It was also resolved, in view of the present embarrased condition of the Domestic treasury, to forward all the funds in their possession, and appropriate to it at once to the General Agent.

The resignation of Jacob Albert, Esq., as Trustee and Treasurer of the Episcopal Fund, was excepted, and the thanks of the convention tendered to him.

Judge Chambers and Wm. J. Albert were then elected Trustees of the Episcopal Fund.

St. Paul's Church, Baltimore, was selected as the meeting place of the next Convention, and after the transaction of some other unimportant business the Convention adjourned *sine die*.

EASTON GAZETTE.

EASTON, MD.

Saturday Morning, June, 6.

☞Mr. V. B. PALMER is our authorized agent to receive subscriptions and advertisements for the "Easton Gazette," in the cities of Baltimore, Philadelphia & N. York

The June number of Godey's Magazine is ornamented with the portrait of a beautiful woman, an "Anonymous Contributor"—A coloured Fashion Plate, &c. It contains a continuation of Edgar A. Poe's "Critical Opinions of the New York Literati" and many other interesting articles from our best Magazine writers.

We find in the American Farmer for June, the following remarks concerning the Cattle Show to be held in this County in November next.

TALBOT COUNTY CATTLE SHOW.—We have with pleasure seen it announced that the agricultural association of Talbot county, Maryland, intend holding an agricultural fair this fall. The example is a good one and will doubtless be productive of much benefit. While we state this fact we will add,—that to Talbot county belongs the honor of being the only one in this state who have preserved the integrity of its agricultural association. It can date back to the time of the old Maryland State Society, and say that while the great parent stem was permitted to die, Talbot has kept up its auxilary identity, held her periodical meetings, and by precept and example infused a spirit of improvement into the minds of her neighbors.

We are indebted to Capt. Turner, of the Steamer Osiris, for a copy of the Baltimore Clipper of yesterday which contains the following intelligence from the Army.

From the Seat of War.
Late Arrival.

MATAMORAS TAKEN WITHOUT OPPOSITION—MEXICAN SOLDIERS DESERTING IN GREAT NUMBERS.

We received yesterday afternoon, by Special Express to Washington, and from thence by Telegraph, the following late intelligence from the seat of war. Although not of very stirring importance, it will be found highly interesting. [From the N. Orleans Delta of the 28th ult.]

The Steamship *Telegraph* is just in.—From the following synopsis from the seat of war it will be seen that the Rubicon, or Rio Grande is crossed by the advance division of our gallant army, and that the enemy flies before them; burning their towns and forts, and permitting them to fall into the possession of our gallant army without a defensive shot. The glorious and well fought battles of the 8th and 9th have struck terror into the enemy, and decided, it would appear, the fate of the campaign. This is not what our brave fellows want, they would like to meet foemen worthy of their steel—but will they?

From the Galveston News Extra of Thursd y

MATAMORAS TAKEN.—The steamship Telegraph has just arrived from Point Isabel. Through the politeness of her obliging clerk we have been furnished with the following information. He reports that on the 17th ult., a detachment of 300 regulars and 350 volunteers, proceeded to Barita & took possession of it, and established a military depot. On the night of the 19th, an express arrived from Gen Taylor, stating that he had crossed the Rio Grande, and taken the city of Matamoras without opposition; the Mexicans having fled the city. The Mexicans from the last accounts were deserting their ranks in battalions.—Two American regiments with the exception of about 350 having marched a few days previous, were stationed at the Brazos point awaiting the orders of Gen. Taylor, as it was thought. They would leave on the 20th for Matamoras by the old Barita road.

Col. McIntosh, Captain Page, and all the others that were wounded in the action of the 8th and 9th, are at Point Isabel and were recovering.

CROPS.—The crops are equally promising now, as at this time last year. We never saw a finer prospect for a wheat crop in our County. If no unforseen circumstances should transpire to destroy them, such as *Hail-Stones, Rust*, or other casualties to which they are exposed, they must be immense.—*Frederick Examiner.*

Mount Vernon.—The story about mutilating the marble mantle piece at Mount Vernon proves to be untrue. The facts, as we heard them narrated by a gentlemen of Alexandria, are these. The servant, whose duty it was to dust the furniture in the room, struck the arm of the figure, and knocked it off. Alarmed at what she had done, she placed it behind a screen, where it was subsequently found.—*N. Y. Com. Adv.*

Troops for Point Isabel.—The barque Catharine, Capt. Philips, sailed from this port yesterday, having on board the U. S. Troops from Fort McHenry, destined for Point Isabel Texas *via.* old Point Comfort where she will take on board two more companies for the seat of war.—*Clipper.*

MARYLAND VOLUNTEERS.—We learn (says the Annapolis Herald,) that the Governor has tendered the command of the two regiments, (Maryland's requsition,) to Col. C. M. Thurston of Alleghany and Major Geo. W. Hughes of this county, as the colonels, Major Wm. H. Watson, of Baltimore, and Capt. Wm. H. Emory of Queen Anne's county, as lieutenant colonels, and Capt. John Pickell of Baltimore and Capt. Wm. B. Clarke of Hagerstown, as majors. It is understood that Capt. Pickell declines the appointment.

