VERSES

Suggested by a conversation respecting the astonishing rate at which steam carriages are expected to go, and the consequent march of refinement

AN EXQUISITE OF THE YEAR 1939, AT BREAKFAST.

Tell John to set the kettle on,
I mean to take a drive;
I only want to go to Rome,
And shall be back at five.

Tell cook to dress those humming birds
I shot in Mexico;
They've now been killed at least two days
They'll be *un peu trop haut.*

I'll try that wine, too, *a la rose,*
Just brought from Ispahan;
How could those Goths of other times
Endure that vile Champagne?

The trip I took the other day
To breakfast in the moon,
Thanks to that awkward Lord Bellaire,
He spoiled my new balloon.

For steering through the Milky Way,
He ran against a star,
And turning round again too soon
Came jolt against my car.

Such fellows ought to keep below,
And never venture there;
If he's so clumsy, he should go
By no way but the Bear.

My steam is surely up by now,
Put the high pressure on;
Give me the 'Breath bag' for the way—
All right—hey—whiz—I'm gone.

A Terse Yarn.—The Picayune tells a story of a clergyman who lately read the following announcement:—"I am requested to state, that immediately after service this evening there will be a race just back of the church, two mile heats for a purse of three hundred dollars; two nags entered, and some hopes of another. I trust you will all be there."

A DESIRABLE PROPERTY

For Sale.

The subscriber will sell, at private sale the farm on which he now resides, commonly known by the name of Beverly containing about 200 acres of land. This farm is situated on the waters of Broad Creek, and in point of beauty is not surpassed by any situation in the county. Its healthfulness is equally remarkable. The dwelling and farm houses besides being commodious, underwent the rough repair three years ago and are now as good as new. The farm is nearly encompassed by water; and in addition to the supplies of oyster shell derivable therefrom, inexhaustible qualities of marsh lie contiguous to every field. Any one wishing to purchase land, who can be influenced by the beauty of situation, by the luxuries of the surrounding waters, by the facilities for improving it into any state of fertility, or by considerations of health, would do well to call and see it. If a sale is made in time, the purchaser will have the privilege of seeding wheat.

MR. & MRS. DAVIDGE'S,
ACADEMY FOR YOUNG LADIES,

No. 11 St. Paul st. between Baltimore and Fayette streets.

BALTIMORE.

HAVING already announced, through the public papers, their intention to open, on the first Monday in September next, an Academy for the instruction of young Ladies in all the branches that constitute a polite and classical education, Mr. and Mrs. Davidge take this method of stating more fully the system upon which the proposed institution will be conducted.—Long and attentive observation has convinced them that accurate and permanent knowledge can alone be acquired through a well directed exercise of the understanding, and that to present to the youthful mind, words, unaccompanied by well defined ideas, is a useless expenditure of time and attention: they, therefore, propose to adopt such a course as will insure *thorough comprehension on the part of the learner, and cherish a dependence on the reasoning faculties.* With a view to this desirable object, the recitations in this academy will be accompanied by such explanatory practical illustrations as may be necessary, presented in the form best calculated to *enlist the attention* and *keep alive the interest of the pupils.* In chemistry, natural philosophy, and other departments of science which require elucidation by experiment, recourse will be had to such *apparatus,* as may be requisite.

In connection with their literary and scientific improvement, the most unwearied attention will be paid to the social, moral and religious department of scholars, particularly such as may be entered as house pupils, to whom the principals will conceive it their duty to supply, as far as may be practicable the place of parents and guardians, in administering to their personal comforts, offering to them salutary advice, and watching over their conduct.

The professors and assistants in the institution will be selected with reference to attainment, agreeableness of manner, moral character and attention to duty, without regard to expense.

Independently of the services of the instructer during school hours, a lady, well qualified in point of attainment and refined deportment and a native of France, will be engaged, who will reside with the family, and accompany the young ladies at all times. This person will make it her duty to converse in French with the scholars at meals and during ordinary intercourse and aid them in the preparation of their exercises, by explaining difficulties, &c.

Being fully aware of how much the success of the institution will depend upon their personal attention to its concerns, Mr. Davidge and the members of his family will apply themselves assiduously to the details of the various departments, for the proper administration of which Mr. D. will hold himself responsible.

With the religious observances of the boarders there will be no interference further than may be necessary to carry into effect the wishes of parents or guardians, and to provide suitable facilities for attendance, on public worship.

It is expected that every boarder will come provided with tea and table spoon, and a silver fork, six table napkins, and six towels. Bedding will be furnished unless the friends of the young ladies prefer to send their own

It is deemed unnecessary to particularize the branches of study, as they will be the same as taught in academies conducted on the most liberal plan including the French Italian, Spanish, German, and if required, the Latin and Greek languages. Regular courses of lectures, will be delivered on such subjects as seem to call for that mode of instruction.

Those who may propose to send children to the academy as Boarders will confer a favor by making their intentions known as early as possible in order that suitable arrangements may be made.

