Poetry.

For the Easton Gazette.

COLD WINTER

That's the time to remember the Poor.

Now the Winter has come, with his cold chilling breath
And the verdue has dropp'd, from the trees,
All nature seems touch'd with the fingers of death
And the streams are beginning to freeze.

When wanton young lads o'er the river may slide,
And the flowers attend us no more,
While in plenty we sit by a warm fire-side
That's the time to remember the Poor.

When the cold feathered snow does in plenty descend,
And whiten the prospect around;
When the keen cutting wind, from the North shall attend
Hard, chilling, and freezing the ground.
When the hills and the dales, are all candied with white,
When the rivers congeal to the shore:
When the bright twinkling stars shall proclaim a cold night,
Then remember the state of the Poor.

When the poor harmless Hare may be traced to the wood,
By her footsteps indented in snow;
When the lips and the fingers are starting with blood,
When the marksmen a fowl shooting go.
When poor Robin red breast approaches the cot,
And the icicles hang on the door,
When the bowl smokes with something reviving and hot,
That's the time to remember the Poor.

When a thaw shall ensue, and the waters increase,
And rivers all insolent grow;
When the fishes from prison obtain a release,
When in danger the travellers go.
When the meadows are chid with the proud swelling flood,
When the bridges are useful no more;
When in health you have every thing that is good,
Can you murmur to think on the Poor.

Now the time will soon come when our Saviour was born,
And we all should agree with one voice
Each heart to contribute to hail the blest morn,
The Earth and all in it will rejoice.
Then death will pursue, and deprived of its sting,
And the grave it shall triumph no more;
Then Angels and men, Hallalujah may sing,
Then the rich shall remember the Poor.

DAVENPORT, PATENT HORSE POWER, THRASHING AND WINNOWING MACHINE.—The subscriber would respectfully inform farmers and others interested in Agricultural pursuits, that he has purchased the sole right for the use, manufacturing, and vending the said machines for the States of Maryland and Virginia. The thrasher and cleaner are so constructed that it requires no more time or labor in preparing the Grain for market, than ordinary machines do in thrashing only, and but little if any more than it would to cart and stack the same, 250 bushels of wheat or 400 bushels of oats may be done per day, with much ease. These machines are portable and may be easily transported by one pair of horses, and to be used in the field or barn.

They may truly be said to be LABOUR SAVING MACHINES, four horses being abundantly able to do the work by the week or month with much ease. It is confidently believed they are vastly superior in their model to any other now in use.

Certificates from hundreds of the most extensive and respectable farmers in Pennsylvania and Maryland can be obtained, testifying to their superior excellence, not only to the manner of thrashing and cleaning the Grain, but also for their adaption for service, being very simple in their construction, and not liable to break or get out of order.

It is however, quite unnecessary to say much in regard to their utility, further, than to call public attention to them, as it is presumed every farmer will want to satisfy himself by seeing them in their operations.

The subscriber intends shortly to commence the manufacturing of them and will send them to different parts of the State to be put in operation when those interested may have an opportunity of judging for themselves.

J. CROSBY, Proprietor,

TESTIMONIALS.

Having had an intimate acquaintance with Mr. Thomas D. Bell for a number of years, affords me pleasure to express my conviction that he is admirably qualified by his talents, attainments and experience, for the instruction and government of a select school for young ladies. The Female Seminary in Oxford, Pa. has been under his direction and tuition since its commencement; and having attended all its examinations, I am prepared to say that his pupils would *compare well* with young ladies in the highest seminaries of a similar kind, in any part of our country. I have frequently attended examinations in the celebrated schools of New England, and I hesitate not to say that Mr. Bell has as systematic a course of instruction and has given as complete an education as may be found in the very best schools.—Mr. Bell removes to Newark, Del., an exceedingly healthy and central village, where he designs still to carry on his school with increased facilities to afford an accurate and thorough knowledge of all the solid and polite branches of a complete female education.

It is also due to Miss Bell to say that the pupils in Music under her care, performed admirably and *never failed* to delight the audience of every examination.

I therefore cheerfully recommend Mr. Bell and also Miss Bell as eminently qualified for their respective stations.

The following is an extract from a letter from the Rev. Thomas Love, dated

LOVEVILLE, Del., June 18th, 1841.

"With the system you have adopted, your mode of communicating instruction, the government of your school, and the management of the boarding department—I am highly gratified. With the examination I was so much delighted that I really wished that all parents who have daughters to educate could have been present. The improvement which our daughter made while with you exceeded far my expectations, and I greatly regret that she is not enjoying the privilege of being with you this summer."

EASTON ACADEMY.

The duties of this Institution will be resumed on Monday the 11th inst., when it is confidently expected that a large increase in the number of pupils will afford unequivocal evidence that the Parents and Guardians of Easton and the surrounding country are ready, as in days past, to co-operate in sustaining an institution of such inestimable value to them all. The Trustees have secured the services of able and faithful teachers.