OLD MARYLAND.—After the fall of the gallant Major RINGGOLD, in the recent battle on the Rio Grande, the command of his company devolved upon another Marylander, Lieut. Randolph Ridgely, son of Gen. R. of Elkridge. Letters from the Army speak in the highest terms of the gallant manner in which Lieut. R. took the Battery into action. He was ordered to the front and was among the first brought into action of the second battle. He gave one round from his Battery and then joined the dashing May, in his charge on the enemy. We look with interest for further particulars from Gen. Taylor's official report.—*American.*

Texas Representatives.—D. S. Kaufman member of Congress from Eastern Texas left New Orleans for Washington city on the 19th. His majority is 109. It is yet uncertain who is elected from Western Texas. The last accounts place Williams 9 votes ahead of Pilsbury.

Major Gen. Taylor.—The President nominated Gen. Taylor as a brevet Maj. Gen. and the nomination was unanimously confirmed by the Senate.

THE VOTE OF THANKS.—The House of Representatives on Thursday 28th ult: by an unanimous vote, passed the following vote of thanks to "General Taylor and his army of heroes:"

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled That the thanks of Congress are due, and are hereby tendered, to Brevet Major General Zachary Taylor commanding the army of occupation, his officers and men, for the fortitude, skill, enterprise, and courage which have distinguished the recent brilliant operations on the Rio Grande.

And be it further resolved, That Congress sincerely sympathize with the relatives and friends of the officers and soldiers of the army of the United States who so bravely fell in the service of their country on the Rio Grande.

Resolved, That the President be requested to cause the foregoing resolutions to be communicated to Major General Taylor, and through him, to the army under his command.

Gen. Taylor's Despatches.—The despatches of Gen. Taylor are written with a commendable modesty, without any affectation of military phraseology, & without any attempt to magnify the prowess of his troops. They form a remarkable contrast to the bragging accounts of the late engagements published in the newspapers, and make us as proud of the officers of our army as we are ashamed of our journalists. He tells his story like a cool-tempered, brave, and simple-minded man. We are glad to see that the blood shed in these engagements has been exaggerated, but they are not the less decisive than if ten times the number had been killed on both sides. The enemy have retreated across the fatal river, (the occupation of which has been the immediate cause of these conflicts,) never probably to cross it again.

New York Evening Post.

LIEUTENANT BLAKE.—This gallant and highly accomplished officer, whose death by the accidental discharge of his own pistol took place in the camp of General Taylor on the 9th instant, was a native of Philadelphia. A letter published in the Washington Union thus states the particulars of this melancholy event:

Lieutenant Blake, of the corps of topographical engineers, died about the time our fight commenced on the 9th, from a wound by one of his own pistols. He had thrown his sword, to which his pistols were attached, to the ground on entering his tent. One pistol was discharged, and the ball entered his thigh, and was cut out of his breast. He died in three hours afterwards, regretting he was not killed the day before in action. Blake was a noble fellow, and an honor to the army. He had gone the day before within one hundred yards of the enemy's lines, reconnoitering them, and brought valuable information to General Taylor of their strength and disposition. His corps have reason to be proud of him, and at the same time to mourn his early fate.

The Townly Estate.—The New York Herald says that the immense estate of Lord Townly, which had been in Chancery for many years, has lately been decided and the amount is over $70,000,000.—Heirs are wanting for three-quarters of the estate—one quarter of the amount having been decided to belong to an aide of the Duke of Wellington. The other heirs in the United States, for whom Mr. Crombei, of New York, is concerned, are about to put forth a claim, having the same relationship to the deceased as the gentleman who has perfected his claim.

The Young Jersey Hero Wounded.—We regret to learn from the Newark Advertiser that the gallant young Gilbert Dudley, of that city, who recently distinguished himself by taking captive two Mexican soldiers, single handed, was severely wounded in one of the late brilliant engagements by a six pound cannon ball, which took out a large piece of flesh from his thigh. It is thought he will recover. He is only 19 years of age.

The Powerful State.—There are on the muster roll of Pennsylvania, 230,000 intelligent & hardy militia, 32,000 armed and equipt volunteers ready for service at any moment.

Great Flood in the Alleghany—Destruction of Property and Loss of Life.—The Pittsburg Morning Post of Thursday says:—"Owing to the late heavy rains above, there was a rise in the Alleghany river yesterday afternoon of between five and six feet. The destruction of property is said to have been greater than has ever before been experienced on this river. A large number of rafts broke loose from their moorings and were swept away. The amount of loss sustained is not known.—During the afternoon a great number of persons were engaged in catching drift, and three lads, thus employed, were drowned above the upper bridge.

