—*Mr. Polk*, and we should be faithless to our trust, did we not in the voice of a solemn warning bid a too confiding people, *Awake, arise, or be forever fallen!*

MAIN ELECTION.—The advices by last evening's Steam-boat, while showing a result favorable to the Locofocos, are encouraging in their bearing upon the great struggle in November—In 161 towns the vote for Governor with several thousand scattering votes, stands; Anderson, Loco 28,843; Robinson, Whig, 24,777.

The same towns in 1840 gave Kent, Whig 30 682 and Fairfield, Van Buren, 27,599: this showing a decreased Whig vote of about 6000, this year, and a similar decrease of only 1,241 on the part of the Locofocos. With all, the Locofocos majority is merely 377 thus far, in a State, where Jacksonism in its palmy days carried its thousands.

We republish to day some of the votes of Messrs. P. F. Thomas and N. Martin in the Legislature of this State on the subject of Internal Improvements. To this summary of the acts we invite the calm attention of the people of this county. It is not our purpose to indulge in the practice of our opponents in calling public attention to the official acts of public men. It is done by them usually in such manner as to be almost personally offensive to the gentlemen alluded to, and also offensive to public decency and good taste—But let the people ponder and reflect on these votes and see who votes away their money after so much talk against Internal Improvement.

The act of 1838, ch. 386, authorised the conversion of the six per cent. currency bonds—provided for by virtue of the Act of 1835 ch. 395 and partly issued under Governor Grason's resolutions. No. 26 of 1837. to the amount of three millions to the Chesapeake and Ohio Canal Company, and three millions to the Baltimore and Ohio Railroad Company—into five per cent. sterling bonds. The operation of this, law was to add $400,000, to the six millions of dollars of debt contracted under the aforesaid act and resolutions on account of those two companies. The bill passed the house of delegates [H. J. 1838, p. 618] by the following vote:

Affirmative—Messrs. Ridgely, [Speaker,] Coade, Shaw, Constable, Estep, Watkins, Beall, Orrick, Turner, Risteau Fitzhugh, Hook, Thomas, Lloyd, Rider, Williams [of T.] Handy, Page Nicols Woolford Comegys, Calvert, Ghiselin Swann, Townsend, Spencer, Redden, Purnell, Schley, Hammond, Charles, Pitts, Ridgely, Leary, Watson, Collins, Wharton, Grove Stewart, Wilson, Dade, Blocher, Neff Huddleson—44.

Negative—Primrose McDaniel Tyler Stevens Matthews Jones Foard Gillespie Wootten Bowie Wilmer Roberts Spencer McPherson Biser Geyer Hope Williams [of Harford] Forwood Hardcastle Byer Waters Boyle Shower Berrett Powder—28

Fourteen V Buren men in the affirmative & eighteen in the negative. The bill was passed in the Senate without a division, the parties standing ten Whigs nine Van Buren men, and two Independent, (S. J. 1838, p 183.)

The Act of 1838, ch ap 396, authorized an additional subscription on the part of the State to amount of $1 875 000, to the stock of the Chesapeake and Ohio Canal Company. The bill passed the House of Delegates [H. J. 1838, p. 168] by the following vote.

Affirmative—Messrs. Ridgely [Speaker] Coade Shaw Constable McDaniel Estep Turner Risteau Fitzhugh Hook Thomas Lloyd Rider Williams [of S] Handy Page Calvert Bowie Ghiselin Swann Spence Redden Maulsby Forwood Pitts Ridgely Leary Watson Collins Wharton Byer Grove Stewart Wilson Dade Blocher Neff Huddleson Watkins Tyler Orrick—41

Negative—Messrs. Primrose Stevens Matthews Colston Nicols Woolford, Foard Gillespie Comegys Wootton Roberts Spencer Townsend Purnell McPherson Schley Biser Hammond Geyer Hope Williams [of H] Hardcastle Waters Boyle Shower Berrett Powder—27.

Sixteen Van Buren men in the affirmative & eighteen in the negative. The same bill was reported from the Committee on Finance by Mr Wm U Purnell [whig Senator from Worcester County,] and passed the Senate by special order on motion of Mr Otho Scott, [Van Buren Senator for Harford County,] without a division. [S J. 1838, p. 325.

The Act of 1838, ch 416, authorized a loan in State bonds to the amount of $1,000,000 [one million of dollars] to the tide Water Company. The bill passed the *House* [H J. 1838, pp. 684, 685] by the following vote:

Affirmative—Messrs. Ridgely [Speaker,] McDaniel Constable Orrick Turner Risteau Hook Thomas Gillespie Comegys Swann Roberts Spencer Redden Hope Maulsby Forwood Pitts Leary Watson Collins Steuart Wilson Blocher Neff—25.

Negative—Messrs Coade Shaw Primrose Beall Colston Woolford Calvert Ghiselin Purnell Schley Williams [of S] Handy Nicols Biser Hammond Geyer, Williams (of H) Hardcastle Grove Waters Huddleson Powder—22.

