POETRY.

The Spirit Band.

BY MRS. NICOLS.

"Ye are with me! Ye are with me!
Even at the morning's birth,
When her robes of light are loosened
O'er the fair and freshened earth;
Ye are with me—round about me,
Winged spirits of the skies,
Peopling air and space around me,
Though unseen by other eyes,
As I gaze upon your features,
In each lineament I trace,
Though ye are but passing shadows,
Taken ees to some well-known face.

First thou comnest, longest parted,
Bound by every tie to earth;
Slowly, sadly did we yield thee,
Knowing well thine angel worth
When the summer flowers were stricken,
By the autumn reaper's breath,
Deeming thee as ripe for harvest,
Came the noiseless reaper, Death!
By the border lakes, whose beauty
Cast around thy heart a spell,
Where thy steps have often lingered,
There they corse is sleeping well!

Ye are with me! Ye are with me!
At the golden hour of noon,
Spirit-gleams are shining round me,
Like the mellow autumn moon.
There's another form beside me,
Slight and fairy-like its frame;
Life was short, no years it numbered,
Earth scarce stamped it with a name!
Yet I wept when thou did'st leave us,
Little infant, meek and mild—
Glancing at thy fleeting shadow,
I recall my brothers child!

Ye are with me! Ye are with me!
At the twilight's hour of rest,
When the sunset rears its banners
O'er the portals of the west.
Hush thy moanings, gentle spirit,
Soft thy shadow falls on mine,
For I hear an angel whisper,
"Lo! young mother, he is thine!"
Ah thou'rt with them, loved and loving,
Nought could stay the reaper's hand;
Onward! still his course is onward,
O'er our bright and cherished land.

What to me are spring's low breathings?
What the melodies that ring
Through our green and ancient forests?
Thee, to me, not these may bring.
Thou art called the Awak'ner;
Gentle spring, no magic art
Which thy cunning hand possesses,
Wakes again the pulseless heart!
Ye are with me! Ye are with me!
When the mournful midnight waves
Woo the moon's unsteady gleamings
As it lights the new made graves!

What art thou, too, gazing on me,
With thy dark and eager eyes;
Last to leave us—gentle brother!—
Thee I view with sad surprise.
When the low-voiced breeze is a'ghing
In its strange yet sweet unrest,
And the leafy urns are flinging
Orders on its peaceful breast,
Then these phantom forms flit by me,
Breathing of a "better land;"
Yet I feel most lone, when round me
Float the silent SPIRIT-BAND."

JUDKIN'S PATENT SPECIFIC OINTMENT.

*** The above Ointment is offered to the public as a safe and certain remedy for those obstinate diseases, some of which have so long baffled the skill of medical science

1st. White swellings of every description.
2d. Sore legs, and ulcers of long standing.
3d. Schirrus, or glandular tumours, particularly those hardened tumours in women's breast, which oftentimes, terminate in ulcerated cancers
4th. Felons, or what some people know by the name of Catarrhs, of every description.
5th. Rheumatic pains in the joints.
6th. Sprains and bruises of every description, or in whatever part situate
7th Tetters of all kinds. In this complaint the patient, in applying the ointment, must keep the part out of water.
8th. Chilblains, or parts effected by frost.

TO THE PUBLIC.

The following communication, addressed to the proprietor of Judkin's Ointment, from the Hon. John Talliaferro, member of Congress, is highly interesting. The gratuitous manner in which it is made, exhibits feelings of no ordinary character towards suffering humanity; and is certainly well deserving of public attention.

