distinct, being *coarser*, or further a-under than in the real coin. The specimen we have seen was gilt, of course the color of fine gold; but on being cut, it showed the redness arising from the alloy of copper.

"It is supposed that this false coin must be principally intended for circulation on the Continent, or rather in the United States (on account of the large quantity of sovereigns known to be in circulation with you,) because although the state of the coin indicates some degree of wear, there has not yet been any passed through the hands of the Bank of England, the issuers being without doubt aware of the rigid scrutiny now exercised there."

ELECTIONS.

PENNSYLVANIA.—Official and unofficial returns are in from all the counties in this State. Shunk's majority, according to their shewing, is 4,536.

OHIO.—Seven counties to be heard from. The majority for Bartley, the Whig candidate for Governor, is now 4,119.

GEORGIA.—We have full returns from the Second district of Georgia. Jones, the Locofoco candidate for Congress, is elected by a majority of 184. The delegation will therefore consist of four Whigs and four Locos.—a Whig gain of two.

THE BLAIR LETTERS.—We insert, to-day, from the Richmond Whig, the private letters written by Mr. Clay to Mr. Blair, of the Globe, pending the Presidential election in Congress, in 1825.—The reader will be pleased with the remarks of the Whig, and the accompanying gentlemanly letter of Mr. B. W. Leigh.—We also give, the letter addressed to Cassius M. Clay, stolen from the office of the New York Tribune, with the remarks of the Editor.

THE GOVERNOR ELECT.—Rumors having been circulated that the Governor elect has promised certain offices to particular individuals, the Baltimore Patriot is *authorised* to state, that *he has not* and *will not* hold any conversations, neither will he *receive any applications for office*, until he has been inaugurated. This is all right, and will meet with universal approval.

PROTESTANT EPISCOPAL CONVENTION is still in session in Philadelphia. The Missions in the East are attracting considerable attention. A committee has been appointed on the case of the Bishop of Pennsylvania. The debates on the case of the Bishop elect of Mississippi were carried on with much warmth and occupied the attention of the Convention for some days, when a Resolution was adopted to the effect, that the integrity of the Rev. Dr. Hawks had been sufficiently proved by his reply to the charges brought against him.—On Wednesday last, Judge Chambers offered a resolution that the House adjourn on Friday the 18th, which was laid on the table. The House being occupied on the subject of the "Oxford Tracts"—Judge Chambers took the floor, and offered the following resolution:

Resolved, That the House of Clerical and Lay Deputies consider the Articles, Liturgy, and Offices of the Church, sufficient exponents of her sense of the essential doctrines of Holy Scripture, and that the Canons of the Church afford ample means of discipline and correction for all who depart from her standards; and further, that the General Convention is not a suitable tribunal for the trial and censure of such; and that this Church is not responsible for the errors of individuals, whether they are members of this Church or otherwise.

Which was, after considerable discussion agreed to by a very large majority.

ARTHUR'S LADIES MAGAZINE for November is an excellent number. It is embellished with two fine steel engravings—"Little Red Riding Hood" and "The Prairie on Fire." This beautiful periodical will not fail to delight the fair readers to whose intellectual entertainment it is especially devoted.

EASTON, Oct. 18th, 1841.

MR. EDITOR,

At the Election which was held in this Town on Wednesday last, for Three Trustees and Clerk, for the Primary Schools; I noticed that persons voted without any questions being asked them, and was informed that the Judge of the election allowed, any white male citizen of twenty-one years age and residing in the district, to vote. I had heard that none but Taxable inhabitants are by Law allowed to vote, and in consequence of that information have abstained from voting (not being taxed.) Now, my dear sir, please inform me, if without a breach of Law I may hereafter vote for Trustees of Schools, and you will much oblige

A RESPECTER OF LAW.

Taking the Veil.—On Wednesday October 2d, Miss Virginia Scott, daughter of Major General Scott, of the U. S. Army, and Miss Sarah Linton, received the white veil in the Visitation Convent, Georgetown, at the hands of the Most Rev. Archbishop.

DR. A. JONES has been elected President of Texas. The U. S. Cutter Woodbury sailed from Galveston for Vera Cruz on the 24th ult. with Duff Green on board.

NAVAL.—The U. S. Frigate Columbia anchored in Tangier Roads, on the 18th of July in a short run from Naples, and will sail for the United States in November after a delightful cruize of twenty eight months. Officers and crew all well.

A Washington letter to the New York Sun says:—"Miss Mary Wickliffe, daughter of the Post-master General, is to be married on the 16th instant, to a son of Col. Merrick, the Whig Senator from Maryland.

