wandering about town, and are hourly robbed by suckers, stuffers, and others, who openly assembled on the seats of the Battery, planning their nefarious schemes, regardless of the city police, and putting all law at defiance. When are the Common Council going to put an end to this shocking state of things?—*N. Y. Gazette.*

Florida Election. The democrats, it is said, have elected their Governor by about 600, and their Congressman by nearly 800 majority. The state senate, it is supposed will stand 12 democrats to 5 whigs, and, the house 30 democrats to 11 whigs, making a democratic majority of 26 on joint ballot, and ensuring the election of two democratic U. S. Senators.

SUICIDE OF MR. BUSKIRK.

Correspondence of the Baltimore Patriot.

CUMBERLAND, 10th June, 1845.

Yesterday, about noon, on a seat in front of the Court House, in presence of several persons who were in the street, sat Mr. Van Buskirk, late Secretary of State under Francis Thomas. He had a gun before him, the muzzle of which he placed against his head, and then with the ramrod deliberately touched off the trigger and shot himself dead on the spot!

LATER FROM MEXICO. The British frigate Eurydice arrived on the 1st inst. at the Balize. She brings despatches to the Secretary of State for the U. States and the British Minister at Washington. Mr. Elliott, British Charge d'Affaires to Texas, arrived by her. A private letter, says the Tropic, from Vera Cruz, received by this arrival, states that the English are moving heaven and earth to accomplish "something."—What the "something" is, the writer leaves to the imagination of his correspondent, he not deigning to make further disclosures. Hon. Wilson Shannon has arrived at Vera Cruz. He was robbed of every thing he had on his way thither.

LETTERS OF MARQUE.

We find the following paragraphs in the New Orleans Republican, of the 28th ult:

Mexican Commissions—Letters of Marque.—"We learn by a gentleman from Havanna, now in this city, that numerous commissions from Mexico have already been issued to persons in Havanna, to take effect immediately, in the event of war. Our informant states that there are such commissions now in this city, and that one of them has been offered to one of our citizens.

"A letter from an authenic source has been received here from San Antonia, Texas, stating that there was a general rumor there of a Mexican invasion."

INFAMOUS AND COWARDLY ASSAULT.

On coming down to the Osceola yesterday morning then at the wharf in Washington, we found that John C. Rives, one of the former proprietors of the Globe, was awaiting us with a heavy bludgeon in hand. Having passed and re-passed him two or three times, he at last mustered courage enough to accost us, and demanded "specifications" as to our reasons for asserting in a certain article published on the 21st April, that he and his partner possessed not one "generous sentiment or ennobling thought, to raise them above the rank of hogs." As we did not feel disposed to give our "reasons upon compulsion," although "they were as plenty as blackberries, or to take time to make out "specifications," item by item, he raised his club for the purpose of demolishing us, but the overgrown giant found he had made a calculation that could not be carried out, as we prevented him from dealing his dastardly blow, by closing in with him, and had it not been for a mischance we should have defiled the waters of the Potomac, by throwing him into them; as it was, the confined deck, the gang boards being carelessly set in a slanting direction caught our feet, and his overpowering weight brought us down, when the beast showed his feline propensities, also by scratching and attempting to gouge us.

We have not time to deal more largely with John C. Rives at this writing, but we assure him that he shall have "specifications" to his heart's content; and as we learn that he has made the threat that this matter is not settled, thereby intimating that another attempt will be made to assassinate us, we give him fair warning that we shall shortly be in Washington again, that we shall not avoid him, and that we despise him as deeply as the coward ought to be held in contempt by all honorable men.

The above is from the "Old Dominion," a Locofoco paper published in Virginia.—Since Mr. Rives has ceased to be connected with the government organ, he does not appear to have much regard for harmony, but goes about beating not time but editors. We are sorry, however, to notice that the editor of the Old Dominion intimates that he will be in Washington at a particular time. The law makes an ugly account of such premonitions, when any thing ugly follows.—*U. S. Gaz.*

LETTER FROM MR. CALHOUN.—In a late Mobile Register, is published a letter from Mr. Calhoun to some citizens of Mobile, in reply to one inviting him to visit that city and accept a public dinner.

