6. SAMUEL HAMBLETON Jr of Talbot

WHIGS OF TALBOT,

Forget not that the Presidential Election in Maryland takes place on *MONDAY NEXT, THE* 4th OF NOVEMBER! That then you will have an opportunity of doing justice to your old favorite HENRY CLAY—Stir up your neighbors—induce all that you can to go to the Polls—duty, patriotism, love of country every thing demands that you should strive to promote the great leading interests of your Country by electing that great and patriotic statesman, HARRY of the West

TO ARMS! TO ARMS!!

WHIGS OF MARYLAND!—You have swept Locofocoism from your State, and with one more swing of your strong right arm you will sweep it from the face of the land. The Whigs of all the other states, North, South, East and West are vigorously doing their duty. Let us do ours on Monday next!

We copy the following from the Nat. Intelligencer of Saturday last.

THE LAST EFFORT TO DECEIVE.

We call upon our friends everywhere to be on the watch for a fresh pamphlet, now issuing with all possible secrecy from the Locofoco press, as shamelessly false and fabricated as the secret instructions which we lately exposed were daring and wicked.

A copy of it has just been put into our hands, and we hasten to describe it in such a manner as will enable people to identify it, whether issued as a whole or as so many separate pamphlets—for its paging allows it to be separated into three.

What seems the beginning is headed thus: "DEMOCRATS, TAKE NOTICE!" Then follows, in three pages, double columns, first, what is headed, "To the *Democracy of Pennsylvania, North Carolina, Maryland, and Virginia*," which consists of a body of charges of all sorts of frauds by the Whigs: second, another of the circulars of Messrs. Towles and Seagstack, headed, "*The last desperate expedient of Whiggery to save a desperate cause*;" third, then follows "Gov. Dorr's appeal to the people of the Union."—After this, on the third page, is a farrago of falsehoods in scraps. The fourth page is headed, "*To the Democracy of Maryland, North Carolina, and Virginia*," and is another *Towles and Sengstack* circular, embracing in the second and third paragraphs many of the exact sentences of "*The Secret Instructions*," but omitting (we suppose from having taken the alarm) the sentences exhorting the Democrats "to take the Whig bribes, and then vote their own ticket."

The second pamphlet also occupies four pages, and is yet another *Towles and Sengstack* circular, headed "DESPERATION OF WHIGGERY; LYING AND FORGERY OUTRIGHT." It charges the Whigs with forgeries as to the entire extracts copied from British papers in regard to the fund raised in England to spread free trade doctrines in this country. It has a postscript to it dated 23d October; and so, indeed, has the other.

The third pamphlet is chiefly a sort of reproduction of that tract ("THE SOUTH IN DANGER") not long since detected here by the Hon. Willis Green, denounced by him, and immediately disowned by its authors? Will they also disown this reproduction? This violent and inflamatory appeal is headed "TO THE SOUTH;" and begins "*The danger thickens.*" It occupies six pages; and on the last leaf (pages 7 and 8) has a sequel of trashy and trumpery citations (true or false) of all sorts of people and newspapers against the Whig party and Mr. Clay. We need scarcely say that not the slightest reliance can be placed upon extracts made for such a moment as this, and for secret use.

We renew our caution to the Whigs, and to all others who do not wish to be duped, to be on the watch for this new coinage from the *bogus* mint of the author of "The Omens" and "Tracts," and all those other pious and veracious productions.

The State Taxes and Somerset County.—It is with great pleasure we state, for the satisfaction of all who desire to see the maintenance of the State's faith and credit, that the provisions of the last Legislature for the more effectual collection of the direct Tax, are being admirably carried out in our county. Since the appointment of a Receiver of the Taxes for this county, more than *three fourths* of the whole amount due for the years 1841 and 1841, has been, in the short space of *two months*, paid into his hands. By the time of the sitting of the Legislature, we believe that every dollar honestly due, for the years mentioned, will be forthcoming. A double meed of praise is reflected upon the taxpayers of Somerset for their promptness in paying—from the fact, that the payment has been entirely voluntary—the Receiver of the Taxes having no power to coerce the payment of a single farthing. *Som. Herald.*

We are pleased to learn, that the Hon. John Buchanan, who has been seriously indisposed for sometime past, is slowly recovering, and strong hopes are entertained by his numerous friends, that he will be restored to health and usefulness.—*Williamsport Banner.*

Another feat of Tylerism.—The very worthy postmaster of Princess Anne, Md., has been removed by John Tyler to make way for one of his friends—Mr. James C. Hyland has received the appointment.—Somerset Herald.

Samuel S. Phelps, has been elected a Senator of the United States, from the State of Vermont, for 6 years from the 4th of March next, when his present term expires. The vote in the Legislature stood, S. S. Phelps 124, S. S. Brown 72, Geo. P. Marsh, 21, C. K. Williams 9, W. Slade 4, Scattering 2.

