WHIG PRIZE SONG.

The Boston Clay Club, some months ago offered a prize of fifty dollars for the best song in honor of Henry Clay, which should be written to the tune of 'The Brave Oak.' It has been awarded to John H. Warland, formerly editor of the Claremont Eagle, & subsequently of the American, a daily paper, printed in Boston. The New York Tribune furnishes the following copy of this song. It is entitled

THE WHIG CHIEF.

BY J. H. WARLAND, ESQ.

Tune—"The Brave Old Oak."

A song for the Chief, the brave Whig Chief
Who hath reigned in our hearts so long!
Let the welkin ring as his name we sing,
And around his banner throng!
In the darkest day, when the bold gave way,
He upreared his noble form,
And his voice was heard, like our mountain bird,
Swelling high above the storm.
Then gather we all at our country's call,
And march in battle array;
Let the song and shout ring gaily out,
As we swell the ranks for CLAY!

Chorus—Then gather we all, at our country's call,
And march in battle array;
Let the song and shout ring gaily out,
As we swell the ranks for CLAY!

When the foemen came, with sword and flame,
Sounded forth his voice that day,
From the council hall, like the trumpet's call,
When it summons to the fray.
Like the drum's loud beat when armies meet,
It roused our gallant tars;
As a banner of light in the dark midnight,
They unfurled the stripes and stars.
Then gather we all, &c.

In his tones sublime, Bolivia's clime
Heard the chant of Liberty,
As, with outstretched hand, he bade her stand
With the nations of the free;
And Greece, with her isles, and vine clad hills,
Where his band Bozzaris led,
At his voice awoke, as if had spoke
One of her glorious dead.
Then gather we all, &c.

Oh, merry and free shall our voices be,
As we pledge our Chieftain true,
Whose deathless name bears a nation's fame
O'er the land and the waters blue!
On the ocean's foam, on our mountain home
Let each heart the call obey,
As swelleth the shout and the song rings out,
For our Chief who wins the day!
Then gather we all, &c.

In the chair of state, due none but the great,
The world shall our Chieftain see,
For triumph we must, our cause it just,
And perfect our union be;
Every eye is bright, every heart is light,
And the song and shout are gay;
For the victor comes 'mid the roll of drums,
With his glorious Whig array.
Then gather we all, &c.

THE LAST GATHERING.

Ocean and earth restore
All that your arms entomb!
From every distant shore,
Come to the gathering—come!

Sages of days gone by,
Long mouldering in the tomb,
Haste to the realms on high,
Come to the gathering—come!

Warrior with laurell'd crown,
Who fix'd nation's doom,
Come to the judgment now,
Come to the gathering—come!

Maiden with lip of rose,
And brow of Parian stone,
Haste from thy long repose,
Come to the gathering—come!

Bright was thy dark eye's gleam,
Fair was thy cheek of bloom,
Again those charms shall beam;
Come to the gathering—come!

Mourner with tearful eye,
Haste to thy spirit's home,
A peaceful rest on high;
Come to the gathering—come!

Loved one of days gone by,
Haste from the grave's cold gloom;
Again we meet on high;
Come to the gathering—come!

Ocean and earth, restore
All that your arms entomb,
Myriads from every shore,
Come to the gathering—come!

LOSS OF COTTON BY THE FLOOD.—The Vicksburg Whig, in summing up the accounts of the loss by the recent flood, estimates it at 225,000 bales of cotton.—The Editor say, It is impossible to form any thing like an accurate estimate of the loss of stock and other property. But we have no doubt that the loss sustained by high water in Mississippi, Arkansas & Louisiana, will amount to at least & 12,-000,000—while the damage in Missouri and Illinois must be immense.

Size of London.—London is now, beyond all doubt the largest and most populous city in the world. It, may somewhat assist the imagination in forming a conception of it immensity, when we reflect that its present population is equal to that of the six New England States, viz. Massachusetts, Maine, Connecticut, Rhode Island, New Hampshire and Vermont.

FOUNDRY.

THE SUBSCRIBERS grateful for the patronage heretofore received, begs leave respectfully to inform their friends and the public generally, that they now have on hand & are daily manufacturing the most approved

WHEAT MACHINES,

ever offered to the public on this Shore. Their superiority over other machines consists in *simplicity* and *strength*, which will enable us to *warrant* them with perfect safety. Notwithstanding there are numerous Machines used in this county, it is a well known fact that they are too liable to become injured and broken from trivial causes, arising from their complicated construction. The Machines we now offer to the public have been tested by a number of experienced Farmers both on the Western and Eastern Shore, and have invariably given general satisfaction.

