Ladies Literary Institute

BOARDING AND DAY SCHOOL FOR

YOUNG LADIES,

No 44, SOUTH HIGH STREET, BALTIMORE

REV. JOHN B. JARBOE, PRINCIPAL

THIS Institution has been in faithful and effective operation for the last six years during which time the Principal has had under his charge a great number of young ladies, principally from the City of Baltimore and the Eastern and Western Shores of Maryland and he has received repeated testimonials of pleasure and approbation from those who have placed their children under his care.

Rejecting the old and beaten path of mere memorising, it has been his principal aim to address himself to the reasoning powers of his pupils, and thus bring into full and vigorous exercise ALL their mental faculties: and the success, that has uniformly attended his efforts, where those efforts have not been injudiciously counteracted at home, fully tests the utility of such a course of instruction

Connected with the Institution there is an elegant and extensive Philosophical and and Chemical apparatus; a beautiful and well selected Cabinet of Minerals and Shells, Globes, Maps, &c. &c.

A course of Lectures will be regularly delivered, on Natural Philosophy and Natural History. The advanced pupils are required to take notes of each lecture, and make the subject a theme for their ensuing composition.

The course of study is such as is generally pursued in the higher order of Literary Institutions, embracing every thing tending to advance the best interests of the pupils

By means of "Davidson's Muscular Guide," a style of Penmanship is attained which for beauty, strength and permanency is incomparable

The fancy branches of Ornamental work will be taught by the lady of the Principal, but only in such cases where those pursuits do not interfere with the leading design of the Institution.

The musical department and modern languages are placed in the hands of competent Professors.

TERMS

Board and Tuition, per annum,	$175 00
Day Scholars do do	45 00

Music and Languages at Professors' Terms

The Academic year consists of 47 weeks, and no boarder will be received for a less term than the current year, and no day scholar for a less period, unless there be a special agreement to that effect.

For the benefit of parents resident in the city, the Principal proposes to receive young ladies into his family during the week as boarders, to superintend their studies, allowing them to return to their parents on Saturday afternoon, thus enabling them to have the privilege of a Boarding School, and likewise to enjoy the society of their friends.—The charges in this department will be modified as circumstances may justify.

ANOTHER EVIDENCE OF THE WONDERFUL CURES PERFORMED BY DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.

Dr. Swayne:—Dear Sir:—When I was at Pittsburg last August, I purchased of your Agent Six Bottles of your Compound Syrup of Wild Cherry. I had for many years been troubled with a Cough, often very violent, with other indications of Consumption, or disease of the Lungs, of a very serious nature. I had very little faith in medicine, as it was thought my disease was hopeless and beyond its reach.—I had applied to several Physicians for relief, and also used some highly puffed medicines which I had seen in the newspapers, but hearing that you had much experience in the practice of medicine, and had treated many cases of Consumption, I concluded to try yours; and from that time I am happy to say, I found relief.—I write this in hopes you will publish it, so that if any human being has suffered as I have done, they may know where to find a medicine the virtues of which may be relied on.

Yours respectfully,

JAMES OSBURN.

T. J. Neavitt & Co's. Celebrated Ague and Fever Pills

The efficacy of their Pills has been tested within the last few years, every experiment made with them has been attended with the most satisfactory results. Being perfectly innocent and pleasant—containing nothing to derange or disorganise the stomach, they may be given alike to infants and adults with the utmost safety, and without reference to diet, and irrespective of the avocations in which the patient may be engaged. They will allay any disposition to a feverish temperament, promote harmony between the action of the stomach, liver, and other important functions, and restore the system to health and vigor.

They do not recommend their Tonic Pills for every disease to which the human race is subject, but do particularly and confidently recommend them as the best remedy hitherto devised against fever and its consequences. As unequivocal proofs however of their efficacy, the proprietors have numerous certificates from professional gentlemen and others who have tested their superiority over all former discoveries for the speedy and radical cure of that distressing disease the Ague and Fever.
