It is stated in the New York Herald that the Court Martial has sentenced Commodore Elliott to *five years suspension, without pay*, and that the President has approved the sentence.

DELAWARE STATE CONVENTION

The Whig delegates from the several counties of Delaware assembled at Dover on the 30th ult. and were duly organized by the appointment of Manlove Hays of Kent as President, C. I. Dupont of New Castle, and Dr. John R. Sadler of Sussex, as Vice Presidents; and Z. Ferris and B. Burton as Secretaries. In the afternoon the Convention proceeded to the nomination of Candidates for the various offices to be filled at the coming election, when the following gentlemen received the unanimous votes of the Convention:

For Governor, W. B. Cooper of Sussex.

Electors of President and Vice President, Benjamin Caulk, of New Castle—Peter F. Causey, of Kent—Dr. Henry F. Hall, of Sussex.

For Congress, George B. Rodney.

A resolution was passed, tendering the thanks of the Convention to the Hon. Thomas Clayton, their able, active and efficient member of the U. S. Senate.

From the Georgetown (D. C.) Advocate of July 4th 1840.

THE DISTRICT BANKS.—The whole of Thursday last was consumed by the House of Representatives in the most idle manner, calling the yeas and nays on the amendments proposed on Wednesday by Mr. Petrikin, of Pa., and Mr. Cooper, of Georgia.

They were adopted, and under the bill as amended by the Federal Locofoco majority, the banks are prohibited from issuing any notes under the denomination of $10. The President and Directors of each of the said banks shall be liable, jointly and severally, in their individual capacity, for all notes issued, or debts contracted by said banks respectively, from and after the day this act goes into effect; the said banks shall make no dividends during their suspension of specie payments—and, in case the said banks or either of them shall refuse or fail to pay their notes in specie, on demand of any person, such person may have remedy by judgment or execution at law, at a notice of ten days, before any Justice of the Peace of the District.

After the recess, the consideration of the Bank question was resumed, and continued to occupy the House up to the hour of adjournment (8 1-2 o'clock) without being disposed of.

We understand that JAMES PAGE, Esq., has been reappointed Postmaster of Philadelphia. We are glad of it; he keeps the office in such good order that a good Whig, next March, will have no difficulty in taking the management of the concern.—*Philad. U. S. Gaz.*

We are sorry to record the death of Gen. JOHN ADAIR, who departed this life at his residence in Mercer county, Ky. on the 19th ult. aged 83 years. Gen. Adair was a soldier of the revolution, he held many distinguished offices both under the state and general governments, was aid to General Harrison during the late war with Great Britain, and died honored and respected.

SMALL POX.—The Wilmington, Del. Gazette states that the small pox has made its appearance in the manufacturing districts along the Brandywine, having been introduced by persons who had landed from vessels lately arrived from Liverpool with the disease on board.

The Nashville Banner states that Judge Hunter, who presided at the late Whig Convention in Alabama, was at the head of the Van Buren Electoral ticket of that state in 1836, and gave his vote to Mr. Van Buren.

NEW YORK BANKS.—By a law of last session, all the banks in the State of New York are required to redeem their notes from July 1st onward, at half per cent. discount, either at New York city, or at Albany. The Journal of Commerce states that a large number of the country banks have made arrangements with the New York State Bank, at Albany, for that purpose.

From the Whitehall Chronicle.

VERMONT CONVENTION.

The People of Vermont met yesterday at Burlington, and nominated the old State officers for re-election, with perfect unanimity.

The assemblage was, by far, the largest ever kown in Vermont, and variously estimated at from 10,000 to 15,000.

This vast assemblage, from every county in the State, was early organized under the direction of Colonel H. Thomas, Marshal of the day, in procession and marched through the principal streets of the village, then to College Hill, thence to north Pearl street, down which to the square, at which time the last of the procession were just falling into line. It was more than three miles long.

In the afternoon the people were addressed from a platform, in front of the Court House, by Messrs. Adams and Updam, of Vermont; E. D. Culver, of New York, and Gen. Wilson, of N. H., with their usual eloquence and ability, for more than six hours. Acres of men were listening to them with an intensity of interest, commensurate with the great object for which they were assembled.

