it could be brought directly through the interior of the country; and that little benefit could result to our immediate community by having the road along the line of Delaware.

John Leeds Kerr, Esq. then rose, and addressed the meeting. He took a cursory view of the system of Internal Improvements from the commencement thereof to the present time, and then stated, as had before been done, the object of the present meeting to be, to obtain some expressions of the views, of our citizens on the subject of the proposed Internal Improvements on the Eastern Shore. In order to accomplish this object, Mr. Kerr, offered several resolutions, and in advocating the adoption of them, went more fully into the merits of the subject of Internal Improvement on the Eastern Shore. He showed the benefits that would result from the proposed Rail Road, if located so as to pass through the interior of the Eastern Shore counties.—He closed by proposing the adoption of the resolutions before read and which were now unanimously adopted by the meeting. They are as follows.

WHEREAS, the citizens of Talbot county, now assembled are deeply impressed with the importance of the crisis in the affairs of Maryland, resulting from the vast expenditures of the public moneys already made upon a system of loans, by which the whole property of the citizens of the state stands pledged for an ultimate redemption, and from the pendency before the General Assembly of the great question of the consumation of a general system of Internal Improvement within the State, which has been long agitated; and, as the interests of the people, residing on the Eastern Shore, are deeply involved in the issue, they hold it a duty to themselves, after a calm and deliberate consultation, to express their views of so much of the proposed bill "to provide Ways and Means to complete the works of Internal Improvement, and to promote the Agriculture, Commerce and Manufactures of this State," as more immediately regards themselves:

1. Resolved, That a portion of the citizens now assembled, have viewed with serious apprehension of future burthens either to themselves or their immediate successors, the provisions of the said bill, involving an additional appropriation by the State of Ten Millions of Dollars, by means of a LOAN, whereby, in case of any important failure of the scheme proposed, a resort to direct taxation will become necessary for the reimbursement of the principal and interest of such borrowed capital.

2. Resolved, That as the counties of the Eastern Shore cannot expect to derive any immediate benefit from the works already in advanced progress towards completion on the Western Shore, and yet must bear their portion of the burthen that may result from any failure, the citizens of these counties have a right to demand, upon the occasion of such extensive appropriations, an ample equivalent for their risk of future taxation in some direct appropriation for their peculiar benefit or for "the Internal Improvement" of the Eastern Shore.

3. Resolved, As the decided opinion of this meeting, that the establishment of a Rail Road on the Eastern Shore, by the route prescribed in the first section of the act entitled "an act to incorporate the Eastern Shore Rail Road Company," passed at the late session of the General Assembly, is not calculated to afford to the people of the Eastern Shore of Maryland, the benefits of "internal improvement," usually contemplated in the establishment of such public works, inasmuch as that location, instead of carrying the rail road through the interior of the country designed to be improved, and thereby diffusing the facilities of intercommunication amongst ourselves, both for trade and travel as well as giving us another grand road to market, could only be beneficial to a small portion of our Shore, however well it may be devised for the improvement of a neighbouring State or might be conveniently used by the citizens of distant States as a mere transit line of rapid travel from North to South.

4. Resolved, As the opinion of this meeting, that a Rail Road established through the interior of the several counties of the Eastern Shore, as far as may be practicable, passing, in its course, near some of the principal Villages, and through or near a central point upon the navigable waters, so as to afford to the people facilities of internal trade and a safe, rapid and cheap road to another great market, whilst it may still bind us more closely to our own great Commercial emporium, would prove the best means of equal and general improvement of the Maryland portion of this Peninsula, that could be devised by any agreement amongst ourselves.

5. Resolved, As the opinion of this meeting that it is the duty of the Assembly, in settling the great interests of the Eastern Shore in regard to a work proposed for its peculiar benefit, to consult the general views and interests of its inhabitants and property-holders and not precipitately to adopt any slight or partial survey of the country, or any suggestions arising therefrom; and that it is the right of the people to have a fair and perfect reconnoisance and ascertainment of the relative distances of different routes, before any final decision be made upon the question of location.

6. Therefore, Resolved, By this meeting that the Senators of the Eastern Shore, and the Delegates to the General Assembly from Talbot county, be and they are hereby earnestly requested to insist upon such an amendment, as well of the aforesaid act "to incorporate the Eastern Shore Rail Road Company," as of the said bill "to provide Ways and Means to complete the works of internal improvement, and to promote the Agriculture Commerce and Manufactures of this State," as will afford an opportunity for a fair and deliberte survey of the different routes obviously presented for consideration as fit and proper for the location of a rail road intended for the general improvement of the Eastern Shore of Maryland, and will secure to its citizens the actual benefit of such a public work passing through its improved and improvable lands, & not along the mere Eastern border of the State.

On further motion, Ordered, That the above resolutions be sent to our Delegates to the General Assembly, to be by them presented to the Legislature; and that the proceedings of this meeting be published in the several papers printed in this place

THOS. C. NICOLS, Chairman.

