A MOTHER'S HEART.

BY MRS. NORTON.

When first thou camest, gentle, shy, and fond,
My eldest-born—first hope, and dearest treasure,
My heart received thee with a joy beyond
All that it yet had felt of earthly pleasure;
Nor thought that any love again might be
So deep and strong as that I felt for thee.

Faithful and fond, with sense beyond thy years,
And natural piety that leaned to Heaven,
Wrung by the harsh word suddenly to tears,
Yet patient of rebuke when justly given;
Obedient, easy to be reconciled,
And meekly cheerful—such wert thou, my child!

Not willing to be left: still by my side
Haunting my walks, while summer day was dying;
Nor leaving in thy turn, but pleased to guide
Through the dark room where I was sadly lying;
Or by the couch of pain a sitter meek,
Watch the dim eye and kiss the feverish cheek.

Oh, boy! of such as thou are oftenest made
Earth's fragile idols; like a tender flower,
No strength in all thy freshness; prone to fade,
And bending weekly to the thunder shower;
Still, round the loved thy heart found force to bind
And clung, like woodbine shaken in the wind!

Then thou, my merry love! bold in thy glee,
Under the bough or by the firelight dancing,
With thy sweet temper, and thy spirit free,
Didst come, as restless as a bird's wing glancing;
Full of a wild irrepressible mirth,
Like a young sunbeam to the gladdened earth!

Thine was the shout—the song—the burst of joy,
Which sweet from childhood's rosy lip resoundeth;
Thine was the eager spirit nought could cloy,
And glad heart from which all grief reboundeth;
And many a mirthful jest and mock reply
Lurked in the laughter of thy dark blue eye!

And thine was many an art to win and bless,
The cold and stern to joy and fondness warming;
The coaxing smile, the frequent soft caress,
The earnest, tearful prayer, all wrath disarming!
Again my heart a new affection found,
But thought that love with thee had reached its bound.

At length thou camest—thou, the last and least;
Nick named 'The Emperor' by thy laughing brothers,
Because a haughty spirit swelled thy breast,
And thou didst seek to rule and sway the others,
Mingling with every playful infant wile
A mimic majesty that made us smile.

And oh! most like a regal child wert thou!
An eye of resolute and successful scheming;
Fair shoulders, curling lip, and dauntless brow,
Fit for the world's strife—not for poet's dreaming;
And proud the lifting of thy stately head,
And the firm bearing of thy conscious tread.

Different from both!—Yet each succeeding claim
I, that all other love had been forswearing
Forthwith admitted, equal and the same;
Nor injured either by this love's comparing,
Nor stole a fraction for the newer call,
But in the Mother's Heart found room for all.

very black, about 27 years of age, 5 feet 4 or 5 inches high, stout and well made, has rather a down look when spoken to, but very humble and submissive; has a scar on his face near the temple, but not recollected on which side; also a scar on the chin, occasioned by the cut of a knife. The said negro is a good laboring hand on a farm, and is partially acquainted with the shoemaking business The clothing taken off by him were two pair of new tow-linen trousers, with cotton warp, and two shirts of the same kind; a pair of cross-barred cassinet pantaloons, a blue cloth round jacket, a pair of white janes pantaloons, a round jacket of red and white twilled cotton, two muslin shirts, and two pair of old kirsey trousers, dyed purple, a fur hat not much worn, with some other clothing not recollected. Valuable Mills For Sale.

The subscriber offers for sale the valuable Mills and Mill-seat at which he resides, near Hillsborogh, Caroline county.

The Mill seat contains seventy four acres of land to which belongs a large and *never-failing stream* of water, supposed to be unequalled by any on the peninsula, About one half of the land is covered well with wood & timber. MARL FOR SALE.

The subscriber having made arrangements for disposing of the valuable shell marl, which exists on his estate in Talbot County, informs the Agricultural community, that he is now ready to deliver of the above article any quantity that may be required, by giving him timely notice.

The Marl may be taken from the banks at the price of one cent per bushel cash.

The fertalizing properties of calcareous marl are now so well known, that it is unnecessary to advert to the subject—in reference to this deposite it may be stated that it consists of Sea shells, with very little admixture of earth, and contains from 2 to 4 times the quantity of lime that is contained in the best English Marl.—Those wishing to purchase will please address William B. Smyth, Easton, Md. Vessels going for it will pass up the Great Choptank until the Dover Bridge appears in sight—they will then come to Barker's landing where they will find the lands of the undersigned on the west bank of the river.

WILLIAM B. SMYTH.

April 7, 1838.

The following is an extract from the report of the Geologist appointed by the state of Maryland to make a minute geological survey of the State.