Mr. Calhoun in his reply refers to the Texas and Oregon questions. In relation to the latter he says:

"The absorbing character of the negotiation in reference to Texas, did not so engross my attention as to neglect that of Oregon. As soon as the former was sufficiently despatched and the business of the department brought up, I entered on that. I left it in an unfinished state; and as it is still pending, I am not at liberty to speak of the course I took in reference to it; but I trust when it becomes to be made public it will not be less successful in meeting your approbation and that of the country generally. It is a subject not without great difficulties; and I feel assured I shall be pardoned for expressing a hope that it may be so conducted by those to whose hands it is entrusted to finish the negotiation, as to bring it to a successful and satisfactory termination, and thus avoid an appeal to arms. Neither country can gain any thing by such an appeal, or can possibly desire it if it can be honorably avoided.

The Hagerstown Torchlight, in an article on the subject of the Chesapeake and Ohio Canal, makes the following statement in reference to certain financial difficulties in the way of its completion:

We have been made aware of facts which convince us that the whole of the money required to finish the work cannot be obtained in the United States; and we believe the interests of the State will be promoted by the appointment of an agent, at an early day, to negotiate in Europe with the holders of the Maryland bonds. It has been clearly ascertained and is generally conceded, that to pay out the bonds of the Company to contractors, would endanger the completion of the Canal. The bonds once in the hands of contractors would be forced into market at whatever they might bring, and it is by no means certain that a sufficient amount would be raised for the comtemplated purpose.

TO THE FARMERS OF TALBOT COUNTY.

KNOWING, that a large quantity of the wheat, sent from this county, is purchased in Baltimore and immediately reshiped on board other vessels for Philadelphia, Brandywine and New York. And believing that a great and mutual advantage would arise to the Farmer from a direct trade to said Ports, I now propose to freight grain and other products at *low freights* to said ports—or I will purchase grain on *very liberal terms*, and pay cash on delivery.

Numerous complaints have been made by our farmers of being confined to one market only—*a good chance and liberal terms* are now offered them, of embracing three other markets.

In my absence Wm Jenkinson, at Easton Point, will attend my business and give all information desired.

Respectfully, &c
JOHN BARTLETT.

FURTHER & FINAL SALE

OF THE REAL ESTATE of the late Samuel Harrison, Esq. dec'd. under the trusts created by his last will.

THE undersigned, to whom the legal estate, vested in fee in the late Trustee, is now deemed and taken in virtue of the act of the General Assembly of Maryland to have descended, will offer for sale by public auction at the front door of the Court House in Easton, between the hours of 10 o'clock in the forenoon and 5 o'clock in the afternoon on

Tuesday, 29th day July next,

the following lands and tenements, being so much of the real estate of said Samuel Harrison, Esq. dec'd as remains to be sold in furtherance of the trusts in his said last will and testament.

1st.—that Valuable Farm,

situate in the Chapel District, called "Farmers' Delight," which was formerly the residence of Edw'd Roberts, Esq dec'd cantaining *FIVE HUNDRED & THIRTY SEVEN ACRES and one half acre.* This farm contains a large quantity of excellent MEADOW LAND, and abounds with **Good Timber,** conveniently situated for sale and transportation either by Wye River or Tuckahoe Creek. A Steam Saw Mill or *Hopkins's* Water saw Mill in the immediate neihgborhood, and about two miles distant, presents inducements to purchasers in want of good timber, such as is attached to this farm.

Having an excellent clay soil this farm is capable of being rendered very productive of both wheat and corn; while the Buildings are convenient and only require repairs. Two persons, jointly, might contract for these lands and readily lay off *suitable farms* with meadow and upland, the wood being susceptible of similar division.

2nd: the Steam Grist & Saw Mill

situate in the town of St. Michaels, and on the margin of St Michaels River, and all the machinery, apparatus and fixtures thereto belonging, together with a fee simple title in the LOT OF GROUND heretofore commonly used with the same. This mill is of a *ten horse* power and capable at one time, when in repair, of manufacturing 20 barrels of flour per day. The Buildings are of the most durable materials and of the best workmanship. Persons desirous of purchasing such property are invited to a particular and personal view.

TERMS OF SALE:—One fourth of the purchase money shall be paid at the time of sale, or within sixty days thereafter, and the residue with interest by instalments in twelve and eighteen months from the day of sale—bonds with such security as may be approved by the undersigned being given; the purchase money remaining a lien on the lands.