Attest,
N. G. SINGLETON, Secretary.

LATER FROM FRANCE

NEW YORK, May 24.

The Havre Packet Ship Henri IV. Capt. Kearnsey, arrived last night having sailed on the 17th ultimo. We have received through the usual channel and through the politeness of Captain K. Havre papers of the above mentioned date and Paris of the preceding day. Intelligence of interest they are entirely barren of.

We are happy to preceive that a joint Stock Bank has been established at Havre, and that in consequence the Bank of France has also opened a Branch there We doubt not the-e establishments will prove as essentially beneficial to the commercial interests of that place, as they have wherever they have been permitted to take root.

The Henri IV has on board francs 1,500 000 in gold on account of the indemnity.—*Courier.*

FURTHUR CONFIRMATION OF THE NEWS FROM TEXAS.

The Nashville Banner Extra, of the 13th instant, which we received yesterday morning, after giving the contents of a letter received by the Governor of Tennessee from Gen. Gaines, (similar in its tenor to that addressed by the same officer to the Secretary of War) proceed to state, in addition, that a very respectable gentleman had just arrived in the western stage, who declared that, at the moment of his leaving Sommerville, he saw Mr *Hodge*, a worthy and highly respectable citizen of Fayette county, who was direct from Texas, within a hundred miles of the battle ground. Mr. Hodges stated that with the Mexican detachment were taken $50.000 in specie—200 doubloons found in Travis's saddle bags—1400 stand of arms and 2 cannons. The same person gave other particulars, agreeing entirely with those heretofore published.

MARYLAND LEGISLATURE.

Correspondence of the Baltimore Patriot.

ANNAPOLIS, May 23d, 1836.

The legislature, persuant to their resolution of the last session, re-assembled to-day.

About 70 members appeared in the House, and 8 in the Senate, among whom it was pleased to see Col. FORREST, who was prevented by illness from attending during the last session.

In the Senate, Mr. Morris presented a memorial of the Chesapeake and Delaware Canal, praying a supplement to their charter, which was refered to Messrs Morris, Mayer, and Emory.

In the House, some unimportant petition was presented, which gave rise to the question whether any new business should be entertained during this session. After some discussion it was laid on the table.

A message, proposing to adjourn *sine die* on Saturday next, was made the order of the day for that day.

Mr. Winder proposed to send a message to the Senate, in order to confine the action of this session to measures relating exclusively to works of internal improvement, and the business postponed to this session. It was lost.

The joint committee charged with the consideration of the subject of Internal Improvement, will speedily, it is expected, report the result of their deliberations. What will be the nature of their report, I cannot at this time, inform you.

His Excellency Governor VEAZY reached here yesterday.

RAIL ROAD RIOT.—We learn from the passengers who arrived in the steam boat from Philadelphia, last evening, that on Saturday last a serious riot took place in Charlestown, Cecil County, Md. among some of the laborers engaged on the Wilmington and Susquehanna Rail Road. It appears that a fair, which is held annually in that village, took place on Saturday, and that many of the laborers on the Rail Road attended. Offence having been given to them by a man at the fair; they made an attack on him, and he sought shelter in a grocery store, kept by a man named Rivens, who refused to give him up to their earnest demands. They immediately commenced stoning the house, and the proprietor, baring the door and windows, retreated up stairs, and having several fire arms, he, assisted by a few friends, discharged several volleys among them, which killed five and wounded eight or ten others. The rioters then immediately dispersed.—*Patriot.*

The following paragraph exhibits only the beginning of the evil consequences of the Government's tampering with the currency of the country:

We are told by a large dealer in bank notes, that bank notes of the State of Ohio are from 2 1-8 to 3 per cent discount in our city; and bank notes of the banks west of the Alleghany are generally from 2 1-2 to 4 per cent discount.—We are told also, by a gentleman just from New Orleans that he *paid in the city of New Orleans 6 per cent. premium for notes of the Bank of the U. States;* and that he understood they bore a like premium throughout the whole valley of the Mississippi; and we have seen a letter from Nashville, in which the writer says, any quantity of United States Bank notes could be sold at a premium of 5 per cent.—*N. Y. Daily Advertiser.*

RIOT IN NEW YORK.—A disgraceful riot occurred in New York on Saturday last, among the laborers engaged at the new buildings in the burnt district, in the course of which one of the parties by the name of Edward Kearney, took from his pocket a knife with which he stabbed three of his opponents. One of them named James McDermott, of 118 Mulberry street, was so badly wounded in the abdomen that his bowels protruded from the wound. The injured men were conveyed to the hospital. McDermott's case is considered very dangerous. Kearney was arrested & lodged in prison, to await the result of his brutality. The fight was continued the same afternoon in Prince street, near the cathedral. The contending parties fought with the fury of tigers. One man was so badly injured that he died in the course of the day.—*N. Y. Courier.*