The day passed off without accident to a single individual, and no one was observed intoxicated throughout the whole day.

The State of New York was represented by some 500 or 600 Whigs.

From the Balt. American of yesterday.

BREAKING JAIL.—Yesterday morning, about 3 o'clock, eleven of the prisoners confined in the county jail made an effort to escape, in which seven of them were successful. One of those who failed, named Thomas Consell, fractured two or three of his ribs by a fall from the wall. Edward Campbell, through fear or inability to mount the wall, did not use the opportunity; the two others secured, who were negroes, ascended the wall dividing the penitentiary from the jail and thus threw themselves directly in the way of detection, and were seized by the guard.

It appears that the work of escape has been going on all the week, the prisoners having kept the holes in which they were working, covered with white washed linen during the visits of the officers, which have been less strict lately, in consequence of the attendance required at the court. The holes were worked through the fireplace from one room to another, (two rooms being passed through in this way) to the outer wall, through which an opening large enough to admit of their escape was effected.

The names of those who got clear off are Capt. John Wilson (case removed) Chas. Allen alias Davis (case removed) and Edward Ryan, white men. Peter Rawlings, and Daniel Williams colored men: were to have been tried yesterday; William Hutchings, ordered to be sold, and Michael Fields also, colored. Some information received induces the belief that two of the negroes have made their way into Pennsylvania.

From the Maryland Republican.

THE SUB-TREASURY BILL HAS PASSED THE HOUSE OF REPRESENTATIVES, AND IS NOW THE LAW OF THE LAND!!

The great and all absorbing project of the Administration party is at length achieved. And how achieved. By a process of the most daring *usurpation*—by first *disfranchising* one of the States of the Union, and then, without deciding as to who *ought* to be entitled to represent her, admitting just a sufficient number of their own partizans to seats in the House of Representatives to give the President a majority upon this great question, upon the success of which he staked every thing.

But it is—Heaven be thanked—as we religiously believe and hope—it is too late to effect the object which those in power were aiming at. The PEOPLE—the AMERICAN PEOPLE—who had three times distinctly *vetoed* this measure will have once more a vote upon it, and upon its authors and supporters. Whether the Executive is to be allowed the entire control of the *public purse* as well as of the government patronage—whether this Republic shall unite the purse and the sword in the hands of their Chief Magistrate, is to be decided by the coming elections;—if the executive is to be sanctioned in thus violently laying hands upon this accumulation of power, then will Van Buren be enthroned for another term; and perhaps he and his descendants forever, in the Palace at Washington. But if the people conclude to exercise their high and holy prerogative of *vetoing*, both the law and the authority of the authors of such a law, then will they eject, as we verily believe they will do in October and November next, both Van Buren and his Sub-treasury law, and those who have lent themselves to him and to its enactment.—TO THE PEOPLE WE APPEAL!

The National Intelligencer says,—"But *how* did that bill pass? By what *means* has it been forced upon a resisting and protesting people? What triumph can its contrivers boast? With every Administration Member of the House of Representatives at his post, excepting Mr. Howard, of Indiana, and Mr. Fisher (who considered himself instructed against the bill) the votes for the bill were 124; add the vote of Mr. Howard, and there would have been 125. Take from this number the five New Jersey members unconstitutionally elected by the House of Representatives in lieu of those returned as elected by the People, and suppose the House to have been full, (as it would have been had there been any prospect of defeating the bill,) and there would have been 120 votes for the bill, and 120 against it!

This shows *how* the bill passed, and by what high-handed and arbitrary *means* its passage was effected. Three times rejected by the real representatives of the People, this scheme for strengthening the Executive power, and enlarging its patronage against the will of the people, has been thus fastened upon the People by means which would make it odious and detestable, were it not otherwise objectionable. To doubt that the People, in the exercise of their sovereign power, through the ballot-box, will resent and abate the nuisance, under the circumstances which have attended its passage, would be to suppose them insensible alike to their interests and to their rights.

FOUR DAYS LATER FROM ENGLAND.

