POETRY.

THE BRIDE'S PRAYER.

[BY LIEUT. G. W. PATTEN,—U. S. A.

Father! I come to thee! a handmaid weak,
Whose lips have scarcely breath'd her bridal vow—
And yet, oh! yet, in tears thy shrine I seek,
For shadowy care sits heavy on my brow.

In gifts of love tho' manifold thou art,
One prayer I pray—one only boon I crave.
He leaves me, Father—tears me from his heart—
Watch, bless, and guide him o'er the wandering wave.

I suffer for his sake—these vigil eyes
Seem heavy with a sense of outward weight:
To deeply have I gazed upon the skies,
Scanning the burning star which rules his fate.

So come I with an offering:—Father, look
In mercy on me: listen to my prayer;
My heart such anxious longings may not brook—
Sinking it is with doubts and withering care.

This—this, the offspring of our early love,
O'er whose soft smiles these weeping eyes grow dim—
Thy tender mercy, Father, so I move—
I bring—oh, grief!—a sacrifice for him!

Shield—shield him from the tempest, when its wing
Of restless wandering rocks his ocean bed;
When o'er the waves mad winds a death-dirge ring—
While breaking billows lift his tossing head.

Watch, oh! watch o'er him, Father! If I weep,
It is but woman's tear—I trust in thee;
Amid the thunders of the foaming deep,
I know thy smile can soothe the surging sea.

Whate'er his sins, blot out or call them mine,
So thou uphold'st him on the crested wave—
He kneels not—pleads not, Father, at thy shrine,
Yet oh! watch o'er him—guide him—bless and save.

A SERIES OF DISASTERS.—A few weeks ago, a boy of Gideon Hulit, near Allentown, fell into his father's mill pond, while sliding on the ice. One of his brothers were near, and went to his assistance, but broke through the ice himself. A third and fourth brother, and then the father, attracted by the cries of the drowning boys, ran, one after another, to save them; but they too fell through the ice. The father and one of the boys extricated themselves; but were unable to rescue the three others.

At the funeral of these boys, the carriage of their uncle was dashed to pieces, the horses becoming restive, and the uncle's collar bone broken or dislocated.

Those who had been in this carriage, got into another, which was also overturned and broken; and the horses ran against the vehicle of another uncle, upset it, and threw out those who were inside, without, however, injuring them seriously. It was reported, also, says our informant, that the father of the boys, on returning from the funeral found his house on fire.

To the Editor of the N. Y. Courier.

SIR—You are authorised by the undersigned to state to the public (and particularly to those who have given to the world such high wrought statements in regard to the circumstance of the French brig of war Alcibiades having fired across the U. S. brig Consort) that he has requested the Honorable Secretary of the Navy, to grant him a court of inquiry, should the letters which he has placed on the files of the Navy Department prove unsatisfactory; and if upon such enquiry, it can possibly be proved that he suffered the slightest indignity to be offered to his Flag, he hopes to meet the punishment due to a dastardly coward.

JOURNAL
OF THE
American Silk Society
AND
RURAL ECONOMIST.

At a Convention which met at Baltimore on the 11th of December last, composed of a great number of gentlemen from various parts of the Union, distinguished for their public services, patriotism & practical intelligence, the following resolutions were unanimously adopted after full discussion, in the course of which a great mass of facts and valuable information was elicited.

Resolved, That it is the deliberate opinion of this Convention that *Silk* may be grown in all the United States, not only for domestic purposes, but as a valuable article of *commercial export*—thereby giving an active employment to American labour, and retaining millions of dollars in our country, that are annually sent out of it for the purchase of silken goods.

Resolved, That a National Silk Journal ought to be established under the auspices of the Executive Committee, and all the funds over and above the support of said paper ought to be devoted to the advancement of the silk cause in the United States.

Under the latter resolution the subscriber has been solicited to assume the editorial superintendence of the Journal to be published by the Society, and now, with not the least abatement of that fondness (not to say passion,) for rural life, and all its pursuits, which prompted him eighteen years since to issue the first number of the old American Farmer, he is but too happy to salute once more his old friends and correspondents, promising to deserve new ones by the most assiduous endeavours, (not incompatible with strict attention to his official duties,) to accelerate the growth and progress of what he is convinced is destined to become a great branch of national industry, bringing into active exercise much of the now unproductive laboring power of the country, giving comfort to the widow and the orphan, by offering them suitable and remunerating employment, and making, in the aggregate, a large addition to the wealth and prosperity of our beloved *Union*.

Though SILK and every thing connected with its production and all improvements in machinery for its preparation and manufacture, will constitute the *chief design and aim* of the Journal, for the sake of the agreeable and useful variety, a considerable portion of its pages will be dedicated to the justly popular and kindred subjects of *agriculture, horticulture* and *rural* and *domestic economy*—Hence, the adjunctive title 'RURAL ECONOMIST.'

