POETRY.

For the Easton Gazette.

STAND TO YOUR COLOURS!

"In view of all that is before us, therefore—in view of the worst—I say to the Whigs every where, stand firm upon your present organization! FIGHT ON, FIGHT EVER until you have plucked up the drowned honor of the Country by the locks."

J P Kennedy's letter.

Stand to your colours—stand!
Far hence, despair—begone!
Shoulder to shoulder ye have fought,
Then breast to breast fight on!
What though deceit and fraud
May bear the palm to-day?
To morrow shall a NATION rise
And wipe the stain away.

Stand to your colours—stand!
Be firm—Ye cannot fail;
There is a power in truth and right
That ever must prevail:
Then bear ye proudly up,
And swell your anthems higher—
The blaze that tells your foe's success
Shall light his funeral pyre!

Stand to your colours—stand!
Your name's an honour'd one,
The patriot fathers own'd it once
Ere freedom's fight was won;
For it they pledged their lives,
Their fortunes and their fame,
And shall their children dare disown
What they were proud to claim?

Stand to your colours—stand!
Your gallant chief's the same;
Defeat can never make him less,
Nor office yield him fame:
From many a mountain sod,
From many an isle of song,
The fountains of his fair renown
Are gushing deep and strong!

Stand to your colours—stand!
His name will hallow all
Our native scene"—the mount—the grove
The stream—the waterfall;
The wind that turns a mill—
The breeze that wafts a sail—
Shall each record his mighty worth
In many a varied tale.

Stand to your colours—stand!
That name can never die—
As soon expect the full orb'd moon,
To leave her native sky;
As soon expect the sun
To shroud his face in shade,
As dream that glory such as his
Can ever waste or fade.

Stand to your colours—stand!
Now let your peans rise—
And rear the marble column high,
Until it pierce the skies—
And O! in lines of flame,
That ne'er may pass away
Inscribe upon your HEART of HEARTS
The LIVING name of CLAY!

C.

Easton, Dec. 5th 1844.

"How true will this appear when we regard the relation of our noble Champion to the great AMERICAN SYSTEM as its FATHER and ga's last DEFENDER! In this view every thing tributary to the great industrial agencies of our Country will be animated records of his extending fame. The iron-bound mountains of our soil, will ever stand as enduring monuments to his memory—The waters shall

"——murmur of his name,
The woods be peopled with his fame—
His spirit wrap the dusky mountain—
His memory sparkle o'er the fountain—
The meanest rill—the mightiest river
Roll ming ling with his name forever!"

Thus to all the honoured men of fame justly due from a great nation to the memory of its most gifted son, will be superadded the tributes of ART in its progressive stages of advancement, as well as of NATURE, eloquent in her varied forms of beauty and expression.

KIDD'S SHIP.—Every body has heard of Kidd the Pirate, and of the tradition that a vessel of his, filled with treasures, was sunk in the Hudson River, New York. A letter from New York, to the National Intelligencer, says:

A curious enterprise is now going on a few miles from us on the Hudson river, at Caldwell's landing. It is an attempt to recover the treasures supposed to be sunk in one of the vessels of Captain Kidd, the celebrated pirate of more than a century, since, whose history forms a large portion of the romances of our Atlantic States. The persons engaged in this strange and chimerical undertaking, as many regard it, are building a coffer dam around the supposed bulk; and we now have affidavits from Capt. Cram, the engineer, Mr. Cowles, the general superintendent of the works, a number of workmen, & Mr. Bowman an essayer, from which it appears that after repeated borings among the remnants of the wreck a metalic substance, which proved to be silver, has been several times brought up attached to the auger. This has inspired the treasure-seekers with new hope, and they now expect to be soon rewarded for their trouble and expense. It would be curious if, after regarding for so many years the stories of Kidd's concealed treasures as fabulous, a practical confirmation of their truth should be thus obtained.

