or to vote the whole down. Under these circumstances they could not hesitate to reject it entirely. And thus it comes to pass that by a dexterous manœuvre of the Locos, tea and coffee are to be taxed! And yet with these facts staring them in the face, I should not be surprised if the Locos had the hardihood to attempt to raise an outcry against the Whigs for taxing articles which entered into the consumption of the poor! I hope you will keep these facts prominently before the public, and let the people see the measures which are to be resorted to, to make political capital.

We find the following paragraph in relation to the Fiscal Bank Bill in the Alexandria Gazette:

It is expected that the result of the President's action on the Bank Bill, will be known to-day, or to morrow, at farthest. Of course, nothing certain or positive is ascertained as yet, but the opinion obtains ground daily that the Bill will be sent back to Congress with *objections*, touching one particular portion of the bill. It is now said that the President recognizes the *necessity* of a Bank of the United States, and therefore, that the constitutionality of such an institution as a fiscal agent for government purposes, is in his mind settled; that he is willing to establish a Bank of the United States as an agent of the Government to collect and disburse the revenues and to deal in exchanges with branches in the states, without the assent of the states; but that he thinks for purpose of *discount*, the assent of the states ought to be obtained. We do not, at all, vouch for this; but mention it as late and *probable*. It is further said, that there will be no change in the Cabinet whatever. We sincerely wish the President would sign the Bill.

INDICTMENT OF JUSTICE WILEY.—It is stated in the New York Express that the Grand Jury of the city of New York have found a bill of indictment against Justice Wiley for receiving the money stolen from the Frederick County Bank, and he was held to bail in the sum of $30 000—himself in $10,000, and two securities in $10,000 each.

The Centreville Times contains a call for a public meeting, signed by forty gentlemen, for the purpose of adopting means to prevent the use of money and treating in procuring votes at elections.

From the Balt. American of yesterday.

U. S. SHIP DELAWARE.—In order to prevent disappointment, we are requested to state that visiters will not be received on board of this ship on Friday or Saturday, as it will be necessary to devote the former day to making preparations for the reception of the President. The reason for the non admission of the public is explained in the following paragraph from the National Intelligencer:

THE VISIT TO THE DELAWARE.

Saturday next is the day fixed upon for the visit of the President of the United States, the Heads of Department, and Members of both Houses of Congress to the U. S. Ship *Delaware*, now lying in Chesapeake Bay off the harbor of Annapolis. The principal object of this visit to see a ship when prepared for a cruise; to examine her interior arrangements, and to witness such exercises as can be conveniently had on such an occasion.

As a large number of visiters would interfere with, if not entirely defeat these objects, we are requested to state the necessity of the commanding officer's limiting the admission of visiters on that day to the President and his friends, the Heads of Department, and Members of Congress, and others who have been specially invited. The ship will be open for the reception of citizens generally on all other days, excepting Sundays, while she remains off Annapolis.

Mr. Woodbury said the great issue of Treasury notes was caused by the large appropriations made against the wishes of the Administration.

Mr. Clay. By whom?

Mr. Woodbury. By Congress.

Mr. Clay. Ha h!

We clip the above out of the report of the proceedings of the Senate, on the loan bill, as published in the Baltimore American. Mr. Woodbury has forgotten his old trick of representing the Treasury as being in the most flourishing condition at the commencement of each session of Congress, and then running to Congress before a month was out; with special and urgent demands for more Treasury notes. This was his usual practice during nearly the whole of his continuance in office. During the last session, he was particularly importunate, and Congress was stimulated to act for his relief, by the most earnest protestation that the wheels of government would stop unless the required supplies were granted. We learn now, for the first time, that Congress made large appropriations against the wishes of the Administration! Well might Mr. Clay utter an expression of surprise and incredulity.—[Ohio State Journal.

HARFORD COUNTY.—The following gentlemen have been nominated by the Whigs as candidates for the House of Delegates, for the county of Harford: Dr. Thomas C. Hopkins, Charlotton Billingsles, Henry C. Stump, and Nicholas Nelson.

THE ELECTIONS.

INDIANA.—The returns come in slowly. In Wayne county, the returns from all but two districts, give a majority of votes to one of the Whig candidates for Senator, though there were three of them opposed to one Loco Foco. The four Whig representatives are elected in Marion county, (Indianapolis) a Whig and a Loco Foco are elected. In Jefferson county, three Whigs are elected to the House of Representatives, but they lost the Senator by running two candidates against one.

KENTUCKY.—In Louisville, at the close of the polls, the vote stood: Bullock (W.) 1430; Wolfe (W.) 1221; Speed (W.) 937; Bryan, (L. F.) 1111—the first two named elected.