Another Riot.—About half past six o'clock last evening a riot took place in Cherry street, between Montgomery and Gouverneur streets, in which a number of Irishmen were engaged. The Street Inspector in attempting to quell the riot was knocked down and severely bruised. Some of the citizens interfering, a general fight took place; the Irishmen formed in battle array, and the Americans increased in numbers, and a desperate battle ensued; the Irishmen were driven off the ground, and the windows and doors of several of their houses were demolished. The Alderman and Assistant of the 7th were not visible; the Alderman of the 13th repaired to the spot, arrested one of the ringleaders, who was soon secured; the Alderman was assailed violeutly. No arrests took place and the rioters retired about 10 o'clock. This is a shameful business, and means must be taken to keep that portion of people in good order.—*New York Evening Star.*

26,000 SUBSCRIBERS!

PHILADELPHIA MIRROR.

THE splendid patronage awarded to the Philadelphia Saturday Courier, induces the editors to commence the publication, under the above title, of a quarto edition of their popular journal, so long known as the largest Family Newspaper in the United States, with a list of near *Twenty Six Thousand Subscribers*. The new feature recently introduced of furnishing their readers with new books of the best literature of the day, having proved so eminently successful, the plan will be continued. Six volumes of the celebrated writings of Captain Marryatt, and sixty-five of Mr. Crook's valuable Letters from Europe, have already been published without interfering with its news and miscellaneous reading.—The Courier is the largest and cheapest family newspaper ever issued in this country, containing articles in Literature, Science, and Arts; Internal improvement; Agriculture, in short every variety of topics usually introduced into a public journal. Giving full accounts of sales, markets, and news of the latest dates.

It is published at the low price of $2. For this small sum subscribers get valuable and entertaining matter, each week enough to fill a common book of 200 pages, and equal to 52 volumes a year, and which is estimated to be read, weekly, by at least two hundred thousand people, scattered in all parts of the country, from Maine to Florida, and from the sea board to the lakes. The paper has been now so long established as to render it too well known to require an extended prospectus, the publishers, therefore, will do no more than refer to the two leading daily political papers of opposite politics. The Pennsylvanian says—'The Saturday Courier is the largest, and one of the best family newspapers in the Union; the other, the Inquirer and Daily Courier, says, 'it is the largest journal published in Philadelphia, and one of the very best in the United States.' The New York Star says—'we know of nothing more liberal on the part of the editors, and no means more efficacious to draw out the dormant talents of our country, than their unexampled liberality in offering literary prizes.

The Albany Mercury of March 16th 1836 says, 'the Saturday Courier, is decidedly the best Family Newspaper ever published in this or any other country, and its value is duly appreciated by the public, if we may judge from its vast circulation, which exceeds 25,000 per week!' Its contents are agreeably varied, and each number contains more really valuable 'reading matter' than is published in a week in any daily paper in the Union—Its mammoth dimensions enable its enterprising proprietors, Messrs. Woodward & Clarke, of Philadelphia, to re publish in its columns, in the course of a year, several of the most interesting new works that issue from the British press; which cannot fail to give to it a permanent interest, and render it worthy of preservation. To meet the wishes, therefore, of such of their subscribers as desire to have their numbers bound, they have determined on issuing an edition of the Courier in the quarto form, which will render it much more convenient for reading when it is bound in a volume, and thus greatly enhance its value.'

THE QUARTO EDITION.

Under the title of the Philadelphia Mirror, will commence with the publication of the Prize Tale, to which was awarded the prize of $100, written by Miss Leslie, editor of the splendid Annual the Token, and author of Pencil Sketches and other valuable contributions to American Literature. A large number of songs, poems, tales, &c. offered in competition for the $500 premiums, will add value and interest to the succeeding numbers, which will also be enriched by a story from Miss Sedgewick, author of Hope Leslie, The Linwoods &c., whose talents have been so justly and extensively appreciated, both at home and abroad.

This approved *Family Newspaper* is strictly neutral in religious and political matters, and the uncompromising opponent of quackery of every kind.

MAPS.

In addition to all of which the publishers intended furnishing their patrons with a series of engraved Maps, embracing the twenty five States of the Union, &c. exhibiting the situation, &c of rivers, towns, mountains, lakes, the sea board, internal improvements, as displayed in canals, rail roads, &c., with other interesting and useful features, roads, distances, &c. forming a complete Atlas for general use and information, handsomely executed, and each distinct map on a large quarto sheet, at an expense which nothing but the splendid patronage which for six years past has been so generously extended to them, could warrant.

TERMS.

The Philadelphia Saturday Courier is still continued in its large form, at the same price as heretofore. The Philadelphia Mirror being a quarto edition of the Saturday Courier, with its increased attractions, and printed on the best fine white paper of the same size as the New York Albion will be put at precisely one half the price of that valuable journal, viz: Three Dollars per annum payable in advance. (including the Maps.)