'But perhaps the most valuable beds of shell marl in this part of Talbot county, inasmuch as they may be made extensively available to the public demands for the article, are those which were fully described in the preceding report. They occur three miles below Dover bridge forming the high bank from fifteen to twenty feet above tide, being one compact mass of fossil shells, and extending nearly a mile along the river, on the farms of the late Col. Smyth and Mr. Atkinson These beds are in contiguous strata, apparently successive and consist of vast accumulations principally, in the ascending order, of oyster shells succeeded by clam shells intermixed with other marine shells, scollop, clam and scollop, and uppermost principally of scollop. Endeavor was made to bring these beds into notice, with a view of enlisting them into public service, by giving to their proprietors what was deemed proper directions for extracting the materials, and salutary advice as to a just estimate of its value in order to secure a constant and permanent disposal of it. The subject is now in progress of experiment. South of these banks on the Choptank, no other deposite of marl is known to occur.'

The Cambridge Chronicle, Centreville Times, Kent Bugle, and Delaware Journal will copy the above, 3 times and send their accounts to this office for collection.

HEALTH SECURED BY THE USE OF THE HYGEIAN VEGETABLE UNIVERSAL MEDICINES,

As formerly prepared under the supervision of the late Mr. THOMAS MOAT, Vice President of

The British College of

HEALTH, LONDON.

Manufactured in this country in their original purity by H. SHEPHEARD MOAT eldest son of the above.

Which have obtained the approbation and recommendation of Thousands, who have been cured in Consumption, Cholera Morbus, Inflamations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Doloreux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions to which the Female form is so distressingly liable, and which send so many of the fairest portion of the creation to their untimely graves; Small Pox, Measels, Whooping Cough, Scarlet Fever, Asthma Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Structures, Ruptures, and Syphilies in all its stages; Constipated Bowels, Worms, Scurvy, Itching of the Skin, Kings Evil and all Cutaneous Disorders; in short, every Complaint to which the human frame is so direfully subject, under all their varied forms and names, as the Hygeian conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, in the IMPURITY OF THE BLOOD, from which springs every Complaint that can possibly assail his complicated frame, and that it is the perpetual struggle of this vital, pure stream of life, (the gift of Almighty power) to disencumber itself of its vicious, acrid humors, with which it has become commixed.

This valuable medicine, being composed only of vegetable matter, of medicinal herbs, and warranted on oath, as containing not one particle of mercurial, mineral, or chemical substances, (all of which are uncongenial to the nature of man, and therefore destructive to the human frame,) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world This wonderful effect, too, is produced by the least trouble to the patients, with the least possible tensation of pain exhaustion of bodily strength, and without the fear of catching cold, or attention to dress or diet, in any way different, from their accustomed habits.

These Pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, the nervous, the delicate are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariously produce sound sleep. They are the safest and most efficacious Medicine to take to sea; preventing scurvey, costiveness, &c.

The operation of this mild Medicine, which conveys immediate conviction of its utility, from the first dose is as beneficial to the mind as the body, first calming then curing all Mental derangements, Eccentricities, Nervous Affections, Irritability and Restlessness, from whatever source; complaints which have hitherto not been properly understood, as the Hygeists have found them all to proceed from acrimonious humours in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.

The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure—perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and sedentary of both sexes, whose pursuit so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No 1, and No 2; the first is a powerful, but mild and gentle aperient, or opening medicine, detaching and partially removing the bilious rop humors, while the No 2 Pills carry off those and the serious acid and putrid humors, incidental to the body; and act together as a ferret in a warren, never resting until every avenue of the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimoni phlegm; are cooling and allay thirst. One, two or three powders may be taken throughout the day, mixed in a half tumbler of water.

The pills are sold in 25 cent boxes, and packets of $1, $2 and $3 each. The Powder in boxes 37½ cents.

CAUTION—Medicines of such great virtue as these, have been, and will be most certainly counterfeited.—To protect those desirous of obtaining the Genuine Hygeian Medicines, every packet has a fac simile of the signature of H. Shepheard Moat, on one side, and on the other a yellow label, with the written signatures for the district, and the actual seller of the medicine.

The publications in proof of the Hygeian Theory, are:

Morrisonian, 2 vols 8vo—price $2.75 per vol
The Family Adviser, 3 vols. 8vo—$1 per vol
Practical Proof, containing many attested cures, price 37½ cents. And just published
The Mother's Book of Hygeian Midwifery, A. H. Shepheard Moat, of New York.

☞ Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No 5½ SOUTH SEVENTH STREET, three doors below Market street Philadelphia—and at No 10 North street Baltimore, nearly opposite the Post Office, where the Genuine Medicine may always be obtained.