A CALL TO THE *FARMERS OF CAROLINE Co.*

IMPRESSED with the importance and necessity of some concerted action among us, whereby the moral and pecuniary interests of ourselves and community, may be advanced, we have put ourselves forward for the purpose of calling your attention to the better culture and improvements of our lands—to the advancing to the best of our abilities our own condition.

That there is necessity for this, all admit, that we cannot continue even as we are, under the pressure which burdens our whole State with taxes, &c., is too evident nothing but economy and the utmost diligence and attention to our own affairs can save us from the ruin that hangs impending over us. As one means of calling forth the efforts & energies of our Farmers, we propose holding a county meeting in Denton on Tuesday the 17th day of June, for the purpose of forming a County Agricultural Society, & respectfully but earnestly solicit your attendance. We do not deem it necessary to say more by way of invitation. You all are aware of the necessity for something to be done to stimulate and excite us to renewed diligence; we hope that with many other incentives to action this society may be the means of great good, and we call upon you to aid in the work. As a body of men it is rarely we meet together to discuss or converse upon matters appertaining to us as the most important branch of society—let this one day be given to this purpose.

The invitation is to all, and we can in advance, promise you that it will not be time or labor lost. We hope to see such a gathering of farmers upon that day as is rarely witnessed in Caroline county. Addresses may be expected by some practical farmers and others. Yours Respect.

PROSPECTUS
OF A NEW VOLUME OF THE
AMERICAN FARMER.
AND SPIRIT OF THE
AGRICULTURAL JOURNALS

PRICE ONE DOLLAR.

THE Proprietor of the "AMERICAN FARMER," at the earnest solicitation of the friends of his Journal, has determined to change it from a *weekly*, to a MONTHLY publication, after the termination of the present volume—and appeals with confidence to the kind feeling and active co-operation of his present patrons, to aid him in the enterprise.

It is the intention of the Proprietor to issue his journal in a large *octavo* form, each number to comprise 32 double column pages of original and selected matter, printed on a handsome brevier type, to be embellished with engravings illustrative of subjects to be treated of in its columns.—He deems it superfluous to make any extended profession as to the course his journal will pursue; but it may not be amiss to remark, that as it is the *oldest Agricultural Journal in the country*; he will exert his best abilities to maintain for it in its new form, the high reputation which, in its present one, it has sustained for nearly the third of a century. While it will contain matters connected with the husbandry of the world, drawn from the most reliable sources in America as well as in Europe—while it will treat upon Agriculture in its most extended aspects, and render the *science of Chemistry*, in its application to the purposes of husbandry, tributary to the enlightenment of the general mind, it will be his peculiar province to render his journal the exponent of the interests, views and systems of culture of the farmers and planters of the Middle, Southern, South-Western and Western sections of the Union thus identifying its objects with that portion of the country in which it was his good fortune to be born, and, as he trusts, proving by its character that it merits its support.

The price of the contemplated journal will be $1, per annum, payable invariably in advance and as the price is low, and the postage under the operation of the new post office regulations will be correspondingly low, the proprietor, in appealing to his present subscribers, does so from a belief that, in their zeal for the promotion of the cause of agriculture, he has an assurance that they will take pleasure in increasing his subscription list; and as all new subscribers will desire to begin with the first No. of the new volume, he urges those who may interest themselves in his behalf, to bestir themselves among their neighbors, and to transmit him their list of subscribers by the 20th of June, in order that he may form an estimate of the probable number of copies which it will be necessary to strike off, as the first number will be published on the 1st day of July, and the work continued the 1st of each succeeding month. In return for the exertions of his friends, he promises them that he will furnish one of the best agricultural journals of the day.

As it is the desire of the proprietor to make his monthly a compendium of *scientific* and *practical* farming and planting, he respectfully requests that his subscribers will make it the medium of their communications to the public.

The volume when completed will comprise about 400 large 8vo. pages, and will be regularly mailed on the 1st of every month. ☞Any postmaster or other person remitting $10, will be considered as our agent, and entitled to an 11th copy, or ten per cent. commission. Such of our well-wishes and patrons that cannot give their personal services to the task of canvassing their neighborhoods, will oblige us by appointing trusty agents for that purpose, and allow them the commission therefor. All letters to be directed to

SAMUEL SANDS,
Proprietor of the "American Farmer."