The terms will be as follows:

Board and English instruction, per annum,	$260 00
English tuition per annum,	60 00
Day boarding per annum,	60 00
French, Italian, Spanish German, Latin, &c. (lessons daily,) each per annum, payable quarterly,	30 00
Stationery,	4 00
Music, including Harp and Guitar, at professors prices,	
Use of instrument per quarter,	8 00
Drawing and painting per quarter,	10 00
Dancing at professor's prices,	
Washing per quarter,	5 00
Bedding, if furnished per quarter,	3 00
Fuel, two winter quarters,	2 00

It will be observed that the *lessons in the foreign languages are given daily instead of three times a week,* a course which is regarded as being indispensible to the proper advancement of the pupils

Boarders will be required to pay half yearly, *in advance.* Day scholars at the end of each quarter.

A careful person will be engaged, who will superintend the laundry, and see that the clothes of the young ladies are kept in proper order.

Mending and mending materials, per annum, six dollars. Attendance in sickness will be an extra charge

Boarders will not, *on any account,* be permitted to spend the night, abroad except with their parents or guardians.

Books, drawing and painting materials, &c. will be furnished at regular store prices, if required.

Pupils will be charged from the time of entrance but no deduction will be made for absence *except in cases of prolonged severe indisposition.*

The academic year will commence on the first Monday in September, and terminate on the third Monday in July in each year.

The building selected for the institution is the spacious Mansion, formerly occupied by Robt. Barry, Esq in St. Paul's street, between Fayette and Baltimore streets, and is in every respect suited to the comfort, health, and convenience of the pupils.

Application may be made at the above named place, or at the *Office of the American*

For the convenience of persons living at a distance, who may not be acquainted with Mr. & Mrs. D. the following names are given of gentlemen residing in the city of Baltimore, to whom reference may be had.

SHINN & SELLERS'

CELEBRATED LIVER PILLS AGAIN TRIUMPHANT OVER DISEASE—SPASMODIC ASTHMA CURED BY THEIR USE!!

Messrs. SHINN & SELLERS.—You are aware that for the last six months I have been in the use of your Pills, though you may not know the complaint for which I have used them.

Some fifteen years ago, being sorely troubled with spasmodic asthma, I was relieved from it by lobelia Last summer the complaint returned upon me with increased violence, from which I received not the least relief by the use of lobelia.

A friend persuaded me to make trial of your Pills, though, to be candid, I had not much faith in them, for the reason that, from what I could discover, you had not recommended them in asthma. I was however, relieved by them. Still I had a relapse of the complaint. Again I had recourse to the Pills—and now, after a patient and persevering use of them, I feel that I am cured of 'spasmodic asthma'

Last summer my eldest son, being at Louisville, Ky., was violently seized with the prevailing sickness, congestive fever. Having recovered from it so far to return home here however he had a violent relapse of the fever. After recovering from it, he began to feel a pain in the region of the liver, which increasing daily seemed to demand prompt attention. Suffice it to say, he was cured by the use of your Pills.

As you have requested of me a 'statement of facts' with respect to the benefit and my son have received from your Pills, I have given it with a scrupulous regard to accuracy

Your's, with esteem,
N. RUGGLES SMITH.

Easton, July 20, 1839—tf

In Chancery.

19th day of July, 1839.

William Hughlett, vs George Hearne } The object of this Bill is to obtain a specific execution of an agreement between the parties, for the sale by the complainant to the defendant of certain real estate therein mentioned.

The Bill states that the complainant being at the time, seized in fee and possessed of a lot or lots of ground, in Greensborough, in Caroline county, whereon were erected a dwelling house, store house, or granery blacksmith shop and other valuable building and also of a tract or parcel of land in said county, adjacent to said village on the 22d day of September, in the year 1836, agreed with defendant to sell him the said premises upon the following terms, for the lot or lots of ground with the improvements thereon the sum of $2750, and for the tract or parcel of land at the rate or price of six dollars, which it should appear to contain upon a survey thereof to be made by the complainant and one fifth part of the whole purchase money to be paid on the first day of December then next and the residue with interest thereon to be paid in five equal annual installments from the first day of January then next and after payment of the first instalment the complainant was to convey the said premises to the defendant and the same were then to be reconveyed by the defendant to the complainant by way of mortgage to secure the payment of the balance of the purchase money that shortly after the making of said agreement the complainant procured the said lands to be surveyed and they were found to contain the quantity of 761 acres exclusive of the lots for which the defendant had agreed to pay the gross sum of $2750, so that the whole purchase money amounts to $7516, whereof one fifth part or the sum $1468 20 became payable on the 1st day of December 1836, one fifth of the residue or $1170 56 with interest thereon from the 1st day of January 1837, and alike sum of $1170.56 with like interest became payable on the 1st day of January 1839, and the complainant admits he received on the 30th day of December 1836, the sum of $1000 in part of the first instalment but insists that the residue of the said instalment with the succeeding instalment are yet unpaid. That the defendant has been put into possession of the said premises and has cut down and sent to market large quantities of wood and timber which were growing on the land and the complainant apprehends the defendant will continue to cut the wood and timber now growing for the purposes of sale as aforesaid, whereby the value of the land will be greatly lessened, that the buildings on the lots, which constitute their chief value, have been suffered to decay and that the defendant is greatly involved in debt, and is probably insolvent. The Bill further states that the defendant resides out of the State of Maryland.

It is thereupon ordered that the complainant by causing a copy of this order, to be inserted in some newspaper once in each of three successive weeks before the first day of September next give notice to the defendant of the object and substance of the said Bill, and warn him to appear in this court in person, or by a solicitor, on or before the 10th day of January next to answer the premises and shew cause, if any he has, why a decree ought not to pass as prayed.
