The Madisonian says: President Tyler is fifty-one years of age. In our last paper we marked his age three or four years too high. He is therefore younger than the late President Van Buren, and indeed the youngest President we have ever had.

VICTORY.—The Whigs have just achieved a victory in Connecticut. They have elected their entire State and Congressional tickets and by majorities, it is believed, fully equal to those of last fall. Both branches of the State Legislature are also Whig.

ESCAPE OF PRISONERS.—Between 7 and 8 o'clock on Sunday morning, whilst the warden was at Breakfast, five of the criminals confined in Baltimore city and County Jail, effected their escape by making a hole in the South wall and entering the sewer which leads to the Falls. The alarm being given by the gate-keeper, pursuit was made and three of the fugitives captured and brought back; the other two, George Cordery and Augustus Brown, the most notorious of the party, succeeded in eluding their pursuers, and have not as yet been retaken.

U. S BANK.—The adjourned general meeting of the Stockholders took place in Philadelphia on Thursday, when the Committee which had been appointed to report on the course proper to be adopted by the Bank made the following recommendations:

To reduce through the agency of the Legislature, the capital to fourteen millions, and to have the loans to the State and the sums paid to the State reduced to the ratio established for other banks.

To change the name of the Bank. To restrict the mode of voting by proxy.

To protect by special security the Circulation, Deposits, and Post Notes of the Bank.

Several other resolutions were adopted

Among them was one instructing the Directors to inquire into the obligations incurred by the former officers of the Bank, and if possible to proceed by legal means to enforce the fulfilment of them Another *absolved* the clerks of the Bank from oaths to keep secret the transactions of the Bank from the Directors and Committees of stockholders.

The meeting adjourned to meet on the second Tuesday in May.

The North American remarks that from the spirit evinced by the meeting, 'it is now certain that the character of the institution will undergo an entire change and be speedily resuscitated.'

Col. Drayton has been selected by the Board of Directors, as President of the Bank, in the place of Mr. Dunlap, resigned. This gentleman is favorably known all over the United States. Once a distinguished citizen of Charleston, South Carolina, and representative in the National Senate, he has enjoyed, and still enjoys, the unlimited confidence of the people of this country.

OFFICIAL.

TO THE PEOPLE OF THE UNITED STATES.
A RECOMMENDATION.

When a Christian People feel themselves to be overtaken by a great public calamity, it becomes them to humble themselves under the dispensation of Divine Providence to recognise His righteous government over the children of men, to acknowledge His goodness in time past, as well as their own unworthiness, and to supplicate His merciful protection for the future.

The death of WILLIAM HENRY HARRISON, late President of the United States, so soon after his elevation to that high office, is a bereavement peculiarly calculated to be regarded as a heavy affliction, and to impress all minds with a sense of the uncertainty of human things, and of the dependence of Nations, as well as of individuals, upon our Heavenly Parent.

I have thought, therefore, that I should be acting in conformity with the general expectation and feelings of the community in recommending, as I now do to the People of the United States, of every religious denomination, that, according to their several modes and forms of worship, they observe a day of Fasting and Prayer, by such religious services as may be suitable on the occasion; and I recommend Friday, the fourteenth day of May next, for that purpose; to the end that, on that day, we may all, with one accord, join in humble and reverential approach to HIM, in whose hands we are, invoking him to inspire us with a proper spirit and temper of heart and mind under these frowns of His providence, and still to bestow His gracious benedictions upon our Government and our country.

JOHN TYLER.

WASHINGTON, April 13, 1841.

NEW YORK.—On Saturday the funeral obsequies of President HARRISON took place in the city of New York—All business was suspended, and all places of business closed. A Procession was formed, comprising all the civil associations of the city, the teachers and pupils of the Public Schools and seminaries of learning, the various benevolent societies, the officers of the State and City Government, and of the Courts, &c. &c.

Nine regiments of infantry and cavalry with banners and uniforms trimmed with mourning emblems, constituted the military part of the procession. The Ex-President of the United States, the Governor, Lieutenant Governor, Senate and House of Assembly of New York, the Society of Cincinnati, Gen. Scott, Commodore Renshaw, and other officers of the army and navy, members of Congress, Clergymen, Consuls, had appropriate places allotted to them.

The conclusion of these imposing ceremonies, at which many thousand were present, was as follows: Prayer by the Rev. Dr. Cox, of the city of Brooklin: Funeral Oration by the Hon. Frederic Frelinghuysen, Chancellor of the University of the city of New York: a Requiem written by General George P. Morris, and a Benediction by the Right Rev. Bishop Onderdonk—the ceremonies to conclude with the firing of a volley by the United States troops on duty.

PHILADELPHIA.—To-morrow (Tuesday) will be observed by the people of Philadelphia, on account of the death of President HARRISON, as a day of public mourning. A solemn military and civic procession will be formed, business suspended, and a funeral sermon will be preached in Christ's Church by Bishop ONDERDONK.

