people may be supposed to know how much of the article they want, they can determin the question for themselves, as the measure proposed by the Bill, if adopted by the Legislature, will be submitted to be voted on at the next annual election.

EASTON GAZETTE.

EASTON, MD.

Saturday Morning, Jan. 6.

FOR PRESIDENT
HENRY CLAY,
OF KENTUCKY.

We insert to day the message of Governor Thomas to the Legislature—it is lengthy and appears to have been written with great care—It gives a gloomy view of the financial affairs of the State, but suggests no plan to better its condition.

United States Senator.—The Legislature of Maryland, on Friday, the 29th ult. went into an election for United States Senator, in the place of the Hon. Mr. Kerr. The result was as follows:

Whole number of votes cast,	96
Of which J. A. Pearce Esq. received	59
Blanks,	36
Scattering,	1

So the *Hon.* James Alfred Pearce, was declared duly elected Senator of the U. States, from the 4th of March, 1843, to serve for six years.

HON. J. A. PEARCE.—We regret to learn from the Patriot that the *Hon.* J. A. Pearce, U. S. Senator elect of Maryland, is prevented from taking his seat by severe sickness in his family.

The U. Senate in Executive Session on Tuesday last, confirmed the nominations of Mr. Upshur as secretary of State, & of Mr. Nelson, as Attorney General. The nominations of Messrs. Henshaw & Porter were considered. It is very doubtful whether the Senate will confirm them.

Mr. Buchanan, of Pennsylvania.—This gentleman seeing the utter hopelessness of his getting the nomination of the Loco Foco National Convention, for the Presidency, has written a letter to the Lancaster Intelligencer, in which he announces, 'that after long and serious reflection,' he has resolved to withdraw his name as a candidate for the Presidency.

We hear, (says the National Intelligencer) that Gen. Waddy Thompson, the Minister of the United States to Mexico has forwarded his resignation of that trust, and may be expected to arrive in the United States very shortly.

The Journal of Commerce says that letters from Washington say that the Committee on the amendment of the rules of which Mr. Adams is Chairman have agreed, five to four, to report in favour of rescinding the 21st Rule, which excludes abolition petitions.

The House of Delegates and the Senate have appointed their usual standing committees. The committee of 'Ways & Means" in the House, consist of Messrs. Johnson, Semmes, Murray, Yellot, Stewart, Carey & Holliday. In the Senate, of Messrs. Goldsborough, Beall, Ely, Palmer and Sellman

It gives us pleasure to state (on the authority of the Williamsport, Md. Banner of Saturday) that Chief Justice Buchanan is recovering from his late severe indisposition. He is so far convalescent as to be considered out of danger.

GENERAL JACKSON.—The New York, Evening Post has received a letter from Nashville, from a gentleman who has been paying a recent visit to Gen. Jackson. He speaks as follows of the feeble health of that distinguished man: 'Gen Jackson, I regret to say, is in very infirm health. He never leaves his room, and is emaciated to mere skin and bone. He has a severe cough & pain in the back & side, but the voice & intellect appear unaffected, and the lightning fire of former years yet flashes in his eye."

A negro man named George, tried in Leonardtown, St. Mary's County, Md. for the murder of Mr. Francis Knott, his master, has been found guilty of murder in first degree.

New Jersey.—It is said in the Newark Post that Mr. Webster has purchased for $25,000, the Weehawken House, formerly owned by Judge Bergen, situated about two miles from Hoboken. If so, we presume he intends to reside in New Jersey for objects conected with his legal pursuits.

THE PUBLIC LANDS.—The communication from the General Land Office laid before Congress, shows the sales of lands for the last year to have amounted to 1,639,674 acres, making two millions of dollars, exceeding the amount received the proceeding year by $600 000. Of the sales, not more than 10 000 acres have been sold above the minimum price, owing, as the Commissioner thinks to the operation of the pre-emption laws, which enable the actual settler to secure the choicest lands at the minimum price.—During the same period more than ten thousand patents have been transmitted and all that have been prepared have been sigued.—Nat. Int.

Six negroes were decoyed a few nights since from their master, Mr. Bushrod Taylor, of Winchester, Virginia, by an individual named Charles T. Torrey.—The negroes was last seen in Philadelphia. Torrey, the abductor, passes himself off as a minister of the gospel.

A Whig Victory in New Orleans.

The Whigs of New Orleans carried that city on Monday, the 18th instant, on the occasion of a special election to fill a vacancy in the State Legislature. The majority which they gave to James P. Freret, the successful candidate is upward of fifty votes. The day was very inclement, and the votes cast was smaller than usual. Last year the majority against us in New Orleans was 153.

AN EXPLOSION.—The Baltimore Sun states that quite a startling event 'took place in a private party in town on Christmas day, that is, if any thing can be called startling now-a days. A gentleman visiting some friends, and designing to afford them some amusement in the torpedo line supplied himself with about a pound, and put them into his coat pocket. On entering his friend's house, he was politely requested to take a chair, and did so very thoughtless of the consequences, for no sooner was he seated than an explosion took place not unlike a Colt's pistol, with variations, bringing the Gentleman to an erect position with the effect of a galvanic battery, and prostrating two or three ladies half fainting upon the floor. Upon inspecting damages, it was found that the coat tail & pantaloons had both suffered'

A Clergyman in the Senate.

Noticing the fact that the Rev. Mr. Colquitt, of Ga, was to preach in one of the Methodist Churches of Washington on the 14th, the New York express says—'The preacher alluded to is a Senator of the United States. At home, he has been known to preach a sermon, try a case in court, as advocate, sit on a reference, marry a couple, christen a child and make a stump-speech—all between sunrise and bed time, in one day.!'

