POETRY.

NOBLE LONDON.

BY BARRY CORNWALL.

Oh, when I was a little boy,
How often was I told
Of London and its silver walls,
And pavements all of gold;
Of women all so beautiful,
And men so true and bold,
And how all things 'twixt earth and sky
Where therein bought and sold.

And so I came to London;
'Twas on a summer's day,
And I walked at times and rode at times,
And whistled all the way;
And the blood rushed to my head,
When Ben, the wagoner, did say—
'Here's London, boy, the Queen of towns,
As proud as she is gay.'

I listened, and I looked about,
And questioned, and—behold!
The walls were not of silver,
The pavements were not gold;
And women, oh, so beautiful,
And—may I say—so bold,
I saw, and Ben said—'All things here
Are to be bought and sold.'

And I found they sold the dearest things;
The mother sold her child,
And the sailor sold his life away
To plough the waters wild;
And captains sold commissions
To young gentlemen so mild,
And some thieves sold their brothers thieves,
Who hang'd were or exiled.

And critics sold their paragraphs
And poets sold their lays;
And great men sold their little men
With votes of 'Ayes' and 'Nays;'
And persons sold their holy words,
And blessed the rich man's ways;
And women sold their love—(for life,
Or only a few days).

'Twas thus with all. For gold, bright Art
Her radiant flag unfurled;
And the young rose let its unblown leaves
Be cankered and uncurl'd;
For gold against the tender heart
The lion's darts were hurled;
And soldiers, whilst Fame's trumpet blew;
Dared death across the world.

And so farewell to London!
Where men do sell and buy
All things that are (of good and bad)
Beneath the awful sky;
Where some win wealth, and many want;
Some laugh and many sigh;
Till at last, all folks, from king to clown,
Shut up their books and—die!

THE WARMING PAN.

In Ireland a warming pan is called a friar. Not many years ago an unsophisticated girl took service in a hotel in the town of ——. Poor thing she had never heard of a warming pan in her life, thought she regularly confessed to a friar once a year.

It so happened on a cold and drizzly night, that a priest took lodgings in the house. He had travelled far, and being weary, retired at an early hour. Soon after, the mistress of the house called the servant girl

—'Betty, put the friar into No. 6'

Up went Betty to the poor priest.

'Your reverence must go into No 6 my mistress says.'

'How—what!' asked he annoyed at being disturbed.

'Your reverence must go into No. 6'

There was no help for it and the priest arose, donned a dressing gown and went into No. 6.

In about fifteen minutes, the mistress called to Betty.

'Put the friar into No. 4'

Betty said something about disturbing his reverence, which her mistress did not understand. So she told the girl in a sharp voice, to do always as she was directed and she would always do right. Up went Betty and the unhappy priest despite his angry protestations, was obliged to turn out of No. 6 and go into No. 4. But a little time elasped ere the girl was told to put the friar into No. 3, and the poor priest thinking that every body in the house was mad and sturdily resolved to quit it on the next morning crept into the damp sheets of No. 3. But he was to enjoy no peace there. Betty was again directed to put the friar into No. 2 and with tears in her eyes she obeyed. In about an hour the landlady concluded to go to bed herself and the friar was ordered into her room. Wondering what it all meant. Betty roused up the priest, and told him he must go into No. 11. The monk crossed himself counted his beads, and went into No. 11. It so happened that the husband of the landlady was troubled with the green eyed monster. Going up to bed, therefore, before his wife, his suspicions were confirmed by seeing in his own bed a man sound asleep. To rouse the sleeper and kick him into the street, was the work of a moment; nor was the mistake explained till the next day, when the priest informed the innkeeper what outrages had been committed upon him and he learned to his amazement that he had been serving the whole night as a warming pan.

ORIGIN OF NINE TAILORS MAKING A MAN.—A poor beggar stopped near a tailor's shop, where nine men were at work, and craved charity; each contributed his mite, and presented the beggar with the total. The beggar went upon his knees declaring they had made him a man.

FOUNDRY.

