the session, till a late hour of the night. No additional compensation has heretofore been allowed for these increased duties, the clerk receiving the same salary that had been allowed when that Department was but a mere fiscal agent. In view of this fact, the House this morning passed a resolution, allowing the Clerk to the Treasurer the sum of $250 from the Tobacco fund for the labor imposed on him by the management of that fund, which, while it affords him compensation more nearly commensurate with the duties he has to perform, takes nothing, from the State Treasury. The tobacco fund is entirely independent of the Treasury of the State.

The above three measures took up the attention of the House, during the entire morning's session excepting a few moments occupied in the presentation of petitions, and the granting of leaves, &c, of no interest to your readers. I therefore do not take up your room with their recital.

The SENATE passed the bill incorporating Black River Mining Co.

The bill to establish Biennial Sessions, which was the regular business of the day was laid on the table.

EASTON GAZETTE.

EASTON, MD.

Saturday Morning, Jan. 31.

The citizens of Q. Anns County will hold a meeting in Centreville on Tuesday next, for the purpose of adopting measures for the protection of slave property from the interference of Northern Abolitionists. The Committee appointed at the last meeting to visit Delaware, will make their report.

The News in New York.—The Express of Saturday evening says:

We have not had an arrival for years, that has given so much joy and satisfaction to the public, as the news brought by the steamer from England. In Wall, and other business streets, persons are engaged in congratulating each other, on what is called the pleasing and peaceful intelligence. There appears to be the same confidece entertained by all intelligent men, in the ministry of Sir Robert Peel, here, that there is in Europe. Besides this confidence in Sir Robert, there is greater pleasure in seeing the Hon. Mr. W. Gladstone, Secretary of the Colonies. He is known to be a man of peace, decided and firm, and also friendly to this country.

It is now considered in the business circles, that fears of war from the other side are at an end, at least for the present, and that there is nothing to be apprehended, except from Washington.

The influence on the market is very perceptible. Bank directors say that after the 1st Febuary, there will be a relief in the Money Market. Stocks of all kinds have run up, and business increasing.

THE FLORIDA CONTESTED ELECTION.

The House of Representatives on Saturday decided the question arising out of the contested election of Representatives in that body from the new State of Florida, against the right of the returned member, *E. C. Cabell*, (Whig,) and admitting to his seat the petitioner against him, *Wm. H. Brockenbrough*, (Democrat.) With some experience, and more knowledge, of the influence of party consi ations in determining questions of this nature in popular bodies, we should be satisfied, by the state of *the vote* on this matter, had we no other grounds for the opinion, that the decision of the House is one not borne out by the evidence in the case. Had it been so, we should not have seen the House of Representatives, with a majority of some seventy votes in favor of the ruling party, affirming the right of one of their own party to a seat in that body by a majority of *fourteen* votes only. And even that majority, it will be perceived, was reduced to *six*, when tested by the question of *reconsideration*.—*Nat. Int.*

We see it stated in the National Intelligencer that the Roman Catholics of Washington have it in contemplation to erect in the metropolis a church edifice of magnificent dimensions, something after the manner of the most extensive cathedrals of Europe. It is intended to appeal for aid in this undertaking to every congregation of their denomination in the United States.—It is estimated that the structure will cost about seventy-five thousand dollars.

The Report of the State Librarian, submitted to the Legislature of Maryland a few days since, shows that the Library is well conducted. There has been an increase in the number of books on its shelves during the the last year 564 volumes; and since the year 1827 upwards of 5,000 volumes have been added to the collection.—Among the donations to the Library last year were the large edition of Capt Wilkes' Narrative of the Exploring Expedition, in six volumes, presented by the U. S. Government and Natural History of the State of New York, in ten volumes, with a geological map, from the authorities of that State.

The joint committee of the Legislature to whom the Report was referred report that they have examined the accounts and vouchers of the Librarian and find that the appropriation of $500 for the augmentation of the Library was fairly and judiciously expended.

Mr. Levin Frazier, of Dorchester county, Md., was found dead last week on one of the roads near Cambridge. The verdict of the Coroner's Inquest was—"Death from intemperance and exposure."

Accident.—A colored man named Sol, belonging to Miss Feddeman, was instantly killed near Centreville, Md. on the 23d inst. by the limb of a tree falling on his head and crushing it.

TEXAS.—Gen. Darnell has been elected Lieut. Governor of the new State of Texas by a small majority. The majority of Gen. Henderson, for Governor, is very heavy.

On the 12th, Presidedt Jones issued his proclamation announcing the receipt of official intelligence of the passage by the Congress, and approval by the president of the United States, of the Joint Resolution for the admission of Texas into the Union; and directing the members of the Legislature elect to assemble in regular biennial session at Austin on Monday, the 16th of February next, and proceed to organize a State Government.

