POETRY.

From the Philadelphia Gazette.

The following lines, which disclose their subject in the beginning, were handed to us by the Rev. WALTER COLTON, of the U. S. Navy. That officer, much as he has produced that is good, has never excelled this effusion. It is touching—it is beautiful.

STANZAS.

Suggested by a recent instance of suicide, resulting from the despair of disappointed affection.

No tears, regret may shed for thee
Can now avail to save;
No smiles, that love may now decree,
Can light thy lowly grave:
All dark the deed that drained the bowl,
And freed from earthly ill the soul—
Uncalled by Him who gave!
Yet blighted hopes and passion plead,
And erring pity veils the deed!

What now to thee that envied hearth,
That sweet surviving thrall?
Alike the voice of wail or mirth,
Where death's dim shadows fall:
The all, which love could once repay,
With thy own heart hath passed away;
Nor may it now recall
More than a faint and fitful beam,
To light thee back in mem'ry's dream.

But they, who never loved as thou,
May doubt, in their dismay,
If reason, on thy burning vow,
Poured its diviner ray.
They only know that feeble flame,
Which most may quench, and all may tame,
In their less sensate clay;
And deem the heart may calmly bear
The frenzied grief of love's despair.

There is in ruined hopes a leaf,
By others all unread,
Portrayed in characters of grief,
That paint the early dead—
Dim words, that with a prophet tone,
O'er all, where light and love have shone,
Their sable shadows spread:
And such to thee the future rose,
When crime escaped its omen'd woes.

What passed with thy departing breath,
In shape of hurried prayer,
Unknown to those, who watched till death
Had left its stillness there.
It may have been a pleading tone,
That winged its way to Mercy's throne—
Unquenched by guilt's despair—
And won, with its availing tears,
The meed of long repentant years.

JOURNAL OF THE *American Silk Society* AND RURAL ECONOMIST.

At a Convention which met at Baltimore on the 11th of December last, composed of a great number of gentlemen from various parts of the Union, distinguished for their public services, patriotism & practical intelligence, the following resolutions were unanimously adopted after full discussion, in the course of which a great mass of facts and valuable information was elicited.

Resolved, That it is the deliberate opinion of this Convention that *Silk* may be grown in all the United States, not only for domestic purposes, but as a valuable article of *commercial export*—thereby giving an active employment to American labour, and retaining millions of dollars in our country, that are annually sent out of it for the purchase of silken goods.

Resolved, That a National Silk Journal ought to be established under the auspices of the Executive Committee, and all the funds over and above the support of said paper ought to be devoted to the advancement of the silk cause in the United States.

Under the latter resolution the subscriber has been solicited to assume the editorial superintendence of the Journal to be published by the Society, and now, with not the least abatement of that fondness (not to say passion,) for rural life, and all its pursuits, which prompted him eighteen years since to issue the first number of the old American Farmer, he is but too happy to salute once more his old friends and correspondents, promising to deserve new ones by the most assiduous endeavours, (not incompatible with strict attention to his official duties,) to accelerate the growth and progress of what he is convinced is destined to become a great branch of national industry, bringing into active exercise much of the now unproductive laboring power of the country, giving comfort to the widow and the orphan, by offering them suitable and remunerating employment, and making, in the aggregate, a large addition to the wealth and prosperity of our beloved *Union*.

Though SILK and every thing connected with its production and all improvements in machinery for its preparation and manufacture, will constitute the *chief design and aim* of the Journal, for the sake of the agreeable and useful variety, a considerable portion of its pages will be dedicated to the justly popular and kindred subjects of *agriculture, horticulture*, and *rural* and *domestic economy*.—Hence, the adjunctive title 'RURAL ECONOMIST.'

J. S. SKINNER.

The Journal of the American Silk Society will be published monthly, in pamphlet form, each number will contain thirty-two pages, printed on new type and handsome paper, with a printed coloured cover.

All persons friendly to the objects of the Journal will please collect at once and transmit the names and subscription money of those who may feel disposed to patronize it.

TERMS.

Two Dollars a year, or six copies for Ten Dollars, always to be paid before the work is sent. All subscriptions to begin with the first number of the year, and in no case will the work be sent to any subscriber longer than it shall have been paid for.

All communications to be addressed, post paid, to GIDEON B. SMITH, Corresponding Secretary of the Society.

All Editors of papers who may desire to see *Silk* added to the list of *American Staples*; and who will have the kindness to give this prospectus a few insertions, will be entitled to a copy of the Journal.