We copy the following legal decision from the Tuscaloosa Monitor;

"The opinion of the Supreme Court of Alabama settles an important principle in relation to the validity of the forms without the legal sanctions of marriage. The question presented by the record was, whether such a conspiracy had been proved as was punishable by law. Several persons combined to accomplish a wicked purpose. They forged a marriage license; showed it to the young lady & her parents as evidence of the good faith of the suitor and one of his associates falsely represented himself to be a justice of the peace authorized to perform the rites of matrimony whereupon consent was yielded and the usual ceremony was repeated by the pretended magistrate. Afterwards the cheat was detected, and the parties to it were indicated for a conspiracy.

The only one found was tried & convicted in the circuit court of Butler. On point reserved as novel and difficult the Supreme Court has delivered an opinion affirming the judgment below, and indicating, by the numerous authorities cited that marriage being a civil contract, is valid where the persons united declare their intention to be husband and wife in a formal manner, in the presence of witnesses, even though no marriage license has been obtained nor the usual ceremony administered by an authorized person. This will open the eyes of those who sometimes in levity undergo a mock ceremony of marriage."

"WHO IS JAMES K. POLK?"

The Locos, in derision, are now putting this question to the Whigs, as if it were a difficult one to answer. We have for all enquirers a ready and a true answer.

James K. Polk is a man who has reached an office, for which he is entirely unfitted, by the grossest frauds that were ever practised in a government.

James K. Polk is the man who ran as a Free-Trade man at the South, and a Tariff man at the North.

James K. Polk is the man who owes his *nomination* solely to the advocacy of the *immediate* Annexation of Texas, and who owes his *election* solely to the fact, that *Silas Wright*, an opponent of immediate annexation, was run for the office of Governor of New York.

James K. Polk is the man who is about as well fitted for the office of President of the United States as *Sancho Panza* was for that of Governor of the Island of Barataria.

EASTON ACADEMY.

The second or winter session of this Institution will commence on Monday the 14th day of October, and the board of Trustees announce to the public that the duties will be resumed under the continued superintendence of Mr. JOHN NEELY, favorably known for many years past, as an accomplished Scholar, and a most efficient Teacher.

The course of instruction will be of an extensive character, comprising all the branches of an English education, the Latin, Greek and French Languages, and in both departments of languages the literature of each, together with ancient and modern History.

The Mathimatical course will include the mixed mathematics, and pupils will be prepared for admission to any class in the Colleges or Universities of the United States; for entering upon commercial pursuits or engaging directly in the studies preparatory to either of the learned professions.

During the ensuing session a full course of lectures will be delivered on natural Philosophy and Chemistry, illustrated by the ample and excellent apparatus belonging to the Institution.

The subject of natural Philosophy will be treated by the Principal, and that of Chemistry by C. C Cox, A. M. M. D.

A future announcement will state the terms and time of commencement of these lectures

The Board respectfully refer to the Rt. Rev Bishop Whittingham; to the Rev Dr. Wyatt; to Walter Fernandis, Esq and to John H. Alexander, Esq. of Baltimore, to Hon. Stevenson Archer, of Harford county, to Thomas Hayward, Esq. of Dorchester county, to William A. Ford, Esq. of Caroline county; and if required to many other reliable sources as to the personal and professional excellence of Mr. John Neely.

This gentleman is a graduate of Trinity College, Dublin: but what is far more substantial, he has attracted to himself the sincere regard & entire confidence of all those who have entrusted to him the education of their sons.

The Board deem it a matter of much moment that youths from a distance should be placed under the immediate eye of the principal of the academy; but excellent accommodations may be had in respectable families in the town at the usual rate of $10 per month.

All applications, enquiries, &c. should be addressed to John Neely. Esq. Principal of the Easton Academy but any information will be cheerfully given by application to either of the undersigned in behalf of the Board of Trustees.

FARMERS

FOUNDRY.

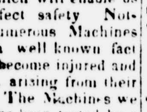

THE SUBSCRIBERS grateful for the patronage heretofore received, begs leave respectfully to inform their friends and the public generally, that they now have on hand & are daily manufacturing the most approved

WHEAT MACHINES,

ever offered to the public on this Shore. Their superiority over other machines consists in *simplicity* and *strength*, which will enable us to *warrant* them with perfect safety Notwithstanding there are numerous Machines used in this county it is a well known fact that they are too liable to become injured and broken from trivial causes, arising from their complicated construction. The Machines we now offer to the public have been tested by a number of experienced Farmers both on the Western and Eastern Shore, and have invariably given general satisfaction.

