VALUABLE MILL PROPERTY

## For Sale.

The subscriber wishing to quit the Milling Business, offers his beautiful and substantial Grist and Saw Mill for sale upon accommodating terms.—The situation of these Mills, located as they are, at Easton Point, Talbot county, Maryland, need no comment. Persons disposed to purchase Mill property cannot do better, and are respectfully invited to come and examine for themselves, where every satisfactory evidence will be given to satisfy the most sceptical mind of the value and worth of this valuable property.—The subscriber having had the entire oversight and management of the constructing and building of these Mills, challenges the scrutiny of the mechanic or the manufacturer of flour to produce a mill more substantially built or better calculated for the Milling business

A VALUABLE FARM

## For Sale.

The subscriber will sell at private sale his farm in King's Creek, adjoining Kingston, well known as Federal Hill, beautifully situated upon the Choptank river, six miles from Easton, and containing 347 1-2 acres of naturally a rich clay loam, sufficiently stiff for wheat and clover, with a red clay bottom, the whole of which grows luxuriantly the white clover.

The arable land is divided into four fields of fifty five acres each, all running up to the Barnyard, the remainder is in wood and permanent grazing sufficiently watered and well calculated for a dairy farm, as it will graze till harvest 50 head of cattle without touching the upland, it is both a grain and grass farm combining every advantage of a fresh water situation Any person wishing to invest their money in land as a matter of interest alone, will find it to their advantage to purchase, if a speedy return of the investment be desired, it having returned more than the purchase money in the last five years out of the surplus grain alone The resources for improving are inexaustible and convenient—a good clear shore for sein hauling.

The dwelling is of brick, large and convenient with kitchen attached, a new and substantial dairy and all necessary out houses; the garden and yard is large and newly enclosed, & well set in lawn grass. There is also a fine opening for a Store and boat to establish a profitable business stand, little inferior to Gilpins Point or Powell's Landing.

Persons at a distance wishing to view the premises will please drop a line at the Royal Oak, stating the time so that I can meet them and state the terms, which will be accommodating.

EASTON ACADEMY.

The duties of this Institution will be resumed on Monday the 11th inst., when it is confidently expected that a large increase in the number of pupils will afford unequivocal evidence that the Parents and Guardians of Easton and the surrounding country are ready, as in days past, to co-operate in sustaining an institution of such inestimable value to them all. The Trustees have secured the services of able and faithful teachers.

Of the literary attainments of Dr. Arnold ample proof has long since been exhibited; of his ability and faithfulness as an Instructor, it is only necessary to refer to the results of his services in the Academy as manifested at the late examination, where the Trustees had a full demonstration of the truth and justice of the very high testimonials in his possession from some of the most distinguished gentlemen and scholars in the United States.

In anticipation of a large addition to the number of pupils an Assistant Teacher has been engaged, whose services, we cannot doubt, will prove highly creditable to the Institution and satisfactory to its Patrons.

Mr. Trask, the gentleman thus engaged, is a graduate of Amherst College, and brings satisfactory evidence of the excellence of his moral character, and of his success in the arduous but interesting duties of the profession, which he has chosen. *He* has letters of recommendation from the President and Professors of Amherst College, from the Presidents of Baltimore and Mount *Hope* Colleges and, among others, from the Hon Rufus Choate, of the United States Senate and the Hon. Henry A. Wise, in whose district he has recently resided. For the satisfaction of Patrons the Trustees subjoin the two following:

"AMHERST COLLEGE, Sept 2d, 1840.

Mr. James D. Trask is a Graduate of this Institution, and from my knowledge of his literary attainments and general character, I can cordially recommend him as well qualified to instruct in the branches taught in our Academies. He has paid particular attention to the Studies of my Department.

EDWARD HITCHCOCK, Prof. of
Chemistry and Natural History.

WASHINGTON, Aug. 24th, 1841.

"I have great pleasure in certifying that Mr. James D. Trask of Beverly, in Massachusetts, is in my judgment well qualified in point of Ability, Learning and Experience for an Instructor of the first class. He is a graduate of a respectable College in Massachusetts, has a good moral character and has pursued the profession of teaching with much success.

RUFUS CHOATE."

From the united efforts of the two gentlemen thus eminently qualified and devoted to the duties of their profession, we confidently believe that the highest expectations of the friends of the Institution will be fully realized and we therefore earnestly commend it to the patronage of Parents and Guardians, who desire to bestow on their sons or wards an opportunity of acquiring the inestimable advantages of a thorough and accomplished education.

The Academical year as mentioned in a former advertisement will hereafter consist of two Sessions, commencing respectively on the 2d Monday in October and the first Monday in April, the former to be preceded by a vacation of six weeks, the latter by a vacation of two weeks. At the conclusion of the winter session there will be a public examination of the pupils.

TERMS.

For instruction in Spelling, Reading, Writing, Arithmetic, English Grammar, Geography and History, &c.

| | |
|---|---|
| For the winter session | $9 50 |
| For the summer session | 7 50 |

For additional instruction in the various branches of Mathematics, as Algebra, Geometry, Trigonometry, Surveying, Natural and Moral Philosophy, &c. with Latin, Greek and French.

| | |
|---|---|
| For the winter session | $14 00 |
| " summer " | 12.00 |

A course of lectures upon the various branches of natural science will be given by the teachers, and every effort made to make the institution equal to any in the State. The institution, under the provisions of the act of 1833, is open to eight boys.