One of the resolutions recommends that all dwellings and places of business be closed, the bells of churches and public buildings muffled and tolled, the flags of the shipping and at all public buildings be at half mast, and that divine worship be performed in the different churches with appropriate discourses, at such time during the day as will not interfere with the public ceremonies.

For the Easton Gazette.
TO THE PUBLIC.

I see in the Pearl, published in Denton, Caroline county, an account of a public meeting held at Greensborough, on Saturday the 3d inst., at which time there was a committee of six persons appointed to prepare resolutions on the subject of direct taxation, to be submitted to the next meeting, to be held on the 10th inst. I observe the name of William Downes, as Chairman of said Committee, and as I have been informed by one of said Committee, I am the person named as Chairman, I feel it my duty to say to the public, that I was not present at the meeting, and therefore must enter a disclaimer against my having had any participation in the matter.

W. H. DOWNES.
Greensborough. April, 14th, 1841

For the Easton Gazette.
PUBLIC MEETING.

"According to previous notice, a large portion of the citizens of the Upper District of Caroline county, met at Greensborough on Saturday 3d instant, for the purpose of taking into consideration the subject of Direct Taxation, and the constitutional rights of the Legislature to tax the people for projects of Internal Improvement.

Whereupon, the meeting was organized by appointing Parrot Roe, Esq. to the chair and John Thawly, Esq. Secretary. After the object of the meeting was explained and the subject fully discussed, &c."

Now, Mr. Graham, I take the liberty of making some remarks on these proceedings as published in the 'Pearl' of Denton, by the Secretary, for, if I be correctly informed he has been a little *too full* on some matters, and not enough in some others

In the first place he says, a *large portion* of the citizens of the Upper District, &c. Now sir, we have in the Upper District of Caroline county, a little the rise of three hundred and thirty voters, and upwards of forty of these voters reside in the village of Greensborough. I have been informed by good authority that there were at no one time whilst the meeting was being held more than thirty persons present, how large that portion was and the interest felt, you and your readers now can judge.

The next thing I observe sir, is, the Secretary has omitted to inform the public by whom the object of the meeting was stated; as I am for giving honor to whom honor is due. I will inform you sir, that George F. Mason, Esq. had the honor of it, and which he done in a loud, lengthy, &c. style. Then sir, we are informed that "after the object of the meeting had been stated, the subject was *fully discussed*;" here sir I think the Secretary has been a little remiss again, for there is yet more honor due Mr. Mason, for he took great pains to explain the subject, after he had brought it before the people.

Marcy Fountain, Esq. also addressed the meeting at considerable length, reading the bill of rights, and extracts from Gen. Harrison's inaugural address both of which he commented upon, fully to his own satisfaction, if not that of his hearers.

Nathan Whitby, Esq. next rose, and stated to the chairman, that he had intended to address the meeting, but, as the gentleman who had just taken his seat, had covered the grounds he intended to occupy, he should decline it.

The proceedings goes on to say—"On motion it was determined, that a committee of six be appointed to prepare resolutions to lay before the next meeting, which will take place on Saturday 10th inst. at Greensborough. Whereupon, William Downes, Marcy Fountain, Frances E. Jump, Noah Seward, Wm. Turner and Nathan Whitby, were appointed as said committee.

The Secretery has committed an error here too, for the motion was not, that there be a committee of *six*, but *five*, and the name of William Downs *first* mentioned, was the *last* except Noah Seward, who was named in place of Mr. Downs; on its being suggested by Mr. Geo. W. Harrington, that Downs would not serve—Mr. Fountain then suggested to let Mr. Downs' name stand, and in case he would not serve, then they would take Mr. Seward.

If the whole proceedings of this meeting had been published, the public might have seen that a discussion took place between Messrs. Fountain and Mason, and George W. Harrington on a previous motion, which went to authorise a committee in the name of the people of the Upper District of Caroline county, to instruct the Levy Court of said county not to Levy the tax as required by law,—Mr. Harrington insisting that this meeting had no right to do any thing in the name of the people of the Upper District, and protested against any proceedings whatever being published as being had by the people of Greensborough or the Upper District; for he avered that he, as a citizen of Greensborough, knew nothing of this meeting until this afternoon, and he doubted whether a dozen of the citizens did—and further said he, if you will go a mile beyond Wm. M. Hardcastle's, or in the neighborhood of Boonsborough, or on the east side of the Choptank, you will not find an individual that has any knowledge whatever of it—notwithstanding gentlemen have called it a meeting of the people without regard to party. He then asked from whence the meeting did emenate. There was no answer.

It was then agreed that a subsequent meeting be held, to which the committee should submit the resolutions for its adoption. The day has come and passed, but no resolutions has yet been submitted.

