Valuable Farm
FOR SALE.

By virtue of a decree of Queen Ann's county court the subscriber as trustee will offer at public sale on THURSDAY 1st day of June, at Centreville at 12 o'clock, the farm known by the name of Prospect Bay, situated in Piney Neck, Q. A. County.

This farm is beautifully situated on Eastern Bay and Greenwood's Creek—where the various luxuries of the water can be had in great abundance, the shores afford a quantity of sea ooze and some shells, which make the farm very susceptible of improvement. The farm is of a sandy quality, and adapted to the growth of corn, is well divided with fencing principally of Chesnut. There are about 25

acres of Marsh, about 250 acres of arable land, and the residue in

WOOD LAND:

containing in the whole, by late survey

375 Acres and 1 Rood.

The improvements consist of a small

Two story frame Dwelling,

Kitchen, meat house, Quarter, Windmill, Corn house, Stable, and a large Barn, embracing two corn cribs, granary, carriage house and two sheds. To a person in want of a farm this cannot fail to please, as for beauty of situation and general advantage, it is surpassed by few.

It is presumed persons wishing to purchase will view the premises which will be cheerfully shewn them by W. A. G. Hobbs residing thereon.

The terms of sale as prescribed by the decree are, that the purchaser or purchasers shall give bond with approved security for the payment of the purchase money in three equal instalments of six, twelve and eighteen months from the day of sale. Upon the payment of the money and the ratification of the sale by the court, the trustee will execute a good and sufficient deed to the purchaser, free of all incumbrances.

E. P. ROBERTS & SADNS & NEILSON

Having purchased the Establishment of the

FARMER & GARDENER.

Successor to the

AMERICAN FARMER,

And being desirous to place it within the reach of every agriculturist in the United States, have concluded to *reduce its subscription price from five dollars, to two dollars and a half*, per year, from and after the beginning of the next volume, which will commence in May next.

It is now nearly eighteen years since the American Farmer was first established. Prior to its institution, there were no paper exclusively devoted to agriculture in the country, and it will not be arrogating any thing but what it deserves, to say, that, as it was the pioneer in the good work, the labors of its former conductors must have been productive of much solid advantage to those for whose benefit it was established. In continuing its publication, the present proprietors flatter themselves that its pages will be found to contain matter at once calculated to instruct & interest the agricultural reader. So far as they are concerned, they are determined to conduct it with industry, unflinching perseverance, & with undivided attention to the great and important purposes which called it into existence. They feel certain that none of its patrons will have cause to complain, at the end of their subscription year, that they have left any effort unessayed to render it worthy of their confidence and support.

In reducing its subscription price, they have ventured upon an experiment full of risk and responsibility, and as they have done so under the influence of motives which they must be permitted to say should commend it to a greatly increased subscription—as they can alone look to *that* as the source of their remuneration—and as in so doing, their labor will be much increased—they appeal to its present patrons to aid them in giving it an extended circulation. They are confident that those who now honor them with their support, can, without personal inconvenience, in their own immediate neighborhoods, and among their personal friends, by using their deserved influence, procure such an addition to their present list of subscribers, as will not only realize their fondest expectations; but place them under renewed obligations of interest and gratitude, to render the *Farmer and Gardener* a welcome visitor to the fireside of every farmer and planter.

The farmer and Gardener will at once be a faithful repository of original communications from practical agriculturists and horticulturists, and of judicious selections from every other available source. Foreign, and domestic agricultural, and scientific works, will be constantly resorted to, for the purpose of furnishing materials calculated to advance the prosperity and happiness of the country, and of adding to the intelligence of the American husbandman.

In fine, whatever concerns the business, of the *farm, domestic animals of all kinds, newly invented implements of husbandry, those of approved utility now in use*, together with the principles and practice of agriculture, horticulture, and gardening generally, will be regularly and conscientiously noticed. The *prices of produce* in this market, and the value of *bank notes* will be weekly laid before its readers.

With a view of keeping their patrons advised of all superior breeds of animals already introduced, or which may be hereafter imported, they will seize the earliest opportunity of translating all such information to the columns of their journal.

TERMS, &c.

Price two dollars and fifty cents per annum or all subscriptions paid in advance, or within one month from the date of subscription—all subscriptions which remain unpaid beyond that period, will be charged at the rate of three dollars per year.

LAND FOR SALE.

The subscriber having had bad health, for the last ten years, so much so as to deprive him from attending to his Farms, which is necessary to his interest, and being desirous to close his affairs as soon as possible, will dispose of the following property, below its value.

The farm on which Mr. Ezekial *H.* Cooper, esided, for, the last two years, about five miles from the Trappe, and one or one and a half from Cheptank river,

Containing 484 1-2 Acres.

This Farm is laid off in three fields and three lots, the latter is very fine land, capable of producing 150 Barrels of Corn—one of them well set in Clover,—the fields fine land to improve,—there is a new well of first rate water

near the Dwelling, and also a fine mineral spring, about 300 yards from the Dwelling. A large quantity of

WHITE OAK TIMBER, AND WOOD, can be spared, enough I presume, to pay nearly double the mount of the purchase, which is convenient to deliver on the river,—the situation is considered to be as healthy as any in the neighborhood.

This Farm, was formerly in two, and persons wishing to purchase, can divide it with convenience. I have not rented this Farm for the present year owing to the difficulty of getting seed wheat, and possession can be had on the disposal of it.

Also, one half of the adjoining Farm, containing

150 Acres, more or less,

Belonging to the late Dr. Edward Harris heirs and myself, with a good supply of

TIMBER,

And is rented for this year to Mr. Edward V. Davis. A part of the purchase money is required to be paid, and the balance on such credit as may be agreed to, and on the payment of the purchase money a good and sufficient deed will be given.

Persons not acquainted with these Farms, by application to Mr. Martin Goldsborough, will be shown them,—not being able myself, as I am confined to my room. For terms apply to