They would also call the attention of the public to their extensive assortment of,

PLOUGHS,

Plough Castings,—
Mill Castings, &c. &c.

Their assortment of Ploughs embraces a great variety, viz:

WINAN'S Self Sharpner	BEACH Improved ...
DAVIS	BERNARD .....
SINCLAIR & MOOR	WILEY.....
CHESNOWITH	PATENT CYCLOIDAL
BEACH	Plough &c .....

The merits of most of the above Ploughs are already well known; but the Wiley and Patent Cycloidal have been recently introduced by us on this Shore, as a valuable acquisition to the Farmer. The Patent Cycloidal, in 1842 took the first premium at the agricultural Exhibition, near Govanstown, Baltimore county Md. over numerous competitors, composing some of the most celebrated Ploughs of Pennsylvania, New York and Maryland. All our Ploughs are stocked of the best timber, and warranted to run well. We are also prepared to do

CASTINGS AND WROUGHT WORK

of every description at the shortest notice, and at City prices. We respectfully solicit the patronage of the public and invite them to an examination of our stock.

TEMPERANCE HOTEL.

THE subscriber respectfully informs his old customers and the public generally that he still continues to superintend the above establishment and is fully prepared for the reception and entertainment of either citizens or transient visitors, whose comfort and convenience he would be pleased to 'minister unto' at all times.—His

TABLE,

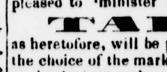

as heretofore, will be plentifully supplied with the choice of the market, which will be served up in the best style, and in a manner calculated to please the *taste* & satisfy the appetites of the 'lovers of good living.' Active and attentive waiters will be in attendance to serve all who 'sup at his board,' and strict attention will be paid to the respective wishes of the citizens and strangers.

The Private Apartments

will be kept clean and comfortable, and every exertion made to render them pleasant and agreeable, and where all may feel 'at home.' This being an essential particular in tavern keeping, the duty will be attended to by those of his household who are best calculated to appreciate, and most willing to promote comfort and render satisfaction.

THE STABLE

will be well supplied with provender of all kinds, and care will be taken that horses are both well fed and attended to, and the stable kept in a cleanly and proper condition.

HACKS

will be in attendance at the steamboat to convey passengers to any part of the peninsula at a reasonable price.

He returns his sincere thanks to *all* who have heretofore favored him with their patronage, and humbly solicits a continuance of that support which he hopes to merit.

HEMSLEY'S WORM DESTROYING SYRUP.

Prepared by R. F. Hemsley,

CHEMIST & PHARMACEUTIST, Easton Md.

WHEN we consider the great number of children who die annually in our county by worms it becomes important that the public should be in possession of some Medicine for their removal, which will combine safety and efficiency in its employment, this desideratum is afforded by the 'Worm Destroying Syrup.' It is not my wish, nor is it my design to throw around this preparation the unmeaning & extravagant eulogiums with which such medicines are usually ushured into notice, I only desire for it a fair & judicious trial to secure its full approbation. The large and increasing sale of this article is the best proof of the value and estimation in which it is held by numerous & respectable families. The presence of worms may generally with readiness be detected by the following.

SYMPTOMS.

Variable appetite—foul tongue—fetid breath—full hard and tense belly—dull heavy expression of the Countenance—a bluish streak under the eye—itching at the nose—puffiness of the upper lip—disordered and irregular bowels—starting and screaming in sleep—grinding of teeth—pain in the bowels & frequently drowsiness or convulsions, attended by slow fever.

RECOMMENDATIONS.

Being acquainted with the general and successful use of Mr R. F. Hemsley's Worm Destroying Syrup, I cheerfully recommend it to the public as a valuable remedy for the expulsion of worms.

There is no authelmimtic preparation from he use of which *I* have seen better results than from MR R. F. HEMSLEY'S 'WORM DESTROYING SYRUP' having been made acquainted with its composition I can confidently recommend it, not only as a vermafuge but as a gentle tonic suitable in those cases of debility occurring in consequence of the presence of worms in the stomach and bowels.

From DR W. HEMSLEY.

Having prescribed the 'Worm Destroying Syrup' with success in my neighbourhood I can confidently recommend it as superior to any other preparation offered to the public.

I have tried in a desperate case of worms MR. R. F. HEMSLEY'S 'WORM DESTROYING SYRUP,' and it proved immediately efficacious, this case had baffled the skill of Physicians previously, and the disease must soon have killed the servant. I feel it my duty to give this certificate in favour of the valuable medicine.

JUDKIN'S PATENT SPECIFIC OINTMENT.

