Correspondence of the Balt. Amer.

Raleigh, N. C., August 5, 1844.

Gentlemen:—From present appearances there is every prospect that the Whigs have carried the Old North most triumphantly. We have only returns from 24 counties out of 74, but in these 24 we have not only annihilated the large Loco Foco majority in the last Legislature, but have already a majority on joint ballot of six or eight. But we do not intend to stop here. We have very little chance of loss any where, now, and bright prospects of further gains. It is my confident belief that our majority will be ample for all purposes in each branch There was a Loco majority in the Senate last year of ten, and in the House of fourteen. We have gained five Senators which neutralizes that majority In the House, we have already gained ten, which wipes out the Loco majority and gives it to the Whigs.

The Governor s vote (that is the majority) will depend on the Western Reserve Set it down at 5 000 at least? What say you? Is North Carolina a laggard in the race, or is she a worthy sister state of the Whig galaxy of States? In November she Will enter the field as a Banner State.

P. S. Since the foregoing was written some additional returns have been recieved, which are still more favorable to the Whig cause, but it is too late to give the details. You need not be surprised to find Graham's majority reach 6,000!

The Express, published in Portland, Maine, heretofore a neutral paper, has thrown out the Whig flag, and inscribed on it, "Clay, Frelinghuysen and the United States."

Another Eastern paper has fallen into the Whig ranks. The Bangor Mercury commenced about three months since, as a Locofoco journal, has come out for Clay.

For Sale, at this Office.

Valuable Real Property FOR SALE.

The Subscriber (by two years experience) finds it very inconvenient to attend properly to his interest, in Caroline County, while he resides in Talbot county, a distance of near forty miles, he is therefore desirous to make immediate sale of all his real estate in Caroline county, consisting of the following well known property, viz.—His

FARM and MILL,

which lies within two miles of Greensborough and on the main road, leading from Hillsborough to Greensborough, and binding on one side by the waters of the Great Choptank river, containing about 250 Acres of Land, and now laid off in four fields, about Eighty-five thousand each, three of which are in a high state of cultivation and under good enclosure, and it is believed that it is the best adapted to the growth of Wheat and Corn of any within eight or ten miles of it, and more this commonly easy to cultivate, there being no a pond or ditch in either of the fields, and will situated to reward the tiller by a fair average crop, either in wet or dry season. This Farm, as before stated, is situated about two miles from Greensborough, being about half way from the moorings of the vessels trading to and from said village; there is also the Mill creek, bounding with said Farm affording a scow navigation, by which the Farm may be supplied with any kind of manure taken from Baltimore, or shells, all of which can be landed on the Farm—there is also a piece of meadow, sufficient to graze as many head of stock as would be necessary to be kept on and for the use of the farm without resorting to the upland for pasture —The Mill is now in complete order, the running geer all new with cast tunnel heads—the water, which has just been set to runing, say 1st June last, by Mr. Luther Diggins, well-known as a first rate workman—She has a new and enlarged Bolting Cloth and as good a set of Burs as can be found on the Eastern Shore, therefore as well prepared to manufacture good Flour as any other mill on the Eastern Shore—the buildings are sufficient to accomodate a large family very comfortably, having just erected a well constructed two story addition with celler under, well bricked up and dry, well suited for a dairy and to keep vegetables through the winter—The out buildings are a good new Corn-crib, Smoke house, Granary with good Sheds, a Carriage house, Stabling and a Wheat house shed, about 50 feet long, there is a good well of water never known to fail, immediately in the yard, newly bricked up This property is considered well worth the attention of a gentleman who is desirous of having a pleasant residance and concern to overlook and at the same time be well rewarded for his attention.

2.—The well-known and well-situated

Two Story Brick House and Lot,

in Greensborough known as the property and residence of the late Charles Tilden, which is amongst and estimated as one of the best buildings in the said village, connected with which is a new kitchen, built by the Subscriber, but about two or three years passed, with good large garden, the necessary out buildings store-house, with counter and shelves therein & lately occupied as such, by Mr. Henry M. Godwin—This property is situated about the centre of said village and at the cross streets therefore as well situated as any stand in town for public business it is now occupied by the Rev. Mr. Drain.

3.—The new and well constructed

GRANARY,

with the otherwise vacant Lot, whereon I dwelt for upwards of twenty-seven years, previous to the disaster by fire in March 1842 This Granary has been built since that ever memorable event—it will contain between Eight and Nine Thousand bushels of Grain, & is built in the most substantial manner, of good materials and the work executed in a superior order. I hazzard nothing in saying it is one of the most convenient stores to receive into, and to ship out of, in the State, and I hesitate not to refer to Mr. George Reed, who now occupies it, as also to W. Turner, Esq. who is well acquainted with it, for the correctness of the statement as above.

4.—My Farm commonly called the

BELL FARM,

lying on the East side of Choptank river and within one half mile thereof and on the road leading from Greensborough to Denton, containing Three Hundred and Thirty Acres, with a sufficiency of Timber and to spare.—The soil is light and well adapted to Corn, Rye and Fruit trees—a good Grist Mill adjoining—the buildings are in tolerable good repair.

5.—Is a WOOD LOT, containing 53 Acres which was principally cut down some twelve years passed, but is now well set in young and thrifty Chesnut and Pine, which will soon be fit for use—this Lot also lies on the East side of the river and nearly opposite the above described Mill property.

6.—Is a neat little DWELLING and KITCHEN, nearly new, with good smoke house, garden, &c. adjoining George Reed, Esq. & the parsonage; this property is situated in a very pleasant part of the town and well suited for a Mechanic or any person with a small family.

7.—My Interest (being one half in fee simple) of the Two Story Brick House and Lot with Stables, Carriage house, &c belonging to which there are an excellent bed of marl, reported by the States Geologist, to be superior to any sample in the State, except one (See Doct. Ducatell's first report to the Legislature.

No. 8 & 9 are two Lots well enclosed and in a good state of cultivation—the houses on those are but common, but from their locality always are occupied by good tenants.

No. 10 is a well enclosed lot but no house thereon and in a good state of cultivation as will appear by the crop now growing thereon, it is handsomely situated on Main street, and makes as good a situation for a garden and would be for a residence as any in the town All of the above property remaining unsold until 25th August instant, will be for rent.—None need apply but those who come well recommended or with whom I have a sufficient personal acquaintance. I expect to be at the Mill and in Greensborough from the 16th to 20th August inclusive.