Of the literary attainment of Dr. Arnold ample proof has long since been exhibited; of his ability and faithfulness as an Instructor, it is only necessary to refer to the results of his services in the Academy as manifested at the late examination, where the Trustees had full demonstration of the truth and justice of the very high testimonials in his possession from some of the most distinguished gentlemen and scholars in the United States.

In anticipation of a large addition to the number of pupils an Assistant Teacher has been engaged, whose services, we cannot doubt, will prove highly creditable to the Institution and satisfactory to its Patrons.

Mr. Trask, the gentleman thus engaged, is a graduate of Amherst College, and brings satisfactory evidence of the excellence of his moral character, and of his success in the arduous but interesting duties of the profession, which he has chosen. He has letters of recommendation from the President and Professors of Amherst College, from the Presidents of Baltimore and Mount Hope Colleges and, among others, from the Hon. Rufus Choate, of the United States Senate and the Hon. Henry A. Wise, in whose district he has recently resided. For the satisfaction of Patrons the Trustees subjoin the two following:

"AMHERST COLLEGE, Sept. 2d, 1840.

Mr. James D. Trask is a Graduate of this Institution, and from my knowledge of his literary attainments and general character, I can cordially recommend him as well qualified to instruct in the branches taught in our Academies. He has paid particular attention to the Studies of my Department.

EDWARD HITCHCOCK, Prof. of Chemistry and Natural History.

WASHINGTON, Aug. 24th, 1841.

"I have great pleasure in certifying that Mr. James D. Trask of Beverly, in Massachusetts, is in my judgment well qualified in point of Ability, Learning and Experience for an Instructor of the first class. He is a graduate of a respectable College in Massachusetts, has a good moral character and has pursued the profession of teaching with much success.

RUFUS CHOATE."

From the united efforts of the two gentlemen thus eminently qualified and devoted to the duties of their profession, we confidently believe that the highest expectations of the friends of the Institution will be fully realized and we therefore earnestly commend it to the patronage of Parents and Guardians, who desire to bestow on their sons or wards an opportunity of acquiring the inestimable advantages of a thorough and accomplished education.

The Academical year as mentioned in a former advertisement will hereafter consist of two Sessions, commencing respectively on the 2d Monday in October and the first Monday in April, the former to be proceeded by a vacation of six weeks, the latter by a vacation of two weeks. At the conclusion of the winter session there will be a public examination of the pupils.

TERMS.

For instruction in Spelling, Reading, Writing, Arithmetic, English Grammar, Geography and History, &c.

For the winter session	$9.50
For the summer session	7.50

For additional instruction in the various branches of Mathematics, as Algebra, Geometry, Trigonometry, Surveying, Natural and Moral Philosophy, &c. with Latin, Greek and French.

For the winter session	$14 00
" summer "	12.00

A course of lectures upon the various branches of natural science will be given by the Teachers, and every effort made to make the institution equal to any in the State. The institution, under the provisions of the act of 1833, is open to eight boys.

A FARM AT PRIVATE SALE.

A GREAT BARGAIN.

I will sell at private Sale, my farm, one mile from the Chappel and seven from Easton, adjoining the lands of Jesse Scott and Edward N. Hambleton, Esq'rs. This farm is beautifully situated on the county road, between Easton and Denton, rendering it convenient both for attending Easton market and hauling wood to Easton There being a great abundance on the farm to spare, independent of a sufficiency to support the farm.

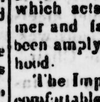

This farm contains 146¾ acres more or less—more than one half of which is in fine

WOOD AND TIMBER

Land. The arable portion of this land is under tolerable good fencing and is susceptible of considerable improvement, with a great abundance of ditch bank and swamp earth, convenient to get at and more than sufficient for each field, which acts finely when spread in the summer and fall previous to cultivation, as has been amply tested by persons in the neighbourhood.

The Improvements consists of a large and comfortable

DWELLING HOUSE,

with a dry cellar, which has been thoroughly repaired and put in first rate order, and a new well of excellent water, a very good orchard of fine fruit. There is about 20 acres of this land, which with a very trifling expense might be made a first rate meadow.

If the above farm is not disposed of before Tuesday the 28th day of the present month, it will on that day, be offered at Public Sale at the Court House door in Easton. Persons wishing to see the property will call on Mr. John B. Firbanks, who lives on the opposite side of the road, and will shew the premises, lines, &c. &c. Those wishing to purchase will find me at the store of Mr Ennals Roswell, when the terms will be made known.

The Vestry of St. Peter's Parish, being now about to recommence the new Church, take this method of informing delinquent subscribers, of the *necessity* of paying up immediately their respective subscriptions.
