EASTON GAZETTE.

EASTON, MD.

Saturday Morning, May 30.

☞Mr. V. B. PALMER is our authorized agent to receive subscriptions and advertisements for the "Easton Gazette," in the cities of Baltimore, Philadelphia & N. York

Talbot County Court adjourned on Thursday to the 22d June next.

EXAMINATION.—On Thursday and Friday last was held an Examiuation of the pupils attacbed to the Primary schools in this town. We understand the scholars shewed much proficiency in the respective classes.

SMALL POX.—We are happy to learn, the case of small pox, which existed in the town a few days since, has been removed and every precaution taken to prevent any further cases.

We have been requested to state that the latest and best work on Tactics for the use of the militia is a small volume, entitled "Tactics and Regulations for the Militia." It was prepared and arranged by Brevet Captain S. Cooper Aid-de-camp and assistant Adjutant General, under the supervision of Major General Alexander Macomb, commanding the Army of the United States.

REQUISITION FOR MARYLAND VOLUNTEERS.—We received from Annapolis on Tuesday the following official Proclamation.

BRIGADE ORDERS, No. 3.

HEAD QUARTERS 12th BRIGADE, M. M.
Near Easton May 26th 1845

The following orders have just been received from the Adjutant General of Maryland Militia and published for the information of the Officers belonging to the 12th Brigade who are hereby required to execute the same promptly and efficiently.

The General commanding the Brigade will visit Denton and Cambridge during the 2d week in June, for purposes connected with the organization of the Militia in Caroline and Dorchester counties. Notice of the time of his visit will be given in the public papers of those counties.

TENCH TILGHMAN.
Brigadier General.

GENERAL ORDER—No. 1.

HEAD QUARTERS OF MARYLAND MILITIA,
Anapolis, May 20th, 1846.

To JOHN N. WATKINS,
Adjutant General Maryland Militia:

Sir,—Our country is at war with Mexico, and there are indications which cannot be disregarded of approaching difficulties with a more powerful enemy. It is, in my judgment necessary, that the Militia of the State should be thoroughly reorganized, that Maryland may be placed in a position to meet, as it becomes her, the existing, or any exigency that may occur. In this organization, it is essential—

1st. That the bounds of the several Brigade, Regimental and Company Districts should be distinctly defined.

2nd. That efficient Brigade, Regimental and Company Officers should be appointed.

3rd. That there should be an immediate enrollment of the men subject to military duty within each military district; and

4th. That the several Brigades, Regiments and Companies should be mustered at such stated periods as would ensure a thorough discipline of the entire militia force of the State.

You are therefore ordered to address a copy of this communication to each Major-General, Brigadier-General, Colonel, Lieutenant-Colonel, and Major, now in commission, referring them to the act of 1834, chapter 251, and direct them forthwith to carry into effect the specifications herein prescribed for the re-organization of the militia of this State.

THOMAS G. PRATT, Governor,
and Commander in Chief Md. Militia.

GENERAL ORDER, NO 3.

HEAD QUARRTES OF THE MD. MILITIA,
May 21st, 1846,

SIR,—The State of Maryland during the last war with Great Britain, expended a large sum of money in providing for the public defence, which has not been refunded by the General Government, in consequence of the want of proper vouchers to authenticate the claim of the State for such reimbursements. The result has been that whilst the other States of the Union have been reimbursed for such expenses incurred by them, the State of Maryland has been hitherto unable to have her claim against the General Government adjusted.

To prevent a recurrence of such a loss to the State, you are hereby ordered to require of all persons who may be authorized to expend money, or deliver, or distribute arms, or other munitions of War, on the part of this State, in providing for the public defence, during the continuance of the War between the United States and the Republic of Mexico, to take a duplicate voucher for such expenditure attested by some respectable citizen of this State. You will immediately transmit a copy of this order to the several Major & Brigadier Generals, now in commission or who may be commissioned, with directions to have this order properly and fully enforced.

THOMAS G. PRATT, Governor
and Commander in Chief Md. Militia.
To JOHN N. WATKINS,
Adjutant General Md. Militia.

Babe Pardoned.—The President has granted a full and unconditional pardon to Babe, who was convicted of piracy and confined in the New York Penitentiary.

From the Balt. Sun of yesterday.

Protestant Episcopal Convention.—This body assembled again yesterday morning in St. Paul's Church. After the morning services, the proceedings of the last session were read and approved. Bishop Whittingham then rose and read an address detailing his ministrations during the past year, and reporting generally the condition of the church in the diocese of Maryland. His address shows the church to be in an improving condition—though there was no rapid increase at any particular point, yet there was some growth every where. He referred to some existing differences of opinion on doctrinal matters, and expressed his opposition to any invasion of the established usages of the church. A great portion of the address contained a detailed statement of the visits he had made to different parts of the diocese during the year with statistical accounts of what had been done. We learned from it, that he had attended at the consecration of thirty-two churches in different parts of the State.

