The United States School of Midshipmen.—Agreeable to the order of the Secretary of the Navy, this Institution was formally opened at Annapolis, Md., on Friday, 10th instant. At 11 o'clock A. M., the Officers, Professors and Midshipmen assembled in one of the recitation rooms, and were impressively and feelingly addressed by the Superintendent, Commander Franklin Buchanan, who also read, and illustrated with proper commentary, the "Rules and Regulations" he had prescribed for the government of the School; and he concluded the ceremony by reading a letter from the Secretary of the Navy to him, disclosing distinctly and lucidly, his views and purposes in regard to the organization and conduct of the School.

From the Balt. Pat. Oct. 11.

A MYSTERIOUS AFFAIR.—A gentleman and lady, who had been stopping at the Exchange Hotel for some days past, as man and wife, left in the cars of the Baltimore and Susquehanna Railroad Co. yesterday morning, on their way to York, Pa. A gentleman who had been sojourning at Barnum's, was also a passenger in the same cars. He observed, after the cars had gotten some miles from Baltimore, that the supposed husband of the lady was not amongst the visible. The next discovery made by the gentleman was that his pocket book, containing $40 in money, and some valuable papers, was gone. The fact of the person who had been accompanying the mysterious lady having left the cars, excited suspicion upon the part of the loser of the funds. He kept the secret to himself, but on reaching York, perceiving that the said pretty little French girl, or woman, took her passage back for Baltimore in the return train, he also did the same, and on reaching this city, gave such information to the police as to cause them to arrest her. She was accordingly captured last night and taken to the police office—with a view, more especially, to ascertain the whereabouts of her apparent husband. On examination of the prisoner's trunk it was found to contain much valuable clothing, jewelry, &c. Her person also underwent private investigation and around her body, in a belt, was found $1099 in gold. No evidence appearing against her she was released by Justice Miller. The officers who had her in charge insisted upon protecting her until this morning at Mr. Boizard's Hotel. A lawyer, however, was called in, who, with his friend, interfered in behalf of the fair one. She finally procured comfortable quarters at Mr. Boizard's, but was off this morning in the 9 o'clock train for Philadelphia, whether *solus* or not we are unable to say.

Hints to Housekeepers.—Woolens should be washed in very hot suds and not rinsed. Luke warm water shrinks them. Suet keeps good all the year round, if chopped and packed in a stone jar, and covered with molasses. When molasses is used in cooking, it is a prodigious improvement to boil and skim it before you use it. It takes out the unpleasant raw taste, and makes it almost as good as sugar. Use hard soap to wash your clothes, and soft to wash your floors. Soft soap is so slippery that it wastes a good deal in washing clothes. It is easy to have a supply of horse raddish all winter, have a quantity grated while the root is in perfection, put it in bottles, fill it with vinegar, and keep it corked tight. Do not wrap knives and forks in woollens; wrap them in strong paper. Steel is injured by laying in woollens.—*American Traveller.*

Artificial Stone.—The process by which this is made, in accordance with the late patent, is to pulverize the flint, granite or marble used, and work it up into a thick paste. This paste is placed in moulds of any given design; and, upon being subjected to the action of the heat of an oven, the contents of the moulds become vitrified. Thus the most compact and beautiful designs in slate, granite or marble are produced, applicable alike for ornament or for substantial purposes. It withstands all atmospheric changes, and is durable as flint.

HAY. The price of this article, says the Philadelphia Chronicle, has advanced 25 per cent. within 30 days. Farmers refuse to part with their stock, fearing to fall short before the winter is over. The hay harvest did not produce half a crop, owing to the long spell of very hot weather.

PRICES CURRENT.

BALTIMORE Oct. 23, 1845.

Howard Street Flour.—A sale of 700 bbls. good mixed brands was made from stores on Monday at $5,25. The market subsequently became depressed and inactive. Small sales were made on Thursday, of good mixed brands, at $5, which price some holders were willing to take, whilst others were asking more. The market is at present unsettled. We are also unable to quote a definite receipt price.

City Mills.—Sales of City Mills to a fair extent were made in the early part of the week at $5,25, and some small transactions at 5,31 1-4. After the arrival of Hibernia's news the market became depressed and no operations have since come to our knowledge. The last sales were at $5,25.—Holders would now take less, probably $5,124.