"The President's lady has returned to the city. It is rumored that some leading appointments will soon be made by Mr. Tyler."

A VENERABLE LADY.—Mrs. Hamilton, relict of Gen. Alexander Hamilton, one of the most distinguished men of our country; is now sojourning in Philadelphia. A seat has been consigned to her in the Convention of the Episcopal Church, now assembled in that city, and she has been a regular attendant daily. Although nearly 90 years of age, she is lively and cheerful, and relates anecdotes of revolutionary times with all the fervor and imagination of youth.

AN AUTOGRAPH.

George Washington Custis, Esq., the last surviving member of Washington's household, has lately sent Queen Victoria an autograph of Washington, in compliance with the earnest desire of her Majesty to procure one from a member of the family of the Great Man, and which was not appended to an official document, together with a few accompanying words. Mr. Custis had this in his power, and a short time since forwarded the desired treasure, which was most gratefully received and acknowledged.

VERY PROFITABLE PATRIOTISM.—The Duke of Wellington has been paid by the British government for his various services the sum of eleven millions of dollars, besides about nine hundred thousand dollars, obtained during his wars as prize money. George Washington received about the fiftieth part of this for all his civil and military services.

Out west, a stump orator, wishing to describe his opponent as a soulless man, said—"I have heard some persons hold to the opinion that just at the precise moment one human being dies another is born; and that the soul enters and animates the new born babe. Now, I have made particular and extensive enquiries concerning my opponent, and I find that for some hours previous to his nativity, *nobody died.* Fellow citizens, you may draw the inference.

PARDONED.—*Charles Lewalt.*, tried and convicted before Baltimore City Court at the June term for receiving stolen goods, knowing them to have been stolen, and sentenced to ten years imprisonment in the Maryland Penitentiary, was pardoned on Monday last by Governor Thomas, and is now at liberty. There were ten indictments against him for similar offences, on one of which only he was tried. After the manner in which Governor Thomas has heretofore abused the privilege of Executive clemency, in pardoning murderers, upon whose hands is yet reeking the blood of innocence, and others of notoriously bad character, who have boldly trampled upon law, and outraged justice, we are not to wonder at the above mentioned pardon, nor should we be greatly surprised to see the whole Penitentiary turned loose upon the community.—*Balt. Pat.*

Conversion to Catholicism.—Of the passengers who sailed in the Hibernia, says the Boston Pilot, we notice Mr. Shaw, son of Robert G. Shaw, Esq. one of the most eminent of Boston's merchant Princes. Mr. S. has been converted to the Church, and goes to Rome—leaving wealth, friends, society, every thing which could attract a young mind—to study for Priesthood in the Eternal City.

Mormonism.—The last accounts from the city of Nauvoo state that a manifesto had been issued by a portion of the Mormons, declaring the church to be dissolved in consequence of the difficulties connected with the successorship of the imposter, Joe Smith.

The St. Louis Era of the 5th inst says:—

The *Methodist Conference* of Missouri adjourned yesterday. They appointed delegates to a Convention to be held at Louisville to take steps to separate the Methodist Church, and to render the Southern wing independent of the Northern. This division arises out of the question of slavery, which arose in the proceedings in the case of Bishop Andrews.

GOOD.—A Loco editor in Tennessee calls the Tariff "a machine by which one American supports another American."—His Whig neighbour immediately responded, that "Loco free Trade is a machine by which one American starves another American, so as to support English manufactures."

Great Change.—Dr. Cartwright, of Natchez, the great wheel horse of Loco Focoism there, has come out, in an address, for Protective policy, and says he shall vote for Henry Clay! His address was delivered at a meeting of both parties, on the 17th of September. He has been supporting the Natchez Free Trader, and has great influence in Mississippi and Louisiana.

English Duties on American Wheat.

At the last dates, by the Caledonia, (says the New York American,) wheat was selling for about 45s. sterling the quarter. In consequence of this low price, in conformity with law, the rate of duty on the importation of foreign wheat had been raised to 20s. per quarter, or 2s. 6d. sterling (equal to *fifty six cents*) per bushel.

Yet our agriculturalists are sometimes told, that, but for *our* oppressive Tariff, they could send their wheat to England—where, as appears above, the present duty is about equal to the *ad valorem* rate of 67 per cent.

It is said that the Kisses of Tom Thumb sell in England for a shilling apiece.

In "Martin Chuzzlewit," we find that "a verb is a word as signifies to be, to do, or to suffer, (which is all the grammar, & enough too, as ever I was taught,) and if there's a verb alive, I'm it, for I'm always a bein' and continually a sufferin'."
