MANY WHIGS.

WHIG MEETING.

The Whigs of St. Michaels District, having assembled thereat on Saturday, the 23d ult. organized by calling Joseph Bruff, to the chair, and appointing Isaac N. Dickson, secretary.

The object of the meeting was then briefly expressed by John Harrington,—that of forming a CLAY CLUB for this district, as auxiliary to any other Clubs of the same purport.

On motion of John Harrington, a committee of ten were appointed, by the Chair, to form a constitution for this Club. After a short absence, they reported one, which was unanimously adopted,

On motion of John Harrington a committee of seven were appointed to nominate officers for this association. The following gentlemen were reported by the committee, and then confirmed by the meeting.

President,—Joseph Bruff.
V. President.—John *Harper*, W C. Skinner, John Fairbank and James M Seth.
Cor. Secretary,—John Harrington.
Rec. Secretary.—John L. Sears.
Treasurer,—Robert A. Dodson.

A committee of forty were also appointed to regulate more effectually the affairs of the Club. During the above transactions there was not one discordant sentiment—all was perfect harmony.

JOSEPH BRUFF, Chairman.
Isaac N. Dickson, Secretary.

CAMPBELLS SEMI-MONTHLY MAGAZINE.—The March numbers of this valuable periodical are received—the first number is embellished with a fine Portrait of the great American artist Washington Allston, and a full length sketch of William Maginn, LL D.—and contains interesting biographical notices of each The second number has a very beautiful mezzotint of "Judith and Holoferns"—the articles are selected, as usual, with taste and judgment.

EXTRA SESSION.—Much effort is being made in various sections of the State to procure an extra session of the Legislature. Decidedly opposed, as the people of Baltimore have been supposed to be, to the completion of the Canal, proposition was last week introduced in the city councils of that city, to solicit an extra session.

The Hon. JOHN Y. MASON, the newly appointed Secretary of the Navy, has arrived at Washington, and will enter upon his duties immediately.

MR. CALHOUN.—The Madisonian says:—We are authorized to say that Mr. Calhoun accepts the State Department, and will be at his post the last of this week. An interval of nine days occurred between the mailing, at this place, of the letter announcing to him his appointment officially, and its receipt. We take pleasure in saying that his acceptance was equally prompt with the tender.

THE TEXAS QUESTION.

The following are the leading parragraphs of an editorial in the Madisonian of Tuesday.

'We have authentic advices from Texas showing that with the exception of one member the Senators & Representives in the Congress of the Republic, are unanimously in favor of 'annexation.' We have also advices of the same authentic character, containing assurances that 'ninety-nine of every hundred of the citizens of Texas are in favor of the measure.' We have likewise intelligence that if Texas be not annexed to the United States, it will immediately become a Dependency of England, and an instrument to ruin the commerce and manufactures of the New England States.

If the Executive of the United States should send into the Senate a treaty of 'annexation,' we make bold to say, for the especial benefit of the Intelligencer, that he will be wholly influenced by patriotic motives. He will entertain no sectional or party considerations.—When sent in, should the treaty be made, it will be for the Senate, and the Senate only, to ratify or reject it. The Senate will doubtless act with a full knowledge of its duties and responsibilities, whether a treaty annexing Texas, or one asserting our indisputable title to Oregon, or both be laid before them And if it be improper to agitate the subject of the latter in advance of Executive action, the Intelligencer must permit, us to say that it is equally so to prejudge the former.'

☞A Washington correspondent of the New York Sun, says that the Treaty of Annexation of Texas has been made out by Mr. Nelson, & that it will be supported by all the Slave States, while all the Free States will oppose it, except Ohio, Illinois and New *Hampshire*.

The Washington correspondent of the New York Tribune says that a Society has been formed at the seat of Government, the members of which are not in Congress, and the object of which is to promote the Annexation of Texas to the Union. Senator Walker is said to be at the head of this movement, and a fund has been raised by rich Southern men to defray all the expenses of printing, publishing, documents, speeches, &c. on the subject.

Letters from Washington now state that the Senate will not ratify the treaty for the Annexation of Texas to this Union.

The Washington Madisonian says:—'The annexation of Texas, it indeed it shall be attempted, will be urged exclusively as a great national question, and must depend for support upon the abounding advantages which would flow from it.'

The Spectator says—'It is plain that the annexation of Texas to the Union is about to be one of the greatest questions which has ever agitated the country.'

COUNTERFEIT.—One dollar notes, purporting to be of the Farmers' Bank of Maryland at Annapolis, are in circulation. One of them was taken at one of the Banks in this city. The general appearance of the note is well calculated to deceive. The signature of Th. Franklin is bad but that of G. Wells is good. The paper is indifferent.—*Amer.*

DESTRUCTIVE FIRES.—We regret to record, says the Baltimore American, the occurrence on Saturday night last of two distructive fires in our city. About eight o'clock in the evening the extensive soap and candle factory of Messrs. SMITH & CURLETT, at the corner of Holliday and Pleasant streets, was discovered to be on fire, and before any assistance whatever could be afforded the whole of the interior of the buildings was enveloped in flame. The firemen were soon upon the spot, but as no effort could save the premises on fire, they directed their exertions to the preservation of the surrounding property—a work rendered extremely difficult from the intense heat of the flame, and the prevalence of a high wind. Their apparatus was distributed with great judgment, and we are happy to be able to say that the fire was confined to the premises in which it originated.