Corn Meal.—Sales at $1,37½ per 100 lbs. None selling in bbls.

Buckwheat Meal—Sales at $2a2,25 per 100 lbs.

GRAIN.—Subsequent to the arrival of the Great Britain's intelligence there was quite a brisk demand for grain of all kinds. Sales to some extent of prime red wheat were made at $1,10. The advices per Hibernia being somewhat unfavorable the market became depressed and prices of wheat declined.

Corn and Rye have advanced in price.

Wheat.—Sales of prime Maryland and Virginia red wheat were made on Monday at 105a110 cts., and some superior lots a 1 12c. Sales also of white wheat for family flour at 115a125 cents. We note a sale of 1000 bushels prime Md. red on Thursday at 103 cents, showing a decline. It may now be quoted, good to prime, at 100a106 cts, per bushel, and ordinary to good at 95a100c. White wheat of fair to good quality, though not suitable for family flour, is worth 103 to 110 cents.

Corn.—Sales of Maryland white were made on Monday and Tuesday at 60 a 62 cts, and of yellow at 63a65 cts for old.—Since then sales of the same description have been made at 62 a 63 cts for white and 63 a 65 cts for yellow. We quote new white and yellow at 52 a 56 cts according to quality.

Rye.—This article is in fair demand and sales are making at 68 to 70 cts per bushel.

Oats.—The uniform prices of Maryland Oats throughout the week have been from 36 to 38c., which figures they now command freely.

DIED.

In this town on Sunday night last, Mrs. Mary Kersey, in the 73rd year of her age.

On Thursday, the 16th inst., at Hatten's Garden, near St. Michaels, after a severe illness of fourteen hours, Nathan, eldest son of John Harrington, aged 5 yeaas & 10 days.

In this county on Saturday last, Mr. James Merrick, aged about 65 years.

OBITUARY.

Departed this life, Oct. 10th, at his late residence in Deep Neck, Talbot county, Md. *Mr. Spry Denny*, in the 64th year of his age. In his death society has lost one of its useful and worthy members. Mr. D. was a man of great simplicity of manners, and entirely unassuming in every respect, and although possessed of considerable property, yet it seemed not to have the least effect on his general character.—He was a very peacable man, of few words—doubtless showing his wisdom by his silence—thinking much, while saying but little.

His death is a subject of regret by the rich and the poor; for he was equally ready to assist the one and befriend the other.—In fact he was one of our best citizens, and a neighbor of the good Samaratin order. He was a man of hospitality, but his benevolence, however, did not spend its force in the hearty welcome of home, but found its way out in support of the various benevolent objects of the age. It need hardly be added, that he filled his place well in the domestic circle—making an affectionate husband a kind father, and a humane master.

The disposition which Mr. D. made of his property is certainly worthy of notice; not because it is singular, but benevolent. He did not throw his entire estate into the hands of his legal heirs, the speedy settlement of which would doubtless have produced distress among the poor indebted to him; but while he made a generous provision for his widow and children, he did not forget some of his worthy relations who stood in need of assistance, nor the poor against whom he had claims, giving direction for their relinquishment; also remembering in death those who had served him in life, providing for their freedom at a given age. Mr. D. has left behind but few enemies, if indeed any, but many sincere friends. The estimation in which he was held by his neighbors and acquaintances was strongly indicated, by their attendance at his funeral during the very inclement day of his interment. But more, Mr. Denny was a christian in the experimental sense of the term. He was awakened to a sense of his danger by the death of a child, and became a subject of saving grace in 1840 or 41 under the labors of Messrs. Bell and Hersey. Soon after he joined the M. E. Church, of which he remained a consistent and worthy member until removed to the church above. In his last illness he at first seemed to fear the approach of his last enemy; but as he neared, & enabled him to take a better view of his appearance, his fears gave way, and he desired his presence; or in other words, when first visited by his Pastor, he said he had hope, but yet his way was not so clear as he desired it; but as his disease progressed his confidence in God his Saviour grew stronger and stronger, until his soul broke out in raptures, when he desired to depart and be with Christ.

Mr. Denny has left a widow, two children, and a large circle of friends to mourn their loss; and the little band of brethren in Ferry Neck especially will feel his loss as a breach among them when they come to present themselves before the Lord. But this is the way of all the earth—the church below is filling up the church above; the old are passing away, may the young fill their places in the church and in society!