The packet ship Sheffield, at New York, brings Liverpool papers to the 5th June, inclusive.

The report of the death of the King of Prussia is stated by the London Times of June 4th to have been premature.

Admiral Baudin is to proceed to Buenos Ayres, clothed with military and diplomatic powers to terminate the differences with the Argentine Republic.

A violent riot had taken place in Limerick. The people came into town in immense numbers, carrying poles with loaves of bread on them, and crying out "down with the Forestallers. They seized a number of carts and wagons, and emptying them of their provisions, threw them into the river. The military were obliged to be called in.

New successes were continually announced as having attended the movements of the Queen's troops in Spain and the war was evidently drawing to a close.

It is stated that new complications have sprung up in the sulphur question, and that the British government had resolved on sending six ships of the line to Naples. A French squadron of the same force was also to proceed thither.

The administration of the *pompes funebres* is now preparing the coffin which is to receive at St. Helena the mortal remains of Napoleon. It is to be of solid ebony, in the shape of the ancient socophagi, and large enough to enclose the coffins in which the Emperor lies at St Helena, so that his ashes may not be disturbed. The funeral pall is in velvet, strewed with gold bees, and bordered with a broad band of ermine; at each corner is to be placed an eagle, embroidered in gold, and surmounted with the imperial crown.

The Thomas Coutts, which sailed from China, on the 4th of February, had reached the Cape of Good Hope, on her way to London. She brings intelligence that the Chinese were determined to resist all attempts at accommodation, except on their own terms. They had purchased some ships, with the intention of arming them, and manning them for the approaching war with Great Britain.

Guiana papers to the 2d of May have been received in Liverpool, furnishing interesting details of the prosperity of the British Guiana laborers. It appears that the laborers of the plantations *Annandale* and *Lusignan* had jointly purchased a plantation on the east coast of the Demarara river for $50,000, to be paid for in silver in the course of a fortnight.

☞A CARD.—The Eagle Artillerists, and the citizens who participated with them in the celebration of the late anniversary of American Independence return their sincere acknowledgments to the inhabitants of St. Michaels, and its vicinity (Talbot county) generally, and to Messrs. Spencer, Harrington, Lamdin and Dodson, the committee of arrangements, in particular—for the very handsome style in which they were received, and the very kind and hospitable manner in which they were entertained, during their late visit to that place. Also, to Captains Turner and Sanner, of the Steamboat Relief, for the plentiful manner in which they provided for their accommodation, as well as the assiduity they displayed in adding to their comfort and enjoyment, and to all those who in any way contributed to the very pleasurable associations of the day.

TO THE WHIGS OF MARYLAND.

Fellow Citizens,—

The undersigned Committee in conformity with certain Resolutions adopted at a Whig Meeting, held at Easton in Talbot county, on the 16th instant, most respectfully call upon and invite all good Whigs, throughout the State, and all the friends of *Harrison, Tyler and Reform*, to attend a *Convention* to be held at Easton, on the *Eastern Shore*, on *Wednesday*, the 15th day of July next.

The important object of this Convention will be readily understood by every patriotic citizen, who has observed the course and progress of the existing *Administration* of the *General Government*; and, in the proposed Assembly—in safe counsel with some of our wisest and most upright Statesmen and with experienced and eloquent citizens, whose presence we hope to procure, we will, with patriotic freedom, interchange opinions and sentiments upon the condition of our public affairs, and, since reasoning and remonstrances on the part of the People and their Representatives have proved vain, resolve to exert our might, in one great and united effort, through the ballot box, to ensure Reform and Redress

The undersigned, in further compliance with the duty assigned them, request the attendance of all the Whig Candidates of Maryland for the Electorship of President and Vice President of the United States; and they invite the "Tippecanoe Clubs" and all like patriotic associations formed in the State for the support of Harrison and Reform, to come to their friends, with their *Emblems, Banners* and *Badges*.

The Committee beg leave to inform their Whig friends, that the Convention will be opened at 10 o'clock in the forenoon, and that Committees will be ready to receive and conduct them, as they arrive in Easton, to the place of meeting, and to advise and aid them in procuring suitable quarters.