DEPLORABLE ACCIDENT. Urbeline de Alveal, a student of Georgetown College, and son of the Buenos Ayrean Minister near Washington, was drowned in the Potomac, near the Foundry, Thursday afternoon. The Georgetown Advocate says:—In company with a body of his fellow-students, he was bathing in the river, under the usual precautionary supervision of one or two of the Professors of the Institution, and at a moment when he had swam some distance from the shore, it is supposed was seized with a cramp, and in spite of the efforts to second his call for assistance, was drowned. It is needless to add that an event so unusual carried the deepest affliction to the whole body of Professors and students of the College, who had in the meantime thronged the shore. The body was recovered in the course of the evening.

HYDROPHOBIA.—We regret to hear it rumored that a citizen of our county, residing in the neighborhood of Wye Mills, was attacked with hydrophobia in consequence of a bite from a dog supposed to be rabid, some days since. We trust the rumor may be unfounded—tho' the person alluded to is certainly suffering from most alarming symptoms.—*Centreville Times.*

SECRET SERVICE MONEY.—The Washington correspondent of the Newark (N. J.) Advertiser say—

"Ex-President Tyler is here, and his evidence in the case is being taken. He testifies that Mr. Webster never made use of a single dollar of the secret service fund without his approval; and further, that Mr. Van Buren left as a legacy for his administration to pay off $15,000 due the secret service fund, which debt was paid."

LET ALL THE WORLD KNOW

THAT *SELLERS' VERMIFUGE is the Best in Use!* Here is the proof.

LICKING STATION, Ky., Dec. 17th 1845.

Mr. R. E. Sellers:—I have the pleasure to inform you that I have used in my practice your celebrated Vermifuge with the most happy results. I have formerly used Fahnestock's but being persuaded to try yours, I have found it far superior in every respect, and can say without the fear of contradiction, that your Vermifuge possesses more virtue than any I ever used, and most cordially recommend it to the attention of the public. I will state a case where I gave one vial of your vermifuge: My brother's child was *pining and wasting to a mere skeleton;* in 30 hours after I gave the Vermifuge, the enormous quantity of *upwards of six hundred worms* were passed. The child that was given up as lost, is now well and as hearty as any in the neighborhood. AMBROSE ARNETT, M. D.

We cut the following from the Batavia Spirit of the Times, of June 27. It clearly shows that Wistar's Balsam of Wild Cherry has attained a high reputation in Batavia as well as in this city:

Balsam of Wild Cherry.—This is one of the very few patent medicines of the day which we can recommend with confidence to all who are affected with Coughs, Colds, Consumption, or who are predisposed to the latter complaint. It has been used with considerable advantage by many families in town, and in a few stubborn cases has produced highly beneficial effects.—Rochester Daily Adv.

Editors, lawyers, clergymen, and almost every class, have at last found out that Wistar's Balsam of Wild cherry is what "it is cracked up to be," the very best medicine to be found. It cures all effection of the Lungs when nothing else will.

Caution. In setting forth the virtues of Dr. Wistar's Balsam we have no desire to deceive those who are laboring under affliction, nor do we wish to eulogize it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly or say too much in its favor.

Let the public be on their guard. Other "Balsams" and mixtures are sometimes imposed on the unsuspecting for the genuine Dr. Wistar's Balsam of Wild Cherry.—Some, for the purpose of succeeding better in their schemes, have used a part of the name of the genuine, as "Phœnix Balsam of Wild Cherry." "Balsam of Wild Cherry, Comfrey, &c.," "Syurp of Wild Cherry.

To the Citizens of the 12th Brigade District of Maryland Militia, composed of Talbot, Caroline & Dorchester counties.

THE Declaration of War with Mexico and the difficulties which exist with England, demand the serious attention of all good citizens.

Prudence requires that we should make timely preparation to defend our District against invasion, and patriotism commands us to be in readiness to render any service which our country may need.

To effect these objects the Citizens of the District are earnestly advised to Engage in the formation of Volunteer Companies under the provisions of the sixth section of the Act of assembly of 1835.—and especially of Mounted Companies of Riflemen and Flying Artillery, as best suited, by their facility of transportation, to the defence of a District exposed at numerous points

Applications for Commissions and Arms will be sent to the head quarters of the Brigade at Easton, where any other assistance or information that may be wanted will be promptly furnished.

It is to be hoped that a sufficient number of Companies will be raised, to form at least one efficient Regiment of this description of Troops, which it is believed would contribute materially (should serious difficulties occur) towards effecting the defence of the District, and maintaing, the reputation of the "Old Maryland Line."