Fourteen Van Buren men in the affirmative and ten in the negative. The same bill passed the Senate [S J 1838 p. 357] by the following vote:

Affirmative—Messrs. Ely Evans Goldsborough [Q A] Goldsborough [D] Magruder, Martin Matthews [A] Maulsby Scott Stewart—10.

Negative—Messrs. Thomas [Prest.] Boon Donoho Pratt Purnell Ricaud Wason—7

Seven Van Buren men in the affirmative and three Whigs; six Whigs in the negative and one Van Buren man.

A casual examination of the foregoing votes will be sufficient to satisfy every one that none of the bills were carried from party considerations. It seems to have been conceded particularly in the Senate, where there was nearly an equal balance of parties, that the appropriations of 1838 were necessary, in order to secure to the State the fruition of former profuse appropriations by placing at the disposal of the Companies the means of completing their works. This last remark, of course does not apply to the loan of a million of dollars to the Tide Water Canal Company, for, let it be noted that the State until this year, had ventured nothing in that work and from that appropriation, you perceive by the yeas and nays, a large portion of whigs of both branches shrunk, because of the embarrassed condition of our finances.

ARTHUR'S LADIES MAGAZINE.—We were pleased to receive the September number of this elegant periodical, published in Philadelphia at $2 per annum—The embellishments are two beautiful steal engravings and a wood cut—It is handsomely printed, and in literary merit does not disappoint the expectations formed, from the high reputation of its Editor.

Correspondence of the N. Y. American

FROM HONG KONG, CHINA, DIRECT.—We have been favored with the following extract of a letter written by the U. S. Consul at,

HONG KONG, April 1, 1844.

'Matters and things at this Island are becoming more & more settled, though many seem to be under the impression that should the trade (Chinese) leave the old seat (Canton) it would probably be transferred to the different ports lately opened at the North.

The sale of American Manufactures, &c. find a ready market here, and will continue so for a long period

Mr Cushing is still living with his suit at Macao, and they say he has sent despatches to the northward, (Pekin,) and informed the Emperor that he should soon go up the coast and make him a visit.—I see no probability of his reaching, yet I hope he may.

FACTS TO BE REMEMBERED.—CLAY, FRELINGHUYSEN & PRATT, are for protecting American labor instead of European—for the distribution of the Land money among the States—for providing good money for the people—for controling the arristocratic powers of the President—and for reducing the Presidency for one term.

If they are elected the THREE MILLION of dollars which the United States owe to the State of Maryland will be paid her, whereas, should *Polk* and *Carroll* be elected, Maryland will never get a dollar of it.

A STRIKING FACT.—The people of Vermont, who though almost exclusively an agricultural people, in 1840 used 150 000 barrels of flour, the wheat of which was grown in other states of the union. This large amount of breadstuffs they were enabled to buy in, and import from, other states, because they were engaged in the raising of sheep to supply the Eastern manufactories with wool. Should not this striking fact carry to the minds of every reflecting farmer proof of the necessity of supporting the Tariff, whose protection upholds and secures so excellent a market for those of them engaged in the growing of corn and wheat. Break down the Tariff to-morrow and the farmers of Vermont will be compelled to abandon wool culture and to grow their own bread stuffs, and thus will this market for so much flour be broken up. Now then as Polk and Carroll are the enemies of the Tariff, and will go for its repeal, would it not be madness in the farming interest, to vote for them? We think it would, and we call upon them to reflect seriously before they commit so impolitic and ruinous an act.

We don't know to what paper to credit the following for it has been wandering about without an owner for some time. As it is too good to be lost, we give it a place in our columns, and advise our Whig brethren to 'pass it along:'

SHORT CONFAB BETWEEN A WHIG AND A LOCO.

Whig.—What are Col. Polk's present views on the Sub Treasury; he still goes for that I suppose?

Loco.—Col. Polk is for immediate annexation.

Whig.—Do you understand his late letter on the subject of the Tariff?

Loco.—I understand him to be for Texas.

Whig.—Is he in favor of the Veto power?

Loco.—Somewhat so, but more particularly for annexing Texas.

Whig.—How is he upon Distribution now?

Loco.—I tell you again he goes altogether for Texas.

Whig.—I don't believe you know what Polk's for.

Loco.—One thing I know—he ain't a Whig!

Whig.—Neither was his grandaddy—old Zeke.

Valuable Real Property FOR SALE.