METHODIST PROTESTANT CONFERENCE.—We learn from the Cincinnati papers, that this body on Tuesday last, elected Rev. E. Yates Reese, editor of the Methodist Protestant. The city of Baltimore was selected, on the second ballot, by a majority of one vote over Pittsburg, as the place of holding the next General Conference. The report of the majority of the committee on Home Missions, was then taken up and underwent a lengthy discussion. It was finally laid on the table, to admit of a substitute, to set off all that part of Pennsylvania, east of the Susquehanna, not included in Pennsylvania conferences, as a new conference, to be called the Philadelphia conference. This was adopted—ayes, ministers 29, laymen 7; nays ministers 4, laymen 6. After transacting some other unimportant business, the conference at a late hour of the night, adjourned *sine die*.—*Clipper*.

Correspondence of the Balt. Pat.

Extract of a letter, dated

WASHINGTON, May 23, 1846.

Great doings at the Fair—music, ladies and refreshments for the poor.

The National Fair, is without exception the greatest place of attraction that has ever been exhibited in this country, as may be judged from the crowd that continually throng the rooms, and the articles themselves afford sufficient proof that we can now do very well without one article being imported from Europe, and shows the great advantage to be derived from a judicious Tariff. The edge Tools expecially cannot be excelled by any European manufactory in either quality or price. The Cotton and Woollen fabrics are beyond description. Farming utensils without number, and of the most convenient and economical kinds. But to particularize would be the work a week and the space of volumes. I am much pleased to see so many articles exhibited from your city, amongst which are the several varieties of Bathing apparatus which demand so much attention and upon examination, I find that those of your worthy citizen, Alfred H. Reip, are among the most durable, convenient and economical that I have ever seen. I have also noticed several articles deposited by him in the kitchen department, which will vie with any article for the purpose now in use, for convenience and economy.

I am glad to see preparations being made to have the rooms lighted with gas, which will give a most beautiful effect upon every article exhibited.

The ice cream and refreshment establishment for the benefit of the poor, is doing a flourishing business; as might be expected, attended by the ladies who supply the demand for the good things in this life with despatch; whilst the music from the band at intervals has a most pleasing effect upon the visitors.

The exhibition of artificial teeth set in gold, whole sets, by Messrs. Townsend & Clarke, excited the wonderment of all. They have brought that very important and useful art to a great state of perfection, and cannot fail to be highly appreciated by those who are in want of good teeth as well as those who have them.

The saddlery and harness displayed by Messrs. Hughson & Vail, Lilly and others, were much admired by every beholder.—The workmanship was testified and the articles unrivalled for beauty and durability.

Captain Walker.—This brave soldier has acquitted himself with so much gallantry that, if he gain no more renown, he deserves and must receive the most honorable praise from his countrymen. We learn that he once lived in this city, a cabinet-maker. If he have to boast many more deeds of valor, he may, some day, in virtue of the military prestige so powerful in this country, be employed in a cabinet-making of a different kind· *Richmond Compiler*.

The above paragraph, unless we are greatly mistaken is erroneous. Capt Walker, (Samuel H., as we suppose him to be) lately one of the Rangers operating on the Texan frontier under Colonel Hays, is a native of Maryland, and was formerly a resident of Washington city, where he has many family connexions. He is a carpenter by trade, and is yet a young man. His first entry upon military life was as a volunteer in the company whic hef t here for Florida in 1834; and after returning from that expedition, he resumed and pursued his occupation in this city for some time, until the spirit of adventure led him first to emigrate to Florida, and from thence to Texas. While here, as we are informed, he was a young man of strictly temperate habits and unassuming deportment, but of indomitable energy—*Nat. Intelligencer*.

Important Movement.—It is stated that the Catholic clergymen of the Georgetown College have all offered their services, in the present war, as Chaplains in the Army, and that the President has selected the Rev. John McElroy, late of Frederick, and the Rev. Mr. Rae, Vice President of the College, Chaplains in the Army, to proceed to "the seat of war."

MILITARY MEETING.

At a meeting of Citizens of Talbot county, held at J. M. Faulkner's Office at Easton, on the evening of the 27th day of May Inst. pursuant to a previous adjournment. The Committee heretofore appointed, reported progress and asked further time to complete their report.

When it was Resolved that a meeting of those citizens, who have already enrolled themselves, be held at the Court house in the Town of Easton, on Saturday the 30th inst. at 4 o'clock P. M. for the purpose of receiving the report of said Committee,, and for the trausaction of other important business relative to the enrollment of Volunteer Companies in the 12th Brigade Maryland Militia.

Resolved, That the Secretary of this meeting cause the above proceedings to be published in the next Easton Gazette, and extend an invitation to the Citizens of Talbot county generally to attend.

P. F. THOMAS. Ch'r.
J. M. FAULKNER, Sec'y.

OFFICIAL.

A PROCLAMATION,

BY THE GOVERNOR OF MARYLAND.

Executive Department, Annapolis.