WASHINGTON, Jan. 22, 1829

Sir—It has been my wish for a considerable time, to communicate to you the good effect with which I have used the Ointment invented by a Mr. Judkins, and which I now understand is made and sold by agents appointed by yourself I have applied this ointment during the last three years, to every species of tumour and wound, without failure to produce a cure in every instance. I consider it the most decided and efficient remedy in all cases of tumour, be the cause what it may, and I have found nothing so good for wounds of any description. It may be proper to add that the cure of a tumour called the white swelling, given over by the most distinguished physicians as incurrable, and which they have decided would, without amputation, prove fatal to the patient, was, under my immediate notice, effected by the use of Judkin's Ointment and the patient is in fine health; his limb affected by the tumour being restored to a perfect state of soundness. Also, that the leg of an aged man which had been wounded, and exhibited one dreadfully ulcerated surface from the knee to the foot, and which for more than two years had been considered incurable, was effectually cured by the application of Judkins' Ointment. I mention these two cases, which fell under my immediate notice and management, as a decided evidence of the efficacy of this remedy in cases of tumour and of ulcers—I have experienced as decidedly the good effect of this remedy in the cure of felons, and of every species of fresh wound. It seems to me that any one who will observe on the operation of this ointment, must, be satisfied as to its beneficial effect. I can with the utmost confidence recommend the use of this valuable remedy

I am, Sir, very respectfully,
JOHN TALIAFERO.

To Mr. Charles Herstons, Proprietor of Judkins' Ointment, near Fredericktown, Md

PILES.

Before leaving Boonsboro, I had heard much of an article in which you appear before the public as proprietor, named Herstons' Judkins Specific Ointment, made by C. Herstons near Frederick, Md. and of its decided efficacy in cures on persons with whom I am well acquainted, since my residence in Baltimore it has performed a cure on a friend of mine afflicted with piles. Having myself been a sufferer for some years with this distressing disease, I now unhesitatingly applied your Ointment in my own case, and am gratified that I can say it made a perfect cure.

J. A BENTZ.

Counting Room, Lombard street.

A few weeks ago a case of woman's sore breast came under my notice, the breast greatly inflamed, the nipple scarcely to be seen—her appearance clearly spoke the great misery she was in; she told me she had been suffering three months with it, and was confined to her bed; she then had flaxseed poultice to it; other things had been tried. I advised Judkin's Ointment knowing it had often been successful in like cases. She got and applied it according to the directions accompanying it; in 24 hours all pain was gone; it broke and commenced discharging copiously and so continued some days; the relief from extreme pain to perfect ease excited the woman's astonishment; a few days reduced her breast to its usual state, & in eight days the cure was complete.

C. HERSTONS.

Frederick county, April 8 1825.

BEWARE OF IMPOSITION.

Messrs. L. & R. F. Lowndes, merchants-Cumberland.

Gentlemen,—I was afflicted with a sore leg—the fame of Judkins Ointment induced me to get a jug of it—but it happened not to be of Mr. Herston's make. I used it according to directions, but my leg kept getting worse.

Mr. Herstons, travelling to the west stopped at my house; during the time, on looking at the ointment I had, he immediately pronounced it not of his make, and furnished me with one which was. On opening and smelling it I was sensible of the difference, although it looked like it. I then applied the ointment he gave me to my leg; it became in a state of amendment on using the first plaster and so continued until it got quite well.

This ointment is certainly very valuable, and it would be a pity it should be lost to the public by a counterfeit article bearing the name and being not genuine

WILLIAM K. NEWMAN.

Cumberland, May 24, 1831.

From Rev. Beverly Waugh.

I have known Mr. C. Herstons to be the proprietor of Judkin's Ointment for several years during my residence in Maryland, and the Ointment made by him to have been in much repute. It has been frequently used in my own family while living in Maryland, & during my residence in this city with success.

FARMERS

FOUNDRY.

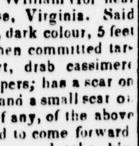

THE SUBSCRIBERS grateful for the patronage heretofore received, begs leave respectfully to inform their friends and the public generally, that they now have on hand & are daily manufacturing the most approved

WHEAT MACHINES,

ever offered to the public on this Shore. Their superiority over other machines consists in *simplicity* and *strength*, which will enable us to *warrant* them with perfect safety Notwithstanding there are numerous Machines used in this county it is a well known fact that they are too liable to become injured and broken from trivial causes, arising from their complicated construction. The Machines we now offer to the public have been tested by a number of experienced Farmers both on the Western and Eastern Shore, and have invariably given general satisfaction.

