POETRY.

RETURN OF THE PARENTS.

BY MRS. SIGOURNEY.

Long had they sped
O'er distant hill and valley, noting much
God's goodness in the riches of the land,
The summer-fruitage, and the harvest-heard,
The reaper wrestling with the bearded wheat,
And the proud torrent's glory when it shakes
The everlasting rock—nor yet forgets
To sprinkle greenness on the loneliest flower
That trembles at its base. Much, too, they spake
Of pleasure, 'neath the hospitable roofs
Of severed kindred: how the loving heart
From such communion learns to wipe away
The dust of household care, which sometimes hangs
In clouds o'er the clear spirit.

But anon
The eloquent lip grew silent, for they drew
Near that blest spot which throws all other lights
Into strong shadow—HOME.

At that full thought,
The bosom's pulse beat quicker, and the wheels
Moved all too slow, though scarce the eager steeds
Obeyed the rein. And as the mother spake
Somewhat, in murmurs, of her youngest boy,
There came a flood of beauty o'er her brow;
For holy love hath beauty, which grey Time
Could never steal.

'Tis there, behind the trees—
That well known roof—and from the open door,
What a glad rush! The son, who fain would take
His mother in his arms, as if her foot
Was all too good for earth; and at his side
The beautiful daughter, with her raven hair
So smoothly folded o'er her classic brow;
The infant crowing in its nurse's arms;
The bold boy, in his gladness springing up
Even to his father's shoulder; lisping tongues
And little dancing feet, and outstretched hands
Grasping the parent's skirts;—it was a group
That artist's pencil never yet hath sketched
In all its plenitude!

And when I saw
The brightness of the tear of joy, I felt
How poor the pomp of princes, and what dross
Was beaten gold, compared with that dear wealth—
Home and its gratulation, and the ties
Which Heaven hath twisted round congenial hearts
To draw them to itself.

IMPORTANT TO

FARMERS.

A NEW AND IMPROVED

PORTABLE HORSE POWER,

AND THRESHING MACHINE.

Having obtained Letters Patent, bearing date Feb. 6th, 1838, for an improvement of a PORTABLE HORSE POWER, for propelling Threshing Machines, Clover Mill Small Grist Mills, &c.

The subscriber takes this method of informing the public, that he will be prepared to supply all orders at the shortest notice. The superiority over other machines, consist in ease of operation, durability and simplicity. Being constructed principally of iron, both Horse Power and Thresher the bearings been surrounded with oil cups, which retain oil sufficient for one day; with on replenishing, supercedes the necessity of hourly application of oil, which renders other machinery so liable to injury from neglect, and hazardous to those who may superintend them, consequently produced by applying oil, during the operation or from a neglect of its mechanical construction. The vertical and horizontal bearings are supplied with oil by nutrition and capillary which is a great saving of oil, and prevents them from becoming dry and injuring the machine, which is so detrimental to other machinery. The Horse Power occupies the space of 3 feet by 3 feet 6 inches, which contains the moving machinery. This machine will thresh all kinds of grain, it also answers the purpose of cleansing clover seed, and with my late improvement is far superior to my former machines.

This machine can be transported in a common cart or wagon, without any inconvenience. A further description is deemed unnecessary, as those who would wish to purchase, will call and examine for themselves. The subscriber has constantly on hand the above described machines, at his manufactory north of Brandywine village, Del. where orders will be received and the machines sent to any part of the neighboring states. Hundreds of certificates can be produced that it is superior to any thing of the kind they have yet seen.

References to the superiority of this machine may be had in the surrounding counties of Philadelphia, Montgomery, Delaware, Chester and Lancaster, Pa.; New Castle, Kent, and Sussex, Del.; and Cecil, Kent and Harford, Md.; Salem, Cumberland, Gloucester, and Burlington, N. J., where these machines have been justly celebrated and given entire satisfaction.

HEALTH SECURED BY THE USE OF THE HYGEIAN VEGETABLE UNIVERSAL MEDICINES,

As formerly prepared under the supervision of the late Mr. THOMAS MOAT, Vice President of

The British College of

HEALTH, LONDON.

Manufactured in this country in their original purity by H. SHEPHEARD MOAT eldest son of the above.

Which have obtained the approbation and recommendation of Thousands, who have been cured in Consumption, Cholera Morbus, Inflamations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, Tic Doloreux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy Paralysis, Palsy, Green Sickness, and all obstructions to which the Female form is so distressingly liable, and which send so many of the fairest portion of the creation to their untimely graves; Small Pox, Measels, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Structures, Ruptures, and Syphilies in all its stages; Constipated Bowels, Worms, Scurvy, Itching of the Skin, Kings Evil and all Cutaneous Disorders; in short, every Complaint to which the human frame is so direfully subject, under all their varied forms and names, as the Hygeian conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, in the IMPURITY OF THE BLOOD, from which springs every Complaint that can possibly assail his complicated frame, and that it is the perpetual struggle of this vital, pure stream of life, (the gift of Almighty power) to disencumber itself of its vicious, acrid humors, with which it has become commixed.

This valuable medicine, being composed only of vegetable matter, of medicinal herbs, and warranted on oath, as containing not one particle of mercurial, mineral, or chemical substances, (all of which are uncongenial to the nature of man, and therefore destructive to the human frame,) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering, the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world This wonderful effect, too, is produced by the least trouble to the patients, with the least possible sensation of pain, exhaustion of bodily strength, and without the fear of catching cold, or attention to dress or diet, in any way different, from their accustomed habits.

These Pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth of this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, the nervous, the delicate are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariously produce sound sleep. They are the safest and most efficacious Medicine to take to sea; preventing scurvey, costiveness, &c.

The operation of this mild Medicine, which conveys immediate conviction of its utility, from the first dose is as beneficial to the mind as the body; first calming then curing all Mental derangements, Eccentricities, Nervous Affections, Irritability and Restlessness, from whatever source; complaints which have hitherto not been properly understood, as the Hygeists have found them all to proceed from acrimonious humours in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.

The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure—perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The litesary and sedentary of both sexes, whose pursuit so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No 1, and No 2; the first is a powerful, but most mild and gentle aperient, or opening medicine, detaching and partially removing the billious ropy humors, while the No 2 Pills carry off those and the serious acid and putrid humors, incidental to the body; and act together as a ferret in a warren, never resting until every avenue of the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimoni phlegm; are cooling and allay thirst. One, two or three powders may be taken throughout the day, mixed in a half tumbler of water.

The pills are sold in 25 cent boxes, and packets of $1, $2 and $5 each. The Powder in boxes 37½ cents.

CAUTION—Medicines of such great virtue as these, have been, and will be most certainly counterfeited.—To protect those desirous of obtaining the Genuine Hygeian Medicines, every packet has a fac simile of the signature of H. Shepheard Moat, on one side, and on the other a yellow label, with the written signatures for the district, and the actual seller of the medicine.

The publications in proof of the Hygeian Theory, are:

Morrisonian, 2 vols. 8vo—price $2,75 per vol.
The Family Adviser, 3 vols. 8vo—$1 per vol.
Practical Proof, containing many attested cures, price 37½ cents. And just published.
The Mother's Book of Hygeian Midwifery,
A. Shepheard Moat, of New York.

☞ Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No 3½ SOUTH SEVENTH STREET, three doors below Market street Philadelphia—and at No 10 North street Baltimore, nearly opposite the Post Office, where the Genuine Medicine may always be obtained