The factory of Messrs. Smith & Curlett contained a large stock of manufactured goods, besides a quantity of raw materials, the whole of which was entirely consumed. Many buildings in the neighborhood were set on fire by the cinders, which were blown by the wind to the distance of a mile. We learn that the total loss of the factory and stock is estimated at about $25 000, and that the proprietors have a policy in the Firemen's and one in the Merchants' Insurance Office for $8 000 each.

While the above fire was raging, the alarm was given that a fire had broken out in another part of the city. It was found to proceed from the buildings on the south side of the Basin belonging to the city, and known as the City Fish Houses. Before the firemen could reach the spot they were entirely consumed.—We learn that they were almost unoccupied They were built some years since at a cost of $10 000

It is believed that both these fires were caused by incendiaries.

BALTIMORE, March 22.

SALE OF PEWS.—The sale of pews in the new Methodist Episcopal Church in North Charlesstreet, went of yesterday afternoon with great spirit. There are on the ground floor of the church one hundred and six pews, which were rated by the Trustees at prices ranging from six hundred dollars for the most eligible down to one hundred dollars for those most remote from the pulpit. Of these, about eighty were sold at various rates of premium ranging from ten dollars up to one hundred and fifty dollars. The aggregate estimate value, by the Trustees, of the pews which were disposed of was $32 125—the sales of which amounted to the handsome sum of $35 625.—There was but one pew in the gallery sold, and there are yet some very desirable ones on the lower floor undisposed of.

We are requested to say that the Trustees will attend at the Church to-day & to-morrow, between the hours of 11 and 2 o'clock, and 3 and 5 P. M. for the purpose of disposing of the remaining pews. On Monday afternoon next the Church will be dedicated.—*Amer.*

MILLERISM.—The Centreville Times of Saturday says another decided case of Millerism has occurred in the neighborhood of Centreville within a few days past. The case is a very distressing one—the man is in limited circumstances, and has a wife and six or seven small children. On Sabbath day, in the public congregation in one of the churches in Centreville, he commenced & sang alone the Lord's prayer. His case since that time, has become more confirmed, creating the greatest distress amongst his friends.

MORMONS IN MISSISSIPPI.—The Mobile Register learns by a letter from Sumster county, Alabama, that the Mormons are making formidable demonstrations in an adjoining county in Mississippi. They commenced operations at Pleasant Springs late in the fall, and now number about seventy five proselytes—some twenty being seceders from the Methodist connection, and about twenty six from the Baptist—the balance from non-professors. They have recently commenced propogating their faith at Brooklyn, only a few miles from the Alabama State line, where they will probably meet with a like success.

AN UNDOUBTED FACT.—The researches of the most eminent medical practioners have all terminated in the same result—that the human frame may always be considered as in a deceased state so long as there lurks the least particle of impurity in the system—and that if such impurities are allowed to accumulate for even a short period of time, medical skill must be exerted to the utmost to restore the body to a healthy state of action.—Prevention is therefore the wisest policy, and when the most adequate means are placed within the reach of every one, there can be no excuse for such an amount of suffering as is daily exhibited. The best, surest, safest, and most effective preventive as well as cure, is

Stainburn's Vegetable Extract Pills,

so highly recommended for their virtues, by the best and most successful physicians in the country. Compounded entirely of the purest and finest parts of certain vegetables, they exert an influence safe and certain, and are sure to restore to health when other means fail of success.

Price 25 cents per. box. Office 338 Broadway, N. Y. next door below the Tabernacle.

Said pills are sold in Easton by the agent E. M. DAWSON & BROTHER, and by agents published in another part of our paper.

Dr. Dresbach, Kuhan & Pryor's DYSPEPTIC CORDIAL

For Dyspepsia, Sick Head Ache, Rheumatism &c. &c.,

THE PROPRIETOR of this preparation deems it proper to premise that nothing is farther from his purpose than to offer it to the public as an universal medicine, or cure all—It is adapted to a few diseases only, for which it is confidently recommended as one of the most agreeable as well as most certain remedies which have at any time claimed public attention!

It imparts a healthy tone to the stomach, improves the appetite when impaired, and promotes digestion—it soothes and tranquilizes the nervous system, when excited or disturbed produces cheerfulness of spirits, with feelings of general comfort and satisfaction.

In the following diseases it is recommended as a prompt and in most cases an effectual remedy

Dyspepsia, Sick or Nervous Headache, cholic [illegible] or spasm in the stomach, cholera morbus, hysterics and nervous diseases generally; chronic dysentery, diarrhœa or purging, sea sickness, cholera infantum, rheumatism, chronic liver complaints. Female irregularities of a chronic character, attended who is feet. pain in the back, limbs &c. It is also particularly recommended to those who are suffering under debility, languor, depression of spirits, with irregular or defective appetite, restlessness at night, with unsound or disturbed sleep—In these cases this cordial will be found an admirable remedy! Its soothing and renovating powers being peculiary adapted to such cases. As a preventative of Ague and Fever it is useful, and those who reside in neighborhoods were this disease prevails, would do well to take it once or twice a day during the sickly seasons.