*** The above Ointment is offered to the public as a safe and certain remedy for those obstinate diseases, some of which have so long baffled the skill of medical science

1st. White swellings of every description.
2d. Sore legs, and ulcers of long standing.
3d. Schirrus, or glandular tumours, particularly those hardened tumours in women's breast, which oftentimes, terminate in ulcerated cancers
4th. Felons, or what some people know by the name of Catarrhs, of every description.
5th. Rheumatic pains in the joints.
6th. Sprains and bruises of every description, or in whatever part situate
7th Tetters of all kinds. In this complaint the patient, in applying the ointment, must keep the part out of water.
8th. Chilblains, or parts effected by frost.

TO THE PUBLIC.

The following communication, addressed to the proprietor of Judkin's Ointment, from the Hon. John Talliaferro, member of Congress, is highly interesting. The greatuitous manner in which it is made, exhibits feelings of no ordinary character towards suffering humanity; and is certainly well deserving of public attention.

WASHINGTON, Jan. 22, 1829

Sir.—It has been my wish for a considerable time, to communicate to you the good effect with which I have used the Ointment invented by a Mr. Judkins, and which I now understand is made and sold by agents appointed by yourself. I have applied this ointment during the last three years, to every species of tumour and wound, without failure to produce a cure in every instance. I consider it the most decided and efficient remedy in all cases of tumour, be the cause what it may, and I have found nothing so good for wounds of any description. It may be proper to add that the cure of a tumour called the white swelling, given over by the most distinguished physicians as incurrable, and which they have decided would, without amputation, prove fatal to the patient, was, under my immediate notice, effected by the use of Judkin's Ointment and the patient is in fine health; his limb affected by the tumour being restored to a perfect state of soundness. Also, that the leg of an aged man which had been wounded, and exhibited one dreadfully ulcerated surface from the knee to the foot, and which for more than two years had been considered incurable, was effectually cured by the application of Judkins' Ointment. I mention these two cases, which fell under my immediate notice and management, as a decided evidence of the efficacy of this remedy in cases of tumour and of ulcers—I have experienced as decidedly the good effect of this remedy in the cure of felons, and of every species of fresh wound. It seems to me that any one who will observe on the operation of this ointment, must, be satisfied as to its beneficial effect. I can with the utmost confidence recommend the use of this valuable remedy

I am, Sir, very respectfully,
JOHN TALIAFERO.

To Mr. Charles Herstons, Proprietor of Judkins' Ointment, near Fredericktown, Md

☞PILES.☜

Before leaving Boonsboro, I had heard much of an article in which you appear before the public as proprietor, named Herstons' Judkins Specific Ointment, made by C. Herstons near Frederick, Md. and of its decided efficacy in cures on persons with whom I am well acquainted, since my residence in Baltimore it has performed a cure on a friend of mine afflicted with piles. Having myself been a sufferer for some years with the distressing disease, I now unhesitatingly applied your Ointment in my own case, and am gratified that I can say it made a perfect cure

J A BENTZ.

Counting Room, Lombard street.

A few weeks ago a case of woman's sore breast came under my notice, the breast greatly inflamed, the nipple scarcely to be seen—her appearance clearly spoke the great misery she was in; she told me she had been suffering three months with it, and was confined to her bed; she then had flaxseed poultice to it; other things had been tried. I advised Judkin's Ointment knowing it had often been successful in like cases. She got and applied it according to the directions accompanying it; in 24 hours all pain was gone; it broke and commenced discharging copiously and so continued some days; the relief from extreme pain to perfect ease excited the woman's astonishment; a few days reduced her breast to its usual state, & in eight days the cure was complete.

BEWARE OF IMPOSITION.

Messrs. L. & R. T. Lowndes, merchants-Cumberland.

Gentlemen,—I was afflicted with a sore leg—the fame of Judkins Ointment induced me to get a jug of it—but it happened not to be of Mr. Herston's make. I used it according to directions, but my leg kept getting worse. Mr. Herstons, travelling to the west stopped at my house; during the time, on looking at the ointment I had, he immediately pronounced it not of his make, and furnished me with one which was. On opening and smelling it I was sensible of the difference, although it looked like it. I then applied the ointment he gave me to my leg; it became in a state of amendment on using the first plaster and so continued until it got quite well.

This ointment is certainly very valuable, and it would be a pity it should be lost to the public by a counterfeit article bearing the name and being not genuine.

which they offer to the public as low as they can be purchased in the State of Maryland.

The WHEAT MACHINES are made on the plan of R. Sinclair Jr. & Co., of Baltimore & are universally approved.

The CORN SHELLERS are the same as those manufactured by Obed Hussey, and are well known to be a superior machine. They will shell from 1000 to 1500 bushels of corn a day, and will husk and shell about half that quantity without any extra effort. We respectfully request the farmers to examine our stock.