They will also call the attention of the public to their extensive assortment of,

PLOUGHS,

Plough Castings,—
Mill Castings, &c. &c.

Their assortment of Ploughs embraces a great variety, viz:

WINAN'S Self Sharpner	BEACH Improved ...
DAVIS	BERNARD .....
SINCLAIR & MOOR	WILT .....
CHENOWITH	PATENT CYCLOIDAL
BEACH	Plough &c .....

The merits of most of the above Ploughs are already well known; but the Wiley and Patent Cycloidal have been recently introduced by us on this Shore, as a valuable acquisition to the Farmer. The Patent Cycloidal, in 1842 took the first premium at the agricultural Exhibition, near Govanstown, Baltimore county Md. over numerous competitors, composing some of the most celebrated Ploughs of Pennsylvania, New York and Maryland. All our Ploughs are stocked of the best timber, and warranted to run well. We are also prepared to do

CASTINGS AND WROUGHT WORK

of every description at the shortest notice, and at City prices. We respectfully solicit the patronage of the public and invite them to an examination of our stock.

HEMSLEY'S WORM DESTROYING SYRUP.

Prepared by R. F. Hemsley,

CHEMIST & PHARMACEUTIST, Easton Md.

WHEN we consider the great number of children who die annually in our county by worms it becomes important that the public should be in possession of some Medicine for their removal, which will combine safety and efficiency in its employment, this desideratum is afforded by the 'Worm Destroying Syrup.' It is not my wish, nor is it my design to throw around this preparation the unmeaning & extravagant eulogiums with which such medicines are usually ushured into notice. I only desire for it a fair & judicious trial to secure its full approbation. The large and increasing sale of this article is the best proof of the value and estimation in which it is held by numerous & respectable families. The presence of worms may generally with readiness be detected by the following.

SYMPTOMS.

Variable appetite—foul tongue—feted breath—full hard and tense belly—dull heavy expression of the Countenance—a bluish streak under the eye—itching at the nose—pufiness of the upper lip—disordered and irregular bowels—starting and screaming in sleep—grinding of teeth—pain in the bowels & frequently drowsiness or convulsions, attended by slow fever.

RECOMMENDATIONS.

Being acquainted with the general and successful use of Mr. R. F. Hemsley's Worm Destroying Syrup I cheerfully recommend it to the public as a valuable remedy for the expulsion of worms.

TRIST. THOMAS, M D.

I CONCUR IN THE ABOVE,
JAS A. MUSE, M. D,
Easton March 20 1844

I have for the last two years used with success Mr. R. F Hemsley's 'Worm Destroying Syrup' Indeed I look upon it as a specific in those cases, and knowing its composition feel no hesitation in recommending it where worms exist.

WM. H THOMAS, M. D,
Easton March 23 1844

Having examined MR. R F. HEMSLEY'S 'WORM DESTROYING SYRUP,' and being conversant with its general and successful employment in Easton and the vicinity, I take much pleasure in recommending it to the public as a safe and efficient remedy for the expulsion of worms from the alimentary canal.

CHRIS. C. COX, M. D.
Easton March 7 1844

There is no authelmintic preparation from the use of which I have seen better results than from MR R. F. HEMSLEY'S 'WORM DESTROYING SYRUP' having been made acquainted with its composition I can confidently recommend it, not only as a vermafuga but as a gentle tonic suitable in those cases of debility occurring in consequence of the presence of worms in the stomach and bowels.

A. M WHITE, M. D.
Talbot county March 26th 1844

From DR. W. HEMSLEY.

Having prescribed the 'Worm Destroying Syrup' with success in my neighbourhood I can confidently recommend it as superior to any other preparation offered to the public.

I have tried in a desperate case of worms MR R F. HEMSLEY'S 'WORM DESTROYING SYRUP 'and it proved immediately efficacious, this case had baffled the skill of Physicians previously, and the disease must soon have killed the servant. I feel it my duty to give this certificate in favour of the valuable medicine.