TESTIMONIALS:

Westminster, Carroll Co. Md. Aug. 12, 1842

Mr. C. Hearston: dear sir—Having made use of several bottles of Dresbach, Kuhn and Pryor's Cordial of which you are proprietor, I feel a desire to inform you of its beneficial results. The first use made of it in my family was by myself, for pain in the breast—the next was for Cholic, being violently attacked; the next was a case of Cholic in a colored man in my employ; the next was a case of a child a few weeks old which was much afflicted with cholic and consequently very restless; the next case was pain in the bowels and stomach of the colored man spoken of above, in which case he was unable to work. It is with pleasure I inform you that in all the above cases it effected a speedy cure—in some of the cases a single dose had the desired effect. After commencing the use of the Cordial with the child it soon became very fleshy and has continued to grow rapidly ever since—is now past one year old and whenever attacked by the cholic (which has not been for some time,) has invariably found relief from a dose of the Cordial. From the use made of it in my family my wife is quite unwilling to be without a bottle of it in the house at any time.

Yours respectfully, JOHN M'COLLUM.

Leesburg, Va. July 10, 1841.

Mr. C. Hearstons, dear sir—Having been called on by one of your agents, (Jas. S. Hamilton) and believing it to be my duty, I give you a certificate approving of your Dyspeptic Cordial—I do say that I have used it in my family with success, and believe the cordial should be recommended to all Dyspeptic individuals! I have a young woman in my family who suffered much for some time with Dyspepsia, by using 2 or 3 bottles of your cordial, she was fully cured! Given under my hand this 10th day of July 1841. PETER COST.

Frederick County, Md. Sept 14, 1840

Mr C Herstons: Your medicine named Drs. Dresbach Kuhn and Pryor's Dyspeptic Cordial, has cured me of Dyspepsia. I had this disease twelve years. Various medicines as well as medical assistance had been tried but all failed. Your cordial as mentioned above has completed a cure. For several months past I have been entirely free from this Dyspeptic disease.

JOHN MONTGOMERY Jr

From the Rev T. H. W. Monroe,
Liberty town, Frederick Co. Md' } May 9, 1840.

Dear Sir—Circumstances have prevented me from writing to you until the present. I now state to you that I have used Drs Dresbach, Kuhan and Pryor's Dyspeptic Cordial with considerable advantage. For some years past I have been afflicted with what I regard as Dyspepsia, in its insipent stages, to obtain relief from wich I tried various remedies in vain. I was induced by the recommendation of the before named cordial, and from the use of it, have been, as I trust, entirely relieved.

Yours respectfully.
THOMAS H. W. MONROE.

Mr. C. Herstons—I willingly comply with your request to furnish a statement of the case in which your Dyspeptic Cordial was used with so much advantage. It is briefly thus. My niece Mrs. Wallace, had been suffering for several months under a train of symptoms such as naturally denote the worst form of Dyspepsia, viz: defective appetite, impaired digestion, languor, debility, &c. These symptoms were at length followed by great depression of spirits, sleeplessness and nervous agitation, while every article was swallowed by distressing pain. While in this situation a friend passing through Baltimore, who had resided in your State and was familiar with its effects, advised the use of Drs. Dresbach Kuhn and Pryor's Dyspeptic Cordial, the use of which, in a few days, gave great relief, and finally cured her. PHILAMON TOWSON.

SICK HEADACHE

Sir.—This distressing disease has for many years been a source of affliction to my wife, so severe at times as to occasion her to take to her bed.

Drs. Dresbech, Kuhn and Pryor's Dyspeptic Cordial, for dyspepsia, Sick Headache, &c, had come so highly recommended by persons of my acquaintance, I got it; it has met her case fully at different times. A few weeks past one of her severe attacks came on while on a visit to a neighbor's; she hastened home & took a dose of the cordial, sat very quiet for ten or fifteen minutes—then took a second dose and remained quiet some minutes again, when she was entirely relieved. She thinks that if she had not had this medicine at hand, this attack would have sent her to bed. Such is her confidence in this cordial for her sick headache, that she has determined never to be without it in the house.

I have heard a friend of mine say who has tried it twice for severe cholic, that he was promptly relieved each time by this cordial.

THOS. BARTHOLOW

To Mr. Herston.

CRAMP CHOLIC.

Frederick County, Md. Sept. 1840.

Mr. Herston—My wife, a few weeks ago, had a violent attack of cramp cholic. She thought she would have died—I was alarmed In the discription given of your medicine named Drs. Dresbach, Kuhn and Pryor's Dyspeptic Cordial, I found it highly recommended for cholic, spasms, or cramp in the stomach' It mostly sustained its character in my wifes case. The attack commenced about daylight Fortunately the cordial was in the house, sitting on the side of the bed, she took a few swallows from the bottle, (would not wait for pouring out—walked across the room, sat down in a chair and in five minutes was perfectly relieved.