In Fayette county, at the close of the polls on Tuesday, the vote stood: R. Wickliffe, Jr. 931; R. S. Ford 910; N. McCan 900; C. M. Clay 871; O. D. Winn 865; G. W. C. Graves 828. For Senator, Rhodes 927; Hickman 807.

ALABAMA.—The last election of Representatives for Congress in this State, our readers are aware; was made under the General Ticket System, a change from the District System being made by the last Legislature of that State to suit a transitory party purpose. From the Mobile Advertiser we learn that "the opperation of the General Ticket System in three of the late Districts in that State gave Mr. SHIELDS a seat in Congress, when Colonel BURKE beat him 520 votes, it gave Mr. LEWIS a seat, when Mr. HILLIARD beat him 470 votes; it gave Mr. PAYNE a seat, when General CRABB beat him 968 votes!"—*Nat. Intel.*

Correspondence of the Baltimore Patriot.

NEW YORK, Thursday, 4½ P. M.

I learn in the street, that the U. States Government Loan of $1,500,000 has been taken on the following terms:—Half a million by Abbot Lawrence, Esq. for Eastern accounts, supposed the life Insurance Company of Boston at an interest of 5 2-5 per cent; half a million by the Chamber street Insurance Company of this city, at 5½ per cent. and the other half million will be decided upon to-day, either to this city or Boston, as may be the priority of application.

All the above were taken at par. The interest is payable either at New York, Philadelphia, Baltimore, Boston, or Washington, at the option of the buyer, by giving fifteen days' notice. The certificates are transferable at Washington only, as no part of the stock is expected to go to Europe, as was before anticipated.

Mr. Swartwout has arrived in New York city. He has not yet been arrested.

MORE DEFALCATION. Letter from New Orleans received in New York, says that the sudden death of one of the Fellers in the Canal Bank, had caused an investigation into his accounts, which, as far as the examination had proceeded, had disclosed a deficit of over $80,000

ANOTHER. The Baltimore Patriot states that Wm McK. Ball, cashier of the branch of the State Bank of Arkansas, at Fayetteville, recently absconded to Texas, leaving the Bank *minus* some $64,000.

The Emperor of Russia has assumed the title of "Defender of the Christians of the East." We trust he will make it good by his conduct.

The Norfolk Beacon of Tuesday says: "A French frigate from Point Petre, (Guad.) anchored in Hampton Roads yesterday. We learn that two French brigs of war are expected from the same place."

The captain of a vessel which recently sailed from Norfolk for new York, discovered a negro slave on board after getting to sea. The vessel was immediately put about and the runaway transferred to a pilot boat off the Capes.

The *Great Western* sailed punctually from New York on Saturday last, her fastenings being cast off as the clock struck one. She carried out a large number of passengers and $75,000 in specie.

The packet ship Emerald for Havre took out $186,000 in specie.

MR. BIDDLE. The U. S. Gazette of Wednesday says that a declaration has been filed in the case of the President Directors and Company of the Bank of the United States, versus Nicholas Biddle. The damages are laid at one million of dollars. For the Plain'f Messrs Rawle, Wharton & F. W. Hubbell For the Defendant, Messrs. Randall, Dallas and Meredith.

The Auburn New York Journal says that *five* field pieces have been stolen from that county within a short time. Two from Auburn, one from Scipio of Geneva, one from Cato, and another from a town name not recollected. Rumors are rife as to the object of these thefts, but the Editor thinks it not unlikely that preparations are making for another Patriot movement.

MISSISSIPPI BONDS.—Governor McNutt, of Mississippi, has given Messrs. Hope & Co., of Amsterdam notice that 'this State never will pay the five millions, of dollars issued in June, 1838, or any portion of the interest due, or to become due, thereon.

"The money," he says "paid for those bonds did not come into the State treasury. The officers of this Government had no control over its disbursement. The bonds were disposed of in 1838, by collusion and fraud, in violation of the Constitution and laws of this State. The Mississippi Union Bank, and the Bank of the United States, were parties to this unlawful transaction. You have the endorsement of both these institutions, and to them you must look for payment.'

FOREIGN MINISTERS AT WASHINGTON.—Rumors from England make it pretty certain that Mr. Fox will be recalled by the new Ministry. It seems to be thought there, he is not popular here.

Baron Mareschal, the Austrain Minister, soon leaves the country. He has sold his furniture in Washington.

The Russian Minister, Mr. Bodisco, it is now said, will not leave Washington for Vienna. He married in the District, has a fine residence there, and has no wish to change.—*N. Y. Express.*

The following from the New Orleans Bulletin of the 28th, shows how little foundation there was for the reported negro revolt in Louisiana.

"We learn from Bayou Sara that the trial of the negroes had been further postponed. All was quiet—the excitement having died away. There seems to exist *some doubt whether there was really any intention to revolt*, and the probability is that most of the arrested slaves will be discharged."