The funeral of the deceased was preached from 1 Thess. 4ch. 13, 14 verses, after which his remains were deposited in the silent grave to await the call of his Lord at the great rising day.

Temperance Notice.

THE Committee appointed to prepare a Constitution and Bylaws for the Temperance Society of Easton and to announce a meeting of the said society, through the Papers of the town; beg leave to advertise to the citizens of Easton & its vicinity, that there will be a Temperance Meeting on Tuesday evening next, 28th instant, at 7 o'clock, in the M. E. Church.

And the Committee would embrace this opportunity to call the attention of all persons Male & Female, old and young, to this important subject. It is one in which we should all feel a great solicitude, for in it all have a great interest, involved, an interest frought with the weal or wo of society.

All must admit the great evil of intemperance—the use of intoxicating liquors as a beverage & their traffick—it has filled our land with wailing; and hundreds and thousands have been the victims of its power. The Temperance cause contemplates its extermination and forms the basis upon which all persons, sects and parties may meet and unite in promoting sobriety and good will among men.

$50 REWARD.

Ranaway from the subscriber on Tuesday the 21st inst., negro girl MARY JANE, calling herself MARY JANE ADAMS. Said negro is 20 years old, a dark mulatto, about five feet one or two inches high, thick set, and well formed, a very bushy head, thick lips, the under lip protruding, rather likely, and pleasant when spoken to.

She took with her a variety of clothing, among which a large black and white blanket shawl. 'Tis very likely she may have gone to Baltimore in the Steam-boat Osiris, the morning she left from St. Michaels, as she has acquaintances in Baltimore, who no doubt would aid her escape.

I will give twenty five dollars for her if taken in this county and lodged in the jail at Easton; or fifty dollars if taken out of the county, and secured so that I get her.

Congressional Intelligencer.

The proprietors of the NATIONAL INTELLIGENCER, in order to meet the wishes of those whose circumstances or inclination do not allow them to subscribe even to a weekly Washington paper during the whole year, have determined to issue, during each session of Congress, a weekly sheet styled "THE CONGRESSIONAL INTELLIGENCER," to be devoted exclusively to the publication, as far as its limits will permit, of the proceedings of both Houses of Congress, and Official Reports and Documents connected therewith, including *a complete official copy of all the Acts passed by Congress during the session.*

To bring the price within the means of every man who can read, the charge for this paper will be for the *first* session of each Congress One Dollar, and for the *second* session of each Congress half a dollar.

The price of the CONGRESSIONAL INTELLIGENCER, to be issued on each Wednesday during the approaching Session of Congress, will therefore be One Dollar paid in advance.

To enlarge upon the value, to those who take no newspaper from Washington, of this publication, containing an impartial but necessarily abbreviated account of the Proceedings in Congress, including an authentic official copy of all the laws passed during the session would be needless.—The man who takes no such paper ought to take one, if he does not prefer remaining ignorant of what most nearly concerns his own destiny, and that of his family and of his posterity for ever.

☞ When six copies are ordered and paid for by any one person, a deduction of one-sixth will be made from the price: that is to say, a remittance of Five Dollors will command six copies of the Congressional Intelligencer for the next Session. A remittance of Ten Dollars will secure thirteen copies; and for Fifteen Dollars remitted from any one person or place twenty copies will be forwarded.

☞ Payment in advance in all cases is indispensible. Oct. 11, 1845

WEEKLY NATIONAL
INTELLIGENCER.

This paper, being made up of such portion of the contents of the National Intelligencer proper as can be compressed within the compass of a single newspaper, continues to be issued and mailed to subscribers every Saturday at two Dollars a year, payable in advance in all cases—no account being opened with subscribers to the weekly paper.

To bring this paper yet more nearly within the reach of such as desire to take *by the year* a cheap paper from the seat of the General Government, a reduction will be made in the price of it where a number of copies are ordered and paid for by any one person or association at the following rates:

For Ten Dollars six copies will be sent.
For Twenty Dollars thirteen copies; and
For each sum of Ten Dollars, above Twenty, eight copies will be forwarded; so that a remittance of Fifty Dollars will command thirty-seven copies.

☞ *Publishers of papers throughout the several States and Territories who will give a single insertion to this advertisement (with this note annexed) and send one of their papers to this office with the advertisement marked therein, shall receive the Weekly National Intelligencer for one year free of charge.*
