RULES

Of the Eastern Shore Court of Appeals,

Adopted at December Term 1806. Published by authority and in compliance with a law passed at the last session of the General Assembly.

1st. That the Plaintiff in error shall assign errors during the term to which the record is returned, at the second term there shall be a rejoinder in error, and the case shall stand for argument at the third term.

2d. In all those cases which are intended for argument, the counsel shall at the second term furnish the Court with a brief of the fact upon which the questions, of Law are to arise and a statement of the questions that no suit shall be continued beyond the time limited by law although the counsel for the parties should consent to continue the same, unless the Court are satisfied justice requires such continuance.

3d. That no suit standing under Rule argument shall be continued beyond the time assigned for argument unless at the discretion of the Court for cause shown.

4th. That no writ of Deminution shall be granted after the suit is under rule argument, unless on the terms that the party applying for such writ shall be burthened with all the costs which have antecedently accrued in this Court.

5th That no writ of Deminution shall issue unless the party applying for the same shall specify in writing in what the Record brought up is defective.

6th. That the Clerk of this Court do not deliver out any original papers without leave of the Court

7th. That the several Sheriffs of the counties on the Eastern Shore, who have process in their hands shall attend the Court on the first day of every Term and return all the process at nine o'clock on the first day of the Term.

At June Term, 1812. the following order was made. viz: Ordered by the Court that in future all cases brought up to this Court by appeal or writ of error to June, and all cases brought up the November Term shall stand for argument to the June Term following.

True copy, Attest,

$100 REWARD.

Runaway from the subscriber, on Sunday night last, the 5th ult, a negro man named

John Shadden,

very black about 27 years of age, 5 feet 4 or 5 inches high, stout and well made, has rather a down look when spoken to, but very humble and submissive; has a scar on his face near the temple, but not recollected on which side; also a scar on the chin, occasioned by the cut of a knife. The said negro is a good laboring hand on a farm, and is partially acquainted with the shoemaking business. The clothing taken off by him were two pair of new tow-linen trousers, with cotton warp, and two shirts of the same kind; a pair of cross-barred cassinet pantaloons, a blue cloth round jacket, a pair of white janes pantaloons a round jacket of red and white twilled cotton, two muslin shirts, and two pair of old kirsey trousers, dyed purple, a fur hat not much worn, with some other clothing not recollected. It is supposed a small black woman, his wife, and the property of Mrs. Sarah Lee, has gone off in company with him, and it is believed they have made their way to Pennsylvania or Jersey.

The above reward will be given if said negro be apprehended out of the State, and lodged in some Jail so that I get him again, or fifty dollars, if taken in the State and brought home.

WILLIAM SLAUGHTER.

Talbot Co. Md. Sept. 1, 1838.

WAS committed to the Jail of Baltimore City and County on the 14th day of August, 1838, by John Slee, Esq., a Justice of the Peace in and for Baltimore City, a negro Man, as a runaway, named JOHN, alias GEORGE WARD, who says he is free, and was raised hy his mother, Anne Ward, in Kent County, Md., and has lived for several years in this city. He is 5 feet 2 1-4 inches in height, 19 or 20 years, of age, light complexion, has a scar on the right side of the head and several small ones on the front part of his neck—the little finger of the left hand injured from a cut. Had on when committed a blue striped cotton shirt, blue cloth pants, pair old shoes and old straw hat.

The owner, if any, of the above described negro man, is requested to come forward, prove property, pay charges and take him away, otherwise he will be discharged according to law.

Morison's Pills.

R. FENNER,

General Agent for Pennsylvania, Maryland, Delaware, &c. No. 3½ south st. three doors below Market st., Philadelphia, and No. 10 North st. Baltimore, near the Post Office.

HEALTH SECURED BY THE USE OF THE HYGEIAN VEGETABLE UNIVERSAL MEDICINES,

As formerly prepared under the supervision of the late Mr. THOMAS MOAT, Vice President of

The British College of
HEALTH, LONDON.

Manufactured in this country in their original purity by H. SHEPHEARD MOAT eldest son of the above.

