EASTON GAZETTE.

EASTON, MD.

Saturday Morning, April 26.

V. B. PALMER,

No. 59 Pine st, Phila., and 160 Nassau st. (Tribune Buildings,) N. Y., and S. E. corner of Balt. and Calvert sts. Baltimore, is our authorized Agent for receiving Advertisements and subscriptions to the "EASTON GAZETTE," and collecting and receipting for the same.

TO OUR PATRONS.—After the first of July next, every copy of the GAZETTE, forwarded to any Post Office within thirty miles of *Easton*, will be charged with *no postage*, which will be equivalent to a deduction of fifty cents per annum.—After the period above mentioned, the hand packages, below St. Michaels, (Bay Side,) will be sent to the St. Michaels post office, which will be a great convenience to those residing in that part of the district, & hope to see our list increased in that strong Whig section of our county.—Will our friends assist us, in the several districts of this county, and in Caroline, in disseminating the doctrines to which we, in common with themselves, are attached?—We hope so.

GODEY'S LADY'S BOOK.—We have received the May No. of this beautiful periodical;—the embelishments are admirably executed—one representing Charles I. taking leave of his children, before his execution; the other, the Recruit, with a view of the encampment at Monmouth, N. J. The reading matter is from the pens of some of our most talented writers—The book will meet with the renewed success it merits. The heavy tax on periodicals has been very detrimental to a great mail distribution; that tax has been removed and subscribers, or those about to subscribe, will have to pay only 4 1-2 cts. per month pastage on one of the most beautiful and useful works of the day.

Post Office Department.—The following order has been issued by the present Postmaster General, which will prove acceptable to publishers:

Money for newspaper subscriptions, not exceeding $10 in each case, may be paid to a Postmaster for the purpose of being paid to the publisher of a newspaper at any other office. The Postmaster is, in such case, to give to the person paying the money, a receipt therefor and to advise forthwith the Postmaster who is to pay said amount of such deposit. Upon presentation of this receipt, the amount is to be paid over. The Postmaster receiving the amount is to debit himself therewith in his account, and the Postmaster paying that amount is to credit himself therewith in his account of contingent expenses.

The total amount of money collected in the city of Baltimore in aid of the sufferers by the recent fire at Pittsburgh, and returned to the mayor up to Tuesday last, was $6,983 97.

RELIEF.—A joint resolution appropriating $50,000 for the relief of the sufferers at Pittsburg, has passed both branches of the Pennsylvania Legislature, and been signed by the Governor.

The Dismal Swamp.—A friend informs us that the recent fire in the Swamp has driven from their hiding places a large number of runaway slaves who have, in many cases, been secreted for years. An old black woman, being burnt out of her capacious home, sought out and claimed her master; and, in addition to this return of property she brought with her eleven children, all her own, serving as an indemnity of remuneration for her long absence. Any quantity of bears, foxes, and other animals, already roasted are to be found; and all that a hungry man has to do is to hie to the smoking meats and satiate his appetite.

FISH IN ALEXANDRIA.—The Gazette says they are doing a fine business at the Fish Wharf at that place—the great *depot* for all the Potomac Fisheries. The demand has been good throughout the season, and the prices have been kept up, nothwithstanding the supply has been large. The custom has been extensive—wagons flocking into town from all quarters—some from counties of Pennsylvania, &c.

The Port Tobacco Times says: "There is a fair prospect of a goodly number of both shad and herring being caught. We have seen persons from several landings, and all say that any abundance of fish can be had by persons in quest of the article. They have caught at some of the landings as high as 300,000 at one dip of the net."

Beef for England.—Mr. N. C. Baldwin of Cleveland, Ohio, has killed and put up 3138 head of beef cattle for the English market, making over 5000 tierces of beef.

IMPORTANT FROM MEXICO.—*Suspension of Diplomatic Relations with the United States.* The New Orleans Picayune extra brings us intelligence from the city of Mexico to the 27th ult. Santa Anna was still in prison at Perote, where three judges had gone to try him. We copy the following from the Picayune.

Gen. Almonte's communication of the passage of the measure of annexation, though not unexpected, produced considerable excitement in the capital. On the 22d of March, Senor Cuevas, the present Minister of Foreign Relations, addressed a circular to the Governors of the different Departments, in which he announces this intelligence. He goes on to say that the Executive Government and the Chambers are occupied with the discussion of the grave interests involved in the question.—He appeals to the patriotism of the authorities of the Departments and all their citizens, to forget all divisions, and to stand by the President, and co-operate with him in defence of the rights and the honor of the nation. He promises to communicate promptly to the different Departments the measures which may be resolved upon at the capital.

Upon the reception of official notification of the passage of the Annexation resolutions, a very stormy session was held in the House of Deputies, during which propositions of a hostile character were submitted and canvassed, without, however, any decisive vote being taken thereon. The policy of issuing letters of marque was brought up in this debate.

El Sligo (of Mexico) of the 29th ult. contains a letter from the Minister of Foreign Affairs (Cuevas) to Mr. Shannon, U. S. Minister to Mexico, informing him that the Government was in possession of the knowledge of the passage of the Annexation resolutions, and that diplomatic relations between the two countries were suspended on that account. The same day a note was addressed, by the Mexican Cabinet, to the Ministers of Spain, France, and England, protesting against the proceedings of the United States in relation to Texas.

AGRICULTURE. John S. Skinner, Esq., late assistant Post-master General, the pioneer in American publications for the improvement of Agriculture, is about to edit "the Farmer's Library, or Monthly Journal of Agriculture," in New York.

WEBSTER THE PIRATE.

The man supposed to be Webster, the pirate, the remaining one of the crew of the schooner Lavinia, has been fully identified by M'Knight, keeper of a boarding house at Middletown, R. I. where the crew staid one day and night, as well as by the two cabmen who drove Babe and Webster around the city while they were in New York. He will be tried in the next Circuit Court.

It is stated in the Washington Constitution that Amos Kendall has returned to that city from New York, having failed to make a contract for extending the Electro Magnetic Telegraph from Baltimore to New York.

A New York correspondent of the Philadelphia Morning, Post in a letter written on Monday, says—

Some of the heavy operators have been trying to buy out the whole right, and make the line from Boston to New York, perhaps to New Orleans, a vast monopoly This Kendall & Smith resisted, and negotiations have been abandoned. If anything of this sort should be done, Prof. Morse, according to agreement, looses his contract with the government, if he does not forfeit his patent.

Great Inducements to Lawyers. According to the latest returns from eighty-one counties of Indiana, there are seven hundred and forty-one townships in those counties, and *only* five hundred and sixty-one lawyers distributed among them.—And what is far more encouraging than all, there are nine counties to be heard from.