They would also call the attention of the public to their extensive assortment of,

PLOUGHS,

Plough Castings,—

Mill Castings, &c. &c.

Their assortment of Ploughs embraces a great variety, viz:

WINAN'S Self Sharpner	EACH Improved ...
DAVIS.....	BERNARD .....
SINCLAIR & MOOR	WILEY.....
CHENOWITH	PATENT CYCLOIDAL
BEACH	Plough &c.....

The merits of most of the above Ploughs are already well known; but the Wiley and Patent Cycloidal have been recently introduced by us on this Shore, as a valuable acquisition to the Farmer. The Patent Cycloidal, in 1842 took the first premium at the agricultural Exhibition, near Govanstown, Baltimore county, Md. over numerous competitors, composing some of the most celebrated Ploughs of Pennsylvania, New York and Maryland. All our Ploughs are stocked of the best timber, and warranted to run well. We are also prepared to do

CASTINGS

HEMSLEY'S WORM DESTROYING SYRUP.

Prepared by R. F. Hemsley,

CHEMIST & PHARMACEUTIST, Easton Md.

WHEN we consider the great number of children who die annually in our county by worms it becomes important that the public should be in possession of some Medicine for their removal, which will combine safety and efficiency in its employment, this desideratum is afforded by the 'Worm Destroying Syrup.' It is not my wish, nor is it my design to throw around this preparation the unmeaning & extravagant eulogiums with which such medicines are usually ushured into notice. I only desire for it a fair & judicious trial to secure its full approbation. The large and increasing sale of this article is the best proof of the value and estimation in which it is held by numerous & respectable families. The presence of worms may generally with readiness be detected by the following

SYMPTOMS.

Variable appetite—foul tongue—feted breath—full hard and tense belly—dull heavy expression of the Countenance—a bluish streak under the eye—itching at the nose—puffiness of the upper lip—disordered and irregular bowels—starting and screaming in sleep—grinding of teeth—pain in the bowels & frequently drowsiness or convulsions, attended by slow fever.

RECOMMENDATIONS.

Being acquainted with the general and successful use of Mr. R. F. Hemsley's 'Worm Destroying Syrup. I cheerfully recommend it to the public as a valuable remedy for the expulsion of worms.

TRIST. THOMAS, M. D.

I CONCUR IN THE ABOVE,

JAS. A. MUSE, M. D,

Easton March 20 1844

I have for the last two years used with success Mr. R F Hemsley's 'Worm Destroying Syrup' Indeed I look upon it as a specific in those cases, and knowing its composition feel no hesitation in recommending it where worms exist.

WM. H THOMAS, M D,

Easton March 23 1844

Having examined MR. R F. HEMSLEY'S 'WORM DESTROYING SYRUP,' and being conversant with its general and successful employment in Easton and the vicinity, I take much pleasure in recommending it to the public as a safe and efficient remedy for the expulsion of worms from the alimentary canal.

CHRIS. C. COX, M. D.

Easton March 7 1844

There is no authelmintic preparation from the use of which I have seen better results than from Mr R F. HEMSLEY'S 'WORM DESTROYING SYRUP' having been made acquainted with its composition I can confidently recommend it, not only as a vermafog but as a gentle tonic suitable in those cases of debility occurring in consequence of the presence of worms in the stomach and bowels.

A. M WHITE, M. D.

Talbot county March 26th 1844

From DR W. HEMSLEY.

Having prescribed the 'Worm Destroying Syrup' with success in my neighbourhood I can confidently recommend it as superior to any other preparation offered to the public.

I have tried in a desperate case of worms Mr. R. F. HEMSLEY'S 'WORM DESTROYING SYRUP' and it proved immediately efficacious, this case had baffled the skill of Physicians previously, and the disease must soon have killed the servant. I feel it my duty to give this certificate in favour of the valuable medicine.