Which have obtained the approbation and recommendation of Thousands, who have been cured in Consumption, Cholera Morbus, Inflamations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Doloreux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions to which the Female form is so distressingly liable, and which send so many of the fairest portion of the creation to their untimely graves; Small Pox, Measels, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Structures, Ruptures, and Syphilies in all its stages; Constipated Bowels, Worms, Scurvy, Itching of the Skin, Kings Evil and all Cutaneous Disorders; in short, every Complaint to which the human frame is so directly subject, under all their varied forms and names, as the Hygeian conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, in the IMPURITY OF THE BLOOD, from which springs every Complaint that can possibly assail his complicated frame, and that it is the perpetual struggle of this vital, pure stream of life, (the gift of Almighty power) to disencumber itself of its vicious, acrid humors, with which it has become commixed.

This valuable medicine, being composed only of vegetable matter, of medicinal herbs, and warranted on oath, as containing not one particle of mercurial, mineral, or chemical substances, (all of which are uncongenial to the nature of man, and therefore destructive to the human frame,) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patients, with the least possible sensation of pain exhaustion of bodily strength, and without the fear of catching cold, or attention to dress or diet, in any way different, from their accustomed habits.

These Pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, the nervous, the delicate are in a few days strengthened by their operation, because they clear the body of its bad humours, and invariously produce sound sleep. They are the safest and most efficacious Medicine to take to sea; preventing scurvey, costiveness, &c.

The operation of this mild Medicine, which conveys immediate conviction of its utility, from the first dose is as beneficial to the mind as the body; first calming then curing all Mental derangements, Eccentricities, Nervous Affections, Irritability and Restlessness, from whatever source; complaints which have hitherto not been properly understood, as the Hygeists have found them all to proceed from acrimonious humours in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.

The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure—perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The litesary and sedentary of both sexes, whose pursuit so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz. in two kinds of pills, of different strength or power, designated by No 1, and No 2; the first is a powerful, but most mild and gentle aperient, or opening medicine, detaching and partially removing the billious ropy humors, while the No 2 Pills carry off those and the serious acid and putrid humors, incidental to the body; and act together as a ferret in a warren, never resting until every avenue of the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimoni phlegm; are cooling and allay thirst. One, two or three powders may be taken throughout the day, mixed in a half tumbler of water.

The pills are sold in 25 cent boxes, and packets of $1, $2 and $3 each. The Powder in boxes 37½ cents.

CAUTION—Medicines of such great virtue as these, have been, and will be most certainly counterfeited.—To protect those desirous of obtaining the Genuine Hygeian Medicines, every packet has a fac simile of the signature of H. Shepheard Moat, on one side, and on the other a yellow label, with the written signatures for the district, and the actual seller of the medicine.

The publications in proof of the Hygeian Theory, are:

Morrisonian, 2 vols. 8vo.—price $2,75 per vol
The Family Adviser, 3 vols. 8vo—$1 per vol
Practical Proof, containing many attested cures, price 37½ cents. And just published.
The Mother's Book of Hygeian Midwifery, by H. Shepheard Moat, of New York.

☞Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No 3½ SOUTH SEVENTH STREET, three doors below Market street Philadelphia—and at No 10 North street Baltimore, nearly opposite the Post Office, where the Genuine Medicine may always be obtained.

MARL FOR SALE.

The subscriber having made arrangements for disposing of the valuable shell marl, which exists on his estate in Talbot County, informs the Agricultural community, that he is now ready to deliver, of the above article, any quantity that may be required, by giving him timely notice.

The Marl may be taken from the banks at the price of one cent per bushel cash.

The fertalizing properties of calcareous marl are now so well known, that it is unnecessary to advert to the subject—in reference to this deposite it may be stated that it consists of Sea shells, with very little admixture of earth, and contains from 2 to 4 times the quantity of lime that is contained in the best English Marl.—Those wishing to purchase will please address William B. Smyth, Easton, Md. Vessels going for it will pass up the Great Choptank until the Dover Bridge appears in sight—they will then come to Barker's landing where they will find the lands of the undersigned on the west bank of the river.

WILLIAM B. SMYTH.

April 7, 1838.

The following is an extract from the report of the Geologist appointed by the state of Maryland to make a minute geological survey of the State.