The publication goes on "It is respectfully suggested (by the Secretary, I presume, for it was not by the meeting,) that similar meetings be held in the Middle and Lower Districts of Caroline county, preparatory to a general meeting at Denton, at which time some decisive course will be adopted on the subject"

The account of the meeting closes by stating that, 'On motion it was further resolved that the proceedings be signed by the Chairman and attested by the Secretary, and published in the Pearl, at Denton, and the papers at Centreville.' This motion was also opposed by Mr Harrington, who said we have not yet done any thing to publish, wait until the committee make their report, and then publish resolutions and all. In this, he was joined by Mr. John Thawley, and the meeting adjourned, but before all had left the room, Mr. Fountain assuming the office of Chairman, put the question, "Shall these proceedings be published," and a few said yes. From all I can learn, I am sure there was not a dozen persons voted on any question, for before any question was put to the meeting, most that had been present left.

I have taken the trouble to make this statement, to let the public know, that this was not a Greensborough, or an Upper District affair—for I am informed that it has been stated in a neighboring county, that some of our oldest and most respectable citizens participated in the meeting. TRUTH.

To the Public.

In consequence of a publication, made in the Easton Gazette of the 3d inst by Samuel H. Benny, I am compelled to make a brief statement of all that came under my notice, in relation to the subject.

As I was one day about entering the Market House in this place, Capt. Samuel H Benny called me up to him and asked me what I thought of the propriety of raising the price of freight on grain to 6¼ cents, that he had seen Capt. Robson Leonard, and had some conversation with him, and they had concluded to confer with me on the subject. I answered him, saying he had rather taken me by surprise, it was a subject that required some reflection, and at some future time, I would give him an answer, remarking at the same time, I do not think it will answer, as grain is so very low—but in case I was to go in to any such arrangement, it should be reduced to writing in the form of an advertisement and all the parties should sign it and a copy of the same published in the newspapers—the above conversation was in the presence of William H. Nabb

A few days after, as I was coming out of the Post Office, I met Capt Benny and Capt. Leonard. Capt Benny asked me what I had thought of the propositions he had made, in our former conversation, about raising the price of freight on grain. I answered, that I was about of the same opinion as before, that it would not do while grain kept so low. Capt Benny said, as other vessel owners charge 6¼ cents, I see no reason why we should not have it also—Capt Leonard said to me, are you going to Baltimore this trip in your Schooner? I answered that I was—well said he, we can there have some more conversation on the subject, then said Capt Benny, the subject remains as it is until we see each other again. Capt. L. and myself answered yes—but said Capt. Benny, I must advertise before you return from Baltimore, and I shall advertise that price any how,—on arriving in Baltimore Capt. Leonard and myself delivered our grain on board the same vessel, he in company with John Work, asked me what I had thought of the subject, I told him that I still adhered to my first impressions, that as grain was so very low, I thought it would be wrong to raise the freight at this time. Capt. L. said I did not take that view of the subject before, but went on the ground, that as other vessel owners had that price, the rest of us ought to have it also. Between the different periods of holding the two conferences with Capt. Benny, I made the subject known to Henry Holliday, William Powell, and William Rose, Esq'rs who I will refer the public to for the opinion I then entertained of the subject, it is very probable if I had ever agreed to raise the price of freight or ever entertained favorable views that way, I should have made it known to them or some person, and I call on a generous public to answer whether I was ever heard to say any thing like it, and to judge whether I have done or said any thing, in any way, calculated to injure Capt. Benny.

The public's obedient servant,
JACOB WRIGHT.

April 17, 1841.

I ATTACH THE FOLLOWING CERTIFICATES.

I was present when the above conversation took place between Captains Benny and Wright, and believe the substance of it to be true as stated; I distinctly recollect hearing Capt Wright say that he thought it a bad time to raise the price of *freight* as grain was so very low.

WM. H NABB.

April 5th, 1841.

I hereby certify, that the statement above made by Capt. Jacob Wright, in relation to what was *said by him, Capt. Samuel H. Benny and myself at the time and places mentioned, is strictly true.*

ROBSON LEONARD.

April 8th, 1841.

I was present when Capt. Jacob Wright and Capt. Robson Leonard, held the above conversation in Baltimore, as set forth in Capt. Wright's statement, and believe it to be true as stated.

JOHN WORK.

A CARD.

THE subscriber respectfully informs his friends and the public generally, that he has altered the rates of freight on grain, as published in his advertisement of March 3d to the old prices,—the cause of altering the rates was an understanding between Capt R. Leonard, Jacob C. Wright and the subscriber to charge 6¼ cents Hereafter, Mr. Wright not feeling himself bound by that obligation and declining to show his colors by advertising, but preferring to spread it abroad secretly that he had made no such agreement and would charge but the old prices, renders it necessary for me thus to alter the price and state my reasons for so doing.

I also deem it necessary to state, that the proposition to raise the freight on grain, did not originate with me, but was the result of a mutual agreement between the parties mentioned, above which agreement Mr. Wright proposed to reduce to writing—and which since my *advertisement* he has seen fit to violate, no doubt with a view to affect my interest injuriously. I should have noticed this matter earlier, but have been prevented by indisposition.

The public's ob't. serv't.