Great Excitement in BOSTON.

TREMBLING AMONG THE MEDICAL FACULTY!!!

We learn that the distinguished Dr. Watson, 276, Washington street, and Dr S. C. Hewitt, the celebrated bonesetter, 297 Washington street, (two of the most skillful practitioners in Boston,) have witnessed the happy effects of Goelicke's Matchless Sanative in several cases which have come under their observation, have given the general Agent of this great modern medicine, permission to refer to them through the public journals. It is with pleasure, we notice such acts of disinterested benevolence, and this noble generosity of Drs. H. and W. bespeak their genuine philanthropy.

We understand, Dr Watson is of the opinion that as the Sanative has created such a tremendous excitement among the Medic Faculty, it must be something extraordinary and far superior to the common nostrums of the day—and there cannot be a doubt, but when the virtues of this great specific shall be duly appreciated by Physicians they will frankly acknowledge it to be the most valuable addition which has been made to the Materia Medica since the days of Hippocrates.

We further learn that the General Agent of the Sanative has the liberty to refer his fellow citizens to Dr. Hewett, for two very interesting cases which came within the knowledge of the Doctor. One of the cures as we learn, was effected upon a young lady afflicted with 'Lumber Abscess'—and so serious was her complaint, that she was unable to submit to Dr. *H's* usual mode of treatment in such cases. He advised her to try the Sanative, she did so, and before taking one phial, was entirely cured and not a vestige of her disease remains!! Another, a gentleman aged 45, pronounced by all who knew him to be in a 'confirmed CONSUMPTION,' was wonderfully restored to health by the use of only one phial of the SANATIVE—and is now well and about his daily business as usual!

We think the open and candid course pursued by Dr's. Watson and Hewett richly entitle them to the lasting gratitude of the public—although they may have the whole phalanx of the Medical Faculty pouncing upon them.

After reading the above, and the following extracts from letters* addressed to Dr. Rowland, by his agents, who can for a moment doubt the powers of the mighty Sanative?

Amherst, N. H. Jan. 1, 1838

Dr. Rowland—I sold a phial of the Matchless Sanative to a gentleman who was in a *Confirmed Consumption* pronounced PAST ANY RELIEF and confined to his room—he had settled his affairs and prepared to meet his fate. He has not taken a whole bottle, and says his health is perfect, that he is entirely well, and imputes the cure to the *Sanative* and to nothing else. Many others who have taken it make similar statements.

Yours respectfully, &c
THOMAS M. BENDER.

Orland Post Office, Maine,
March 30, 1838

Dear Sir:—The Matchless Sanative has had a wonderful effect in several cases in this town. I sold a phial to a man who had been sick with Consumptive and Rheumatic complaints for 4 or 5 years, and who was unable to *dress himself* when he commenced taking it. He has recently sent me word that he felt quite well, could dress himself, without any trouble, and thinks he shall wholly recover.

Yours, in haste,

March 14, 1838.

Dear Sir—In 48 hours after I received the package of Sanative, I sold *all* of it—and have come to the conclusion that it must be all that it is recommended to be. It is sufficient to say, that the benefit derived from a short use of it, has convinced the most *prejudiced* of its utility. The enclosed money you will pass to my account, and I wish you to send me more of the Sanative as soon as convenient.

Respectfully, &c.
JOHN B CROSBY, P. M.

Haverhill, Mass. March 26, 1838.

Dear Sir—Numerous cases have come to my knowledge in which the Sanative has proved very beneficial—and *one* case in particular, in which it performed a *wonder*. I can procure you a good certificate from the patient if you wish. Please credit me with the enclosed money, and forward me more of the Sanative by the bearer.

Yours truly,
THOS G. FARNSWORTH.

Dear Sir—The Matchless Sanative is very *highly esteemed* in this quarter, and is getting into general use.

Yours &c.
SAMUEL EVERTS, P. M.

Westfield Post Office, N. Y. Feb. 16, 1838.

Dear Sir—Several pressing cases demand the Sanative at whatever expense it can be sent to me. It has effected some astonishing cures already, and I cannot *wait* for the package you say is on the way. I wish you would send me half a dozen phials by MAIL and I will put the extra price of postage on the Sanative. Dont fail to send by the mail as it will come by weight at $1 per ounce as postage, and I shall expect it in 12 days from date.

ORRIS NICHOLS, P. M.

Hartford, Ct. April 12, 1838.