The Subscriber (by two years experience) finds it very inconvenient to attend properly to his interest, in Caroline County, while he resides in Talbot county, a distance of near forty miles, he is therefore desirous to make immediate sale of all his real estate in Caroline county, consisting of the following well known property, viz.—His

FARM and MILL,

which lies within two miles of Greensborough and on the main road, leading from Hillsborough to Greensborough, and binding on one side by the waters of the Great Choptank river, containing about 250 Acres of Land, and now laid off in four fields, about Eighty-five thousand each, three of which are in a high state of cultivation and under good enclosure, and it is believed that it is the best adapted to the growth of Wheat and Corn of any within eight or ten miles of it, and more than commonly easy to cultivate, there being not a pond or ditch in either of the fields, and well situated to reward the tiller by a fair average crop, either in wet or dry season. This Farm, as before stated, is situated about two miles from Greensborough, being about half way from the moorings of the vessels trading to and from said village; there is also the Mill creek, bounding with said Farm, affording a scow navigation, by which the Farm may be supplied with any kind of manure taken from Baltimore, or shells, all of which can be landed on the Farm—there is also a piece of meadow, sufficient to graze as many head of stock as would be necessary to be kept on and for the use of the farm without resorting to the upland for pasture—The Mill is now in complete order, the running geer all new with cast tunnel heads—the water, which wheel has just been set to running, say in June last by Mr Luther Diggins, well known as a first rate workman—She has a new and enlarged Bolting Cloth and as good a set of Burs as can be found on the Eastern Shore, therefore as well prepared to manufacture good Flour as any other mill on the Eastern Shore—the buildings are sufficient to accommodate a large family very comfortably, having just erected a well constructed two story addition with celler under, well bricked up and dry, well suited for a dairy and to keep vegetables through the winter—The out buildings are a good new Corncrib, Smoke house, Granary with good Sheds, a Carriage house, Stabling and a Wheat house shed, about 50 feet long, there is a good well of water never known to fail, immediately in the yard, newly bricked up. This property is considered well worth the attention of a gentleman who is desirous of having a pleasant residence and concern to overlook and at the same time be well rewarded for his attention.

2.—The well-known and well situated

Two Story Brick House and Lot,

in Greensborough, known as the property and residence of the late Charles Tilden, which is amongst and estimated as one of the best buildings in the said village, connected with which is a new kitchen, built by the Subscriber but about two or three years passed, with good large garden, the necessary out buildings, store-house, with counter and shelves therein & lately occupied as such, by Mr. Henry M. Godwin—This property is situated about the centre of said village and at the cross streets, therefore as well situated as any stand in town for public business; it is now occupied by the Rev. Mr. Dixin.

3.—The new and well constructed

GRANARY,

with the otherwise vacant Lot, whereon I dwelt for upwards of twenty-seven years, previous to the disaster by fire in March 1842. This Granary has been built since that ever memorable event—It will contain between Eight and Nine Thousand bushels of Grain, & is built in the most substantial manner, of good materials and the work executed in a superior order. I hazzard nothing in saying it is one of the most convenient stores to receive into, and to ship out of, in the State, and I hesitate not to refer to Mr. George Reed, who now occupies it as also to W. Turner, Esq. who is well acquainted with it, for the correctness of the statement as above.

4.—My Farm commonly called the

BELL FARM,

lying on the East side of Choptank river and within one half mile thereof and on the road leading from Greensborough to Denton, containing Three Hundred and Thirty Acres, with a sufficiency of Timber and to spare.—The soil is light and well adapted to Corn, Rye and Fruit trees—a good Grist Mill adjoining—the buildings are in tolerable good repair.

5.—Is a WOOD LOT, containing 53 Acres which was principally cut down some twelve years passed, but is now well set in young and thrifty Chesnut and Pine, which will soon be fit for use—this Lot also lies on the East side of the river and nearly opposite the above described Mill property.

6.—Is a neat little DWELLING and KITCHEN, nearly new, with good smoke house, garden, &c. adjoining George Reed, Esq. & the parsonage; this property is situated in a very pleasant part of the town and well suited for a Mechanic or any person with a small family.

7.—My Interest (being one half in fee simple) of the Two Story Brick House and Lot with Stables, Carriage house, &c belonging to which there are an excellent bed of marl, reported by the States Geologist, to be superior to any sample in the State, except one, (See Doct. Ducatell's first report to the Legislature.

No. 8 & 2 are two Lots well enclosed and in a good state of cultivation—the houses on those are but common, but from their locality always are occupied by good tenants.

No. 10 is a well enclosed lot but no house thereon and in a good state of cultivation as will appear by the crop now growing thereon, it is handsomely situated on Main street, and makes as good a situation for a garden and would be for a residence as any in the town. All of the above property remaining unsold until 25th August instant, will be for rent.—None need apply but those who come well recommended or with whom I have a sufficient personal acquaintance. I expect to be at the Mill and in Greensborough from the 16th to 20th August inclusive.

The WHEAT MACHINES are made on the plan of R. Sinclair Jr. & Co., of Baltimore & are universally approved.

The CORN SHELLERS are the same as those manufactured by Obed Hussey, and are well known to be a superior machine. They will shell from 1000 to 1500 bushels of corn a day, and will husk and shell about half that quantity without any extra effort. We respectfully request the farmers to examine our stock.