J. S SKINNER.

The Journal of the American Silk Society will be published monthly, in pamphlet form each number will contain thirty two pages, printed on new type and handsome paper, with a printed coloured cover

All persons friendly to the objects of the Journal will please collect at once and transmit the names and subscription money of those who may feel disposed to patronize it.

TERMS.

Two Dollars a year, or six copies for Ten Dollars, always to be paid before the work is sent All subscriptions to begin with the first number of the year, and in no case will the work be sent to any subscriber longer than it shall have been paid for.

All communications to be addressed, post paid to GIDEON B. SMITH, Corresponding Secretary of the Society.

All Editors of papers who may desire to see *Silk* added to the list of *American Staples;* and who will have the kindness to give this prospectus a few insertions, will be entitled to a copy of the Journal.

HEALTH SECURED BY THE USE OF THE HYGEIAN VEGETABLE UNIVERSAL MEDICINES,

As formerly prepared under the supervision of the late Mr. THOMAS MOAT, Vice President of

The British College of HEALTH, LONDON.

Manufactured in this country in their original purity by H. SHEPHEARD MOAT eldest son of the above.

Which have obtained the approbation and recommendation of Thousands, who have been cured in Consumption, Cholera Morbus Inflamations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout Rheumatism, Lumbago, Tic Doloreux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplex. Paralysis, Palsy, Green Sickness, and all obstructions to which the Female form is distressingly liable, and which send so many of the fairest portion of the creation to the untimely graves; Small Pox, Measels Whooping Cough, Scarlet Fever, Asthma Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Structures, Ruptures, and Syphilies in all its stages; Constipated Bowels, Worms, Scurvy, Itching of the Skin, Kings Evil and all Cutaneous Disorders in short, every Complaint to which the human frame is so direfully subject, under all their varied forms and names, as the Hygeian conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE, that is, in the IMPURITY OF THE BLOOD, from which springs every Complaint that can possibly assail his complicated frame, and that it is the perpetual struggle of this vital, purest stream of life, (the gift of Almighty powers to disencumber itself of its vicious, acrid humors, with which it has become commixed

This valuable medicine, being composed only of vegetable matter, of medicinal herbs, and warranted on oath, as containing not one particle of mercurial, mineral, or chemical substances, (all of which are uncongenial to the nature of man, and therefore destructive to the human frame,) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering, the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world This wonderful effect, too, is produced by the least trouble to the patients, with the least possible tension of pain exhaustion of bodily strength, and without the fear of catching cold, or attention to dress or diet, in any way different from their accustomed habits.

These Pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, the nervous, the delicate are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariously produce sound sleep. They are the safest and most efficacious Medicine to take to sea; preventing scurvey, costiveness, &c

The operation of this mild Medicine, which conveys immediate conviction of its utility, from the first dose is as beneficial to the mind as the body; first calming then curing all Mental derangements, Eccentricities, Nervous Affections Irritability and Restlessness, from whatever source; complaints which have hitherto not been properly understood, as the Hygeists have found them all to proceed from acrimonious humours in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.

The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure—perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The litesary and sedentary of both sexes, whose pursuit so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No 1, and No 2; the first is a powerful, but most mild and gentle aperient, or opening medicine, detaching and partially removing the billious ropy humors, while the No 2 Pills carry off those and the serious acid and putrid humors, incidental to the body; and act together as a ferret in a warren, never resting until every avenue of the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimoni phlegm; are cooling and allay thirst. One, two or three powders may be taken throughout the day, mixed in a half tumbler of water.

The pills are sold in 25 cent boxes, and packets of $1, $2 and $3 each. The Powder in boxes 37½ cents.

CAUTION—Medicines of such great virtue as these, have been, and will be most certainly counterfeited.—To protect those desirous of obtaining the Genuine Hygeian Medicines, every packet has a fac simile of the signature of H. Shepheard Moat, on one side, and on the other a yellow label, with the written signatures for the district, and the actual seller of the medicine.

The publications in proof of the Hygeian Theory, are:

Morrisonian, 2 vols 8vo—price $2.75 per vol
The Family Adviser, 3 vols. 8vo—$1 per vol
Practical Proof, containing many attested cures, price 37½ cents. And just published.
The Mother's Book of Hygeian Midwifery, A. Shepheard Moat, of New York.

☞Respectable parties may be appointed hygeists on liberal terms, by applying to the General Depot, No 3½ SOUTH SEVENTH STREET, three doors below Market street Philadelphia—and at No 10 North street Baltimore, nearly opposite the Post Office where the Genuine Medicine may always be obtained.