THE SUBSCRIBERS grateful for the patronage heretofore received, beg leave respectfully to inform their friends and the public generally, that they now have on hand & are daily manufacturing the most approved

WHEAT MACHINES,

ever offered to the public on this Shore. Their superiority over other machines consists in *simplicity and strength*, which will enable us to *warrant* them with perfect safety. Notwithstanding there are numerous Machines used in this county, it is a well known fact that they are too liable to become injured so as broken from trivial causes, arising from their complicated construction. The Machines we now offer to the public have been tested by a number of experienced Farmers both on the Western and Eastern Shore, and have invariably given general satisfaction.

They would also call the attention of the public to their extensive assortment of,

PLOUGHS,

Plough Castings,— Mill Castings, &c. &c.

Their assortment of Ploughs embraces a great variety, viz:

WINAN's Self Sharpner	BEACH Improved ...
DAVIS	BERNARD .....
SINCLAIR & MOOR	WILEY .....
CRENOWITH	PATENT CYCLOIDAL
BEACH	Plough &c .....

The merits of most of the above Ploughs are already well known; but the Wiley and Patent Cycloidal have been recently introduced by us on this Shore, as a valuable acquisition to the Farmer. The Patent Cycloidal in 1842 took the first premium at the agricultural Exhibition, near Govanstown, Baltimore county Md over numerous competitors, composing some of the most celebrated Ploughs of Pennsylvania, New York and Maryland. All our Ploughs are stocked of the best timber, and warranted to run well. We are also prepared to do

of every description at the shortest notice, and at City prices. We respectfully solicit the patronage of the public and invite them to an examination of our stock.

HEMSLEY'S WORM DESTROYING SYRUP.

Prepared by R. F. Hemsley,

CHEMIST & PHARMACEUTIST, Easton Md.

WHEN we consider the great number of children who die annually in our county by worms it becomes important that the public should be in possession of some Medicine for their removal, which will combine safety and efficiency in its employment, this desideratum is afforded by the 'Worm Destroying Syrup.' It is not my wish nor is it my design to throw around this preparation the unmeaning & extravagant eulogiums with which such medicines are usually ushured into notice. I only desire for it a fair & judicious trial to secure its full approbation. The large and increasing sale of this article is the best proof of the value and estimation in which it is held by numerous & respectable families. The presence of worms may generally with readiness be detected by the following.

SYMPTOMS.

Variable appetite—foul tongue—feverd breath—full hard and tense belly—dull heavy expression of the Countenance—a bluish streak under the eye—itching at the nose—pallidness of the upper lip—disordered and irregular bowels—starting and screaming in sleep—grinding of teeth—pain in the bowels & frequently drowsiness or convulsions, attended by slow fever.

RECOMMENDATIONS.

Being acquainted with the general and successful use of Mr R. F. Hemsley's 'Worm Destroying Syrup' I cheerfully recommend it to the public as a valuable remedy for the expulsion of worms.

I have for the last two years used with success Mr. R F Hemsley's 'Worm Destroying Syrup' Indeed I look upon it as a specific in those cases and knowing its composition feel no hesitation in recommending it where worms exist.

WM. H THOMAS, M D,

Easton March 23 1844

Having examined Mr R F. HEMSLEY'S 'WORM DESTROYING SYRUP,' and being conversant with its general and successful employment in Easton and the vicinity, I take much pleasure in recommending it to the public as a safe and efficient remedy for the expulsion of worms from the alimentary canal.

CHAS. C. COX, M D

Easton March 7 1844

There is no nostrum preparation from the use of which I have seen better results than from Mr R F. HEMSLEY'S 'WORM DESTROYING SYRUP' having been made acquainted with its composition I can confidently recommend it not only as a vermafuge but as a gentle tonic suitable in those cases of debility occurring in consequence of the presence of worms in the stomach and bowels.

A. M WHITE, M. D.

Talbot county March 26th 1844

From DR W. HEMSLEY.

Having prescribed the 'Worm Destroying Syrup' with success in my neighbourhood I can confidently recommend it as superior to any other preparation offered to the public.

I have tried in a desperate case of worms Mr R F. HEMSLEY'S 'WORM DESTROYING SYRUP.' and it proved immediately efficacious, this case had baffled the skill of Physicians previously, and the disease must soon have killed the servant. I feel it my duty to give this certificate in favour of the valuable medicine.

JUDKIN'S PATENT SPECIFIC OINTMENT.