Latest From Mexico.—THE REVOLUTION CONSUMMATED.—The Washington Union of Saturday night contains the following, which we suppose, was obtained from official sources in Washington:

By the arrival, on the 14th instant, of United States brig Porpoise, at Pensacola, (twelve days from Vera Cruz,) the intelligence of a revolution in Mexico has been confirmed.

It appears that on the morning of the 30th, the troops relied upon by this Government to defend it against Paredes *pronouced* in his favor; and the government entered into terms of capitulation with General Parades. He entered and took possession of the city on that day without opposition.

The rumor was, that General Paredes manifested less opposition to the reception of Mr. Slidell than the late President, Herrera.

The long-talked of Ball of the Secretary of State came off on Friday night last. It was a brilliant ball. Unable to accommodate his numerous friends at his own house, Mr. Buchanan invited them to meet him at Carusi's Saloon. No effort was spared to give comfort, beauty, and brilliance to the scene. The supper room was adorned with the flags of other nations united with our own. It is estimated that there were from 1,200 to 1,500 persons present—among whom were many Ladies from other places, Foreign Ministers, Members of the Cabinet, Members of Congress, Strangers, as well as Citizens. It was one of the most splendid balls which ever was given in Washington, if not the most splendid. It was truly the ball of the season.—*Union.*

LATE FROM RIVER PLATE.

Office of the American,
BALTIMORE, Jan, 23—4 P. M.

The brig Amazon, Capt. Wedge arrived at this port yesterday from Montevinico, which place she left on the 15th of November last. We are indebted to the polite attention of Capt. W. for the following information which is much later than any previous accounts:

The French and English blockade of Buenous Ayres & all the ports of the Banda Oriental, occupied by Oribe's troops was still in force.

The English and French could not gain an inch of ground beyond the reach of their cannoir. The natives on both sides of the river seemed to hold out against what they consider an unjust invasion of their country. It is positively asserted by those who are well informed, that even increased forces will not enable the assailants to penetrate the interior of the country without cavalry; and it is said that Rosas will take very good care that they get no horses.

Rosas and his friends think that England and France will not justify their Ministers in the measures adopted by them. They cannot, they say, make up their minds that so great a nation as England can be so unjust. If the proceedings of the Ministers are approved of, the European party being the strongest must event ually succeed; and then a fine country, with perhaps one of the best climates in the world will be open for an immense trade, and for thousands of immigrants, which will pour into it from Europe, under arrangements already made by some of the rich English resident merchants of Montevideo. Paraguay, with its half million of inhabitants, which owing to the policy of the late Dictator; Francia, and that of Rosas subsequently, had been for so many years a "sealed book" to the world, will also be thrown open.

Almost every article of import was very dull and low at Montevideo, and likely to be more so.

The siege of that place still continued as strictly as ever, and there was no prospect of its termination.

The United States ship *Baritan*, Capt. Gregory, and *Boston*, Capt. Pengergast, and the brig *Bainbridge*, Lieut. Commanding Penington, were all at Montevideo. The Boston was to sail for the United States direct in a day or two, with Commodore Turner on board.

The War Taxes—The National Intelligencer is setting forth the evils of a War by recurring to the expenses of the late war between this country and England.

The ordinary expenses of the government are not less than 25 millions of dollars; and it is estimated that in case of war at least—fifty millions would be required.

But, suppose that a direct tax had to be levied only for the ordinary expenses of twenty-five millions of dollars, what then would be the tax?

Maryland would have to pay $669,642 85:—That is, our taxes would, at once, have to be *doubled*. But this is nothing like all. The thousands of incidental expenses, and the depreciation of property, would greatly aggravate the evil.

Deaths at Washington.—On Monday 19th two distinguished citizens of Washington closed their earthly career. James Hoban Esq., the young, but talented United States District Attorney, died on the evening of that day, after a brief illness, and the venerable Rev. William Ryland, Chaplain of the Navy Yard, a few hours previous, in the 78th year of his age.

The Rt. Rev. Bishop Alexander, four years ago appointed Bishop of Jerusalem, died there in November.

PERUVIAN GUANO.

To the Editors of the Balt. American.

GENTLEMEN :—I have seen in your paper of 10th inst., an advertisement signed F & W Rodewald, offering for sale part of a cargo of GUANO imported into New York in the Caroline Amelia *was Peruvian from the Chincа Islands and warranted equal to any ever brought to this country"*

The Caroline Amelia was loaded *under a Chilian license nearly a thousand miles from the Chincа Islands* and the quality of her cargo is very interior to that obtained on the coast of Peru The only Peruvian Guano imported into the United States, is shipped by the Guano Company of Lima under the authority of the Government of Peru and will come to my consignment at New York, or to Mr. Sam'l K. George, of Baltimore *None but such as thus imported is Peruvian*—Farmers must be cautious in purchasing, to ascertain the origin of what they buy; otherwise they may lose not only their money, but their crops; for much that has been gathered on the cost of Chili has been found to be *entirely worthless*

Respectfully, your ob't. servant,