"But perhaps the most valuable beds of shell marl in this part of Talbot county, inasmuch as they may be made extensively available to the public demands for the article, are those which were fully described in the preceeding report. They occur three miles below Dover Bridge, forming the high bank from fifteen to twenty feet above tide, being one compact mass of fossil shells, and extending nearly a mile along the river, on the farms of the late Col. Smyth and Mr. Atkinson. These beds are in contiguous strata, apparently successive and consist of vast accumulations principally, in the ascending order, of oyster shells succeeded by clam shells intermixed with other marine shells; scollop, clam and scollop, and uppermost principally of scollop. Endeavor was made to bring these beds into notice, with a view of enlisting them into public service, by giving to their proprietors what was deemed proper directions for extracting the materials, and salutary advice as to a just estimate of its value in order to secure a constant and permanent dispesal of it. The subject is now in progress of experiment. South of these banks on the Choptank, no other deposite of marl is known to occur.'

The Cambridge Chronicle, Centreville Times, Kent Bugle, and Delaware Journal will copy the above, 3 times and send their accounts to this office for collection.

NOTICE TO CONTRACTORS.

Eastern Shore Rail Road,
MARYLAND.

FORTY miles of the Southern end of the Eastern Shore Rail Road, or nearly all that lies in Somerset county—and about 12 or 14 miles of the Northern end in Cecil county, will be ready for grading by the 24th of SEPTEMBER. In Somerset, the work will be light, as the country is generally level and the road bed except the crossing of Rivers and Creeks will be formed chiefly from the side drains. In Cecil, there will be a great deal of heavy excavation and embankment, in a stiff clay soil. In both counties, but chiefly in Somerset, there will be much grubbing and clearing to be done. The work will be divided into suitable sections and the first lettings will be for the grading of the road, for culverts and for drains and for grubbing and clearing, seperately or together.

The work, with the plans, specifications, forms of proposal, and other necessary information will be shown by the Engineers along the line, and at the office in Princess-Anne. Sealed and endorsed proposals, accompanied by satisfactory references, will be addressed until the 20th September to the Chief Engineer at his office, in Princess-Anne, and from that time until the 25th at the city Hotel in Baltimore, at which time and place, the several bids for the work will be acted on.—Neither partnerships, nor sub-contracts will be recognized.

A NEW AND IMPROVED
PORTABLE HORSE POWER,
AND THRESHING MACHINE.

Having obtained Letters Patent, bearing date Feb. 6th, 1838, for an improvement of a PORTABLE HORSE POWER, for propelling Threshing Machines, Clover Mills Small Grist Mills, &c.

The subscriber takes this method of informing the public, that he will be prepared to supply all orders at the shortest notice. The superiority over other machines, consist in ease of operation, durability and simplicity. Being constructed principally of iron, both Horse-Power and Thresher, the bearings been surrounded with oil cups, which retain oil sufficient for one day; without replenishing, supercedes the necessity of hourly application of oil, which renders other machinery so liable to injury from neglect, and hazardous to those who may superintend them, consequently produced by applying oil, during the operation or from a neglect of its mechanical construction. The vertical and horizontal bearings are supplied with oil by nutrition and capillary which is a great saving of oil, and prevents them from becoming dry and injuring the machine, which is so detrimental to other machinery. The Horse Power occupies the space of 3 feet by 3 feet 6 inches, which contains the moving machinery. This machine will thresh all kinds of grain, it also answers the purpose of cleansing clover seed, and with my late improvement is far superior to my former machines.

This machine can be transported in a common cart or wagon, without any inconvenience. A further description is deemed unnecessary, as those who would wish to purchase, will call and examine for themselves. The subscriber has constantly on hand the above described machines at his manufactory north of Brandywine village, Del. where orders will be received and the machines sent to any part of the neighboring states. Hundreds of certificates can be produced that it is superior to any thing of the kind they have yet seen.

References to the superiority of this machine may be had in the surrounding counties of Philadelphia, Montgomery, Delaware, Chester and Lancaster, Pa.; New Castle, Kent, and Sussex, Del.; and Cecil, Kent and Harford, Md.; Salem, Cumberland, Gloucester, and Burlington, N. J., where these machines have been justly celebrated and given entire satisfaction.
