POETRY.

THE REVOLUTIONARY VOTERS.

'In Northfield, N. H. on the day of election nine revolutionary soldiers attended the polls together, and voted for the democratic whig ticket.'

Room for the grey haired soldiers!
Is a noble band they come—
But not with the battle shout,
Nor the sound of the martial drum.
Not now with the nodding plume,
Nor the war-steed proudly prancing,
Do they come, with the light of the early day
On their bayonets brightly glancing.

Not now with the stars and stripes,
Above them floating free,
Do they press to the battle field,
With the cry of Liberty;
Nor now does the cannon roar,
Or the speedy musket flash;
Rally the ranks of the freemen
Where the swords of the foemen clash.

With tottering steps they come,
And lips all bloodless now
They press like the bride at the altar shrine,
To renew their early vow;
For Freedom still the cry
Echoes from hill and valley,
And they rush at the call as in other days,
When the war cry bade them rally.

One tells the hair breadth 'scapes,
With Stark at Bennington,
Another drops a soldier's tear
As he speaks of Washington.
And they tell to each the olden tale,
Renowned in golden story,
Of Lexington and Bunker Hill,
And the death of the craven tory.

Room for the grey haired soldiers!
Room for the patriot sires,
Who kindled in our green land
The light of freedom's fires;
Long, long may they gather here,
With the children of the free,
And ever as now renew their vows
In the cause of Liberty

MARL FOR SALE.

The subscriber having made arrangements for disposing of the valuable shell marl, which exists on his estate in Talbot County, informs the Agricultural community, that he is now ready to deliver, of the above article, any quantity that may be required, by giving him timely notice.

The Marl may be taken from the banks at the price of one cent per bushel [illegible]sh.

The fertalizing properties of calcareous marl are now so well known, that it is unnecessary to advert to the subject—in reference to this deposite it may be stated that it consists of Sea shells, with very little admixture of earth, and contains from 2 to 4 time the quantity of lime that is contained in the best English Marl.—Those wishing to purchase will please address William B. Smyth, Easton, Md. Vessels going for it will pass up the Great Choptank until the Dover Bridge appears in sight—they will then come to Barker's landing where they will find the lands of the undersigned on the west bank of the river.

WILLIAM B. SMYTH.
April 7, 1838.

The following is an extract from the report of the Geologist appointed by the state of Maryland to make a minute geological survey of the State.

'But perhaps the most valuable beds of shell marl in this part of Talbot county, inasmuch as they may be made extensively available to the public demands for the article, are those which were fully described in the preceding report. They occur three miles below Dover bridge, forming the high bank from fifteen to twenty feet above tide, being one compact mass of fossil shells, and extending nearly a mile along the river, on the farms of the late Col. Smyth and Mr. Atkinson. These beds are in contiguous strata, apparently successive and consist of vast accumulations principally, in the ascending order, of oyster shells succeeded by clam shells intermixed with other marine shells, scollop, clam and scollop, and uppermost principally of scollop. Endeavor was made to bring these beds into notice, with a view of enlisting them into public service, by giving to their proprietors what was deemed proper directions for extracting the materials and salutary advice as to a just estimate of its value in order to secure a constant and permanent disposal of it. The subject is now in progress of experiment. South of these banks on the Choptank, no other deposite of marl is known to occur.'

The Cambridge Chronicle, Centreville Times, Kent Bugle, and Delaware Journal will copy the above, 3 times and send their accounts to this office for collection.

General Agent for Pennsylvania, Maryland, Delaware, &c. No. 3½ south st. three doors below Market st., Philadelphia, and No. 10 North st. Baltimore, near the Post Office.

HEALTH SECURED BY THE USE OF THE HYGEIAN VEGETABLE UNIVERSAL MEDICINES,

As formerly prepared under the supervision of the late Mr. THOMAS MOAT, Vice President of

The British College of
HEALTH, LONDON.

Manufactured in this country in their original purity by H. SHEPHEARD MOAT eldest son of the above.

Which have obtained the approbation and recommendation of Thousands, who have been cured in Consumption, Cholera Morbus, Inflamations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Doloreux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions to which the Female form is so distressingly liable, and which send so many of the fairest portion of the creation to their untimely graves; Small Pox, Measels, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Structures, Ruptures, and Syphilis in all its stages; Constipated Bowels, Worms, Scurvy, Itching of the Skin, Kings Evil and all Cutaneous Disorders in short, every Complaint to which the human frame is so directly subject, under all their varied forms and names, as the Hygeian conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, in the IMPURITY OF THE BLOOD, from which springs every Complaint that can possibly assail its complicate frame, and that it is the perpetual struggle of this vital, pure stream of life, (the gift of Almighty power) to disencumber itself of its vicious, acrid humors, with which it has become contaminated.

This valuable medicine, being composed only of vegetable matter, of medicinal herbs, and warranted on oath, as containing not one particle of mercurial, mineral, or chemical substances, (all of which are uncongenial to the nature of man, and therefore destructive to the human frame,) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world This wonderful effect, too, is produced by the least trouble to the patients, with the least possible sensation of pain, exhaustion of bodily strength, and without the fear of catching cold, or attention to dress or diet, in any way different, from their accustomed habits.

These Pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, the nervous the delicate are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariously produce sound sleep. They are the safest and most efficacious Medicine to take to sea; preventing scurvey, costiveness, &c.

The operation of this mild Medicine, which conveys immediate conviction of its utility, from the first dose is as beneficial to the mind as the body; first calming then curing all Mental derangements, Eccentricities, Nervous Affections, Irritability and Restlessness from whatever source; complaints which have hitherto not been properly understood, as the Hygeists have found them all to proceed from acrimonious humours in the blood, and, happily for the present and future race of mankind, discovery, a cheap and universal mode of purifying, curing, and preventing.

The being cured of any disease, infirmity or sore, is now no more a dubious or uncertain procedure—perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The litesary and sedentary of both sexes, whose pursuit so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses and the patient will come off well, when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz: two kinds of pills, of different strength or power, designated by No 1, and No 2; the first is a powerful, but most mild and gentle aperient, or opening medicine, detaching and partially removing the bilious ropy humours, while the No 2 Pills carry off those and the strong acrid and putrid humors, incident to the body, and act together as a ferret in a warren, never resting until every avenue of the human frame is thoroughly searched, and cleansed of its impurities

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they clean, cleanse, and detach the acrimonious phlegm; are cooling and allay thirst. One, two or three powders may be taken throughout the day, mixed in a half tumbler of water.

The pills are sold in 25 cent boxes, and packets of $1, $2 and $3 each. The Powder in boxes 37½ cents.

CAUTION—Medicines of such great virtue as these, have been, and will be most certainly counterfeited—To protect those persons of obtaining the Genuine Hygeian Medicines, every packet has a fac simile of the signature of H. Shepheard Moat, on one side, and on the other a yellow label, with the written signatures for the district, and the actual seller of the medicine.

The publications in proof of the Hygeian Theory, are:

Morrisonian, 2 vols 8vo—price $2.75 per vol
The Family Adviser, 3 vols. 8vo—$1 per vol
Practical Proof, containing many attested cures, price 37½ cents. And just published
The Mother's Book of Hygeian Midwifery, by H. Shepheard Moat, of New York.

☞ Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No 3½ South Seventh Street, three doors below Market street Philadelphia—and at No 10 North street Baltimore, nearly opposite the Post Office, where the Genuine Medicine may always be obtained.