☞ The above Ointment is offered to the public as a safe and certain remedy for those obstinate diseases, some of which have so long baffled the skill of medical science

1st. White swellings of every description.
2d. Sore legs, and ulcers of long standing.
3d. Schirrus, or glandular tumours, particularly those hardened tumours in women's breast, which oftentimes, terminate in ulcerated cancers
4th. Felons, or what some people know by the name of Ostarths, of every description.
5th. Rheumatic pains in the joints.
6th. Sprains and bruises of every description, or in whatever part situate
7th. Fetters of all kinds. In this complaint the patient, in applying the ointment, must keep the part out of water.
8th. Chilblains, or parts effected by frost.

TO THE PUBLIC.

The following communication, addressed to the proprietor of Judkin's Ointment, from the Hon. John Talliaferro, member of Congress, is highly interesting. The gratuitous manner in which it is made, exhibits feelings of no ordinary character towards suffering humanity; and is certainly well deserving of public attention.

WASHINGTON, Jan. 22, 1829

SIR.—It has been my wish for a considerable time, to communicate to you the good effect with which I have used the Ointment invented by a Mr. Judkins, and which I now understand is made and sold by agents appointed by yourself. I have applied this ointment during the last three years, to every species of tumour and wound, without failure to produce a cure in every instance. I consider it the most decided and efficient remedy in all cases of tumour, be the cause what it may, and I have found nothing so good for wounds of any description. It may be proper to add that the cure of a tumour called the white swelling, given over by the most distinguished physicians as incurrable, and which they have decided would, without amputation, prove fatal to the patient, was, under my immediate notice, effected by the use of Judkin's Ointment and the patient is in fine health; his limb affected by the tumour being restored to a perfect state of soundness. Also, that the leg of an aged man which had been wounded, and exhibited one dreadfully ulcerated surface from the knee to the foot, and which for more than two years had been considered incurable, was effectually cured by the application of Judkins' Ointment. I mention these two cases, which fell under my immediate notice and management, as a decided evidence of the efficacy of this remedy in cases of tumour and of ulcers—I have experienced as decidedly the good effect of this remedy in the cure of felons, and of every species of fresh wound. It seems to me that any one who will observe on the operation of this ointment, must, be satisfied as to its beneficial effect. I can with the utmost confidence recommend the use of this valuable remedy

I am, Sir, very respectfully,

JOHN TALIAFERRO.

To Mr. Charles Herstons, Proprietor of Judkins' Ointment, near Fredericktown, Md

☞PILES.☜

Before leaving Boonsboro, I had heard much of an article in which you appear before the public as proprietor, named Herstons' Judkins Specific Ointment, made by C. Herstons near Frederick, Md. and of its decided efficacy in cures on persons with whom I am well acquainted since my residence in Baltimore it has performed a cure on a friend of mine afflicted with piles. Having myself been a sufferer for some years with this distressing disease, I now unhesitatingly applied your Ointment in my own case, and am gratified that I can say it made a perfect cure

J. A BENTZ.

Counting Room, Lombard street.

A few weeks ago a case of woman's sore breast came under my notice, the breast greatly inflamed, the nipple scarcely to be seen—her appearance clearly spoke the great misery she was in; she told me she had been suffering three months with it, and was confined to her bed; she then had flaxseed poultice to it, other things had been tried. I advised Judkin's Ointment knowing it had often been successful in like cases. She got and applied it according to the directions accompanying it, in 24 hours all pain was gone; it broke and commenced discharging copiously and so continued some days; the relief from extreme pain to perfect ease excited the woman's astonishment; a few days reduced her breast to its usual state, & in eight days the cure was complete.

C. HERSTONS.

BEWARE OF IMPOSITION.

Messrs. L. & R. P. Lowndes, merchants Cumberland.

Gentlemen,—I was afflicted with a sore leg—the fame of Judkins Ointment induced me to get a jug of it—but it happened not to be of Mr. Herston's make. I used it according to directions, but my leg kept getting worse.

Mr. Herstons, travelling to the west stopped at my house; during the time, on looking at the ointment I had, he immediately pronounced it not of his make and furnished me with one which was. On opening and smelling it I was sensible of the difference, although it looked like it. I then applied the ointment he gave me to my leg; it became in a state of amendment on using the first plaster and so continued until it got quite well.

This ointment is certainly very valuable, and it would be a pity it should be lost to the public by a counterfeit article bearing the name and being not genuine.

WILLIAM K. NEWMAN.