WHEREAS, The Congress of the United States has declared "that a state of War exists between the United States and the Republic of Mexico," and has authorized the President of the U: States, "to employ the Militia, Naval, and Military forces of the United States, and to call for and except the services of any number of Volunteers not exceeding 50,000, to serve twelve months after they shall have arrived at the place of rendezvous, or to the end of the War unless sooner discharged; according to the time for which they shall have been mustered into service." And, whereas, the President, with the view of securing to the citizens of each State and Territory the privilege of participating in the defence of their Country, ha apportioned the said Volunteer Force among the several States and Territories; and has made his requisition upon me for two regiments of Infantry as the quota of this Force to be supplied by the State of Maryland.

NOW, THEREFORE, I, THOMAS G. PRATT, Governor of the State of Maryland, do issue this proclamation, announcing to the Citizens of Maryland, that they are now privileged to enrol themselves under the Flag of their Country, and to participate with their fellow citizens of other States in restoring to the United States the blessings of Peace.

I call upon the Citizens of the State of Maryland, between the ages of 18 and 45, to enrol themselves forthwith, that the two Regiments required of this State may be immediately filled and mustered into the service of the United States.

The sons of Maryland have always obeyed the call of patriotism and duty, and will now sustain the honor of the State by enabling her to be the first, or amongst the first, to offer to the Federal Executive, for muster into the service of the country, her quota of the Volunteer Force which has been called for.

The President of the United States, under the discretion allowed him, has decided that "*A Company of Infantry shall consist of* 1 *Captain*, 1 *First Lieutenant*, 1 *Second Lieutenant*, 4 *Sergeants*, 4 *Corporals*, 2 *Musicians*, *and* 64 *privates*."—"*That a Regiment shall consist of* 1 *Colonel*, 1 *Lieutenant Colonel*, 1 *Major*, 1 *Adjutant*, 1 *Sergeant Major*, 1 *Quarter Master Sergeant*, 2 *Principal Musicians and* 10 *Companies, organized as above*."

Under the act of Congress, the Regimental and Company officers are to be commissioned by the State of Executive; and I have offered the commissions of Colonels and Majors, to gentlemen, whose character and Military experience, render them worthy to lead the "Maryland Line" in fighting the battles of their country.

The names of the officers appointed will be announced by the Adjutant General, as soon as their willingness to accept of the commissions proffered them shall be ascertained.

Given under my hand and the Great Seal of the State of Maryland, this 21st day of May, Anno Domini, one Thousand Eight Hundred and Forty-Six, and of the Independence of the United States the Seventieth.

SELLERS' CELEBRATED LIVER PILLS, for the cure of the Liver Complaint.

The proprietor of the above medicine, aware of the many instances in which the afflicted have been imposed upon by quack remedies, proclaimed to be remedies for every disease yet hopes that the Liver Pill will not be placed in that class until they are fairly tested.

It is expressly stated "that persons who use these Pills, and find, after following the given directions, that they have not been benefited shall have their money returned."

This is done that the public may see it is not the purpose of the proprietor to speculate upon their credulity but to give at least an equivalent for their money.

In addition to the qualities already mentioned, they are highly recommended as Antibilious and Purgative Pills.

☞HAS THE GREAT AUTHOR OF NATURE provided us with no remedy for Consuption—and the diseases leading thereto which are so fearfully common in our country? Has *he* left us to find relief from that fatal scourge by ransacking other lands? No, it is not so. The *best*—NATURE'S OWN REMEDY—is ready at our hand. The Wild Cherry and the Pine furnish us with a cure, where a cure is possible. Dr. Wister's Balsam of Wild Cherry bark and tar, relieves *all cases* of Consumption, and effectually cures it where it has not progressed so far as to be beyond cure—subdues the most inveterate cases of Asthma, even of 30 and 40 years standing—stops raising of blood, after other remedies fail—and removes every kind of affection of the Lungs and Liver which our climate induces. The remarkable efficacy of this wonderful medicine, in many diseases hitherto deemed incurable, has excited among physicians great curiosty as to the precise nature of its ingredients. Let purchasers beware of imitations and counterfeits.

To the Citizens of the 12th Brigade District of Maryland Militia, composed of Talbot, Caroline & Dorchester counties.

THE Declaration of War with Mexico and the difficulties which exist with England, demand the serious attention of all good citizens.

Prudence requires that we should make timely preparation to defend our District against invasion, and patriotism commands us to be in readiness to render any service which our country may need·

To effect these objects the Citizens of the District are earnestly advised to Engage in the formation of Volunteer Companies under the provisions of the sixth section of the Act of assembly of 1835.—and especially of Mounted Companies of Riflemen and Flying Artillery, as best suited, by their facility of transportation, to the defence of a District exposed at numerous points

Applications for Commissions and Arms will be sent to the head quarters of the Brigade at Easton, where any other assistance or information that may be wanted will be promptly furnished.

It is to be hoped that a sufficient number of Companies will be raised to form at least one efficient Regiment of this description of Troops, which it is believed would contribute materially (should serious difficulties occur) towards effecting the defence of the District, and maintaing, the reputation of the "Old Maryland Line."