ARKANSAS.—The N. O. Picayune of the 23rd says, that Drew (L. F.) is elected Governor of Arkansas, and Yell (L. F.) to Congress.

Capt. Coursens, of the brig Forest, at New York from Nassau, N. P., reports that the inhabitants at Rum Key were in a state of starvation, having nothing to subsist upon but roots and shell fish, which they picked up along shore.

The Perfection of Pocket Picking.—A few days ago a lady, travelling by one of the numerous omnibusses between Liverpool and the village of Waterloo, got seated beside a member of the swell mob, equipped for his vocation with a cloak and a false pair of hands, the latter being demurely folded before him. While he thus appeared to be sitting as harmless as a lamb, he was busily engaged in cutting through the lady's apparel to get at her pocket, from which he succeeded in extracting her purse, containing six sovereigns.

VESSEL BURNT.—The N. Orleans Picayune of the 26th inst. says that the ship Mary Kingsland, Capt. Wear of New York, was burnt with her cargo at that port on the 19th inst. She was lying at the foot of Esplanade st., taking in cotton for Liverpool. She had already on board over 1700 bales when the fire broke out in the hold. Every exertion was made to extinguish the flames, but in vain. The vessel was immediately towed across the river and moored to the levee at McDonoughville. Thousands lined the fronts of the wharves on one side the river and the levee on the other side, watching the slow destruction of the noble ship and her rich freight.

COTTEN FACTORY WANTED AT VICKSBURG.—We copy the following from the Vicksburg Whig of the 12th inst:

ENCOURAGEMENT TO MANUFACTURERS.—We are authorised by five planters in Warren county to state, that they will give the following premium to any man, or company of men, who will establish and put in operation, a Cotton factory in the city of Vicksburg, for the manufacture of coarse Cotton. These planters, deeming the principle of home manufacture essentially necessary to the well being of the South, offer to give, as a bonus to the enterprising person who will commence it, ninety-five bales of cotton each year for five years to come, and to purchase all the cotton goods necessary for the use of their plantations from the same factory.

Murder of U. S. Troops.—The Lancaster, W. T. Herald of the 12th inst. says: We are informed that an express arrived at Prarie du Chien, from Fort Snelling, with news of the murder, by a band of Soosatong Indians, of ten of the detachment of Dragoons lately sent out from Fort Atkinson, for the purpose of ferreting out the perpetrators of the late murders in that quarter.

A Pittsburger Robbed and nearly Murdered.—Mr. Dill A. Smith, of this city was robbed on board the steamboat Fulton that left here on Tuesday last, by Dr. Tappan, of Steubenville, a son of Senator Tappan, of Ohio. Mr. Smith had just written a letter to his wife, and while in the act of sealing it, he observed Tappan in his stateroom with his money in his possession, and in a struggle to recover it from Tappan, the latter threw it overboard, and shot Smith in the shoulder. Mr. Smith bled very much, and is seriously, but not dangerously wounded. Tappan was arrested and is now in Steubenville jail.—*Pittsburg Age of Friday.*

We learn Bishop Onderdonk, has received from Lambeth Palace, Ivy to plant against Trinity Church, when finished.—N. Y. Amer.

WHIG MASS MEETING IN THE TRAPPE.

In pursuance of a resolution of the Clay Club of the Trappe District, at its last meeting, the Whigs of that district will hold a Mass Convention on Saturday next, [this day,] Secoud of November, to which the Whigs of Talbot are earnestly invited to attend.

The entire extent of the grounds adjacent to the Club-room will be appropriated to the occasion, and ample provision made for all comers.

All the Whig Speakers in the county have been invited, along with the several Glee Clubs, and the presence of the Ladies is anticipated.

The following persons have been named a committee of arrangements:

Gen. TENCH TILGHMAN,
Messrs. MARTIN GOLDSBOROUGH,
CHARLES BOWDLE,
W. D. A. BAYNE,
JOHN W. MARTIN.

Maryland stands pledged to *Clay and Frelinghuysen*, and the people of Talbot must maintain the noble stand already taken in support of the *Constitution* and the *Law*. JOHN BOYLE, Chairman.

W. D. A. BAYNE, Secretary.

Novel and Interesting.—We learn that our old fellow citizen Mr. R. Downey, now living in New Albany, has obtained a patent for a machine to aid in *tanning leather* by which he can manufacture the article in half the time it has heretofore taken, and save one half of the bark. He uses no steam or chemical agent, but simply deprives the hides of a sort of mucus, and introduces the bark liquor by means of his machine. The city council of New Albany have appointed a committee of practical and scientific men, at the request of Mr. Downey, to examine the process and machine, and to report thereon at as early a day as practicable. We understand that the committee are favorably inpressed as far as they have gone in their examinations.—*Louisville Journal.*