Dear Sir—My daughter, who had a *distressing cough*, raised a great deal of matter, and who was afflicted with *palpitation of the heart* has taken a phial of the Sanative and is now WELL. Others also bear testimony to its good effects!

Yours respectfully,
C. R. COMSTOCK

Plymouth Mass. Feb. 6, 1838.

Dear Sir—I have abundance of matter to tell you concerning the Sanative, where it has performed cures when those who have bought it, had scarcely any faith in its efficacy. We have one person now able to attend to her domestic concerns, who was at the time she commenced taking it confined to her chamber and *prostrated on her bed*.—I will tell you more when I see you.

Repectfully, &c.
ISAAC B. RICH.

Beaver Post Office, Pa. March 1, 1838.

Dear Sir—Since I last wrote you, I have seen several persons who have been using the Sanative and in *every case* it has proved itself, worthy the *name* it bears. A young man, Robert McIlhery had been wasting away in a *seated consumption* for the last two years—and by using this medicine about six weeks, his cough, pains, &c left him entirely, and he is now so well as to be about his ordinary business.

Yours, &c.
A LOGAN, P. M.

HEAR YE!

THE MATCHLESS SANATIVE (sold by DUTTON, CLARK, & Co., Agents for Brattleboro' Vt.) has effected many cures of diseases so obstinate as to resist the skill of Physicians and the power of other remedies. The following are a few of the testimonials of the efficacy of this medicine, which they now cheerfully lay before the public. Many more individuals can be referred to by them as having been greatly benefitted by using the Sanative.

Certificate from Thos Crosby of Brattleboro

This certifies that my daughter has for a long time been in a decline, and has tried many medicines without effect. She has made use of the Matchless Sanative, which has greatly relieved her. It restored her appetite and sleep, which she had not before enjoyed for a long time. I would cheerfully recommend it to all suffering with consumptive complaints.

THOMAS CROSBY.

Brattleboro, March 13, 1838.

Certificate from Henry Clark, Esq. of Brattleboro.

This certifies that I had suffered for many months from an obstinate cough which resisted a great variety of medicines, until I used a bottle of the Matchless Sanative, which removed it entirely in the course of two or three weeks and restored me to excellent health.

HENRY CLARK.

Brattleboro, March 12th, 1838.

Certificate from Samuel Cutting, Esq. of Guilford, Vt.

I, Samuel Cutting, of Guilford, Vt. would certify that I have suffered for more than awo years past from a severe lung complaint, attended with severe pain in my side & back, & with general debility. I have used a great variety of medicines from various Physicians in this vicinity, and received advice from the most eminent Physicians of Boston, without the least benefit. I am now using the last bottle of the *Matchless Sanative*, which medicine has *greatly* relieved me. The pain in my side is comparatively well, and my strength has gained very much. I feel confident that the *Sanative alone* has afforded me the relief, and I would cheerfully recommend it to all who are suffering with lung complaints, and advise them to try the medicine without delay.

SAMUEL CUTTING.

Guilford, March 19, 1838.

From the Postmaster of Claremont, N. H.

☞The above powerful and invaluable medicine is doing wonders in this section of the country, as well as in others. Applications for it have been mede in various places in this vicinity. A young lady in this town has been restored from a consumption and confirmed in health by the use of it—No mistake. She had been visited by various physicians, but all to no purpose. *One phial* of this medicine *produced the long desired effect*

A few more bottles of this efficacious medicine may be found at the Post Office if applied for soon.

Morisons Pills.

R. FENNER,

General Agent for Pennsylvania, Maryland Delaware, &c. No. 3½ south st. three doors below Market st., Philadelphia, and No. 10 North st. Baltimore, near the Post Office.

HEALTH SECURED BY THE USE OF THE HYGEIAN VEGTABLE UNIVERSAL MEDICINES,

As formerly prepared under the supervision of the late Mr. THOMAS MOAT, Vice President of

The British College of HEALTH, LONDON.

Manufactured in this country in their original purity by H. SHEPHEARD MOAT eldest son of the above.