A French Steamer Dismasted by an American 74.—The New York True Sun says, an officer on board the U. S. ship Delaware writes that on the evening previous to her arrival at Naples (on the 16th of October) she met two large steamers from Algiers, both French, 'One of them in trying to pass abreast of us, (says the writer) caught our flying jibsboom, and to our great surprise, every mast was swept out of her close to her deck!—Even her smoke stack and steam pipe were completely prostrated, as also the flag staff over her stern. She was three masted so you see what a little Yankee stick can do to a French steamer. We did not loose a rope-yarn. It was the clearest sweep I ever saw of the kind.—We will be at home in February.' The Delaware had been at Naples to bring home some statuary for the Government

ANOTHER MAIL ROBBERY—The N. Y Journal of Commerce states that the Albany Post Office has been robbed of sundry letters by a young man twenty-two years of age by the name of Bacon, a son of very highly respectable parents and himself altogether unsuspected. A large number of letters were found upon him many of them broken open, and most of the money recovered. He has confessed every thing and has been committed for trial. The cause seems to have been lottery gambling. It is a very melancholy affair.

THE WAGES OF FACTORY GIRLS.—The Cincinnati Atlas speaking of a factory in that city for the manufacture of Cotton Baggin in which 55 girls and 45 men are employed says:

A little girl at this establishment quit work on Saturday, at 2 o'clock; having woven thirty cuts, equal to 1530 yards from Monday morning, for which she was paid twenty cents per cut, being six dollars for less than as many days employment.

Poor Girl! how the Locos, who are opposed to American manufactures, must pity her! Only six dollars a week for the labor of 'little girls' in a city where superfine flour is 1½ cents a pound; and chickens 8 cents a pair.

What an injury to 55 girls to be thus employed or not just as they choose!

From the New York Courier.

SINGULAR CASE.—On Tuesday of last week, Judge Ulshoeffer was called on to decide as knotty a case as ever came within his practice as Judge or Counsel—two Albino Negroes, who had been exhibiting at Peal's Museum were brought before him on writ of habeas corpus, by a negro named John Jones from Duchess County, who claimed them as his children, while another negro from Shrewsbury, N. J. named John Mannah claimed them as his own offspring Jones swore that he hired the children out about two years ago to a man named Husted for exibition, and that he had never seen them since, but he knew they were his own children, and to back his assertions, he brought numerous witnesses from Duchess county, who knew him and the children, and all swore positively that they belonged to Jones.

On the other hand, Mannah produced evidence that the children were his, and were brought up by him from infancy, & that he had hired them for exibition a few weeks ago. In this state of the case both parties swearing positively to the identity of the children, Judge Ulshoeffer was non plussed, and he adjourned the case over until Saturday.

In the meantime Mr. Niles, counsel for Manner, received information that two other Albino children were exhibiting in Massachusetts, and he took measures to have them brought to this city where they arrived yesterday morning.

When the case came up for the hearing for Tuesday, Jones and Mannah still stuck to it that the boys belonged to them and while disputing as to this, the two other boys were slyly introduced into the room. The astonishment of all parties at this denouement was ludicrous in the extreme. Mannah stared at the New comers as if he doubted his own eyes, and Jones who knew these at once to be his own, was scarcely less astonished.

The boys, too, stared at each other with the most ludicrous seriousness, and finally the new comers gave vent to their feelings in a regular break down dance, which the sacredness of the Judge's Chambers could not restrain for the instant. Each parent thus obtained his own offspring, and all the parties left the office quite elated at the result.

Robbery—The parsonage house of the Rev. Dr. Wm. E. Wyatt was entered on Sunday night by some daring scoundrels, who effected their object by forcing a window in the rear building. The gentlemen helped themselves to nearly every thing portable that they could lay their hands upon, taking the clothing of the children, and of the Rev. Doctor; embracing coats, (one entirely new,) pantaloons, ect. and not content with this feat, the rascals absolutely stole the robes in which he usually officiates, of course, a piece of wanton mischief, as like many other things, they could be of 'no use to any one but the owner.'—*Clipper.*

THE STATEN ISLAND MURDERS.—We learn from the New York papers that two persons have been arrested in that city charged with the murder of capt. Housemans's wife and child on Staten Island, an account of which we published a few days ago. One of these is a Mrs. Polly Bodine, Capt. Houseman's sister, and the other a man named Geo. Waite an apothecary and physician whose place of business is at No. 252 Canal street. Various facts have transpired which clearly established guilt of these persons.

It is as great a mercy to be preserved in health as to be delivered from sickness.

As they, who for every slight infirmity take physic to repair their health, do rather impair it, so they who for every trifle are eager to vindicate their character, do rather weaken it.

PREPARATION NECESSARY.—Such is the variableness and vicissitude of our climate, that the utmost caution is requisite to prevent the attack of disease. Sudden changes of weather have an influence upon the system, which, if not well fortified by precautionary measures, eventually bring on suffering and a long train of evils, the result of which is death. At this season of the year it is particularly requisite that the blood should be kept pure, and entirely free from all contaminating particles and in order to produce so desirable an end every individual should make use of *Stainburn's Vegetabe Extract Pills*, which have proved themselves to be the most perfect and through searching medicine ever produced, being composed of the essential parts of some of the most invigorating vegetables, and fitly adapted to prevent undue secretions: they should be used by all who have a due regard for their health.

Price 25 cents per. box. Office 338 Broadway, N. Y. next door below the Tabernacle.

Said pills are sold in Easton by the agent E. M. DAWSON & BROTHER, and by agents published in another part, of our paper.