Which have obtained the approbation and recommendation of Thousands, who have been cured in Consumption, Cholera Morbus Inflamations, internally or externally, and all diseases of the Liver, Yellow Fever, Gout Rheumatism, Lumbago, Tic Doloreux, Dropsy, St. Vitus's Dance, Epilepsy, Apoplexy Paralysis, Palsy, Green Sickness, and all obstructions to which the Female form is distressingly liable, and which send so many of the fairest portion of the creation to the untimely graves; Small Pox, Measels Whooping Cough, Scarlet Fever, Asthma Jaundice, Gravel, Stone, and all Urinary Obstructions, Fistula, Piles, Structures, Ruptures, and Syphilies in all its stages; Constipated Bowels, Worms, Scurvy, Itching of the Skin, Kings Evil and all Cutaneous Disorders in short, every Complaint to which the human frame is so direfully subject, under all their varied forms and names, as the Hygeian conviction is, that MAN IS SUBJECT TO ONLY ONE REAL DISEASE that is, in the IMPURITY OF THE BLOOD, from which springs every Complaint that can possibly assail his complicated frame, and that it is the perpetual struggle of this vital, pure stream of life, (the gift of Almighty power) to disencumber itself of its vicious, acrid humors, with which it has become commixed

This valuable medicine, being composed only of vegetable matter, of medicinal herbs, and warranted on oath, as containing not one particle of mercurial, mineral, or chemical substances, (all of which are uncongenial to the nature of man, and therefore destructive to the human frame,) is found to be perfectly harmless to the most tender age, or weakest frame, under every stage of human suffering, the most pleasant and benign in its operation, and at the same time the most certain in searching out the root of every complaint, however deep, and of performing a cure that was ever offered to the world. This wonderful effect, too, is produced by the least trouble to the patients, with the least possible tensation of pain exhaustion of bodily strength, and without the fear of catching cold, or attention to dress or diet, in any way different from their accustomed habits.

These Pills cure in all cases, and cannot be taken to excess. Experience, which is the touchstone of all human knowledge, has long borne testimony to the fact, and extensive use of them has already verified its truth in this country.

These medicines cure by purging, and yet the weak, the feeble, the infirm, the nervous, the delicate are in a few days strengthened by their operation, because they clear the body of its bad humors, and invariously produce sound sleep. They are the safest and most efficacious Medicine to take to sea; preventing scurvey, costiveness, &c

The operation of this mild Medicine, which conveys immediate conviction of its utility, from the first dose is as beneficial to the mind as the body; first calming then curing all Mental derangements, Eccentricities, Nervous Affections, Irritability and Restleasness, from whatever source; complaints which have hitherto not been properly understood, as the Hygeists have found them all to proceed from acrimonious humours in the blood, and, happily for the present and future race of mankind, discovered a cheap and universal mode of purifying, curing, and preventing.

The being cured of any disease, infirmity, or sore, is now no more a dubious or uncertain procedure—perseverance in the Vegetable Universal Medicines will always restore nature to her due course. The literary and sedentary of both sexes, whose pursuit so much impair the faculties, will find a sure remedy in the Universal Medicines for preserving the energy and sprightliness of the imagination, and improving their health; old age will be attained by the use of them, and passed free from pain and infirmities.

They are not enveloped with the mysteries of other medicines; they only require to be persevered in with sufficiently large doses, and the patient will come off well; when a disease is obstinate, patients frequently do not take doses large enough.

The medicines are comprised in three different articles only, viz: in two kinds of pills, of different strength or power, designated by No 1, and No 2; the first is a powerful, but most mild and gentle aperient, or opening medicine, detaching and partially removing the billious ropy humors, while the No 2 Pills carry off those and the serious acid and putrid humors, incidental to the body; and act together as a ferret in a warren, never resting until every avenue of the human frame is thoroughly searched, and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bad humors; they soften, cleanse, and detach the acrimoni phlegm; are cooling and allay thirst. One, two or three powders may be taken throughout the day, mixed in a half tumbler of water.

The pills are sold in 25 cent boxes, and packets of $1, $2 and $3 each. The Powder in boxes 37½ cents.

CAUTION—Medicines of such great virtue as these, have been, and will be most certainly counterfeited.—To protect those desirous of obtaining the Genuine Hygeian Medicines, every packet has a fac simile of the signature of H. Shepheard Moat, on one side, and on the other a yellow label, with the written signatures for the district, and the actual seller of the medicine.

The publications in proof of the Hygeian Theory, are:

Morrisonian, 2 vols 8vo—price $2.75 per vol
The Family Adviser, 3 vols. 8vo—$1 per vol
Practical Proof, containing many attested cures, price 37½ cents. And just published.
The Mother's Book of Hygeian Midwifery,
A . Shepheard Moat, of New York.

☞Respectable parties may be appointed Agents on liberal terms, by applying to the General Depot, No 3½ SOUTH SEVENTH STREET, three doors below Market street Philadelphia—and at No 10 North street Baltimore, nearly opposite the Post Office where the Genuine Medicine may always be obtained.
